

**MEMORANDUM FOR RECORD**

To: Bidders of Florida Inland Navigation District's Flagler Reach I Maintenance Dredging Project

From: William Aley, P.G., Project Manager

Date: April 15, 2019

Re: Qualifications Rankings for Flagler Reach I Bid Packages

---

Dear Bidders,

Thank you to all who expressed interest and submitted a bid package for the Florida Inland Navigation District's (FIND's) Flagler Reach I Maintenance Dredging Project. By 2:00 PM local time on Thursday April 11, 2019 FIND had received four (4) bid packages. Per the project specifications' Instructions to Bidders, envelope number two of each bid package was opened and evaluated. The evaluation committee consisted of five (5) evaluators from Taylor Engineering and FIND. All evaluations were completed independently based on the scoring criteria set forth in the Instructions to Bidders. The table below provides the ranking of bidder qualifications based on the cumulative total amount of points given by evaluators:

Table 1. Ranking of Flagler Reach I Contractor Qualifications

<b>Contractor</b>	<b>Rank</b>
Southwind Construction	1
Gator Dredging	2
Ferreira Construction	3
Florida Dredge and Dock	4

Per the Instructions to Bidders, tomorrow, April 16, 2019, the top three qualified bids will be opened at a public meeting which will occur at 2:00 PM at FIND offices in Jupiter, Fl. At that time and location, the FIND will award the project to the qualified, responsible, and responsive Bidder presenting the lowest Bid.

Thank you all again for your interest and participation.
