

NORWOOD

MASSACHUSETTS

2007

ANNUAL TOWN REPORT

Dear resident of the Town of Norwood,

It is my pleasure to present to you the Annual Report for the Town of Norwood for 2007. I hope you agree with me that Norwood delivers excellent service in all areas of municipal government. I would like to dedicate this annual report to John Carroll, General Manager and Bob Thornton, Chief Financial Officer for the town.

Mr. Carroll is generally considered to be the best town administrator in the Commonwealth and that claim is supported by the evidence of a community with excellent and varied services supported by a relatively low tax rate. Mr. Carroll has always been the visionary for change, growth and progress. A civil engineer by training, a people person by nature, John has all the qualities necessary to balance that fine line of working for 5 volunteer selectmen and leading hundreds of employees of various backgrounds and skill levels.

One of the reasons John has financial room to maneuver and the luxury of a low tax rate is due to the foresight of Mr. Thornton. In the 1970's Bob sought the support of Town Meeting to over fund our retirement system on an annual basis. We continue to reap the rewards of that decision each budget year. Minimum funding levels for the retirement system would require the town to invest several million dollars more annually had that decision not been made. Having spent 8 years as an elected member of the Finance Commission, I have experienced first-hand Mr. Thornton's work ethic and deliverables.

John and Bob, on behalf of my colleagues on the Board of Selectmen and all the citizens of Norwood, we salute you and thank you for your continued efforts!

Sincerely,

A handwritten signature in black ink, reading 'Thomas J. McQuaid'.

Thomas J. McQuaid, Chair
Norwood Board of Selectmen

ABOUT THE COVER

The cover of this year's Town Report is taken from the vantage point of the Norwood Town Hall tower. It shows the Town Common and the "Protectors of the American Way" statue, which was erected in 1991. The statue was donated by Frank R. and Elizabeth M. Simoni. It was designed and sculptured by Robert Shure of Skylight Studios, Woburn, Massachusetts.

On the front of the statue is the inscription "The price of freedom is eternal vigilance". On the three other sides are written "For love of family and love of country", "They serve so that we may live" and "Remember those who served for us". The seals of each of the branches of the military are also shown.

The photo was taken by the Town's Contract Administrator Catherine Carney.

REPORT OF THE SELECTMEN FOR THE YEAR 2007

Thomas J. McQuaid 50 Churchill Drive	2008
William J. Plasko 507 Nahatan Street	2009
Helen Abdallah Donohue 1027 Washington Street	2010
Gerard J. Kelleher 9 Beech Street	2008
Michael J. Lyons 37 Earle Street	2010

ORGANIZATION

Thomas J. McQuaid, Chairman

Julia A. Liddy, Clerk

Frances L. Jessoe, Secretary

The Meetings of the Board of Selectmen during the year 2007 were held primarily in the Harry B. Butters Chambers, Room 34, Norwood Memorial Municipal Building, on Tuesday evenings, with some meetings being conducted in other locations from time to time as required.

Helen Abdallah Donohue and Michael J. Lyons were reelected to the Board at the Annual Election which took place on Monday, April 2, 2007. The Board elected Thomas J. McQuaid, Chairman.

During forty five regular meetings and a number of special or emergency meetings in calendar year 2007, the Board of Selectmen conducted public hearings as mandated by statute or policy. They also held innumerable public meetings and conferences on specific problems and subjects of interest and concern to the community.

During the Year, the Norwood Board of Selectmen, the Chief Elected Officials of the Town, brought forward and oversaw:

Advanced Life Support Service was brought forward and went on line in mid-August to assure that our ambulances, public safety and fire Rescue Operations are state of the art and fully equipped. This investment enables our Town to offer a higher level of care to our residents and neighboring towns.

The Board and Town officials spent a great deal of time in the proposed development of Westwood Station. The Town has worked with the developer, CC&F, on a traffic improvement package to attempt to alleviate the negative impact on Norwood. The developer will fund improvements to the Route 1/University Ave. intersection; improvements on the Norwood side of University Avenue; and improvements to other intersections which may be affected by the development. The Board adamantly stated that the I-95 Northbound ramp must be constructed prior to the completion of Phase 1 of Westwood Station. The Town officials are working diligently to that end with the State.

The Board continues to push forward and find better ways to improve the quality of life for its residents.

The Board continues to meet with the State and Massachusetts Highway Department for a firm commitment to improve traffic & gridlock along Route 1, Dean Street, Neponset Street and Washington Street in South Norwood.

The Board and its DPW task force committee, chaired by Selectman Plasko, continue to explore sites in which to better house our DPW personnel, staff and equipment, and to provide a more efficient and professional service to the Town.

Anthony Mastandrea was appointed to serve as Norwood's representative to the MBTA Advisory Board. Bernard S. Cooper was appointed to serve as Norwood's Alternate.

Former Selectman Thomas A. Riolo was appointed as the Board's representative to the Norfolk County Advisory Board. Superintendent of Public Works, Joseph Welch, and Alternate, Gary Schorer, continued to serve as Designees to the Neponset River Watershed Association.

Budget meetings were held on February 3, 2007, and the approach to various items was very cautious. Town Accountant Robert M. Thornton provided an overview before the budget was discussed. The state of the economy was foremost in everyone's mind and concern for town finances cast a long shadow. During February and March numerous subcommittee meetings were held in an effort to bring the budget into line. The Board appreciated all the time and effort spent by Management, Department heads and Fin Com in trying to come up with a balanced budget.

Student Government Day was held on Wednesday, April 25th. Students representing the Board were Jessica El Bach, Lisa Marie Ferzoco, Tim Goodwin, Kate Harris and Bridget Lambert. Students representing elected and appointed positions were: Matt Davenport, Marisa Altieri, Arushi Singh, Kate Jennings, Nancy Keefe, Lauren Clapp, James Kehoe, Lauren Bailey, Harley Songin, Meagan McGinnes, Lisa Hourihan, Brenden Greene, Mike Frasca, Alison Doyle, Katherine Dimitriou, Ariel Kruger, Greg Dobbles, Ronnie Christie, Olga Zhukov, Isabelle Jones, Julia Babel, Sean Concannon, Vincent Fruci, Steve Mahon, Sean Porter, Joe Ouelette, Dan O'Rourke, Dan Sudman, Kat Wood and Meghan Shilo.

Ernest Boch Jr. appeared before the Board with his yearly donation named in honor of his father and grandfather. The Board reviews and considers each request and this year's recipients include Norwood Historical Society, American Legion Baseball, Morse House Restoration, Morrill Memorial Library, Concerts on the Common, Friends of Norwood Football, Meals on Wheels, Norwood Art Assoc., Norwood Senior Babe Ruth Baseball, Norwood Circle of Hope Foundation, Morrill Library Literacy Lunch, Callahan School PTA., Norwood Fire Department Thermal Imaging Camera, Board of Health – health assessments, Pedestrian Safety Committee and Town of Norwood Seal at Neponset St. Rotary.

Letters of commendation were awarded to members of the Police Department, Fire Department and Public Works Department for performing over and above the call of duty.

