2255 BASELINE ROAD  
GRAND ISLAND, NEW YORK 14072  
(716) 773-9600

FOR TOWN BOARD AGENDA: JUNE 18, 2018

MEMO

**TO:** Town Board  
**FROM:** Planning Board  
**DATE:** June 13, 2018  
**RE:** SOLAR ARRAY PROJECT – 1611 WHITEHAVEN RD.  
NORTHWEST OF POWER SUB-STATION  
SITE PLAN REVISION APPROVAL & SPECIAL USE PERMIT

Kristin L. Savard, PE, owner/President, Advanced Design Group, Tom Guzek, Managing General Partner of Solarpark Energy LLC and Cameron McDonald appeared at the June 11<sup>th</sup> Planning Board Meeting with a revised site plan for the Solar Array Project at 1611 Whitehaven Rd.

Ms. Savard stated that SEQR has started. They have been before the Conservation Board for their comments and an application has been filed for a Special Use Permit. SEQR will be completed by June 29<sup>th</sup>. They expect this project will be before the Town Board at their first meeting in July.

On Page 2 of the submittal, they are showing view and line of sight from Whitehaven Rd. and from the rear of the residences of Whitehaven Rd.

Page 3 – Landscaping is added to the rear of the houses on Whitehaven Rd. Six foot high evergreen trees will be planted 30' on center.

Red line down the middle is the section line.

A steel bridge, which will be designed by the Army Corps, has been added. It will be 130' long to clear the wetlands. It will accommodate site trucks and a fire truck, if needed.

The project starts approximately 600' back from the road, behind the power lines.

Pages 4, 5 – Six foot chain link fencing and gates are shown. The fence will not be slatted, as the slats will be an obstruction and are high maintenance.

Two acre buffer is shown. There is 153' from the north property line to the panels. Bio-retention area is shown as required by SPDES.

Page 6 – Profile is illustrated. It shows height of the panels as compared to a person or vehicles. Panels will not be visible when driving by on Whitehaven Rd. Variation of terrain is not more than 10'.

Setbacks were discussed. 25' setbacks are shown and required by the Solar Law. However, on the west side there is 50' from the property line to the panels. On the east side, there is 30-35'

from the property line to the panels. It was Mr. Greco's opinion that there should be 50' setbacks. Wherever possible, they will keep existing vegetation.

This is a 42 acre site. Panel coverage is 24%. Ms. Savard was asked for the percentage of coverage that is proposed taking out the wetlands. Also, the density of the panels.

Driveway will be gravel. From an engineering standpoint, gravel roads are considered impervious.

Panels are pile driven, and are 3' above ground. There is an 8 inch trench with conduit.

They will have National Grid permits.

Life span of panels was discussed and what is the deactivation plan. Mr. Guzik stated that after 25 years they could install higher efficiency panels. At the end of 25 years, if there is no solar farm, they would have to turn the property back to its original state. He stated that there is a series of leases. This is like setting up a new generation facility. Abandoning would be like abandoning an electrical generation system. This facility could potentially serve 1,500-1,600 homes.

Emergency storage units are a possibility. Eventually, if they can generate enough power and store enough power to be self-sufficient, they could serve the whole Island.

Diane Evans and Suzanne Tomkins, Conservation Advisory Board, expressed concern for the large white oak trees on the property around the Woods Creek area. Clearing limits are shown on the plan. If the trees are where the panels are proposed, they would come down. With the extensive wetlands, there are salamanders, frogs, etc. in the area. Could some culverts be used for the wild life? After meeting with the Conservation Board, Ms. Savard talked to the DEC. They find that a pipe will not be used by the wild life because it is a confined space. Ms. Evans commented that this project is important for the future and she does not want to hold the project up.

Mr. Guzik commented that he knows the Town's concerns and they want to be good stewards. If you can save something, it is a good thing. He would rather have farm land with no trees. Trees can cause shade issues.

It was moved by Bidell – Stessing to recommend **APPROVAL** of the Site Plan conditioned on screening being added along the National Grid parcel to shield the additional properties.

Roll Call: Ayes – Bidell, Stessing, Bruno, Lare, Worrall

Noes – Greco (Mr. Greco voted "No" because of the setbacks.)

Carried

It was moved by Bidell – Worrall to recommend **APPROVAL** of the Special Use Permit.

Roll Call: Ayes – Bidell, Worrall, Bruno, Lare, Stessing

Noes – Greco (Mr. Greco voted "No" because of the setbacks.)

Carried

David Bruno, Chairman

/ae

## Town of Grand Island – Regular Meeting #10

A regular meeting of the Town Board of Grand Island, New York was held at the Town Hall, 2255 Baseline Rd., Grand Island, NY at 8:00p.m. on the 4<sup>th</sup> of June, 2018.

**DRAFT  
COPY**

Present:	Nathan D. McMurray	Supervisor
	Beverly A. Kinney	Councilwoman
	Michael H. Madigan	Councilman
	Jennifer L. Baney	Councilwoman
	Peter Marston Jr.	Councilman
	Patricia A. Frentzel	Town Clerk
	Peter C. Godfrey	Town Attorney

Supervisor Nathan D. McMurray called the meeting to order at 8:00p.m.  
Reverend Paul Nogaro from St. Stephen's Roman Catholic Church gave the Invocation.  
Councilwoman Beverly A. Kinney led the Pledge of Allegiance.

### **PROCLAMATION:** **KidBiz Month**

### **PUBLIC COMMENTS:**

This is an opportunity for residents to comment on any matter regarding the meeting agenda items only.

