

PRELIMINARY CONSENT AGENDA

FLORIDA INLAND NAVIGATION DISTRICT Board of Commissioners Board Meeting 9:00 a.m., Friday, August 21, 2015

Disney's Vero Beach Resort
9250 Island Grove Terrace
Vero Beach, (Indian River County) FL 32963-4145

Item A. **Keep Indian River Beautiful, Inc. Waterway Cleanup Program Funding Request, Indian River County, FL.**

Keep Indian River Beautiful, Inc. has submitted a funding assistance request for the annual International Coastal Cleanup on September 19, 2015. The District has funded this successful cleanup in the past. The request is consistent with the District's program rules.

(Please see back up pages C2-C4)

RECOMMEND Approval of Keep Indian River Beautiful's request for \$5,000 from the District's Waterway Cleanup Program for the annual International Coastal Cleanup, Indian River County, FL.

Item B. **Keep Martin Beautiful, Inc. Waterway Cleanup Program Funding Request, Martin County, FL.**

Keep Martin Beautiful, Inc. has submitted a funding assistance request for the annual International Coastal Cleanup on September 19, 2015. The District has funded this successful cleanup in the past. The request is consistent with the District's program rules.

(Please see back up pages C5-C7)

RECOMMEND Approval of Keep Martin Beautiful's request for \$5,000 in funding assistance from the District's Waterway Cleanup Program for the annual International Coastal Cleanup, Martin County, FL.

Item C. **Keep Palm Beach County Beautiful, Inc. Waterway Cleanup Program Funding Request, Palm Beach County, FL.**

Keep Palm Beach County Beautiful (KPBCB), Inc. has submitted a funding assistance request for the annual International Coastal Cleanup on September 19, 2015. The District has funded this successful cleanup in the past. This is the only waterway cleanup in PBC, and KPBCB provides matching funding to allow additional funds from the District's program. The request is consistent with the District's program rules.

(Please see back up pages C8-C10)

RECOMMEND Approval of Keep Palm Beach County Beautiful's request for \$10,000 in funding assistance from the District's Waterway Cleanup Program for the annual International Coastal Cleanup, Palm Beach County, FL.

Item D. **City of Holly Hill Small-Scale Derelict Vessel Removal Program Application, Volusia County, FL.**

The City of Holly Hill has submitted a Small-Scale Derelict Vessel Removal Program application in the amount of \$3,735.00 to remove one vessel from the District's waterways. The application is consistent with the District's program rules.

(Please see back up pages C11-C15)

RECOMMEND: Approval of the City of Holly Hill Small-Scale Derelict Vessel Removal Application in the amount of \$3,735.00.

F.I.N.D Grant Request \$5,000

Overview of Event

International Coastal Cleanup Saturday, September 19th, 2015

Keep Indian River Beautiful, Inc., "KIRB", is applying for a grant from F.I.N.D. to help us with the International Coastal Cleanup on September 19, 2015. Keep Indian River Beautiful is proud to be a part of the **30th Annual Ocean Conservancy's International Coastal Cleanup** which has become the world's largest volunteer effort for ocean health. **KIRB** brings nearly 1,000 thousand volunteers to cleanup waterways, spoil islands, beach shores, boat ramps, ocean reefs, estuaries, and state parks along water shore lines throughout Indian River County. Volunteers young and old will be boating, kayaking, canoeing, paddle boarding, snorkeling, diving, and walking along the shorelines picking up cigarette butts, fishing line, bottles and other leftover debris. As part of the cleanup, volunteers will be counting and recording the litter as they clean and turn in data cards that will help us determine the most littered items and narrow down the potential sources. Our volunteers learn how much land based trash never makes it to landfills, but instead is carried by wind and water, eventually winding up in the ocean. This event helps change the way people think about how healthy our planet really is, bringing more awareness of this growing problem to our community. By cleaning up the trash, volunteers do their part to clean the ocean, helping them learn that a clean ocean is more resilient to the effects of climate change, pollution, overfishing, and habitat destruction and is necessary to maintain in today's world.

