

PRELIMINARY CONSENT AGENDA

FLORIDA INLAND NAVIGATION DISTRICT Board of Commissioners Board Meeting

9:00 a.m., Saturday, August 20, 2016

Hampton Inn & Suites
611 20th Place, Vero Beach,
(Indian River County), FL 32960-5496

Item A. Keep Indian River Beautiful, Inc. Waterway Cleanup Program Funding Request, Indian River County.

Keep Indian River Beautiful, Inc. has submitted a funding assistance request for the annual International Coastal Cleanup on September 17, 2016. The District has funded this successful cleanup in the past. The request is consistent with the District's program rules.

(Please see back up pages 2-5)

RECOMMEND Approval of Keep Indian River Beautiful's request for \$5,000 in funding assistance for the annual International Coastal Cleanup, IRC County, FL.

Item B. Keep Martin Beautiful, Inc. Waterway Cleanup Program Funding Request, Martin County.

Keep Martin Beautiful, Inc. has submitted a funding assistance request for the annual International Coastal Cleanup on September 17, 2016. The District has funded this successful cleanup in the past. The request is consistent with the District's program rules.

(Please see back up pages 6-8)

RECOMMEND Approval of Keep Martin Beautiful's request for \$5,000 in funding assistance for the annual International Coastal Cleanup, Martin County, FL.

Item C. City of Fort Lauderdale Small-Scale Derelict Vessel Removal Program Application, Broward County, FL.

The City of Fort Lauderdale has submitted a Small-Scale Derelict Vessel Removal Program application in the amount of \$16,125.00 to remove one vessel from the District's waterways. The application is consistent with the District's program rules.

(Please see back up pages 9-12)

RECOMMEND: Approval of the City of Fort Lauderdale Small-Scale Derelict Vessel Removal Application in the amount of \$16,125.00, Broward County, FL.

JUL 11 2016

Florida Inland
Navigation District

July 8, 2016

Mr. Mark Crosley
F.I.N.D.
1314 Marcinski Road
Jupiter, FL 33477

Dear Mr. Crosley,

Keep Indian River Beautiful is proud to be a part of the Ocean Conservancy's International Coastal Cleanup which has become the world's largest volunteer effort for ocean, Intracoastal, and lagoon health. KIRB recruits 1,000 volunteers to cleanup waterways, spoil islands, canals, and shore lines. Cleanups will be coordinated by boat, diving, kayaks, and walking shore lines. Volunteers young and old will be picking up cigarette butts, fishing line, bottles, and other left over debris while documenting the number and type of each item collected on data cards. For many volunteers it is their first glimpse into the deterioration of our oceans and waterways, an experience that spurs a deeper commitment to marine conservation. They learn how much land based trash never makes it to landfills, but instead is carried by wind and water eventually winding up in the ocean. This event helps change the way people think about a healthy planet. By cleaning up trash in the water, they do their part to clean the ocean, and a clean ocean is more resilient to the effects of climate change, pollution, overfishing, and habitat destruction.

Keep Indian River Beautiful gives every volunteer supplies needed for the cleanup such as a data card, pen, grabbers, hand sanitizer, first aid kits, garbage bags, recycle bags, water, a T-shirt with FIND logo as a sponsor on the back, and other tools and give away items to help complete the task. With our minimal budget, and supplies depreciating, we could really use your help. Please, we appreciate all of your past support and really need it again this year.

As a sponsor of KIRB for this event, we will have the F.I.N.D. name and logo printed on the International Coastal Cleanup T-Shirt which are given to every volunteer. Any person volunteering their time to help KIRB, is given a T-shirt for participation throughout the year. Upon F.I.N.D.'s approval, we will renew your logo and link on our website, name and logo displayed at the KIRB store front window, mention your support on advertisements, media and radio coverage, and newspaper articles. You will also receive a certificate of appreciation at our Awards Luncheon in 2017.

Thank you in advance for the opportunity to allow us to continue this community event. Please let me know if you need any additional information, I can be reached at dpacker@KIRB.org or at 772-226-7738.