The Board recognized Joseph Welch and the employees of the Cemetery Division for the consistently fine job they do maintaining the grounds at Highland Cemetery. Their hard work and efforts made the holidays, especially Memorial Day, even more meaningful.

BOARD OF SELECTMEN / LICENSES & PERMITS

A number of Norwood residents, including the Girls Scouts, Cub Scouts and Norwood Circle of Hope, were able to enjoy the beauty of the Walter J. Dempsey Memorial Bandstand. Joyful brides and grooms used the Bandstand as a background for their wedding vows and photographs. Young and old alike were brought together at the Bandstand on Sunday evenings to listen to the music of our Summer Concert Series.

The Board was very proud to recognize the academic efforts and athletic achievements of the young people in Town for their training, dedication and talent.

Norwood Day was held on Saturday, September 15, 2007. The event is put together by the Town under the sponsorship of Recreation Superintendent Jerry Miller and his committee. They worked all year getting this event together and the weekend activities started with the fireworks and hot air balloon on Friday evening.

Another Town activity sponsored by a committee was the Haunted House which was held during the week of Halloween at the Civic Center. The Civic was transformed. Jerry Miller and his committee did an outstanding job of scaring everyone of all ages.

The Town Common was transformed on Dec. 8th for the Annual Circle of Hope Luminary night. Luminaries lined the four sides and pathways of the Common. Santa was a surprise guest and music was provided. The weather was mild that night and everyone knew the late Cathy Ronco, Circle of Hope member, was in charge of the weather.

As Electric Light Commissioners, the Board has held additional meetings at the Light Department to discuss recommendations of the Future Electrical Power & Gas Supply Needs Committee, Broadband and the expansion of our phone service.

A Committee formed by the Board and chaired by Selectmen Lyons is the Alternative Energy Committee to explore alternative and renewable energy ideas.

As this is a very difficult time for all town departments, the Board accelerated budget meetings which began on Saturday, December 1, for fiscal year 2009. Town Accountant Robert Thornton presented the overview and at first pass there was a \$8.9 million deficit. The Budget Sub-Committee will be working very hard to bring a balanced budget to Town Meeting.

The Board of Selectmen would like to express our sincere gratitude to the hundreds of citizens who volunteer their time and energy on committees and commissions to make Norwood the great American Town that it is. This involvement is integral to the professional and participatory nature of town government in Norwood. We are also very grateful to the dedicated and effective service rendered by the Town's work force. These employees are dedicated to the ideals of public service. Finally, the Board expresses its sincere appreciation to its department heads, our office personnel and Staff and General Manager for their leadership and hard work.

LICENSES AND PERMITS

On application therefore and after appropriate investigation, licenses and permits were granted, renewed or transferred for various activities as delineated under Massachusetts General Laws, as amended, including, but not limited to, the following: on and off-premises liquor

licenses, common victualer licenses, one-day all alcoholic beverages licenses, dance permits, music and entertainment licenses, juke box and automatic amusement device licenses, lodging house licenses, licenses for storage of volatile inflammable fluids, taxi-cab and limousine licenses, Class I, II and III Motor vehicle licenses, billiard parlor licenses, tag days, parades, and other special event permits.

**REPORT OF THE SEALER OF WEIGHTS
 AND MEASURES 2007**

This office continues to inspect all devices mandated by our Massachusetts General Laws. These inspections include all devices for weighing and payment of our goods. Fluctuating gasoline prices make consumers more aware of their purchases. This awareness continues to generate questions and complaints about electronic motor fuel dispensers (gas pumps). These complaints are followed up by proper re-inspections. Existing gas stations and stores are remodeling to bring advanced technology into our town with new devices for the dispensing of gasoline and electronic scales. These as well as existing scales, oil trucks, taxi meters and other devices continue to be inspected, sealed and monitored for the protection of our consumers.

The Weights and Measures Department operates in conjunction with our Building Department as part of our towns' inspectional services.

Respectfully submitted,
 Paul D. Starratt
 Sealer of Weights & Measures

AIRPORT COMMISSION

REPORT OF THE NORWOOD AIRPORT COMMISSION

The Norwood Airport Commission (NAC) is pleased to submit its annual report for calendar year 2007.

A five-member commission, the NAC is appointed by the Board of Selectmen, with individual members serving three-year terms. NAC's responsibilities include overseeing the stewardship, operations and management of Norwood Memorial Airport, which encompasses some 672 acres. Day-to-day management is handled by Airport Manager, Russ Maguire, and his assistant, Mark Raymond.

Norwood Memorial Airport is one of 37 airports within the Commonwealth that provides general aviation (non-military, non-airline) services. These offerings include transportation alternatives for corporate officers and business persons, television and sports personalities, as well as local, state, national and international officials and statesmen. Other airport services include: charter flights; electronic newsgathering for two major Boston news stations (Channel 5 and 25); traffic reporting; pipeline patrol; aerial spraying by the Norfolk County Mosquito Control; personal transport; flight instruction; and cargo services. The State Police Air Wing, though no longer a tenant on the Norwood Airport, still relies on our fueling and maintenance support. And our weather station provides up-to-the-minute meteorological conditions reported throughout the day by both national and regional news stations.

Our facility operates 24 hours a day, seven days a week. This is especially critical for residents throughout the Commonwealth and northeastern United States who depend on emergency medical transports from the Norwood Airport. In particular, our air ambulance and inter-hospital organ donor flights provide time-critical, life-saving access to specialized medical centers in Boston, Providence and New York.

A 1997 economic impact study of the state's 37 public use airports—excluding Logan International and Hanscom Field, Bedford—ranked the Norwood Airport fourth in total economic impact. In Norfolk County alone, the study showed that the Norwood Airport generates about \$49 million in annual economic returns. Norwood Airport users take advantage of our hotels, restaurants and retail outlets. Businesses, from the Fortune 500 class to smaller micro companies, routinely use our facility.

As for diversity of service, in addition to the private, corporate and charter aircrews/passengers who utilize our facility for personal and profession-related transport, a number of aviation companies also call Norwood Memorial Airport home. The following is a list of companies and agencies based here, to include the services they provide:

- *Mass. Aeronautics Commission* Fleet of state aircraft for industry support, inspections, investigations
- *Eastern Air Center* Charter services, medical flights, aircraft maintenance, aircraft fueling, car rentals
- *Boston Air Charter* Charter services; organ donor flights
- *Kestrel Aviation* Charter services
- *New Horizon Aviation* Fixed-wing flight training, sightseeing tours, aircraft rentals

- *Blue Hill Helicopters* Helicopter flight training/aircraft rentals
- *Swift Air Service* Aircraft maintenance
- *Aerial Productions* Aerial video production; Dept. of Defense support, power line surveys
- *Midwest Air Traffic Services* Air traffic control (under FAA's purview)
- *Norwood Flight Center* Fixed-wing flight training/aircraft rentals
- *The Pilot Shop* Pilot training supplies and retail
- *Avigate Air* Charter services
- *Air Shares Elite* Fractional aircraft ownership
- *Taso's Euro-Café* Airport restaurant

In 2007, the airport continued to address some key physical plant needs. Of particular note was the ground-breaking of a two-story, 8,000 sq. ft. building adjacent to the air traffic control tower. By design, the building's first floor will house the municipal department's snow removal equipment, while the second floor is set to accommodate offices for airport management and NAC, with additional space for security badging and administration, safety training, archiving and files; as well as a public meeting room. Following 61 years as a town-owned facility, the Norwood Airport will finally have its first-ever municipal building. (Up to now, all buildings and hangars on the airport had been privately owned.) This structure, which will cost \$2 million, has been funded by federal and state grants covering more than 97 percent of the total cost. Grant financing would not have been possible without the support of FAA and the Massachusetts Aeronautics Commission.

