BUDGET NARRATIVE

FY 2017-2018

INTRODUCTION

The District's FY 2017-2018 tentative budget represents a detailed analysis of the District's anticipated revenues and expenditures for the upcoming year. The District has proposed to establish its tax millage rate at 0.320 mills which is the same as last year's millage rate. This is the 20th year in a row that the District has reduced or kept its millage rate the same. Total new tax revenue is projected to be approximately \$26.1 million. This is approximately \$1.9 million in projected additional tax revenue based on the same millage rate as the previous fiscal year.

The following is a summary of the budget categories:

REVENUE

The District will have an estimated cash balance at the beginning of the year of \$52.7 million. This represents (up to) four fiscal years of uncompleted Assistance Program (grant) projects (approximately \$30.4 million), those contracted or delayed capital and management projects that were not completed during the previous fiscal year, plus unexpected revenues and reallocated funds for projects that came in under budget or no longer will be constructed. New revenue of \$26.6 million will include approximately \$26.1 million in taxes and \$500,000 in investment income.

EXPENSES

The FY 2017-2018 budget includes proposed new expenditures of approximately \$28.9 million in the following categories: Administration \$1.3 million; Operations \$10.8 million; Capital Programs \$3.0 million; Waterways Assistance Program Projects \$12 million; Cooperative Assistance Program Projects \$650,000; Public Information Program \$102,000 and; \$700,000 for Tax Collection and Property Appraisers Commissions. Approximately \$2.2 million of these new expenditures are financed with reallocated funds from the previous year's budget, based upon project cost savings and projects that did not move forward.

The District's FY 2017-2018 budget continues approximately \$52.5 million in programs and projects that were budgeted in previous years. These continued projects include: Capital Program projects \$7.8 million; Operations Projects \$10.7 million; Waterways Studies \$1.4 million; Waterways Assistance Program Projects \$24.6 million; Cooperative Assistance Program Projects \$5.1 million and the Public Information Program \$186,249.

ADMINISTRATIVE EXPENSES

Administrative expenditures are \$1.3 million which is 1.6% of the total budget and 5.0% of the new revenues. All Administrative line items were reviewed for cost savings.

SALARIES

Salaries and benefits for the staff members of the District are 0.7% of the total budget and 2.2% of the new revenue. The District Board will address salary increases or bonuses for the staff in October based upon staff performance and Board input.

OPERATIONS PROGRAM

The expenditures for operations are proposed to be \$21.5 million this year. This includes \$10.8 million in new expenses and \$10.1 million in continued projects. Continued Atlantic Intracoastal Waterway (AIWW) and Intracoastal Waterway (IWW) maintenance dredging projects include projects in Nassau, Flagler, Volusia, Palm Beach and Broward counties. The budget includes \$9.9 million this year for new dredging projects. One of the larger anticipated dredging projects will be maintenance dredging of the IWW in the vicinity of Ponce de Leon Inlet and the concurrent off-loading of MSA 434 (Rattlesnake Island) located in Volusia County.

The District will also continue its maintenance and management program of permanent Dredged Material Management Areas (DMMA's), with projects involving mowing and general site upkeep, fencing, the revegetation of buffer areas, the installation of monitoring wells, and the monitoring of groundwater and other site conditions. The District will continue to set aside \$1 million in funding to assist in the reconstruction of waterway projects damaged by future hurricanes. Funding is also provided for cooperative Waterway Cleanup Projects throughout the District, the Small-Scale Spoil Island Enhancement and Restoration Program, and the Small-Scale Derelict Vessel Removal Program.

CAPITAL PROGRAM

The expenditures for Capital Program projects are proposed to be \$10.8 million this year. For Fiscal Year 2017-18, design and permitting continues DMMA BV-24A to facilitate the proposed property exchange with Brevard County. DMMA BV-11 will begin Phase I (design & permitting) development. DMMA BV-4B in Brevard County will be constructed for IWW maintenance dredging, and DMMA O-23 (Martin County) will be constructed for future Okeechobee Waterway (OWW) maintenance dredging.

WATERWAY STUDIES

The expenditures for Waterway Studies are proposed to be approximately \$1.7 million this year. The District will continue to perform bathymetric surveys of the Intracoastal Waterway channel to document shoal areas. Updates to the Long-Range Dredged Material Management Plan (DMMP) will continue in two (2) counties. Seagrass surveys will be performed to support dredging efforts. Seagrass mitigation planning has been performed for all applicable areas, and further examination of potential mitigation opportunities will continue. One Waterway Master Planning efforts is continuing (Duval County) and the funding for one additional plan is allocated in the budget. In addition, the District is updating the economic study pertaining to the Atlantic Intracoastal Waterway (AIWW), the Intracoastal Waterway (IWW) and the Okeechobee Waterway (OWW) within the twelve-member counties.

INTERLOCAL AGREEMENTS

There are two interlocal agreements currently continuing in the budget this year, totaling \$465,441.

WATERWAYS ASSISTANCE PROGRAM

The expenditures for the Waterways Assistance Program (WAP) are anticipated to be \$36.6 million this year. The District proposes to participate in 55 new assistance projects with local governments to improve the waterway and increase the public's enjoyment and access. The total cost of the new projects is estimated to be \$24 million. The District will pay approximately \$12 million, or 50% of the total project costs. Approximately 120 existing projects that are underway will be extended into the new fiscal year. These projects total approximately \$24.6 million.

COOPERATIVE ASSISTANCE PROGRAM

The expenditures for the Cooperative Assistance Program (CAP) are anticipated to be \$5.8 million this year. The District proposes to participate in five new CAP projects with State and Federal agencies.

PUBLIC INFORMATION PROGRAM

The expenditures for the Public Information Program are proposed to be \$288,000 this year. Last year the District updated the District website, as printed material on the waterway, manatee & boating safety speed zones, hurricane preparedness for vessels, bridge opening schedules and clearances, spoil island usage, boating safety and channel conditions continues to lessen in prominence. The District will continue to develop educational materials about the District and distribute the information utilizing technological advancements and alternative communications. Twelve Community Outreach Events are planned during the year. Additionally, public noticing of District meetings and projects will continue along with record management projects and the District's ongoing effort to update to electronic filing.

The annual work program to accomplish these projects is attached to the budget. The proposed Board meeting schedule is also included which provides for at least one meeting in every county of the District. As typical, a total of 14 public meetings of the Board are scheduled over the course of the year.