Goals and Objectives

To make residents in Indian River County aware that the trash in the water:

- compromises the health of humans, wildlife and the livelihoods that depend on a healthy ocean;
- threatens tourism and recreation, and the critical dollars they add to our local economies;
- complicates shipping and transportation by causing navigation hazards; and
- Generates steep bills for retrieval and removal.

Our objective is to decrease the amount of debris found in our waterways and to educate the citizens of Indian River County on the importance of keeping our waterways clean and safe.

Specific Community Needs

The state of our waterways has left many residents of Indian River County feeling helpless. This event helps our citizens be a part of the change. In a sense, they are gaining valuable knowledge on how to protect our county's waterways and the impact humans have on our ecosystem. The 153 miles of the Indian River Lagoon is a sea grass habitat for fish, birds, and manatees. The lagoon is being destroyed by toxic chemicals causing fish kills, lesions on fish, turtles, and dolphins. This event helps to teach the citizens conservation education and how to be conscious about our lagoon and waterways.

Impact to the Community

The impact of the funds provided by F.I.N.D. will help this event to continue onto its 30th year in Indian River County. The people who will be volunteering are from our local schools, clubs, churches, chambers of commerce, banks, businesses and other organizations. This event will bring people together and through awareness, multiply exponentially the effects of one person or one group picking up litter.

Budget

The following detailed budget clearly delineates the expenditure of all District funds, as well as the overall general budget of the event. This year's International Coastal Cleanup Event is expected to be larger than last year's cleanup, meaning we need T-shirts and supplies to arm our volunteers.

Total Program Budget for 2015: **\$8,270.00**

- 1) 1,000 T-Shirts to supply to the volunteers who help- **\$3,500**
- 2) 144 EZ Reach Grabbers - **\$820**
- 3) Trash bags, gloves and water - **\$750**
- 4) Additional Supplies for cleanups (buckets, nets, sunblock, first aid kits)- **\$1,200**
- 5) Gas for boats -**\$500**
- 6) Trash & recycling Dumpsters for cleanup sites- **\$500**
- 7) Postage and Printing - **\$500**
- 8) Advertising, radio, newspaper, signs - **\$500**

Sustainability

Although the International Coastal Cleanup takes place on one day, the left over supplies will support cleanup efforts throughout the year. Many organizations, clubs, and schools participate weekly in cleanups around our county. They enjoy doing their caring for the environment and feel a sense of involvement by participating in cleanups on an often reoccurring basis. The support of F.I.N.D. is crucial to these ongoing efforts.

Media

KIRB will have F.I.N.D. name and logo printed on the International Coastal Cleanup T-Shirts which are given to thousands of volunteers, county commissioners, and city council. Left over T-shirts are given out to volunteers throughout the year and brought to KIRB events, festivals, and made available at our Recycle Resource Center in the Indian River Mall. Upon F.I.N.D. approval, we will place your company logo on the homepage of our website to promote the event and link it to the F.I.N.D website. The F.I.N.D Logo will be placed on our display window visible to all visitors to the mall. F.I.N.D. will be mentioned a sponsor on radio interviews, press releases and PSA's. The F.I.N.D. logo will be prominently placed on promotional material and advertisements. You will also receive a certificate of appreciation and an invite to our annual awards luncheon in 2016.

Dear Mrs. Zimmerman:

Thank you for the past support the Florida Inland Navigation District has provided to Keep Martin Beautiful to assist our annual Coastal Cleanup initiative. Once again, we had a great turnout last fall with more than 1,200 volunteers participating in the cleaning of our beaches, river shorelines and waterways. In addition to our strong showing of land based volunteers, we also had dozens of kayaks, canoes and small boats hit the water. Cigarette butts remain our biggest issue, with more than 11,000 butts removed during the event. The data we collect from this cleanup has been invaluable as we work with Martin County officials to deal with litter and marine debris issues and areas of special concern.

The funding provided by the Florida Inland Navigation District (FIND) is critical to the success of our cleanup, and the positive impact that the results and data have on our community. The efforts of Keep Martin Beautiful and our dedicated base of volunteers are a key component in helping maintain a clean and safe environment in and around our waterways. Your continued support is appreciated as we continue to facilitate stewardship of our waterways throughout our entire community. This year's event will take place on September 19, 2015.