Speakers: Lee Cohen, Nancy Tobe

### **MINUTES:**

A motion was made by Councilwoman Kinney, seconded by Councilwoman Baney to approve Minutes of Workshop Meeting #15, May 21, 2018, Minutes of Regular Meeting #9, May 21, 2018 and Minutes of Workshop Meeting #16, May 22, 2018.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

### **CONSENT AGENDA:**

1. Meeting Minutes – Historic Preservation Advisory Board – April 27, 2018

A motion was made by Councilman Madigan, seconded by Councilwoman Baney to approve the consent agenda as distributed.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

### **COMMUNICATIONS – TOWN BOARD:**

#### **COUNCILWOMAN BEVERLY A. KINNEY:**

#### **Appointment – Recreation Supervisor – Senior Citizen Center**

A motion was made by Councilwoman Kinney, seconded by Councilwoman Baney to appoint Jennifer Menter Full-time Recreation Supervisor, effective June 5, 2018, Grade 6A \$21.05/hr., provisional until Erie County Civil Service requirements are met, with a probationary period of six months.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

## **Town of Grand Island – Regular Meeting #10**

### **COUNCILMAN MICHAEL H. MADIGAN:**

#### **Award Professional Services Contract – Western NY Land Conservancy – Open Space Inventory**

Councilman Madigan reported that an RFQ for Professional Services was sent out on May 3, 2018 to the following potential service providers including:

- Benchmark Environmental Engineering and Sciences
- Sienna Environmental Technologies
- American Environmental Assessment
- Ecology and Environment Inc.
- The Western NY Land Conservancy

Mr. Madigan further reported that only one quote was received by the deadline of May 23, 2018 for an Open Space Inventory from The Western NY Land Conservancy. After careful review by the Conservation Advisory Board of the scope of work, the recommendation was to hire The Western NY Land Conservancy in the amount of \$15,000.

A motion was made by Councilwoman Baney, seconded by Councilman Madigan to accept the recommendation of the Conservation Advisory Board and authorize the Supervisor to sign an agreement for Professional Services with The Western NY Land Conservancy in the amount of \$15,000.00, subject to the final approval of the agreement with the Town Board and Town Attorney.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

#### **Appointments – Conservation Advisory Board – Alternates**

A motion was made by Councilman Madigan, seconded by Councilwoman Baney to appoint Jim Czaplak as Alternate #1 and Tom Burke as Alternate #2 on the Conservation Advisory Board for the remainder of 2018.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

### **COMMUNICATIONS – OTHER TOWN OFFICIALS:**

#### **CODE ENFORCEMENT OFFICE:**

#### **Special Use Permit Application – SolarPark Energy LLC, 1611 Whitehaven Road – Solar Array Project – Set Public Hearing**

A motion was made by Councilman Marston, seconded by Councilwoman Kinney to refer the Special Use Permit Application for SolarPark Energy, LLC, 1611 Whitehaven Road for a Solar Array Project to the Planning Board and Conservation Board and to set a Public Hearing for Monday, June 18, 2018 at 8:00p.m. to hear anyone who wants to comment on the proposed project.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

### **TOWN ASSESSOR – JUDY M. TAFELSKI:**

#### **Karl P. Kriger – Request to Split Lot – SBL #25.00-1-28.112**

A motion was made by Councilman Marston, seconded by Councilwoman Baney to approve the request of Karl P. Kriger to split off a portion of SBL#25.00-1-28.112 and merge with SBL #25.06-1-24, subject to the filing of the necessary paperwork with the Erie County Clerk's office.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

## **Town of Grand Island – Regular Meeting #10**

### **REPORT OF THE AUDIT COMMITTEE:**

A motion was made by Councilman Madigan, seconded by Councilwoman Baney to pay Vouchers #124168 -124290

General	\$ 34,791.38
Highway	\$ 3,360.18
Sewer	\$ 50,774.51
Water	\$ 2,545.77
Capital	\$ 25,328.00
Garbage	<u>\$121,232.96</u>
Total	\$238,032.80

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

### **SUSPEND THE RULES:**

A motion was made by Councilman Marston, seconded by Councilwoman Baney to Suspend the Rules to consider a request of the Highway Superintendent to send surplus equipment to auction.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

### **Request to Send Surplus Equipment to Auction**

A motion was made by Councilwoman Baney, seconded by Councilman Marston to authorize the Highway Superintendent to send seven surplus town owned items to the internet-based auction house – Auctions International, Inc.

APPROVED Ayes 5 Kinney, Madigan, Baney, Marston, McMurray  
Noes 0

### **PUBLIC COMMENTS:**

**\*\*TOWN OF GRAND ISLAND\*\*  
ZONING BOARD OF APPEALS**

RECEIVED

2018 JUN -8 PM 2:02

TOWN CLERK  
GRAND ISLAND N.Y.

**MINUTES  
May 3, 2018**

**MEMBERS PRESENT:** Chairman Marion Fabiano, Betty Harris, Bob Mesmer, and John Braddell

**MEMBERS ABSENT:** Tim Phillips, Alternate Dan Drexilius

**OTHERS PRESENT:** William Shaw, Code Enforcement Officer  
Rhonda Tollner, Zoning Clerk

Chairperson, Marion Fabiano opened the meeting at 7:00 p.m. and introduced the members of the Zoning Board of Appeals and explained the process.

**NEW BUSINESS:**

**1) 3651 East River Road – Mark Diletti**

This applicant was granted a 3 ft. side yard setback variance for the south side of a new single family dwelling at 3651 East River Road and also a 24 ft. closer to the shoreline than the average distance between adjacent properties for a single family dwelling at 3651 East River Road in November 2017. The applicants are requesting a six month extension to these variances until they receive other department approvals.

A memo was received from the building department stating that Mr. Diletti had received the required building permit and a variance extension is no longer needed.

A **motion** was made by Mesmer / Harris to REMOVE this application for a variance extension for 3651 East River Road from the Agenda.

