

PRELIMINARY CONSENT AGENDA

FLORIDA INLAND NAVIGATION DISTRICT Board of Commissioners Board Meeting 9:00 a.m., Friday, January 15, 2016

Hilton St. Augustine Historic Bayfront Hotel
32 Avenida Menendez
St. Augustine (St. Johns County), FL 32084-3644

Item A. **Keep Jacksonville Beautiful, Inc. Waterway Cleanup Program Funding Request, Duval County, FL.**

Keep Jacksonville Beautiful, Inc. has submitted a funding assistance request for the annual Duval County Waterway Cleanup on September 17, 2016. The District has funded this successful cleanup in the past. The request is consistent with the District's program rules.

(Please see back up pages C2-C4)

RECOMMEND Approval of Keep Jacksonville Beautiful's request for \$5,000 from the District's Waterway Cleanup Program for the annual Waterway Cleanup, Duval County, FL.

Item B. **Miami-Dade County Waterway Cleanup Program Funding Request, Miami-Dade County, FL.**

Miami-Dade County has submitted a funding assistance request for the 2016 annual Bayanza Cleanup event. The District has funded this successful cleanup in the past. The request is consistent with the District's program rules.

(Please see back up pages C5-C8)

RECOMMEND Approval of Miami-Dade County's request for \$10,000 in funding assistance from the District's Waterway Cleanup Program for the annual Bayanza Cleanup, Miami-Dade County, FL.

Item C. **Miami-Dade County Small-Scale Derelict Vessel Removal Program Application, Miami-Dade County, FL.**

Miami-Dade County has submitted a funding assistance request for the removal of eight (8) derelict vessels located on the District's waterways within Miami-Dade County. The total project cost is estimated to be \$54,800.00. Consistent with Rule 66B-2.015, Small-Scale Derelict Vessel Removal Projects, the project is eligible for up to \$30,000 District funding reimbursement.

(Please see back up pages C9-C15)

RECOMMEND Approval of the Miami-Dade County's request for up to \$30,000 cost-share through the District's Small-Scale Derelict Vessel Removal Projects program, Miami-Dade County, FL.

Dear Ms. Zimmerman:

On behalf of the Keep Jacksonville Beautiful Commission and the City of Jacksonville, thank you for allowing KJB to apply for financial assistance for the organized removal of refuse within the District's waterway in Duval County.

Keep Jacksonville Beautiful is grateful for the past support the Florida Inland Navigation District has provided, allowing the removal of trash and debris from the St. Johns River, International Coastal Waterway, the Atlantic Ocean and local creeks and streams.

Keep Jacksonville Beautiful coordinated cleanups in March 2015, during the annual St. Johns River Celebration Cleanup, removing 35,940 pounds of debris from the St. Johns River, tributaries and other locations and will continue organizing cleanups for the remainder of the year.

Keep Jacksonville Beautiful will sponsor cleanups on September 17, 2016 in conjunction with the International Coastal Cleanup event, and in November as part of the annual Right While Festival. Those events will involve the removal of debris from waterfront parks tributaries, the Inter Coastal Cleanup, Atlantic Ocean and the St. John's River. Attached for your consideration are maps of these locations.

Because of Florida Inland Navigation District's past generosity, Keep Jacksonville Beautiful has been able to purchase needed supplies for its annual cleanups. Attached for your approval is a budget outlining the expenditure all District funds.

We are grateful for the District's past support and look forward to working together in the future.

Sincerely,

Daniel Durbec
 Executive Coordinator

Re: Request for Sponsorship Funding Towards Baynanza 2016

Dear Ms. Zimmerman:

I am happy to inform you that Miami-Dade County is already working on the celebration of Baynanza 2016. We have greatly appreciated the support for our annual Baynanza Biscayne Bay Cleanup Day by the Florida Inland Navigation District (FIND) in past years, and look forward to working together again with FIND in 2016

The 34th annual Biscayne Bay Cleanup Day is scheduled for April 16, 2016, and is expected to draw over 6,000 community participants. These volunteers from all over Miami-Dade County are dedicated to cleaning our shores and nearby islands of debris.

