

**ADDENDUM NO. 2**

TAYLOR ENGINEERING, INC.

**DREDGED MATERIAL MANAGEMENT  
AREA BV-11 CONSTRUCTION**

**BREVARD COUNTY, FLORIDA  
JULY 31, 2020**

**SUMMARY OF AMENDMENTS TO PROJECT SPECIFICATIONS**

**00 41 63 – BID FORM:** Form is revised to make clarifications regarding Certificate as to Corporate Seal.

**SUMMARY OF QUESTIONS AND RESPONSES**

- 1. QUESTION:** Bid Form Pg. 5: Respectfully request “CERTIFICATE AS TO CORPORATE PRINCIPAL” be allowed to be completed by an officer of the company (Vice President, etc;) and not be limited to the Secretary.

**RESPONSE:** This certification is not necessary unless someone other than the CEO, president or vice president is signing the documents. Revised bid form with clarification is attached to this Addendum.

- 2. QUESTION:** Specification Section 00 72 00 Pg. 13: Article 10, Permits. Requires contractors to obtain licenses and permits. Please provide a list of licenses(s) (other than General Contractors) and any special permits the contractor will need to obtain.

**RESPONSE:** This refers generally to any licenses or permits required by the City or County. It is the contractor’s responsibility to determine the local requirements. One item that will certainly require local permits or licenses is the open cut road crossing.

- 3. QUESTION:** Confirm bidders are to include two (2) qualified personnel to satisfy the requirements of: Quality Control Manager, Site Safety and Health Officer and Superintendent. In other words, one qualified person can serve in dual roles but not all three positions.

**RESPONSE:** Correct, one qualified person can serve dual roles but not all three positions. It is preferred that the persons filling the roles mentioned will be permanently assigned to the project from start to finish.

- 4. QUESTION:** Due to the difficulty of finding a supplier of shell rock road base that meets the requirement of maximum of 5% fines, does Taylor Engineering have an approved source for the specified material?

**RESPONSE:** Taylor does not have an approved source for the specified material. During recent projects, contractors have been able to obtain material with the desired amount of fine material. If contractor can show sufficient documentation that material with the desired

amount of fine is not available, Taylor would potentially be willing to slightly increase the maximum fines amount.

As an alternative to shell rock, the Contractor may use crushed concrete meeting FDOT specification 204-2.2 for "Reclaimed Concrete Aggregate Base Material".

5. **QUESTION:** The specifications state that limestone is not permitted for the pea gravel access road, please specify what types of aggregate could be used and is there an approved source?

**RESPONSE:** Any type of natural stone pea gravel having a minimum unit weight of 150 pcf such as river rock or granite stone. Material should be clean with a minimum of dirt or other fine material. There is no approved source.

6. **QUESTION:** We have had difficulty on previous projects for FIND with similar specifications finding an approvable source for toe drain material. Please provide bidding contractors the sources that can produce material that meets the specifications.

**RESPONSE:** In our past experience, limestone or granite #57 with a minimum unit weight of 140 pcf is readily available.

7. **QUESTION:** Please identify the approximate location that the owner anticipates stockpiling unsuitable material, if it is encountered.

**RESPONSE:** As long as it is within the specified area to be cleared, it is up to the contractor to determine where they want to stockpile material. There should be adequate space along the southern boundary of the site.

8. **QUESTION:** Please advise whether or not the excavation for placing unsuitable material will have to be dewatered and what compaction effort will be required both for subgrade and unsuitable material placed in the excavation.

**RESPONSE:** Any unsuitable material will be buried on the South end of the DMMA basin area. Dewatering and compaction of both the unsuitable material and cover material (sand) is not required but may be necessary for equipment operation.

**SECTION 00 41 63**

**BID FORM**

FLORIDA INLAND NAVIGATION DISTRICT

DREDGED MATERIAL MANAGEMENT AREA BV-11 CONSTRUCTION;  
BREVARD COUNTY, FLORIDA

Submitted on \_\_\_\_\_ (Date)

\_\_\_\_\_  
Bidder (Firm Name)

