

FLORIDA ATLANTIC INTRACOASTAL WATERWAY

MOVABLE BRIDGE GUIDE

ALL BRIDGES OPEN ON SIGNAL EXCEPT AS NOTED BELOW.
DRAWBRIDGE OPERATION REGULATIONS ESTABLISHED BY COMMANDANT, U.S. COAST GUARD

The Florida Inland Navigation District does not have any authority regarding the operations of bridges. Bridges are regulated by the US Coast Guard and managed by the bridge owner: Florida DOT for State roads; County/City Road and Bridge or Public Works department for local roads.

Miami	1089.4	372.4	Dodge Island Causeway	22	Draw is open except for trains.

The signal to request opening of a drawbridge is one prolonged blast followed by one short blast. To contact a bridge with a marine radio, use VHF 9 as a calling and working frequency. The bridge will also monitor channel 16.

BE ADVISED that opening schedules may change for bridge construction, maintenance, inclement weather conditions or special events. Please contact the District or the U.S. Coast Guard for a listing of these temporary schedule changes.

**Miles south from Norfolk. Mileages in this column are correlated directly with the markers (indicated every five miles) on applicable national ocean survey charts (11489, 11485, 11472, 11467).

Fixed bridges crossing the Atlantic Intracoastal Waterway are not listed in this guide. All fixed bridges crossing the channel of the Atlantic Intracoastal Waterway in Florida have a clearance of 65 feet above MHW except the Julia Tuttle Causeway in Miami, which has a 56-foot clearance.

Horizontal clearance between fenders at most bridges is 90 feet, however, some bridges may be less. The Bridge of Lions and the Venetian Causeway have the least horizontal clearances.

The information appearing in this guide was compiled from the U.S. Code of Federal Regulations s.117.261, independently verified, and reproduced and distributed by the Florida Inland Navigation District. This format was chosen to make it a ready reference for those traversing the Atlantic Intracoastal Waterway in Florida.

The above information includes drawbridge operating regulations published by the U.S. Coast Guard or obtained directly through the local drawbridge authority through December 2022.

For more detailed information, you can access the regulation at <https://www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR>

Please keep in mind scheduled bridge closures may be interrupted as bridges must open as soon as possible for the passage of government vessels of the United States and tugs with tows per Code of Federal Regulations Title 33 Part 117.31.