**Roll Call:**

**Ayes:** Fabiano, Harris, Braddell, Mesmer

**Noes:** None

**Carried**

**2) 3040 Staley Road – David Santillo**

The property is zoned R1A. The applicant is proposing to construct a 40' x 60' x 20' (8 garage spaces) pole barn style garage. The applicant already has granted variances for 9 garage spaces (2,424 sq. ft.) bringing the total to 17 garage spaces. Because the applicant had variance approvals for the

existing garages this variance would be for the entire sq. footage of the building. Sec 407-23A sets the maximum residential garage space at 1,200 sq. ft. which has already been exceeded making a 2400 sq. ft. variance necessary. Also, the requested height of the proposed building is 20 ft. Sec. 407-142E allows the maximum height at 18 ft. making a 2 ft. height variance necessary.

Appearing before the Board was Mr. David Santillo. Mr. Santillo explained to the Board his proposed project and presented the Board with photos of his auto collection that he races around the country. After speaking with his design professional, Mr. Santillo asked the Board if he could get a 3 ft. height variance because his design professional told him that the height of the building was required to handle the snow load in the winter. If these variances are granted, a total of 3664 sq. ft. which equates to 17 garage spaces will have been granted.

A motion was made by Harris / Braddell to close the public hearing.

A **motion** was made by Mesmer / Braddell to **GRANT** the request for the construction of a 40' x 60' x 21' ( 2400 sq. ft.) garage space storage building equating to 17 total garage spaces at 3040 Staley Road, with the condition that a Final C of O will not be issued until the storage containers have been removed from the site. This garage space variance includes a total of 17 garage space.

A **motion** was made by Mesmer / Braddell to **GRANT** the request for a 3 ft. height variance for the construction of a 40' x 60' x 21' storage building. THERE IS TO BE NO COMMERCIAL USE.

**Roll Call:**

**Ayes:** Fabiano, Harris, Braddell, Mesmer  
**Noes:** None  
**Carried**

**Rationale:**

1. The Board recognizes the size of lot will accommodate the applicants need for storage
2. There will be no commercial use for this property or storage buildings.

**CORRESPONDANCE:** None

**OLD BUSINESS:** None

**APPROVE MINUTES:**

A motion was made by Mesmer / Braddell to Approve the April 5, ZBA Minutes as written.

**Roll Call:**

**Ayes:** Fabiano, Harris, Mesmer, Braddell

**Noes:** None

**Carried**

**OTHER MINUTES RECEIVED:**

**Board of Architectural Review Minutes** – March 20, 2018

**Planning Board Agenda** –April 9, 2018

**Planning Board Minutes**-March 12, 2018

**Town Board Agenda** –Regular Meeting #6, April 2, 2018, Regular Meeting #7, April 16, 2018

**Town Board Minutes** –Regular Meeting #5, March 19, 2018, Regular Meeting #6, April 2, 2018

**Long Range Planning Committee** – March 14, 2018

A motion was made by Braddell / Harris to adjourn the meeting at 7:15 p.m.  
Minutes prepared by Rhonda Tollner, Zoning Clerk.

Conservation Advisory Board RECEIVED  
Meeting Minutes  
March 22, 2018 2018 JUN 11 AM 10:12

Present: Jeff Green, Alice Gerard, Ron Rezabek, Bob Wynne, Sue Tomkins, Diane Evans, Ed Standora, Paul Yaeger, Mike Madigan. Absent: Sam Akinbami Guest: Bob Eddy.  
Meeting called to order at 7:05 by Jeff Green

1. Minutes from February 22, 2019: Bob moved to approve. Alice seconded. Carried.  
Note: CAB sent letter to Town Board concerning proposed zoning law after February meeting.

2. RFQ - Request for Quote. This is required for CAB to do before contracting with any outside agency or group, like the WNY Land Conservancy, for services. We discussed the scope of the project and what deliverables we want. We want to update the open space inventory that was created when we became an advisory board. We decided we want guidance in preparing an open space plan: including inventories, tools for prioritizing preservation of open space, and seeking input from the community. We would like written documentation of the final plan.

Jeff will draft an RFQ, send it out to us via email. We need to respond by Wed., March 28 Jeff will send to Mike. Mike will take this before a Town Board meeting for approval and then it goes on to the attorney. Mike will let us know if we need to be present at a Board meeting.

3. Open Space List - Jeff showed us a new map of open space, both private and public, in Grand Island. There are 83 parcels. We identified a few parcels that we feel will need protection from development.
4. Comprehensive Plan - Diane gave an update on the status of the plan. All changes and suggestions have been included. CPL will finalize the plan by end of March. Town Board will set a public hearing in April.
5. Alternate Member - The Town Board has advertised this in the Dispatch. We should contact anyone we know who is interested. March 30 is last day to apply.
6. Planning Board Report. Bob, Ed, Paul and Diane reported about the meeting with planning board members, after their main meeting, on March 12, 2018. We presented to them reasons for a tree ordinance. We pointed out parts of the Town code that already ask developers to replace trees they've cut. Question was raised why this is not implemented and enforced. Other parts of the code and design standards should be reviewed and implemented.

It was decided we will continue to have one to two members attend each planning

board meeting so that we can keep abreast of developments. April 9 meeting will be attended by Sue and Alice. May 14 meeting will be attended by Bob and Diane. Mike let us know that Phase 2 of Heron Pointe will be presented at the April meeting.

7. Town Board Report - Mike reported on the zoning law against truck stops. It has been approved by the Town Board. The public hearing for it was well-attended and no one spoke in favor of allowing truck stops.