\_\_\_\_\_  
Address

\_\_\_\_\_  
Signature of Authorized Representative

\_\_\_\_\_  
Name & Title

1. The above signed, as Bidder, hereby declares that the only person or persons interested in the Bid as Principal or Principals is or are named herein and that no other person than herein mentioned that has any interest in this Bid or in the Contract to be entered into; that this Bid is made without connection with any other person, company or parties making a bid or proposal; and that it is in all respects fair and in good faith without collusion or fraud.
2. The Bidder further declares that he has examined the site and has informed himself fully in regard to all conditions pertaining to that place where the Work is to be done; that he has examined the Project Drawings and Specifications for the Work and Contractual Documents relative thereto. The Bidder also acknowledges that he has read all of the provisions furnished prior to the opening of Bids; and that he has satisfied himself relative to all Work to be performed.
3. If this Bid is accepted, the undersigned Bidder agrees to complete all Work included under the Contract within **450** calendar days (inclusive of a 180-day grassing establishment period) from the date established in the "Notice to Proceed." If the Contractor fails to complete the work within this time the District may obtain the services of another Contractor to complete the Work. Such monies required for the District to complete the Work shall be chargeable to the Contractor.
4. In case of failure on the part of the Contractor to complete the Work within the time fixed in the Contract, or any extension thereof granted, then the Contractor shall be liable to pay the District: (i) not as a penalty but as liquidated damages, \$1,500.00 per day for each calendar day the Work remains incomplete after the expiration of the time limit specified or any extension(s) thereof for the total contract plus (ii) any monies which are paid by the District to any other person, firm or corporation for services rendered for the preservation or completion of the Work. These monies shall include, but are not limited to, all Engineering and Inspection fees required to oversee the completion of the Work. Such monies shall be chargeable to the Contractor and shall be deducted from any monies due said Contractor, or if no money is due or the amount due is insufficient to cover the amount charged, then the Contractor and his Surety shall be liable for said amount. Bidder agrees to perform all the Work described in the Contract Documents for the unit and lump sum prices identified on the following Bid Schedule (located at the end of this section).
5. If this Bid is accepted, it is understood that the terms and conditions of the bid provisions and documents relative thereto, shall be binding upon the parties; however, the undersigned Bidder agrees, upon acceptance and prior to commencement of any Work, to:
  - a. Execute the aforementioned Contract with Florida Inland Navigation District as a written memorial and formalization of said Bid provisions and matters relative.

BID FORM

Section 00 41 63 Page 1 of 8

- b. Provide the necessary Certificates of Insurance, Performance and Payment Bonds (each Bond equal to one hundred percent (100%) of the total Contract Bid), of which this Bid, Instructions to Bidders, General Conditions, Technical Specifications, and Project Drawings shall be made a part for the performance of Work described therein.
  - c. Furnish all necessary materials, equipment, machinery, tools, apparatus, transportation, supervision, labor and all means necessary to construct and complete the Work specified in this Bid and Contract and called for in the Project Drawings, upon "Notice to Proceed with Contract Work" from the Engineer;
  - d. Complete all Contract Work within the time specified in the Bid Form or pay for liquidated damages and cost of supervision for each calendar day in excess thereof according to the terms set forth in the Contract and Specifications.
  - e. Provide complete copies of any or all required insurance policies to the District upon request. The Bidder shall attach to each policy a sworn statement executed by an officer of the Bidder or by the issuing insurance company certifying that the copy is true, correct and complete.
6. The Bidder understands this Bid does not constitute a Contract with the Bidder, and there is no official Contract binding the parties until:
- a. bids are reviewed and accepted by the District; and
  - b. applicable Bonds and Certificates of Insurance are reviewed and accepted by the District; and
  - c. the Contract has been approved by the District; and
  - d. the Contract has been executed by both parties.
7. The undersigned agrees that, in case of failure on his part to execute and deliver the said Contract and the Bonds within fifteen (15) days after receipt of the Contract, the Bid Bond, or securities accompanying his Bid, shall be paid into the funds of Florida Inland Navigation District, otherwise, any Bid Bond or securities accompanying this Bid shall be returned to the undersigned.
8. The Corporation, Partnership or Business name and signature of authorized Corporate Officer, Partner, or Individual making this Bid, together with the signature of the licensee qualifying Bidder, must appear on the signature page of this Bid.
9. The Bidder understands and agrees that he must perform all Work necessary to complete the Work as described in the Project Drawings and Specifications. Payment to the Contractor will be made only for the actual quantities of Work performed and accepted or materials furnished in accordance with the Contract. All Work and materials not specified under "Item" in the Bid shall be considered incidental to the Contract.
10. The Bidder has attached to this Bid an approved Bid Bond or a certified check as described in SECTION 00 21 13 INSTRUCTIONS TO BIDDERS, for the sum of ten percent (10%) of the Bid Amount according to the conditions under the Instructions to Bidders and provisions herein.
11. The Bidder, if apparent low Bidder, agrees to provide the following after the bid opening within the time specified herein:
- a. evidence of the appropriate insurance coverage,
  - b. approved Performance and Payment Bonds for each one hundred (100%) of the Contract Amount according to the conditions under the General Conditions and provisions therein.

- c. requested credentials, past Work information, and other evidence as requested by the Engineer to verify the ability of the Contractor to perform the Work, if not previously furnished.
12. In accordance with §287.135, Florida Statutes, Bidder hereby certifies that Bidder is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, and that it does not have business operations in Cuba or Syria. "Business operations" means, for purposes specifically related to Cuba or Syria, engaging in commerce in any form in Cuba or Syria, including, but not limited to, acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, military equipment, or any other apparatus of business or commerce.
13. Both the Bidder and the licensee shall fill in the information below, pursuant to Chapter 489, Florida Statutes. Licensee is defined as the person who is the licensed Contractor who qualifies the bidding Company, Corporation or Partnership. If the Bidder is an individual, he must be licensed.

**BIDDERS PLAN**

Provide a narrative plan for execution of the work. The plan shall include:

1. Description of project related activities
2. Identification and description of major pieces of equipment required for the project
3. Assurance the Contractor can complete the work within the given amount of time
4. Assurance that the work can be performed within the stated permit conditions.
5. Description of how quality control will be achieved, conducted, and maintained throughout the project duration.
6. Estimate of weekly productivity
7. Other matters the Contractor considers critical to the completion of the work.
