RE: Waterway Cleanup Assistance

Dear Mr. Crosley:

We are requesting \$5,000 in assistance towards our cleanup efforts of the Atlantic Intracoastal Waterway, as well as other waterways within Nassau County. Keep Nassau Beautiful, Inc. (KNB) wishes to use this year's funding to greatly enhance or on going and future waterway cleanup efforts.

As you know, rivers, with tributaries that crisscross our interior, bound mainland Nassau County on three sides. Annually, we conduct the St Marys River Celebration (March 17, 2012), a one day volunteer event which focuses on the major waterways of Nassau County.

Last year's event had a record 695 volunteers and collecting 53,000 pounds of refuse from the St Marys, Amelia (Intracoastal), and Nassau Rivers. This is a massive undertaking and requires extensive logistical coordination. Site Captains at 21 separate locations are the primary supervisors with two overall geographic managers leading the efforts.

This cleanup is highly resource intensive and requires coordination with numerous community agencies in order to fully execute a successful event. Your assistance will insure our ability to continually increase participation and secure the necessary equipment to fully support the undertaking.

We look forward to a long and beneficial relationship serving the citizens of Nassau County.

Sincerely,

Todd E. Duncan, MBA
Executive Director

Cc: Commissioner Bray