Mike reported on the new welcome center, under construction. It will be producing about 10,000 gallons of water/waste daily. At issue is the lack of septic tanks in the plan. There are three options for the state to accommodate the waste water. One is that they can (or have?) put in three holding tanks. These are not designed to be used long-range. Two, the center can tap into the sewer district east of the 190. This would set a precedence. Three, the state needs to create a wastewater treatment system just for this facility

The Town is investigating putting in LED bulbs for street lights.

#### 8. Additional News/Announcements

Ron reported on his last meeting with the Erie County Water Quality committee, including grants that could be applied for.

Diane told about a birding group she has met with twice to promote birding on Grand Island. The group has decided to seek leaders for several bird walks this year. She asked for the support of the CAB in spreading the word and helping with educational materials. Motion: The CAB supports the effort to offer bird walks several times a year for the Grand Island community. Ron so moved. Ed seconded. Carried 8 to 0.

Diane asked if the CAB would support a highway clean up that the Trinity Methodist Church youth group and members would like to do on Sunday, April 29. Diane is working with Dick Crawford, to choose the best location. If the CAB supports this, the volunteers will be protected under the Town's liability insurance. Motion: The CAB moves to give support to a clean up to be conducted on April 29 along a road, yet to be determined, on Grand Island. Bob so moved. Alice seconded. Carried 8 to 0.

It was suggested we speak to the Agricultural Steering Committee to co-sponsor some educational programs. We'll discuss the Tree Ordinance next meeting. Ron suggested exploring the idea of planting milkweed seeds/plants in the field along South Parkway and Ferry Rd, in the State Park. Motion to adjourn meeting at 9: 05 pm. Bob so moved, Alice seconded. Carried 8 to 0.

Respectfully submitted,  
Diane Evans  
Recording Secretary

Conservation Advisory Board

Meeting Minutes

April 26, 2018

RECEIVED  
2018 JUN 11 AM 10:12  
TOWN OF SEAFORD  
GRAND ISLAND N

Present: Sue Tomkins, Jeff Green, Diane Evans, Paul Yaeger, Ron Rezabek, Bob Wynne, Mike Madigan. Excused: Ed Standora, Alice Gerard, Sam Akinbami. Guest: Bob Eddy. Meeting called to order at 7:09 pm by Jeff Green.

1. Minutes from March 22, 2018 approved with three minor corrections. So moved by Sue, seconded by Bob. Carried six to zero.
2. RFQ Update: Tabled. See item #3.
3. Open Space Plan: Open space shall be defined as: "publicly or privately owned open space of 10 acres or greater and smaller parcels with ecological importance." Mike will send out the RFQ. Responses are to be in by 5:00 pm on May 23. We will change the starting date to July 1st.
4. Alternate Members for CAB: Two alternates have been interviewed. There is one more interview scheduled next week, Tues. at 3:00 pm.
5. Planning Board Report: Sue and Alice attended meeting on April 9. Heron Pointe phase two was presented. It will be as large as Phase 1. Sue asked a question but was asked not to speak, since she is not on the Planning Board. Ron has heard two complaints of water entering in-ground pools. Ron will follow up on this. The two wetland areas in the complex need to be addressed, as federal ruling requires they be left intact. It was suggested we visit the site and walk along the Woods Creek tributary that goes through the property. Sean Hopkins will be invited to show us the plans at our May meeting. Jeff will seek permission to walk the property. Traffic patterns and impact on wildlife are other concerns.
6. Town Board Report: Mike reported that he is concerned that Beaver Island State Park is using the Town's infrastructure for water and sewer. The cost of this is \$22,000 per year. He also reported on progress with the Welcome Center.
7. Additional News/Announcements: Bob and Diane will attend the May 14 Planning Bd. meeting. Jeff will get in touch with Sean Hopkins concerning Heron Pointe.

Diane and Jeff reported on meeting with Steve Apfelbaum, Nancy Smith, and Jajean Rose. Steve is the founder of Applied Ecological Services. He gave us many ideas for developing an open space plan which we will share at a future time.

May 22-23 there is a Water Leadership Training Course offered. See Diane for

details. The Solarize Campaign on Grand Island has its official launch on May 12 at Town Hall.

Meeting adjourned at 9:00 pm. Bob moved to adjourn. Paul seconded. Carried.

Respectfully submitted,  
Diane Evans  
Recording Secretary

**PLANNING BOARD MEETING**

**MINUTES: MAY 14, 2018**

RECEIVED

**MEMBERS PRESENT:** Bruno, Duchscherer, Greco, Lare, Starzynski, Stessing  
Alternate member: Worrall

2018 JUN 18 PM 2: 12  
TOWN CLERK  
GRAND ISLAND N.Y.

**MEMBERS ABSENT:** Bidell

**OTHERS PRESENT:** Councilwoman Kinney, Jim Sharpe, Deputy Supervisor, Bob Westfall, Town Engineer and Those Listed Herein.

In the absence of Mr. Bidell, Mr. Worrall will be a voting member at this meeting.

Chairman Bruno received an e-mail from Supervisor McMurray regarding the East River Marsh Enhancement within Beaver Island State Park. He received the information on the day that comments were due. Therefore, the Planning Board could not comment. The Town Board is usually the SEQR lead agency. The Town Clerk and Engineering are usually copied. The Town Board can make a decision on its own, but are always open for internal discussion. Mr. Westfall could recommend referring to the Planning Board if he thinks the Planning Board may want to see the material.

No action at this time.

There was a discussion regarding the Planning Board's e-mail at the Town Hall. The e-mail should go to the Chairman and the liaisons to the Board. Ms. Kinney stated that the IT person is working on it.

**MINUTES:** Planning Board Meeting – April 9, 2018

Heron Pointe – Phase 2, Mr. Starzynski questioned the acreage of wetlands in the project. It will be addressed when applicant comes back to the Planning Board.

It was moved by Greco – Lare to **APPROVE** the minutes as submitted.

