Demolition Permit Application

Instructions to applicant: Complete application in full, and return with permit fee and any requested information. Applicant is responsible for contracting all utility suppliers prior to demolition to arrange for the disconnection of all utility services. All building material and debris must be removed from the site, unless authorized to be buried onsite by the Codes Enforcement Officer. Basements, cellars, and cisterns must be backfilled, the lot graded smooth and seeded or rocked. No material may be burned. All debris removed from the site must be disposed of at a permitted landfill. Asbestos abatement regulations apply to all demolition of all structures, and all proposed demolitions are required to be reported by the owner to:
