

The Haddonfield Human Relations Commission
In Honor of Alvin R.Schomer
Scholarship Award

For
Outstanding Human Relations Service to the Community of Haddonfield

- **Public Service**
The person has performed outstanding acts to foster tolerance and understanding of human differences in the schools, the local community, the work place, or the broader community. As a result of this person's activities against intolerance, bigotry, ignorance, or lack of understanding, the place where we live or work is a better place.

- **Individual Development**
The emphasis should be on the recognition of those who are committed to the best development of their individual talent and ability with special attention given to those who have overcome the greatest obstacles in the course of their development.

- **Character**
The focus should be on leading, by example, a life of principle, tolerance, and understanding, even though it may present personal risks and challenges.

- **Participation in Non-Academic Activities**
An individual can demonstrate many dimensions of Service through participation in non-academic activities. These activities may be inside school or in the community at large.

- **Who may be nominated:**
Students who are enrolled in the Haddonfield Memorial High School or Middle School or a Haddonfield resident of high school or middle school age.

- Nominations may be made by any professional school staff. Please do not include GPA/rank or other related statistic.

- Nominations may be made by one's self or one's peers with supporting verification by an adult or professional school staff.

- Nominations are for an *individual's service*, rather than a group's service.