Sincerely,

Daisy Packer
Executive Director

Overview of Project

Keep Indian River Beautiful, Inc. "KIRB", is applying for a grant from F.I.N.D. to help us with the International Coastal Cleanup on September 17, 2016. **Keep Indian River Beautiful, "KIRB", is proud to host 31st Annual Ocean Conservancy's International Coastal Cleanup for the 20th year.** This event has become the world's largest volunteer effort for ocean health. We recruit approximately 1,000 volunteers to cleanup up more than 20 locations on and near the waterway. Volunteers young and old will be boating, kayaking, canoeing, paddle boarding, snorkeling, diving, and walking along the shorelines picking up cigarette butts, fishing line, bottles and other leftover debris. For many volunteers, this is their first glimpse into the deterioration of our oceans and waterways, an experience which spurs a deeper commitment to marine conservation. Our volunteers learn how much land based trash never makes it to landfills, but instead is carried by wind and water, eventually winding up in the ocean. This event helps change the way people think about how healthy our planet really is, bringing more awareness of this growing problem to our community. By cleaning up the trash, volunteers do their part to clean the ocean, helping them learn that a clean ocean is more resilient to the effects of climate change, pollution, overfishing, and habitat destruction and is necessary to maintain in today's world. The volunteers will be counting the litter as they clean and turn in data cards that will help us determine the most littered items and narrow down the potential sources. A new free App is available to help with this data collection called Clean Swell.

Goals and Objectives

To make residents in Indian River County aware that the trash in the water:

- compromises the health of humans, wildlife and the livelihoods that depend on a healthy ocean;
- threatens tourism and recreation, and the critical dollars they add to our local economies;
- complicates shipping and transportation by causing navigation hazards; and
- Generates steep bills for retrieval and removal.

Our objective is to decrease the amount of debris found in our waterways and to educate the citizens of Indian River County on the importance of keeping our waterways clean and safe.

Specific Community Needs

The state of our waterways has left many residents of Indian River County feeling helpless. This event helps our citizens be a part of the change. In a sense, they are gaining valuable knowledge on how to protect our county's waterways and the impact humans have on our ecosystem. The 153 miles of the Indian River Lagoon is a sea grass habitat for fish, birds, and manatees. The lagoon is being destroyed by toxic chemicals causing fish kills, lesions on fish, turtles, and dolphins. This event helps to teach the citizens conservation education and how to be conscious about our lagoon and waterways.

Impact to the Community

The impact of the funds provided by F.I.N.D. will help this event to continue onto its 30th year in Indian River County. The people who will be volunteering are from our local schools, clubs, churches, chambers of commerce, banks, businesses and other organizations. This event will bring people together and through awareness, multiply exponentially the effects of one person or one group picking up litter.

Budget

Our budget is for cleanup supplies, promotional material, advertisements, and volunteer give away items such as t-shirts.

Program Budget for 2016: \$10,880.00

- 1) We need 1000 T-Shirts to supply to the volunteers who help \$3,500.00
- 2) 500 tote bags \$750
- 3) 1000 pair of gloves \$480.00
- 4) Directional signs \$500
- 5) Supplies for cleanups (buckets instead of bags, sunblock, first aid kits, water) \$ 600.00
- 6) Gas for boats \$500
- 7) Trash & recycling Dumpsters and disposal for cleanup sites \$1050.00
- 8) Advertising, radio, newspaper, signs, & brochures \$500.00
- 9) Banners \$500.00
- 10) Volunteer Appreciation Event - \$2500

Sustainability

The International Coastal Cleanup is just for one day however, the left over supplies will support cleanup efforts throughout the year. Many organizations, clubs, and schools participate weekly/monthly/quarterly in cleanups around our county. They enjoy doing their civic duty and feel a sense of involvement by participating in cleanups throughout the year.

Media

This is an International event with lots of media attention. KIRB will have F.I.N.D. name and logo printed on the International Coastal Cleanup T-Shirts which are given to a thousand of volunteers, county commissioners, city council, and sponsors. The left over T-shirts are dispersed throughout the year at all KIRB events, festivals, and at our Upcycle It! Resource and Store. Upon F.I.N.D. approval, we will place your company logo listed and linked on our website. Name and Logo displayed in the Upcycle It! window located in the mall, and mention F.I.N.D. on advertisement, media, radio, and newspaper articles. You will also receive a certificate of appreciation and an invite to our annual luncheon in the winter.