Roll Call: Ayes – Greco, Lare, Bruno, Duchscherer, Starzynski, Stessing, Worrall  
Noes – None  
Carried

**VOUCHER:** Arlene Ehde, Recording Secretary - \$165.44

It was moved by Duchscherer – Starzynski to **APPROVE** the voucher for payment.

Roll Call: Ayes – Duchscherer, Starzynski, Bruno, Greco, Lare, Stessing, Worrall  
Noes – None  
Carried

**REFERRALS**

It was moved by Bruno – Starzynski to suspend the rules and move Larry Playfair's request for Site Plan Approval to the top of the agenda.

Roll Call: Ayes – Bruno, Starzynski, Duchscherer, Greco, Lare, Stessing, Worrall  
Noes – None  
Carried

1. FROM: Town Engineer  
RE: LARRY PLAYFAIR – 2099 GRAND ISLAND BLVD.  
SITE PLAN APPROVAL – PROPOSED 6,000 SF BUILDING

Mr. Playfair appeared with a revised Site Plan for a proposed 6,000 sf building to be constructed at 2099 Grand Island Blvd.

Mr. Playfair has covered all that the Board requested at the last Planning Board meeting, including trees across the front, landscaping, parking, screening, and drainage, except for a driveway entrance with a lane in and out with a 6' island and a sign.

It was moved by Bruno – Starzynski to recommend **APPROVAL** of the Site Plan providing a driveway entrance, island and sign, as depicted in the Design and Performance Standards, is added.

Roll Call: Ayes – Bruno, Starzynski, Duchscherer, Greco, Lare, Stessing, Worrall  
Noes – None  
Carried

After a discussion, it was noted that the Town Board can waive or modify the requirement for the driveway entrance, island and sign.

2. FROM: Town Engineer  
RE: GREG DOXTATER – 2939-2969 GEORGE ALT BLVD.  
SITE PLAN APPROVAL – WAREHOUSE/OFFICE

Kristin L. Savard, PE, owner/President, Advanced Design Group appeared representing Mr. Doxtater, with a Site Plan for a 6,000 sf warehouse with an office on a 4.2 acre parcel in a M-1 zoning district.

The parcel has 300' frontage, minimum frontage is 150'.

The building will be a pole barn type construction, possibly beige or green in color with two garage doors and two man doors. It will be constructed on the north side of the property, meeting all zoning requirements. There will be six parking spaces with one additional handicapped space.

The warehouse will store antiques and furniture for an internet sales business. In the off-season, Mr. Doxtater will store his boat to the rear of the building.

There is room for truck turn-around for anyone who might come for pick-up.

If there is a need to subdivide the property, the driveway could be used for both properties.

They will utilize public water and sewer coming into the building. Office will have a bathroom.

There will be no increase in the drainage leaving the site. There is a dry detention area.

Wall mounted lights are proposed. No pole lighting in the parking lot.

Signage will be addressed on the building. There will be no dumpsters.

There are Army Corps wetlands on the property.

They will submit to Board of Architectural Review, if required. They would like to advance the project.

Comments from William Shaw, Code Enforcement Officer were received. He stated that sidewalks will be required along the entire frontage of commercially zoned lots or parcels where deemed necessary for pedestrian movement and public safety and no details of the structure have been provided. Section 407-107 through 407-113 and the Design and Performance Standards should be available for the applicant.

There was a discussion regarding the sidewalks as there are no sidewalks in the area. Sewer areas require sidewalks. However, this is an industrial area. Do Design and Performance Standards apply in M-1 zoning Districts? It seems they were intended for the three business districts. Mr. Sharpe will clarify.

Elevations and interior layout are not provided.

It was moved by Stessing – Duchscherer to **TABLE** until site plan includes all criteria for Site Plan Approval, as listed in 407-109 of the Town Code.

Roll Call: Ayes – Stessing, Duchscherer, Bruno, Greco, Lare, Starzynski, Worrall  
Noes – None  
Carried

Ms. Savard stated, for the record, that she has never had to submit elevations for Site Plan Approval.

3. FROM: Town Engineer  
RE: SOLAR ARRAY PROJECT – WHITEHAVEN RD.  
(NORTHWEST OF POWER SUB-STATION)  
SITE PLAN APPROVAL

Kristin L. Savard, PE, owner/President, Advanced Design Group appeared with Cameron McDonald with a Site Plan for a solar array project on Whitehaven Rd. Mr. Tom Guzik has been delayed and is expected soon.

Ms. Savard stated that Mr. Guzik brought this project to the Board about a year ago. They have advanced the project and are now ready for Site Plan application.

It is a 42 acre parcel in a residential zoning. They have frontage on Whitehaven Rd. The property narrows down along the power lines then widens. Woods Creek runs through the middle of the site. There is a setback of 50' from the wetlands and more from the Creek.

They have 25' off the property lines.

There will be no sewers or water on site.

The driveway traverses Woods Creek. They will bridge it according to Army Corps regulations.

A 6' slatted fence around the perimeter will be constructed.

There are dry transformers.

There will be electrical feed to the equipment. The system generates its own power.

The project is located behind the substation, about 500' behind the power lines.

To the north there is a stub street off of Independence Ln. There is existing vegetation that is remaining. There are 14 acres that tie into Independence Ln. that are not part of the site.

Landscaping and signage will conform. Pine trees will be planted.

Percentage of coverage was discussed. The panels are on piers.

The south end backs up to residences. Nothing will change there. National Grid has an easement.

Conservation Board members Diane Evans and Bob Wynn were present. Ms. Evans questioned the bridge over Woods Creek and also setbacks. There will be more than 50' from the Creek and 50' from the wetlands. They will not mow within the wetlands. She spoke of a specific type of seed, Great Lakes Seed, for pollination. It would attract bees and butterflies.