The Florida Inland Navigation District has been an outstanding supporter of Baynanza, and we are looking forward to maintaining our partnership. For this purpose, we are asking for the same contribution from previous years of \$10,000 from FIND. This contribution will assist us with the funding of the Baynanza t-shirts that are provided to all participating volunteers. The cost of the t-shirts is approximately \$26,000 for 7,400 shirts (see attached). Baynanza t-shirts help generate excitement about participation in this event and are an essential element in educating our community about the importance of protecting our waterways and marine environment. In return for your sponsorship, FIND's logo will appear in the Baynanza 2016 marketing materials, including the commemorative t-shirt and Calendar of Events.

The funds contributed towards Baynanza 2016 will be managed by the Miami-Dade County Division of Environmental Resources Management (DERM), and this event will be coordinated under my direct supervision.

Delivering Excellence Every Day

Baynanza's History

Baynanza was created in 1982 in an effort by Miami-Dade County to save Biscayne Bay, and to date, it's the largest coastal cleanup in South Florida. This program was created when local community leaders and Miami-Dade County joined forces with other government and private agencies to raise awareness about the dire conditions of one of our most important natural resources, Biscayne Bay. At the time, the Bay was being threatened by the direct impact of pollution from sewage runoff, marine debris, and other contaminants. The main idea for the creation of Baynanza was to get the community involved in the efforts to bring Biscayne Bay back to life, and the name came from a play of words between bonanza and bay. Thirty- three years later, the Baynanza Biscayne Bay Cleanup Day, has become a staple in the local efforts to clean our coastal areas and community awareness. On this day, thousands of volunteers go out to more than two dozen sites throughout Miami-Dade County to pick up several tons of trash from the shorelines and nearby islands of the Bay. But Baynanza is more than just a 1-day event. This internationally known program is comprised of more than 45 great environmental events organized by several local agencies and sponsors. Overall, Baynanza runs from March to April every year, giving the community an array of educational events to choose from.

Baynanza's Current Success

Miami-Dade County hosted the 33rd anniversary of the Baynanza Biscayne Bay Cleanup Day on Saturday, April 25, 2015. Almost 6,000 community volunteers participated at 20 cleanup sites. At the end of the day, the Baynanza volunteers managed to collect more than 38 tons of trash from the shoreline of Biscayne Bay.

Baynanza 2016

The Baynanza 2016 Biscayne Bay Cleanup Day is scheduled to take place on Saturday, April 16th and is expected to draw over 6,000 community participants. These volunteers will help to clean 23 sites and 16 islands in Biscayne Bay (see attached). Collectively, we hope to pick up more than 40 tons of trash from our waterways.

We greatly appreciate your support for Baynanza 2016. Should you have any questions, please do not hesitate to contact me at 305-372-6422 or BalforH@miamidade.gov.

Best Regards,

Herb Balfour

Re: FIND Small-Scale Derelict Vessel Removal Program Application Fiscal Year 2015-2016 – Miami-Dade County

Dear Mr. Crosley:

Please find enclosed a completed Small-Scale Derelict Vessel Removal Program Application submitted on behalf of the Miami-Dade County Department of Regulatory and Economic Resources' Division of Environmental Resources Management (DERM). DERM is applying for funding for the removal and disposal of eight (8) derelict vessels located in the District's waterways within Miami-Dade County. All of the vessels were removed from Biscayne Bay in October and November of 2015. The vessels' locations were within approximately 120 yards to 2 miles of the Intracoastal Waterway and all represented hazards to navigation and the environment.

The contracted cost for the removal and disposal of these vessels totaled \$54,800.00. We are requesting that FIND fund approximately 55 percent of these costs (i.e. \$30,000.00). The remaining contracted costs will be paid for by Miami-Dade County's Biscayne Bay Environmental Enhancement Trust Fund. Please note that the contracted costs are based on the lowest bids received from pre-qualified vendors via a competitive bidding process. Additionally, all costs related to management and oversight of the project were born by Miami-Dade County and are not included in the \$54,800.00 contracted cost.

In addition to the required Attachments A and B of the application, enclosed are FWC derelict vessel database reports for each of the eight derelict vessels, photographs of the derelict vessels before and during removal, aerial photo maps showing the vessels' locations, and contractor invoices. We respectfully request that this application be considered at the next scheduled meeting of the FIND Commission.

Thank you very much for your assistance and for this funding opportunity. If you have any questions or require any additional information, please do not hesitate to contact me at (305) 372-6581 or at ricisj@miamidade.gov.

Sincerely,

John Ricisak, Project Supervisor
