Get Involved

The Village of Fowlerville encourages residents to take an active and engaged role in their government and community. Being active within the community is a win-win: helping others strengthens the sense of community and sense of belonging for all involved. The Village of Fowlerville and Livingston County have numerous organizations, committees and groups for various levels of volunteer commitment. Whether just for an hour, working behind the scenes or accepting a role on a committee, your assistance has a positive impact on the quality of life in the Village of Fowlerville. The Fowlerville Strategic Planning Committee, Fowlerville Fourth of July Committee, Christmas in the 'Ville, and Volunteer Livingston are great places to start, but certainly not the only organizations that offer volunteer opportunities in the area. Please keep informed of events through local printed media and social media channels and reach out to the respective contacts.

Yard Waste Collection:

Brown Compost/Yard Bags are available at the Village Offices at **no charge** to Village Residents. Bags are also available at Kodet's Hardware (110 W. Grand River Ave.) outside of the regular Village Office hours. **Limit of 5 bags per week.** Please show proof of residency during registration at either location. Compost/Yard Bags will be picked up **EVERY MONDAY** during the season: **April 6th through November 23rd, 2020.**

Compost must be in **paper** yard bags (*NO* plastic bags). All bags should be out for pick-up at residence curbs by 7:00 AM on the morning of each pick-up. **Bags that weigh in excess of 40 pounds will not be picked up.**

Large Item Stickers:

Large Item Stickers continue to be available **year-round** at the Village Offices at **no cost** to Village Residents. **Limit 2 per week.** Please show proof of residency at front counter during registration. Large Item Stickers must be requested and registered by **2:00 PM the Monday before** the scheduled pick-up. Requests for Large Item Stickers received after the 2:00 PM cut-off will be scheduled for the following week(s). Regular Garbage Service Day = Tuesdays 6 AM

Brush Collection:

Brush and branches (*NO* lumber materials) are scheduled for pick-up the **SECOND TUESDAY of the month**, beginning **April 14th through November 10th, 2020.** Brush must be stacked in the same direction, parallel to the curb no more than 5 feet from the roadside. Branches should be no longer than 4 feet and 1 to 6 inches in diameter. Please have brush out by the curb by

7:00 AM, no sooner than three (3) days prior to the scheduled pick-up date. Thank you!

Don't Blow It Into the Street!

Grass clippings and yard debris clogs the Village's Storm Water Drain System. This can result in backed up storm drains that flood and/or start to smell from decomposing vegetation. What should you do with compost and yard trimmings? Sweep, collect, and bag grass clippings for curbside collection. Blow grass clippings back onto the lawn where they become mulch and natural fertilizer. Rake or blow leaves into a compost pile where they can decompose without odor or benefit from the Village's curbside leaf collection service in the Fall. If you have questions about leaves or grass clippings please call the Village Offices 517-223-3771.

Don't Plow It Into the Street!

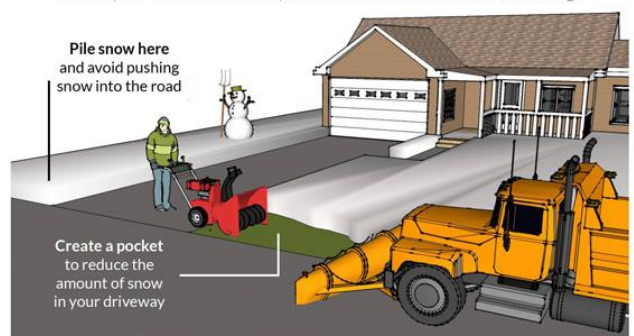

It is actually illegal under Michigan Law (Section 257.677(a) of the Michigan Vehicle Code) to shovel or plow snow or ice onto any road or highway, or deposit snow on a road in such a way that it blocks motorists' views of traffic.

Two main concerns are when residents and businesses pile snow at the ends of driveways and when snow is pushed across the road/street, leaving snow/slush on the road surface to ice-over. Remember to clear sidewalks of snow/ice for pedestrian safety and to keep our community walkable. As a reminder, sidewalks should be cleared after any snow/sleet storms ceases within the following timeframes:

≤ 4 inches = 24 hours **> 4 inches = 48 hours**

How Can I Keep Snow Out of my Driveway?

Before your street has been plowed, we recommend the following:

Using this method to clear snow will reduce the amount of snow that accumulates at the end of your driveway!