Mr. Guzik stated that the property will be cleared and mowed up to the wetlands. There will be clearing limits.

The height of the panels and space between them was discussed. There is 15' between the 12' to 14' high panels. Six inch pilings are used, sometimes eight inch.

DC comes off the panels. The converter changes it to AC.

There will be no noise from the project.

Wetlands will not be disturbed. Ms. Savard stated that Don Wilson of Wilson Environmental Technologies has stated that as long as you pile drive, it is not considered disturbance. Trenching in the wetlands is minimal. You can excavate in wetlands but cannot fill.

The Board comments:

Site plan should show –  
The whole property  
Two acre buffer  
Details of a typical solar array with dimensions  
A cross section

In a memo from William Shaw, Code Enforcement Officer he commented that sidewalks are required along the frontage of parcels located in a sanitary sewer district. Mr. Shaw's comments were given to Ms. Savard.

Ms. Savard stated that they would like to start the SEQR process and move on with the Special Use Permit. They would like to come back next month addressing this Board's comments.

It was moved by Stessing – Starzynski to **TABLE**.

Roll Call: Ayes – Stessing, Starzynski, Bruno, Duchscherer, Greco, Lare, Worrall  
Noes – None  
Carried

Ms. Savard wanted some clarification on information for the Conservation Advisory Board and process for the Special Use Permit. It was explained that the Conservation Advisory Board is a separate advisory Board. They receive the Planning Board's agenda and minutes and can attend Planning Board meetings. They can comment at the meetings. Ms. Kinney explained that the application for a Special Use Permit is handled by the Town Board. They will schedule the Public Hearing. Approval for the final plans and Special Use Permit is granted by the Town Board.

4. FROM: Town Engineer  
RE: NEW ENGLAND ESTATES – PHASE 2  
REAPPROVAL OF FINAL PLAT

It was moved by Worrall – Duchscherer to suspend the rules and add New England Estates to the agenda.

Roll Call: Ayes – Worrall, Duchscherer, Bruno, Greco, Lare, Starzynski, Stessing  
Noes – None  
Carried

Mr. Westfall explained that this project received Final Plat Approval, but the project did not advance.

Kristin L. Savard, PE, owner/President, Advanced Design Group, stated that the Wetland and the Health Department permits have expired and have been renewed. Rules have changed and in redesigning some of the engineering, they lost one lot. A new Map Cover will have to be filed.

It was moved by Starzynski – Duchscherer to recommend that Final Plat of the modified Plat be **APPROVED** conditioned on engineering acceptance of utility plans.

Roll Call: Ayes – Starzynski, Duchscherer, Bruno, Greco, Lare, Stessing, Worrall  
Noes – None  
Carried

#### **COMMUNICATIONS – OTHER OFFICIALS**

1. FROM: Town Board  
RE: MINUTES – March 19, April 2, 2018  
Received and filed.
2. FROM: Board of Architectural Review  
RE: MINUTES – March 20, 2018  
Received and filed.
3. FROM: Zoning Board of Appeals  
RE: MINUTES – March 1, April 5, 2018  
Received and filed.
4. FROM: Long Range Planning Committee  
RE: MINUTES – March 14, 2018  
Received and filed.

#### **COMMUNICATIONS – OTHERS**

None

#### **UNFINISHED BUSINESS**

1. FROM: Town Engineer  
RE: LARRY PLAYFAIR – 2099 GRAND ISLAND BLVD.  
SITE PLAN APPROVAL – PROPOSED 6,000 SF BUILDING

See #1 under REFERRALS.

#### **COMPREHENSIVE MASTER PLAN**

There will be a Public Hearing for the Master Plan on May 22<sup>nd</sup>. Comments can be made via e-mail to [MP@Grand-Island.NY.US](mailto:MP@Grand-Island.NY.US). All comments will be forwarded to the Long Range Planning Committee by June 10<sup>th</sup>. The Committee will meet on June 20<sup>th</sup>. The draft will then be amended. The Planning Board will not see a final draft.

Mr. Sharpe commented that this Plan is not like the old Master Plan. This is how we want to move and how to implement the Plan. It is not a law. It is a reference document.

The last Master Plan was adopted in 1995, Zoning in 2004. There was a disconnect between the Zoning Map and the Master Plan.

This Plan is a collaborate effort. Members of all the Town Boards and the community were on the Planning Committee.

The Comprehensive Master Plan is on the Town's website. However, the Board members would like to have a hard copy. Mr. Sharpe stated that they are \$10.00 a copy, but he will be sure Board members have a copy by Friday, May 18<sup>th</sup>.

The Board would like to look at the Plan, as a Board, at the June 11<sup>th</sup> meeting.

It was moved by Stessing – Duchscherer to **ADJOURN** at 9:20 PM.

Roll Call: Ayes – Stessing, Duchscherer, Bruno, Greco, Lare, Starzynski, Worrall  
Noes – None  
Carried

#### **CONTINUING EDUCATION**

After the meeting adjourned, the Board Members reviewed the LAND USE LEARNING PROGRAM – TUTORIAL I – ZONING – THE BASICS, as part of their continuing education.

Respectfully submitted,

Arlene Ehde, Recording Secretary

## MEMORANDUM

---

TO: Town Board  
FROM: Supervisor Nathan McMurray  
DATE: June 13, 2018  
RE: Agenda for 6/18/18 Town Board Meeting

SUBJECT: ESD Restore New York Grant Contract

Please see the attached resolution for the \$1,000,000 Restore New York Grant.