This past year, the NAC also received a \$200,000 federal grant. Funding for this long overdue project will address grading, drainage, re-paving, landscaping and security lighting in the airport's municipal parking lot. Congressman Stephen Lynch and his aide, Jim Gordon (a Norwood native), helped to make this grant-financing project a reality. To give the airport grounds a more professional look, frontage signs were also installed at both the Neponset Street/Access Road intersection and in the grass island adjacent to Access Road.

This past year, the NAC finalized its airport master plan as well. For years to come, this document will serve as our visionary "blueprint" to future airport commissions and airport managers.

Following the events of September 11, 2001, Norwood Airport has moved forward with more stringent security measures. We began by first installing more lights on the operational areas, while we placed security cameras around the physical plant. We also upgraded our access control. Since the system now in place actively cross-references a managed database, unescorted access is granted only to those with active, pre-approved airport badges. So in sum, our security enhancements today give airport management more direct control over our facility's users. To help fund these improvements, the NAC is grateful for the support provided by the Massachusetts Aeronautics Commission and FAA. Norwood residents and those in the surrounding communities benefit from these upgrades which make Norwood Airport one of the most "security pro-active" general aviation airports in Massachusetts.

As for safety, the installation in 2001 of a wildlife fence around the perimeter of the runways, taxiways and aircraft parking aprons continues to be a huge success. In 2007, the number of incidents involving wildlife and aircraft was virtually non-existent. This is

AIRPORT COMMISSION / CABLE COMMISSION

certainly a benefit to our airport users, and it negates the need for seasonal hunting on the airport grounds.

To better address community relations, we've continued to pursue a comprehensive noise education/abatement program—consisting of airfield signage and a flight publication insert for both our based and transient pilots. This continues to be a high priority program. Not surprisingly, the piloting community has also embraced our efforts, and this is reflected in the overall decrease in noise complaints. Throughout 2007, noise complaints remained on the decline. Out of respect for our neighbors, the NAC remains dedicated to reductions in noise complaints, whenever possible, through pro-active management and pilot education.

Following 10 years of sustained effort, in 2007 airport management was also able to secure a commitment from FAA that resulted in the installation of a precision approach path indicator (PAPI) lighting system for Runway 10. (PAPI's were installed on both Runway 17 and Runway 35 in 2002). While certainly a safety-of-flight enhancement, as a secondary benefit, this landing aid system is expected to mitigate aircraft noise over the downtown area.

The success of Norwood Memorial Airport is due to many. But we would be remiss if we did not express our gratitude to the Board of Selectmen, the Finance Commission, and Town Meeting representatives, all of whom recognize the great importance of this airport to the regional and national air transportation system, as well as to the economy of Norwood and the Commonwealth. Through the years, we are especially grateful for the support—financial and otherwise—that the Massachusetts Aeronautics Commission has provided to the airport. We look forward to continuing this productive partnership.

Finally, for flight enthusiasts and natural lovers alike, the open spaces here at Norwood Airport provide an ideal viewing locale, especially with the surrounding vista that includes the Blue Hills. The NAC continues to upgrade our public viewing areas, and we invite all to pay a visit to this tremendous asset known as NORWOOD MEMORIAL AIRPORT. The airport administration office is located at 125 Access Road. Please feel free to contact the Airport Manager's office with your questions or comments at 781-255-5616. For web surfers, check out the airport's web page located at www.norwoodma.gov. Click on Norwood Airport and enjoy the ride!

Respectfully submitted,

2007 ANNUAL REPORT OF THE NORWOOD CABLE COMMUNICATIONS COMMISSION

The Norwood Cable Commission Members are appointed for three-year terms by the Norwood Board of Selectmen, in its role as the License Authority for cable operations in the Town of Norwood.

The Cable Commission Members during 2007 were as follows: Chairman Paul McGee, Joan Jacobs, Albert Fiske, Bryan Corbett and Peter Strano. Mr. Corbett chose to step down from the Cable Commission in December of 2007 after many years of service. The Town of Norwood and the Commission owe Mr. Corbett a debt of gratitude for his exemplary contribution and outstanding service. Mr. Richard Shay was appointed to the Commission by the Selectmen in November to replace Mr. Corbett. We look forward to Mr. Shay's experienced contribution. Commission Secretary is Harriet Simons.

The Cable Commission usually meets on the 3rd Monday of each month at 7:30 p.m. in the Drummey Room at the Norwood Town Hall. The public is invited to attend these meetings.

Norwood is one of few towns in the Commonwealth that has its own cable corporation. The Norwood Light Department runs Norwood Light Broadband and is responsible for the development of the network and the providing of all cable services including high speed internet services. Comcast also provides similar cable service throughout Norwood.

The citizens of Norwood were given the potential of an additional choice for their cable provider when Verizon Communications filed an application on November 1, 2006 to offer cable communications service in Norwood.

During 2007, in strict accordance with Massachusetts statutes and regulations governing such an application, extensive negotiations were conducted between Cable Commission representatives and Verizon Communications including counsels representing each side. At a public meeting of the Board of Selectmen on August 21, 2007, the Chairman of the Cable Commission recommended that the Selectmen, as the licensing authority, approve the license for Verizon. The Selectmen followed this recommendation and approved the license on that date.

CABLE COMMISSION / TOWN CLERK

This action thus brings to three (3) the number of cable companies providing the citizens of Norwood a choice of cable programming and internet services.

Revenues received from the cable companies are distributed to the Norwood Public Access Corporation to be used for local programming. This non-profit corporation was formed by the Board of Selectmen in 2003 to provide quality public access, educational and governmental programming over the town's cable television systems, both Norwood Light and Comcast.

Norwood is also unique in that two non-profit cable access companies function within the town. In addition to Norwood Public Access Corporation appointed by the Selectmen, and identified as NPA TV, Norwood Cable Television Corp., known as NCTC, although now unfunded, remains operational.

Norwood Public Access Corp. has made excellent progress since 2003. In addition to bringing the studio at the High School on line, many local events were broadcast during the year including the weekly Selectmen's meetings, School Committee meetings, Norwood High graduation and athletic events; Little League, Memorial Day and the July 4th parades; Town Meetings and Concerts on the Common; plus many excellent programs providing entertainment and information to the public.

Throughout 2007, the Commission continued its active opposition to bills filed at both the Federal and State level which would have the effect of removing franchise licensing authorities from the cities and towns and the additional potential of impeding the progress and viability of Public Access broadcasting.

The Cable Commission, in cooperation with Norwood Public Access Corporation and Jack Tolman - Norwood Schools TV Director, encourages the continued expansion of locally produced programming. Also, we will continue to inform the Cable companies at our monthly meetings of all requests, comments and recommendations offered by the subscribers with the goal to improve the Norwood Cable TV system for all subscribers.

It is important to note that although neither the Board of Selectmen nor the Cable Commission has any control over rate changes instituted by the providers, cable subscribers can raise their objections and/or comments to the Mass State Commission and the Federal Communications Commission. (For further information contact the Norwood Cable Commission).

The Cable Commission thanks the members of the Board of Selectmen, Town Manager John Carroll, the Selectmen's Administrative Assistant Julia Liddy, and all other town officials for their assistance to the Commission members.

Respectfully submitted,

Norwood Cable Communications Commission

Paul J. McGee, Chairman

REPORT OF TOWN CLERK

TOWN CLERK AND ACCOUNTANT'S STATEMENT TO THE BOARD OF SELECTMEN

The Honorable Board of Selectmen:

The annual report of the Town Clerk and Accountant for 2007 is hereby respectfully submitted. Included in this report is a summary of the major activities that transpired in the Office of the Town Clerk and Accountant during fiscal 2007.

TOWN CLERK'S REPORT

The following represents a summary of some of the significant events in the Town Clerk's facet of this department during 2007.

Licenses and permits issued:

The issuance of various licenses and permits through this office resulted in a collection of \$138,167 in fees to be used to offset the tax levy in FY 2007.

Elections:

During Fiscal 2007 the Town Clerk's Office presided over three (3) elections. The State Primary Election in September 2006, the State Election in November, 2006 and the Annual Town Election in April, 2007. Complete results are listed elsewhere in this report.

Census and Voter Registration:

The results of the January 2007 census conducted by this office revealed that there were 28,271 residents in Norwood. The number of registered voters in Norwood in 2007 was 16,052. The following analysis of the population and number of registered voters in Norwood in the last five (5) years reveals a continued condition of stability, with negligible growth or decline patterns noted.

Year	Population	Registered Voter
2007	28,271	16,052
2006	28,192	15,913
2005	28,429	16,518
2004	28,410	17,009
2003	28,399	16,252

Town Meetings:

The results of the votes taken at town meetings were recorded and made a part of the town's permanent records by this office. During fiscal 2007 there were two (2) Special Town Meetings held in addition to the Annual Town Meeting held in May. A complete listing of each town meeting held during the fiscal year is incorporated as part of this report.

TOWN OF NORWOOD

Vital Statistics:

The Town Clerk's office is responsible for recording, issuing and maintaining all records relating to births, deaths and marriages in the town. A summary of the last three (3) years' vital statistic records accumulated in this office is as follows:

Births:	2005	2006	2007
Norwood Residents born in Norwood	88	103	95

TOWN ACCOUNTANT'S REPORT

Separate accounting reports and the town's audited financial statements for Fiscal 2007 are filed hereunder after the conclusion of the Clerk's report

CONCLUSION

I would like to publicly acknowledge and thank the entire staff of the office of the Town Clerk and Accountant for their continued dedication, courtesy and patience in serving the public in 2007. Their efficiency in responding to the many telephone calls, letters and personal requests for the various public documents, licenses, and financial data that this office maintains is sincerely appreciated.

Thank you also to the Board of Selectmen for their continued support to this office during the year.

Respectfully submitted,

Robert M. Thornton
Town Clerk and Accountant

IN RETIREMENT

JULIA E. LUNDIN

Julie Lundin retired from the office of the *Town Clerk and Accountant* on June 30, 2007 after serving the town faithfully in many different capacities for 28 years.

Julie was hired as a junior clerk in the Accounting Department in 1979. Due to her intelligence and strong work ethic, Julie rose through the ranks over the years to the position of Assistant Town Accountant at the time of her retirement.

During her distinguished career in this office, Julie was an integral part in assisting the town in improving its financial reporting capabilities. Julie's hard work was obvious in transitioning the town from using outdated manual accounting techniques (when her career began) to a modernized, state of the art computerized accounting system at the time of her retirement.

The *Norwood Retirement Board* was also the beneficiary of Julie's talent and enthusiasm during her career. She served the Board as its Executive Secretary from 1983 to 1986. Mrs. Lundin was appointed as a member of the Retirement Board in 1988. She still serves as Chairman of the Retirement Board.

Julie will forever be fondly remembered by her co-workers. Julie possessed a unique combination of professionalism and social skills that will be sorely missed by all of us who had the pleasure of working with her.

With sincere appreciation for her dedication and friendship, we all join in thanking Julie for everything and wish her peace and good health in her retirement.

SPECIAL TOWN MEETING - SEPT. 19, 2006

COMMONWEALTH OF MASSACHUSETTS
TOWN OF NORWOOD
STATE PRIMARY ELECTION
(SEAL)
SEPTEMBER 19, 2006

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town qualified to vote in elections met in the various voting precincts designated for their districts in Norwood on Tuesday, the nineteenth of September, 2006 at 7:00 A.M.

The following election officers were sworn by the Warden in each precinct to the faithful performance of their duty.

District 1 and 2 - Oldham School: Marilyn A. May, Mary H. Hemman, Frances C. Sullivan, Bernice R. Wenstrom, Emily W. Tibbetts, Jacqueline Herman, Dorothy L. Rich, Ellen Marie Baker, Marcia A. Praino, Mildred E. Bowan, Shirley A. Praino, and Robert Sullivan.

District 3 and 5 - Civic Center: Evelyn A. Jurgelewicz, Mary Bodge, Janet F. McAuliffe, Julia O'Malley, Joyce A. DeCosta, Floreen Thomas, Joan P. Fruci, Charlotte Bashian, Angela M. Daly, Gloria J. Lind, A. Virginia Cardile and Anne L. Scoble

District 4 - Cleveland School: Elizabeth J. Sullivan, Anne P. Shannon, Porta Fruci, Myra A. Romanelli, Margaret M. Bonvouloir, Anna Murphy and Thomas M. Sullivan.

District 6 & 7 - Balch School: Helen Ivatts, Ann K. Rogers, Robert H. Ivatts, Catherine Esper Moseley, Roberta M. Dunn, Virginia Abromowski, Christine B. Hanscom, Rena A. Henry, Richard A. Henry, Beverly A. DiFlaminies, Douglas H. Ross, and Samera E. Mike.

District 8 - Callahan School: Eileen T. Barss, Juliette A. Bugeau, Lillian K. Gorski, Marie V. Wilkinson, William V. Gorski, Jean M. Hohmann, and Normand P. Bugeau.

District 9 - Prescott School: Maureen P. MacEachern, Edith A. Buck, Agnes C. Ball, Dolores Elias, Anna M. Greene, Barbara V. Dias and Jean W. Buck.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the voting precincts designated for their districts were fitted up as polling places, a place railed off and compartments provided for the convenience of voters in marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in five different parts of each polling place outside the railing. The Town Clerk and Accountant delivered to the ballot clerks packages marked "Official Ballots September 19, 2006" and their receipts thereof.

The ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with official ballots taken from the packages received from the Town Clerk and were stationed by the entrances and exits of the polling places with instructions to deliver

such ballots only to voters whose names were found and checked on the voting list. The ballot boxes used in elections were opened in public meeting, examined by the Wardens and other officials and found to be empty. The registers were then set to zero.

The polls were declared open for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 P.M. At the close of the polls an actual canvass of the ballots showed that five thousand four hundred seventy-eight (5,478) votes were cast in the Democratic Party; and three hundred eighty (380) were cast in the Republican party. The names checked on the voting list by the ballot clerks at the entrances of each polling place were counted and found to agree, and the total number of names so checked equalled the same as above.

The vote is as follows:

SPECIAL TOWN MEETING - NOV. 7, 2006

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(SEAL)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood and Town Meeting Members qualified to vote in elections and Town affairs, to meet in the Auditorium of the Dr. Philip O. Coakley Middle School on Washington Street in said Town on Monday, November 13, 2006, at 7:30 o'clock in the afternoon.

The Moderator, David Hern Jr. declared a quorum present and called the meeting to order. The Warrant calling the meeting to order was read by the Town Clerk and Accountant. Tellers being appointed and sworn the following action was taken on the articles of the foregoing warrant.

ARTICLE 1. To see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for Wage and Salary increases and related costs pursuant to collective bargaining contracts for F.Y. 2006 and F.Y. 2007, and for a classification and compensation study of uniformed positions in the Norwood Police Department, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

Recommended by the Finance Commission:

VOTED: That the sum of \$237,823 be transferred from Free Cash and appropriated for the following purposes indicated

* Light Department Salaries & Wages	\$157,496
* Broadband Dept. Salaries & Wages	\$ 23,190
Subtotal	\$180,686
* Police Department Salaries & Wages	\$ 48,137
* Police Classification/Compensation Study	\$ 9,000

Motion declared Carried by voice Vote.

ARTICLE 2. To see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for payment of the arbitration award and associated costs related to the construction of the Police and Fire Station, in accordance with the decision of the Arbitrator dated September 6, 2006, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

Recommended by the Finance Commission:

VOTED: That \$794,686 is appropriated, in addition to the \$14,880,708 previously appropriated, for the construction of the Police and Fire Station at the Nahatan Street location, such additional appropriation to be expended in accordance with the Decision of the Arbitrator dated September 6, 2006 relating to such project; that to meet this appropriation the Treasurer with the approval

of the Board of Selectmen, is authorized to borrow \$794,686 under G.L. c. 44, sec. 7 or any other enabling authority; and that the Board of Selectmen is authorized to take any other action necessary to carry out this vote;

And Be It Further

RESOLVED: That the Board of Selectmen and PBCC be hereby instructed to terminate all further legal and any other actions relative to this case.

A motion to amend was offered by Mr. Capasso, seconded by Mr. Hopcroft.

This motion was to strike the Resolution portion of the Finance Commission motion.

This motion to amend was declared Lost by Voice Vote.

The Finance Commission motion was declared Carried by a Standing Vote: Yes: 123; No: 12

ARTICLE 3. To see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for repairs and renovations to the Police and Fire Station, including necessary professional engineering, design and construction services related thereto, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

Recommended by the Finance Commission:

VOTED: That \$310,000 is appropriated for remodeling, reconstructing and making extraordinary repairs to the Police and Fire Station, including necessary professional engineering, design and construction services related thereto; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow \$310,000 under G.L. c. 44, s. 7(3A) or any other enabling authority; and that the Board of Selectmen is authorized to take any other action necessary to carry out this project.

A motion to amend was offered by Mr. Santoro, seconded by Ms. Hines.

This motion to amend was: That the Town hire a competent and qualified construction manager to work with the Chiefs of both departments to identify and categorize the problems and to hire the proper qualified people to complete the project on a time and material basis.

This Amendment was declared OUT OF ORDER (due to the "Time and Material" clause) by Town Counsel and this amendment was not voted on.

The Finance Commission motion was declared Carried by a Standing Vote: Yes: 127 No: 8

ARTICLE 4. To see what additional sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for renovations to the Municipal Building, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

SPECIAL TOWN MEETING - NOV. 7, 2006

Recommended by the Finance Commission:

VOTED: That \$74,000 is appropriated, in addition to the \$356,000 previously appropriated, for renovations and remodeling and construction of the Municipal Building (Town Hall) at 566 Washington Street, including necessary professional engineering design and construction services related thereto; that to meet this appropriation the Treasurer with the approval of the Board of Selectmen, is authorized to borrow \$74,000 under G.L. c. 44, s. 7(3A) or any other enabling authority; and that the Permanent Building Construction Committee is authorized to expend said funds and take any other action necessary to carry out this project.

Motion declared Carried by Standing Vote: Yes: 129 No: 6

ARTICLE 5. To see if the Town will vote to express its support of the concept that the School Committee and Permanent Building Construction Committee should, as a matter of policy, strive to minimize any expenditures for design or architectural plans for the Norwood High School Project until after July 1, 2007 and until after funding approval has been obtained from the Massachusetts School Building Authority.
(On petition of F.X. McKeown, et al)

On a motion offered by Thomas McQuaid, duly seconded by Anne Marie Haley, it was

VOTED: That the town hereby resolves to support of the concept that the Permanent Building Construction Committee should, as a matter of policy, strive to minimize any expenditures for design or architectural plans for the Norwood High School Project until after July 1, 2007 and until after funding approval has been obtained from the Massachusetts School Building Authority.

Motion declared Carried by Voice Vote.

ARTICLE 6. To see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for Board of Health Salaries, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

Recommended by the Finance Commission:

VOTED: That the sum of \$3,000 be raised from taxation and appropriated for the purpose of Board of Health Salaries.

Motion declared Carried by Voice Vote.

ARTICLE 7. To see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for Town Clerk and Accountant Personal Services/Salaries, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

Recommended by the Finance Commission:

VOTED: That the sum of \$22,000 be raised from taxation and appropriated for the purpose of Town Clerk and Accountant Personal Services/Salaries.

Motion declared Carried by Voice Vote.

ARTICLE 8. To see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for repairs to Fire Department Ladder #1, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

Recommended by the Finance Commission:

VOTED: That the sum of \$20,000 be raised from taxation and appropriated for the purpose of repairs to Fire Department Ladder #1.

Motion declared Carried by Voice Vote.

Before adjourning for the 1st Session, Mrs. Haley offered a Resolution.

RESOLUTION

Offered by: Anne Marie Haley

Duly seconded by Judith Langone the following Resolution was offered:

The following motion was made to amend the main motion of the Finance Commission to include the following Resolution.

