PLANNING BOARD
61 BAKER HILL ROAD, GREAT NECK, NY, 11023

TO: Subdivision Applicants

Dear Applicant

The Village Planning Board must coordinate its review of your subdivision application under State and Village laws that govern subdivision applications with its review of the application under the New York State Environmental Quality Review Act ("SEQRA").

The Planning Board believes that it can review both aspects most effectively when it reviews the application and materials and conducts its public hearing before it renders its determination under SEQRA, even though the law does not require that. In fact, under applicable provisions of law, the Board may elect to (i) refrain from making its SEQRA determination until 20 days after it determines that it has a complete application, (ji) refrain from commencing its public hearing until 62 days after it makes its SEQRA determination; (iii) wait for 120 days after it opens the public hearing to finally close it; and (iv) wait until 62 days after the hearing is closed to render its decision.

However, the Board believes that it is in the best interests of the applicant and the community to handle each application as expeditiously as the law and circumstances permit.

Both the Village Law and SEQRA permit the Planning Board, with the agreement of the applicant, to modify the statutory time frames for processing the application.

You should understand that the Board does not require any applicant to agree to modify the statutory time frame. However, the Board believes that doing so in the manner set forth in the attached form letter is beneficial, to you, as applicant, and the community. If, after you review the attached form letter, you agree with the Board's view, kindly sign the letter, and return it to the Village Clerk with your application

Please be assured that if you elect not to sign and submit the attached form, your application will be handled in accordance with law, with no prejudice whatsoever to your rights in connection with the application.

Very TRULY YOURS,

PLANNING BOARD

RE: Agreement as to Time Periods Applicable
To Subdivision Application No.

Dear Planning Board Members:

The undersigned applicant recognizes that the Planning Board should have a meaningful opportunity to analyze the referenced subdivision application before rendering its determination with respect to the application under the State Environmental Quality Review Act ("SEQRA"). The New York State Department of Environmental Conservation ("DEC") has issued regulations relating to SEQRA, set forth at Title 6 NYCRR Part 617 (the "SEQRA" Regulations), which require, at 617.6(b)(1)(ii) that the Planning Board obtain all information that it deems necessary to make an informed decision before rendering its SEQRA determination.

The applicant understands that, to discharge that function, the Planning Board ordinarily reviews all application materials, receives and reviews input thereon from the Village's Building and other departments, legal counsel, and consulting engineers, and questions such advisors and the applicant and its representatives at a public meeting.

The applicant understands that pursuant to New York State Village Law 7~728(5)(d) the Planning Board need not begin its public hearing on the application until 62 days after the Planning Board issues a negative declaration under SEQRA (or, if the Board requires a draft environmental impact statement ("DEIS") under SEQRA, then 62 days after notice of the completed DEIS is filed).

However, the applicant also recognizes that the Planning Board can elect to hold its public hearing on the application prior to rendering its SEQRA determination to coordinate its review of the application under the subdivision provisions of the New York State Village Law and the Village's local laws and rules, with its review of the application under SEQRA.

To that end, and in order to induce the Planning Board to commence its public hearing before it is required by law to do so, the applicant hereby agrees that (i) the Planning Board will not be deemed to have received all "additional information" required by the Board under SEQRA Regulations for this application until such time as the Board closes its public hearing to review the preliminary plat, and (ii) this application shall not be deemed "complete", for purposes of Village Law 7~728(5)(c) until the Board renders its determination under SEQRA after it has received all such "additional information".

Very Truly Yours,