NDM

**Town of Grand Island**  
**ESD Restore New York Grant Contract**  
**Town of Grand Island – Grand Island Hotel RESTORE III**  
**AUTHORIZING RESOLUTION**  
**June 18, 2018**

WHEREAS, the Town of Grand Island has been approved by Empire State Development for a Restore New York Grant in the amount of \$1,000,000 that will be passed on to the Grand Island Hotel, LLC for the development and opening of the Holiday Inn Express located at 2761 Long Road, Grand Island; and

WHEREAS, the Town of Grand Island Town Attorney has reviewed and approved the Grant Disbursement Agreement with Empire State Development and will develop a mirror Disbursement Agreement with Grand Island Hotel, LLC in compliance with the disbursement criteria set forth in this agreement; and

NOW THEREFORE BE IT RESOLVED The Grand Island Town Board authorizes the Town Supervisor to sign, submit and execute the Contract with Empire State Development; and authorize the Town Attorney to develop and execute a mirror agreement with Grand Island Hotel, LLC.

This resolution shall take effect immediately.

The above resolution was duly put to a roll call vote at the regular meeting of the Town Board held on June 18th, 2018, the results of which were as follows:

Supervisor McMurray -  
Councilwoman Baney -  
Councilman Marston -  
Councilman Madigan -  
Councilwoman Kinney -

Urban and Community Forestry Round 14 Grant Program  
2018 Request for Funding

**Authorizing Resolution:**

I, Patricia Frentzel, elected Clerk of the Town of Grand Island, New York, do hereby certify that the following resolution was adopted at a regular meeting of the Town of Grand Island Town Board held on June 18, 2018, and is incorporated in the original minutes of said meeting, and that said resolution has not been altered, amended or revoked and is in full force and effect.

**WHEREAS**, the Grand Island Town Board, in coordination with the Grand Island Conservation Advisory Board, desires to complete a comprehensive Town-wide inventory and assessment of trees located within the Grand Island right-of-way along streets and municipal properties;

**WHEREAS**, the Town of Grand Island will procure professional services to complete the comprehensive Town-wide Tree Inventory and Assessment and incorporate the reported data into a detailed Community Forestry Management Plan;

**WHEREAS**, the Grand Island Town Board has endorsed an application requesting the maximum amount of \$50,000 for financial assistance through the Urban and Community Forestry Program (UCF) administrated by the New York State Department of Environmental Conservation in the form of grant funding;

**WHEREAS**, the Grand Island Town Board commits to providing the balance of funds necessary to complete the project within a 24-month period to ensure the timely implementation and completion of the proposed project;

**THEREFORE BE IT RESOLVED**, that Mr. Nathan McMurray, as Supervisor of the Town of Grand Island, is hereby authorized and directed to file an application to the New York State Department of Environmental Conservation's Urban and Community Forestry Program for funds in an amount not to exceed \$50,000, and upon approval of said request to enter into and execute a project agreement with the New York State Department of Environmental Conservation for such financial assistance to the Town of Grand Island, New York for a comprehensive town-wide tree inventory and assessment.

To: Pattie Frentzel  
From: Mike Madigan  
Subject: Motion to initiate Nike Base "Community Center" project  
Date: 14-June-2018

I would like to make a motion to approve initiation of the Nike Base Community Center renovation project and commit the grant funding and the associated bonded funding of \$225,000 to this project that has already been approved. As part of this motion I would like to propose approving increasing the bonded funding from the current \$225,000 to \$265,000 (not to exceed) based on the project cost estimate attached.

Supporting details:

The "Community Center", located across the Parking Lot from the Golden Age Center (GAC), is used almost daily by the Golden Age Center for different programs and commonly it is being used by different groups from our community. This building is needed.

A Grant for \$210,000 was received to renovate this facility. This project has previously been approved by the Board and bonded for \$225,000. The Town has received a cost estimate of \$262,000 to perform a complete renovation of this building including encapsulating/enclosing all the asbestos, new walls, ceiling and boiler/furnace replacement. It is estimated these repairs would be good for 15-20 years and that the only remaining pending repair is the roof in the next 5-10 years. The cost to the town is estimated to be \$55,000 after subtracting the \$210,000 grant funds.

Note: To demolish this building it would cost \$400,000 and no grant money could be used for this action.

Once this renovation is completed this building will be the largest meeting area that the town owns and it will be safe for all age groups. The proposed renovation significantly enlarges the available meeting and program space by removing 12 closets within the center creating what will be a safe fantastic facility for community meetings and activities

This project can be completed at minimal cost to the town and will create a real enhanced asset at the Nike Base that will benefit the entire community.

### SAMPLE PROJECT BUDGETARY COSTS

*The following is meant to illustrate/project a "Sample" Project Cost using the budgetary prices listed previously. This "Sample" project selects certain items to develop an overall project cost from the selection of tasks described previously.*

Task #	Description	Budgetary Price (+/- 20%)
1	Boiler Room/Mechanical Room Asbestos Removal	\$40,000.
1A	Boiler Room/Mechanical Room Reinsulation/Replacement	\$6,000.
2	Remove Exposed ACM Pipe Covering in Bathroom of Community Center	\$4,000.
3	Remove Radiators and Horizontal Piping in Community Center	\$8,000.
3A	Install New Fin Tube Radiators and Piping	\$12,500.
4	Remove Only Ceiling Tiles and Encapsulate Joint Compound	\$18,000.
4A	Remove Existing Partition Walls, Closets and Storage Rooms	\$9,000.
4B	New Ceiling Tile Installation	\$22,800.
5	Drywall Installation [Floor to Ceiling]	\$12,000.
5C	Paint All Interior Perimeter Walls (Floor to Ceiling) and Grid	\$5,000.
6	Floor Covering (New Floor Tile)	\$12,000.
7	Exterior Window Weatherproofing	\$2,850.
8	Asbestos Project Monitoring, SSV, Air Sampling & Air Analysis	\$30,000.
	<i>Subtotal</i>	<b>\$182,150.</b>
9	CM/GC/A-E @ 20%	\$36,430.
	<i>Subtotal</i>	<b>\$218,580.</b>
	Add Bond @ 2%	\$4,372.
	<i>Subtotal</i>	<b>\$222,952.</b>
	Add Prevailing Wage/Public Works (17.5%)	\$39,017.
	<b>Grand Total Project Cost Based on the Scope of Work listed above</b> (Two hundred sixty one thousand nine hundred sixty nine dollars)	<b>\$261,969.</b>

