

## Credit Card Payments Made Online

Now you can pay your water bills from the comfort of your home or office by using our online account management system. Credit cards accepted: MasterCard, Discover or Visa. There is a \$ 4.00 per transaction fee for this service.

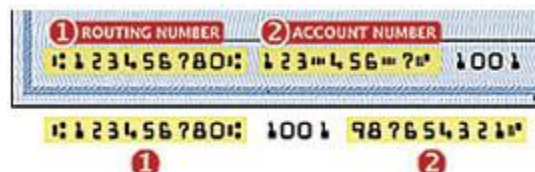

- You will need to enter your nine-digit account number EXACTLY as it is on your water bill (ex: 012345-000)
- You will need to provide the last name on the account
- You will need to provide your service address (house/business #)
- You will need an email address

## Electronic Check Payments

We now accept electronic check payments using our online account management system. Payments will be charged to your checking or savings account at your bank. There is a \$ 4.00 per transaction fee for this service.

- You will need to enter your nine-digit account number EXACTLY as it is on your water bill (ex: 012345-000)
- You will need to provide the last name on the account
- You will need to provide your service address (house/business #)
- You will need an email address
- In addition, you will need your 9-digit routing number, as well as your bank account number from your personal checks (see example below).

Click on the link below to make a payment. You will have an option to make a quick payment without registering - or - you can register as a new user to utilize all the available options with this system such as set up paperless billing, view your bill, see usage history, and look at your account history.
