GRAYS HARBOR COUNTY
STATE OF WASHINGTON

A MESSAGE FROM YOUR COUNTY ASSESSOR

This levy report is designed to provide you information regarding the distribution of tax dollars to the various taxing districts in Grays Harbor County. It contains the 2008 assessed values and the 2009 levy rates of your taxing districts, as well as the amount of taxes the districts will collect in 2009.

Grays Harbor County covers a 1,910 square mile area. Our office maintains information on over 62,402 real property parcels and 5,035 personal property and utility parcels.

As the Assessor I do not determine or raise your taxes. It is my responsibility to administer the tax laws of the state of Washington and to value all property subject to taxes as mandated by the Washington State Legislature. It is also my responsibility to calculate the levies imposed by the various taxing districts and additional special levies for which the people have voted.

The professional and hard-working Assessor's staff works hard to accomplish the tasks of establishing equality in assessments as well as handling the daily tasks and assisting the public. We also thank the taxpayers of Grays Harbor County that have been willing to cooperate and assist us with our work.

As a public servant, it is my sincere desire to assist the taxpayers of Grays Harbor County in an effective, responsible, and courteous manner and I welcome your inquiries regarding any matter concerning this office.

Sincerely,

Cherri Rose-Konschu

Timber Assessed Value (TAV) is used in the base to set levies for voted bonds and capital projects for schools, fire districts and cities. One-half (1/2) of the TAV or 80% of the 1983 timber roll is used in calculating school district maintenance and operation levies, whichever is greater.

I hereby certify the above is the 'Final' assessed valuation of the various taxing districts in Grays Harbor County.

GRAYS HARBOR COUNTY

STATE OF WASHINGTON

IMPORTANT INFORMATION REGARDING YOUR PROPERTY TAX

- ❖ Washington state law requires Assessors to value all property for tax purposes at 100% of its true and fair market value, according to the highest and best use of the property.
- ❖ The Assessor does not set budgets for taxing districts. Budgets are established by the taxing districts themselves.
- ❖ The Assessor does not bill or collect taxes. Taxes are billed and collected by the County Treasurer.
- ❖ Once budgets have been established and submitted by the taxing districts, the role of the Assessor is to calculate the tax rates necessary to generate the revenue needed to meet the budgetary requirements of the districts.
- ❖ The Assessor must adhere to constitutional and statutory tax limits and levy amounts approved by the voters.
- ❖ The assessed value of your property multiplied by the tax rate per thousand dollars of assessed value determined the amount of tax you will pay as your equitable share of the total tax burden.
- ❖ The amount of property tax you pay is determined by the cost of state and local governments. This includes the operation costs of local schools, city and county government as well as the expense of maintaining other taxing entities such as the port, the library, fire, cemetery, and water. Voter approval of special levies, excess levies, bonds, capital projects, and transportation levies are included in the total cost.