We respectfully request the maximum allowable financial support of \$5,000 from FIND, just as you have provided every year since the mid-1990s. We view your longstanding support as an investment in our community and our organization. We have always worked hard to maximize that investment, and will continue to do so. The size and scope of our annual cleanup continues to play an important role in Martin County's quality of life – for residents as well as the natural environment. With your support we expect another successful year for Florida's Coastal Cleanup.

If you have any questions or need additional information, please feel free to contact Melissa Zolla at 772-781-1222 or at info@keepmartinbeautiful.org.

Sincerely,

Craig Ahal
President

Keep Palm Beach County Beautiful, Inc. (KPBCB) is a 501(c)(3) non-profit, volunteer-based organization, which serves as Palm Beach County's affiliate of Keep America Beautiful, Inc.

Mission Statement: to enhance the quality of life in Palm Beach County through programs and partnerships that encourage public agencies, private entities, residents and visitors to reduce litter and waste, increase recycling, beautify, maintain, and sustain public spaces, and inspire generations of environmental stewards.

RE: International Coastal Cleanup 2015: Lake Worth Lagoon sites and other intracoastal areas.
 Request for Funding

Dear Mr. Crosley:

The Ocean Conservancy has notified us that the date of the 2015 International Coastal Cleanup will be September 19, 2015 – the 30th anniversary of the Cleanup! As you know, KEEP PALM BEACH COUNTY BEAUTIFUL, INC (KPBCB) is the local coordinator of the cleanup in Palm Beach County and the Florida Inland Navigation District (F.I.N.D) has been most generous in awarding us a \$10,000 grant for last year's cleanup to help defray the cost of the supplies and t-shirts commemorating the event that we give to the volunteers.

Because this is the 30th anniversary of the Cleanup, we expect our number of volunteers to increase. We continue actively participating in the Lake Worth Lagoon Initiative Public Outreach Task Force, with the goal of continuing to expand our cleanup focus on the Lake Worth Lagoon and other intracoastal areas.

As always, we will prominently recognize the role of F.I.N.D. in our promotion of this annual event by displaying your logo on the marketing materials, shirts, banners and advertisements for this Cleanup.

Please send me the necessary grant application or agreement for this project for 2015-16 grants. I expect to have the final report on the 2015 International Coastal Cleanup and a request for payment to you by November 2015.

As always, please accept our sincere thanks for the opportunity to be the organization to receive the financial support allocated for Palm Beach County. Our success hinges on your continued help for which we are most appreciative!

Lourdes Ferris

Re: Abandoned and Sunk 1981 Tanzer 24' Vessel

Dear Mr. Evans:

In accordance with Florida State Statute 705.103, we are hereby notifying you that a vessel, identified as a 1981 Tanzer, 24' in length, bearing Hull FL0535KP, has been sunk in the waters of Holly Hill for approximately 2 months. More specifically, the vessel is located in the intercostal waterway off Walker Street. According to our records, the vessel is registered to you.

The vessel is a threat to surrounding boaters and the environment. You have five days to remove the vessel from the waterways, or it will be removed and disposed of pursuant to chapter 705, Florida Statutes.

If you have any questions, please feel free to contact Deputy Chief Miller at 386-248-9488.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephen K. Aldrich", written over a horizontal line.

Chief Stephen K. Aldrich

NOTICE TO THE OWNER AND ALL PERSONS INTERESTED
IN THE ATTACHED PROPERTY. This property, to wit: a
1981 Tanzer fiberglass 24' vessel, bearing Hull Number
FL0535KP, Decal Number 02987340, is unlawfully upon
public property located approximately 300 feet in the
intercostal waterway off Walker Street in the City of
Holly Hill, and must be removed with 5 days; otherwise,
it will be removed and disposed of pursuant to chapter
705, Florida Statutes. The owner will be liable for the
costs of removal, storage, and publication of notice.
Dated this 7th day of August 2015, signed by Chief
Stephen K. Aldrich of the Holly Hill Police Department,
1065 Ridgewood Avenue, Holly Hill, Florida 32117, 386-
248-9488.
