\*If this is a leased vehicle, you will need a relinquishment letter from your lease company releasing all rights of the plate/refund to you.

\*A properly executed Power of Attorney is required if the applicant for refund is not named on the vehicle title, or if the vehicle owner does not sign this refund application.

\*Upon receipt of the completed application and supporting documents, your refund will be mailed in approximately 2 business days from the County Treasurer's Office. Heavy truck refunds are mailed from the Kansas Department of Revenue and may take up to 6-8 weeks.

\*Refunds are calculated from the date your application is processed and received in our office, not the date of sale. To maximize your refund, application should be made prior to the last working day of the month the vehicle was sold.