RESOLVED:

That it is the sense of the town meeting that the School Committee and Administration be requested to :

- 1.) Implement immediately the changes suggested by the Finance Commission, including data entry of information into the Town's Financial Information System that show encumbrances;
- 2.) Rearrange all spending priorities since the School Committee is already aware of a possible shortfall regarding SPED spending in order to stay within its FY2007 funding limits;
- 3.) Keep in contact with the Finance Commission regarding all changes in its spending priorities.

The First Session of the November 13, 2006 Special Town Meeting was adjourned to Thursday, November 16, 2006 prior to voting on this Resolution.

SPECIAL TOWN MEETING - NOV. 16, 2006

ADJOURNED SPECIAL TOWN MEETING TOWN OF NORWOOD

Pursuant to the provisions of the by-laws of the town of Norwood, notice is hereby given that at the Adjourned Special Town Meeting of the inhabitants of the town of Norwood held on Monday evening, November 13, 2006, it was voted that the meeting stand adjourned to meet at 7:30 P.M. on Thursday, November 16, 2006 in the Dr. Philip O. Coakley Middle School Auditorium on Washington Street. It was further voted that Article 9 through Article 18 be laid on the table and acted upon at the adjourned session of this meeting.

SPECIAL TOWN MEETING (SEAL) TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood and Town Meeting Members qualified to vote in elections and Town affairs, to meet in the Auditorium of the Dr. Philip O. Coakley Middle School on Washington Street in said Town on Thursday, November 16, 2006, at 7:30 o'clock in the afternoon.

The Moderator, David Hern Jr. declared a quorum present and called the meeting to order. The Warrant calling the meeting to order was read by the Town Clerk and Accountant. Tellers being appointed and sworn the following action was taken on the articles of the foregoing warrant.

ARTICLE 9. To see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for Unpaid Bills, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Eleanor Travers, it was

Recommended by the Finance Commission:

VOTED: That the sum of \$341,017 be transferred from the following accounts indicated:

*	Free Cash	\$189,793
*	FY07 School Dept. Budget	\$101,224
*	FY07 Blue Hills Budget	\$ 50,000

and appropriated for the purpose of Unpaid Bills.

The following **motion to amend** the main motion of the Finance Commission to include the following Resolution was offered.

Offered by: Anne Marie Haley
Seconded by: Judith Langone

RESOLVED:

That it is the sense of the town meeting that the School Committee and Administration be requested to:

1.) Implement immediately the changes suggested by the Finance Commission, in its letter of September 7, 2006, including data entry of information into the Town's Financial Information System that show encumbrances;

2.) Rearrange all spending priorities since the School Committee is already aware of a possible shortfall regarding SPED spending in order to stay within its FY2007 funding limits;

3.) Keep in contact with the Finance Commission regarding all changes in its spending priorities.

The Resolution included in the motion to amend was declared Carried by Voice Vote.

The main motion, as amended, was declared Carried by a Standing Vote of: Voting YES = 105; Voting NO = 8

ARTICLE 10. To see if the Town will vote to accept the provisions of Chapter 77 of the Acts of 2005 to provide certain benefits to municipal employees who are members of the Army National Guard, the Air National Guard or a Reserve component of the Armed Forces of the United States of America, and who are called to active duty, or take any other action in the matter.

On a motion offered by Gerard Kelleher, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

MOVED: That the Town accept the provisions of Chapter 77 of the Acts of 2005.

Motion declared Carried by Voice Vote.

ARTICLE 11. To see if the Town will vote to accept the provisions of Section 1 of Chapter 157 of the Acts of 2005, concerning disability retirement benefits for Veterans; and further, to see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for the aforesaid purpose, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Eleanor Travers, it was

Recommended by the Finance Commission:

VOTED: That the town hereby votes to accept the provisions of Section 1 of Chapter 157 of the Acts of 2005, concerning disability retirement benefits for Veterans;

And be it further:

SPECIAL TOWN MEETING - NOV. 16, 2006

VOTED: That the sum of \$5,760 be raised from taxation and appropriated for the purpose Contributory Pensions.

Motion declared Carried by Voice Vote.

ARTICLE 12. To see if the Town will vote to accept the provisions of Section 2 of Chapter 157 of the Acts of 2005, concerning disability retirement benefits for Veterans; and further, to see what sum of money the Town will vote to raise from taxation or transfer from surplus revenue or other available funds or borrow and appropriate for the said purpose, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Eleanor Travers, it was

Recommended by the Finance Commission:

VOTED: That the town hereby votes to accept the provisions of Section 2 of Chapter 157 of the Acts of 2005, concerning disability retirement benefits for Veterans;

And be it further:

VOTED: That the sum of \$93,301 be transferred from Free Cash and appropriated for the purpose of Contributory Pensions.

Motion declared Carried by Voice Vote.

ARTICLE 13. (Amend Zoning Bylaw RE: Alternate Members of the Board of Appeals)

To see if the Town will vote to amend Section 1310 of the Zoning By-laws of the Town of Norwood, so that the phrase "three associate members" is deleted and the phrase "five associate members" is substituted therefore, or take any other action in the matter.

On a motion offered by Gerard Kelleher, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

MOVED: That Section 1310 of the Zoning Bylaws of the Town of Norwood, governing the number of associate members of the Board of Appeals, be amended by deleting the phrase "three associate members" and substituting the phrase "five associate members" therefore.

Motion declared Carried by Standing Vote: Yes: 110; No: 5

ARTICLE 14. (Adopt MGL C. 39 s.23D RE: attendance at adjudicatory hearings)

To see if the Town will vote to accept the provisions of MGL Chapter 39, Section 23D for all types of municipal adjudicatory hearings, or take any action in the matter.

On a motion offered by Gerard Kelleher, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

MOVED: That the Town accept the provisions of MGL Chapter 39,

Section 23D for all types of municipal adjudicatory hearings.

Motion declared Carried by Voice Vote.

ARTICLE 15. To see if the Town will vote to authorize the Board of Selectmen to accept a grant and non-interest bearing loan in a total amount not to exceed \$300,000 from the Massachusetts Water Resources Authority, commonly referred to as the Infiltration & Inflow Local Financial Assistance Program, and to appropriate said funds for repair and rehabilitation of the sewer system; and further, to authorize the Treasurer to borrow an amount not to exceed \$165,000 from the Massachusetts Water Resources Authority; and to authorize the Board of Selectmen to expend said funds for such purposes, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith Langone, it was

Recommended by the Finance Commission:

VOTED: That the Board of Selectmen is hereby authorized to accept a grant in the amount of \$135,000 and a non-interest-bearing loan in the amount of \$165,000 from the Massachusetts Water Resources Authority for repair and rehabilitation of the sewer system, in accordance with the rules and regulations of the Massachusetts Water Resources Authority's Infiltration and Inflow Local Financial Assistance Program; and further, that the Treasurer is hereby authorized to borrow the non-interest bearing loan in the amount of \$165,000 from the Massachusetts Water Resources Authority; and that the Board of Selectmen is hereby authorized to expend said funds for such purposes.

Motion declared Carried by Unanimous Vote.