Re: Stop Sign Placement

Honorable Town Board:

Based upon a vote (7-2) of the Grand Island Traffic Safety Advisory Board at their June 12<sup>th</sup> meeting, the TSAB is recommending that the Town Board approve the placement of stop signs (2) on Harvey Road at its intersection with Park Place. As with all stop sign approvals, this action will require that the board set a public hearing.

TOWN OF GRAND ISLAND

LOCAL LAW INTRO NO. ~~4~~ 2018

LOCAL LAW NO. \_\_\_\_ - 2018

A LOCAL LAW in relation to enacting an exemption from real property taxes for Cold War veterans as authorized by Section 458-b of the Real Property Tax Law.

WHEREAS, the state legislature has expanded the Cold War veteran's exemption by allowing municipalities to adopt local laws authorizing the elimination of the 10-year limitation period relating to such exemption for certain qualifying property;

BE IT ENACTED BY THE TOWN BOARD OF THE TOWN OF GRAND ISLAND AS FOLLOWS that Section 337-18(C) shall be enacted as follows:

C. The exemption provided by § 337-18A of this article shall be granted for a period of 10 years, the commencement of such ten-year period being governed pursuant to this subsection. Where a qualified owner owns qualifying residential real property on the effective date of this article, such ten-year period shall commence with the Town of Grand Island's 2010 tax year. Where a qualified owner does not own qualifying residential real property on the effective date of this article, such ten-year period shall be measured from the assessment roll prepared pursuant to the first taxable status date occurring at least 60 days after the date of purchase of qualifying residential real property; provided, however, that should the veteran apply for and be granted an exemption on the assessment roll prepared pursuant to a taxable status date occurring within 60 days after the date of purchase of residential property, such ten-year period shall be measured from the first assessment roll in which the exemption occurred. If, before the expiration of the such ten-year period, such exempt property is sold and replaced with other residential real property, such exemption may be granted pursuant to § 337-18A of this article for the unexpired portion of the ten-year exemption period. **However, notwithstanding the 10-year limitation period imposed by the foregoing provisions of this paragraph, this exemption shall apply to qualifying owners of qualifying property for as long as they remain qualifying owners, without regard to such 10-year limitation.**

This local law shall be effective immediately upon filing with the New York Secretary of State pursuant to the Municipal Home Rule Law.

**FROM:** Planning Board

**DATE:** June 13, 2018

**RE:** GREG DOXTATER – 2939-2969 GEORGE ALT BLVD.  
SITE PLAN REVISION APPROVAL – WAREHOUSE/OFFICE

Kristin L. Savard, PE, owner/President, Advanced Design Group appeared at the June 11<sup>th</sup> Planning Board Meeting with site plan revisions for the construction of a warehouse/office on George Alt Blvd. She presented color renderings of the elevations of the proposed building.

She stated that she understands that the Performance Standards do not apply to this location, as this is an Industrial Park area. Sidewalks should be waived. There are no sidewalks in the immediate area. A dumpster is not proposed. However, the location for a future dumpster should be shown on the site plan.

It was suggested that a formal request to waive the sidewalks be sent to the Town Board for their consideration.

It was moved by Greco – Lare to recommend **APPROVAL** of the site plan conditioned on showing the location of a future dumpster.

**Subject:** Waiver Request for Doxtater Project - Alt Blvd

Patty,

Our project was put before the planning board last night and it was approved by them and now goes before the town board for final approval. However, they wanted me to send a letter to request a waiver for the requirement of a sidewalk on our property (which they all agreed was not needed). I was told to send it to you (hopefully that was correct) and you would know what to do with it. This e-mail will serve as that request to waive the sidewalk requirement. If you have any questions please give me a call. Thank you....

Greg Doxtater

**Agenda Items for Town Board Meeting on Monday, June 18, 2018**

Date: Wednesday, June 13, 2018

To: Supervisor Nathan McMurray & Town Board Members

Re: Part-time Seasonal hire

I request to hire Margaret Kowalik to fill one of the part-time openings in our Kitchen. Margaret would start on Monday, June 25 at a rate of \$10.40 an hour. Her title would be Recreation Attendant – Seasonal, Step C, Grade 1, \$10.40/hr. We had Margaret on staff last summer, and her food service knowledge, kindness, hard work, and her heart for working with the senior population made her a favorite, and we are thrilled to have her come back and work with us this summer. Margaret will work with us from Monday, June 25 – Friday, August 31, 2018 before she returns to her school-year employment.

Her hire will help to cover our needs in our Kitchen operations. To appropriately function, we need at least 3 staff members to be fully functioning. Presently, due to hour restrictions, we are operating with 2 staff in the Kitchen on a daily basis, and 1 Seasonal staff member assisting when she is not working to help maintain our busy Transportation system.

I already have a plan, set into place, to fulfill my kitchen staffing needs after the summer season, so I will discuss that with you all at a later time.

Due to being short-staffed in our facility, and due to the fact that our needs from our members our constantly growing in our other capacities, (in our Daily Lunch Program, Transportation & Programming), I would truly appreciate if you and the Town Board could put this item on your agenda for your Monday night, June 18 meeting.

Respectfully submitted,

Jennifer R. Menter, Recreation Supervisor – Senior Citizen
