Zoning Permit Application

Date _____

Applicant name _____

Address of location _____

Phone # _____

Owner _____

(if different than applicant)

Owner address _____

Describe project _____

With this application include a site plan drawing of your project. Include all buildings, property lines, easements, setback measurements, overhead and underground utilities, as well as any other information that might be necessary. Setback measurements should be measured from building overhangs, street right of ways and accurate property lines. If you cannot show where your property line is a survey may be required.

Signature of Applicant _____ Date _____

Signature of Owner _____ Date _____

By signing this application you are indicating that all information contained herein is true and accurate. Any changes in setbacks or other aspects for his project will be brought to the Zoning Administrators knowledge as soon as possible for review.