ARTICLE 16. (Avalon Bay – Water Service)

To see if the Town will affirm the vote of the Board of Selectmen to enter into an agreement with AvalonBay Communities, Inc., ("AvalonBay"), or any entity which is owned and controlled by AvalonBay, to allow a water connection to the Norwood water system to serve a multi-family residential development to be constructed by AvalonBay on land located in Sharon, Massachusetts presently known and numbered as 361 Norwood Street, 363 Norwood Street, 60 Edgehill Road and 80 Edgehill Road, or take any other action in the matter.

On a motion offered by Gerard Kelleher, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

MOVED: To affirm an agreement to be entered into by the Board of Selectmen with AvalonBay Communities, Inc., ("AvalonBay"), or any entity which is owned and controlled by AvalonBay, allowing a water connection to the Norwood water system to serve a multi-family residential development to be constructed by AvalonBay on land located in Sharon, Massachusetts, as set forth in the Warrant; provided, however, that all costs associated therewith are paid by AvalonBay and that AvalonBay assume all present and future responsibility for the maintenance and repair of the aforesaid water connection and assume all liability therefore.

Motion declared Carried by Voice Vote.

ANNUAL TOWN ELECTION

ARTICLE 17. (Avalon Bay Water Services – Petition Legislature)

To see if the Town will vote to petition the Massachusetts Legislature to enact legislation to allow the Massachusetts Water Resources Authority to enable the Town to provide municipal water service to a multi-family residential development to be constructed by Avalon Bay Communities, Inc., or any entity which is owned and controlled by Avalon Bay, on land located in Sharon, Massachusetts presently known and numbered as 361 Norwood Street, 363 Norwood Street, 60 Edgehill Road and 80 Edgehill Road, notwithstanding any general or special law to the contrary, or take any other action in the matter.

On a motion offered by Gerard Kelleher, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

MOVED: To authorize the Board of Selectmen to file a petition with the General Court of the Commonwealth to enact legislation allowing the Massachusetts Water Resources Authority to enable the Town to provide municipal water service to a multi-family residential development to be constructed by AvalonBay Communities, Inc., or any entity which is owned and controlled by AvalonBay Communities, Inc., on land located in Sharon, Massachusetts as set forth in the Warrant, notwithstanding any general or special law to the contrary.

Motion declared Carried by Standing Vote: Yes: 90; No: 5

ARTICLE 18. To see if the Town will vote to support a Home Rule Petition to the Massachusetts Legislature granting Richard Spicer one (1) additional year of creditable service towards his retirement for his service from March 2, 1976 through March 1, 1977, while he was employed as a Special Police Officer for the Town of Norwood; provided, however, that prior to the granting of said creditable service, Richard Spicer shall be required to pay into the Norwood Retirement System's annuity savings fund an amount that is determined by the Norwood Retirement Board to be appropriate and commensurate for the granting of such service.
(On petition of Andrew Howard)

On a motion offered by Judith A. Howard, duly seconded by Barbara J. Griffin it was

VOTED: To see if the Town will vote to support a Home Rule Petition to the Massachusetts Legislature granting Richard Spicer one (1) additional year of creditable service towards his retirement for his service from March 2, 1976 through March 1, 1977, while he was employed as a Special Police Officer for the Town of Norwood; provided, however, that prior to the granting of said creditable service, Richard Spicer shall be required to pay into the Norwood Retirement System's annuity savings fund an amount that is determined by the Norwood Retirement Board to be appropriate and commensurate for the granting of such service.

Motion Declared Carried by Standing Vote: Voting Yes: 95; Voting No: 1

COMMONWEALTH OF MASSACHUSETTS

TOWN OF NORWOOD

ANNUAL TOWN ELECTION

(SEAL)

APRIL 2, 2007

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town qualified to vote in elections met in the various voting precincts designated for their districts in Norwood on Monday, the Second of April, 2007 at 7:00 A.M.

The following election officers were sworn by the Warden in each precinct to the faithful performance of their duty.

District 1 and 2 - Oldham School: Marilyn A. May, Mary H. Hemman, Frances C. Sullivan, Bernice R. Wenstrom, Shirley A. Praino, Jacqueline Herman, Dorothy L. Rich, Ellen Marie Baker, Phyllis A. McDonough, Marie V. Wilkinson, Theresa Sampson and Robert T. Sullivan.

District 3 and 5 - Civic Center: Evelyn A. Jurgelewicz, Mary Bodge, Julia O'Malley, Beverly Walsh, Joan P. Fruci, Jean Hohmann, Angela M. Daly, Gloria J. Lind, A. Virginia Cardile, and Anne L. Scoble

District 4 - Cleveland School: Elizabeth J. Sullivan, Anne P. Shannon, Porta Fruci, Myra A. Romanelli, Roberta M. Dunn, Anna Murphy, and Thomas M. Sullivan.

District 6 & 7 - Balch School: Helen Ivatts, Ann K. Rogers, Robert H. Ivatts, Charles J. Jurgelewicz, Ruth M. Sullivan, Virginia Abromowski, Christine B. Hanscom, Margaret M. Bonvouloir, Catherine Esper Moseley, Beverly A. DiFlaminies, Emaline M. Eakle, and Samera E. Mike.

District 8 - Callahan School: Juliette A. Bugeau, Emily W. Tibbetts, Lillian K. Gorski, William F. Pellowe, William V. Gorski, Suzanne Maciejewski and Normand P. Bugeau.

District 9 - Prescott School: Maureen P. MacEachern, Edith A. Buck, Sally S. Buttinger, Dolores Elias, Anna M. Greene, Barbara V. Dias and Jean W. Buck.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the voting precincts designated for their districts were fitted up as polling places, a place railed off and compartments provided for the convenience of voters in marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in five different parts of each polling place outside the railing. The Town Clerk and Accountant delivered to the ballot clerks packages marked "Official Ballots April 2, 2007" and their receipts thereof.

The ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with official ballots taken from the packages received from the Town Clerk and were stationed by the entrances and exits of the polling places with instructions to deliver

ANNUAL TOWN ELECTION

such ballots only to voters whose names were found and checked on the voting list. The ballot boxes used in elections were opened in public meeting, examined by the Wardens and other officials and found to be empty. The registers were then set to zero.

The polls were declared open for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 P.M. At the close of the polls an actual canvass of the ballots showed that one thousand four hundred thirty-nine (1,439) votes were cast.

The names checked on the voting list by the ballot clerks at the entrances of each polling place were counted and found to agree, and the total number of names so checked equaled the same as above.

The vote is as follows:

THE COMMONWEALTH OF MASSACHUSETTS

ANNUAL TOWN MEETING TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood and Town Meeting Members qualified to vote in elections and Town affairs, to meet in the Auditorium of the Dr. Philip O. Coakley Middle School on Washington Street in said Town on Thursday, May 17, 2007, at 7:30 o'clock in the afternoon.

The Moderator, David Hern declared a quorum present and called the meeting to order. The Warrant calling the meeting to order was read by the Town Clerk and Accountant. Tellers being appointed and sworn the following action was taken on the articles of the foregoing warrant.

