

PRESS RELEASE

March 19, 2020

Ellsworth County Commissioners

Ellsworth County Board of Health

The Ellsworth County Commissioners are engaged in determining the local response to the Coronavirus pandemic (COVID – 19) and assessing the rapidly changing situation. We are relying on advice and expertise of the Ellsworth County Health Department and Emergency Management in making decisions in mitigating the contagion. We consider health, social and economic factors in determining our actions during these trying times. Not all of our actions in addressing this virus are, or may be popular, but we are dedicated to the health and safety of all Ellsworth County and its citizens. We would ask that you bear with us until this unfortunate situation passes and we return to some kind of “normalcy.” Therefore, on the advice of Ellsworth County Health Officials, Ellsworth County Courthouse will close all of its offices and departments to the public starting at 5:00 pm on Thursday March 19, 2020 until further notice. Ellsworth County personnel will continue to work in their respective office and will be available by phone, fax or email. There is a drop box available in the front of the Ellsworth County Courthouse where items can be dropped off or payments made to any Ellsworth County Department. Someone will make sure it gets to the right department. If you have any questions, please call the respective office.