Cleanup Areas

- Captain Forster's Preserve
- Disney Beach Resort
- Golden Sands Beach
- Humiston Park
- Indian River Dr. in Sebastian
- Jaycee Park
- Jungle Trail
- Main Street in Sebastian
- Memorial Island Park
- Riverside Park
- Riverview Park
- Round Island –river side
- Round Island –ocean side
- Sebastian Inlet State Park
- Sexton Plaza
- St. Sebastian River
- South Beach
- Treasure Shores Beach Park
- Wabasso Beach
- Wabasso Causeway

Boat launching sites

- 45th St Boat Ramp
- Oslo Boat Ramp
- Riverside Boat Ramp
- Sebastian Boat Ramp
- Round Island Boat Ramp
- Wabasso Boat Ramp

On/Under water locations

- Boats to spoil islands
- Paddle Boards along waterline
- Kayaks to spoil islands

KEEP MARTIN BEAUTIFUL

Dear Mrs. Zimmerman:

Thank you for the past support the Florida Inland Navigation District has provided to Keep Martin Beautiful to assist our annual Coastal Cleanup initiative. Once again, we had a great turnout last fall with nearly 2,000 volunteers participating in the cleaning of our beaches, river shorelines and waterways. In addition to our strong showing of land based volunteers, we also had dozens of paddle boards, kayaks, canoes and small boats hit the water. Cigarette butts remain our biggest issue, with more than 9,000 butts removed during the event. The data we collect from this cleanup has been instrumental as we work with Martin County officials to deal with litter and marine debris issues and areas of special concern.

The funding provided by the Florida Inland Navigation District (FIND) is critical to the success of our cleanup, and the positive impact that the results and data have on our community. The efforts of Keep Martin Beautiful and our dedicated base of volunteers are a key component in helping maintain a clean and safe environment in and around our waterways. Your continued support is appreciated as we continue to facilitate stewardship of our waterways throughout our entire community. This year's event will take place on Saturday, September 17, 2016.

We respectfully request the maximum allowable financial support of \$5,000 from FIND, just as you have provided every year since the mid-1990s. We view your longstanding support as an investment in our community and our organization. We have always worked hard to maximize that investment, and will continue to do so. The size and scope of our annual cleanup continues to play an important role in Martin County's quality of life – for residents as well as the natural environment. With your support we expect another successful year for Florida's Coastal Cleanup.

If you have any questions or need additional information, please feel free to contact Tiffany Smith at 772-781-1222 or at info@keepmartinbeautiful.org.

Sincerely,

Craig Ahal
KMB President

Zeus Salvage

CONTRACTOR will furnish all labor, materials, equipment, supervision and licenses necessary to perform the construction work as identified herein, according to the approved, engineered plans and specifications, and also all applicable building codes and ordinances of agencies and governing bodies with jurisdictional powers at this location. Contractor agrees to coordinate work activities with other contractors working on site at the same time. Contractor does NOT include and landscaping related work; utility services-new installations; surveying and/or layout; removal of unknown, unseen, hidden or buried obstructions; or damage to structures in the vicinity of the work area due to routine and proper performance of the job. Contractor will make every effort to perform the work in a timely and expeditious manner. Pile Drivers, Inc. is to be held harmless for claims of noise, vibration damage, pollution, oil fallout, etc. If contaminated or toxic waste is encountered on site, Contractor is NOT responsible for any of the fees that may be imposed for special handling, dumping, etc. We reserve the right to withdraw this bid if not accepted within 30 days unless otherwise specified. No refunds on permit fees.

Proposal

We propose to patch and refloat the sailboat "Zeus" currently located at 605 Idlewild, Ft Lauderdale then tow the sailboat to a marina on Dania cut to lift out of the water and onto boat transport to be taken to the proper facility for disposal.	
Lump Sum Total	\$21,500.00