ARTICLE 1. To see what sum or sums of money the Town will vote to raise by taxation and/or transfer from Surplus Revenue for the purpose of appropriating such sum or sums for wage increases for all Town employees, including the School Department, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Judith A. Langone, it was

Recommended by the Finance Commission

VOTED: To table action on this Article until the end of the Annual Town Meeting Warrant.

Motion to table this Article was declared Carried by Voice Vote.

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

On a motion offered by Thomas J. McQuaid, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

VOTED: That the Annual Report of the town officials of the Town of Norwood be received and accepted as printed.

Motion declared Carried by Voice Vote.

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

On a motion offered by Alan D. Slater, duly seconded by Judith A. Langone

Recommend by the Finance Commission:

VOTED: That the report of the Finance Commission and its recommendations with respect to appropriation estimates for the fiscal year 2008 be received and acted upon.

And be it further voted that all sums voted for salaries are to be expended in conformance with the official budget of the Finance Commission unless otherwise voted by the town meeting.

ANNUAL TOWN MEETING

All sums voted for new equipment shall be expended for items listed in the budgets approved by the Finance Commission unless otherwise voted by the town meeting.

Motion declared Carried by Voice Vote.

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

On a motion offered by Thomas J. McQuaid, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

VOTED: That the Town Treasurer and Collector of Taxes, as Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer may use, according to law, when acting as Collector of Taxes.

Motion declared Carried by Voice Vote.

ARTICLE 4. To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contract for the expenditure of funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of public ways under the provisions of Section 34, Chapter 90 of the Mass General Laws, Ter. Ed., and acts in amendment thereof and in addition thereto, or take any action in the matter.

On a motion offered by Thomas J. McQuaid, duly seconded by William J. Plasko, it was

Recommended by the Board of Selectmen:

VOTED: That the Board of Selectmen are hereby authorized to accept and enter into contract for the expenditure of funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of public roads under the provisions of Section 34, Chapter 90 of the General Laws or any provisions of law enacted in amendment thereof or in addition thereto.

Motion declared Carried by Voice Vote.

ARTICLE 5. To see what sum of money the Town will vote to raise, borrow, or transfer from available funds in the treasury and appropriate for the fiscal year beginning July 1, 2007 through June 30, 2008 for the following purposes, or take any other action in the matter. "All sums voted for salaries are to be expended in conformance with the official budget of the Finance Commission unless otherwise voted by the Town Meeting. All sums voted for New Equipment shall be expended for items listed in the budgets approved by the Finance Commission and voted by the Town Meeting."

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(SEAL)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood and Town Meeting Members qualified to vote in elections and Town affairs, to meet in the Auditorium of the Dr. Philip O. Coakley Middle School on Washington Street in said Town on Monday, May 14, 2007, at 7:30 o'clock in the afternoon.

The Moderator, David Hern Jr. declared a quorum present and called the meeting to order. The Warrant calling the meeting to order was read by the Town Clerk and Accountant. Tellers being appointed and sworn the following action was taken on the articles of the foregoing warrant.

ARTICLE 1. To see if the Town will vote to authorize the Board of Selectmen and Municipal Light Board of Commissioners to petition the Legislature to enact legislation to authorize the Town to incur debt, outside the limit of indebtedness prescribed in General Laws Chapter 44, Section 10, for the purpose of paying costs, which have been incurred by the Town's Electric Light Department pursuant to National Grid USA Service Company's Contract Termination

SPECIAL TOWN MEETING - MAY 14, 2007

Charge approved by the Federal Energy Regulatory Commission, such costs to include, without limitation, the costs of any court judgment or settlement amount relating thereto, including interest charges, and any legal or other costs directly related or incidental thereto, or take any other action in the matter.

On a motion offered by Thomas J. McQuaid, duly seconded by William J. Plasko. It was

Recommended by the Board of Selectmen:

VOTED: To authorize the Board of Selectmen to petition the Legislature to enact legislation to authorize the Town to incur debt, outside the limit of indebtedness prescribed in General Laws Chapter 44, Section 10, and in amount not to exceed \$80,000,000 for the purpose of paying costs, which have been incurred by the Town's Electric Light Department pursuant to National Grid USA Service Company's Contract Termination Charge approved by the Federal Energy Regulatory Commission, such costs to include, without limitation, the costs of any court judgment or settlement amount relating thereto, including interest charges, and any legal or other costs directly related or incidental thereto, such legislation to provide that any debt incurred thereunder shall be paid not more than thirty years from the date such debt is incurred and may be issued on a level debt service basis.

Motion declared Carried by Standing Vote: Yes: 162; No: 7

ARTICLE 2. To see if The Town will vote to appropriate a sum of money for the purpose of paying costs, which have been incurred by the Town's Electric Light Department pursuant to National Grid USA Service Company's Contract Termination Charge approved by the Federal Energy Regulatory Commission, such costs to include, without limitation, the costs of any court judgment or settlement amount relating thereto, including interest charges, and any legal or other costs directly related or incidental thereto, whether incurred prior to or subsequent to any vote passed under this article; to determine whether this appropriation shall be raised by borrowing or otherwise, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Alan Slater. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$80,000,000 be appropriated for the purpose of paying costs, which have been incurred by the Town's electric light department pursuant to National Grid USA Service Company's Contract Termination Charge approved by the Federal Energy Regulatory Commission, such costs to include, without limitation, the costs of any court judgment or settlement amount relating thereto, including interest charges, and any legal or other costs directly related or incidental thereto, whether incurred prior to or subsequent to this vote; that to meet this appropriation the Treasurer with the approval of the Board of Selectmen is authorized to borrow \$80,000,000 under a special act to be enacted by the State Legislature or any other enabling authority; and that the Board of Selectmen is authorized to take any other action necessary to carry out this vote.

Motion declared Carried by Standing Vote: Yes: 163; No: 6

ARTICLE 3. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue or other available funds or borrow for the Electric Light Administrative Expenses – Outside Services account, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Alan Slater. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$193,000 be transferred from the following accounts:

- FY06 Light Dept. Purchase of Power (Acct. #7010).....\$142,480
- FY06 Light Dept. Admin. Expenses (Acct. #7012).....\$ 44,441
- FY06 Light Dept. Maintenance (Acct. #7014)\$ 6,079

And appropriated for the purpose of Electric Light Administrative Expenses – Outside Services.

Motion declared Carried by Voice Vote.

ARTICLE 4. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue or other available funds or borrow for the Electric Light Department Purchase of Electrical Energy and Transmission Expense account, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Alan Slater. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$4,100,000 be raised from the Receipts from the Electric Light Department and appropriated for the purpose of Electric Light Department Purchase of Electrical Energy and Transmission Expense.

Motion declared Carried by Voice Vote.

ARTICLE 5. To see if the Town will vote to appropriate a sum of \$5,380,000.00 to pay for the costs of building and installing ducts and manholes from Station 469 to the Norwood/Westwood town line on University Avenue, and for the payment of all other costs incidental and related thereto; and that to meet this appropriation the Town is authorized to borrow said sum under and pursuant to Chapter 44, Section 8(8) of the Massachusetts General Laws, or any other authority enabling thereto, and to issue bonds or notes therefore, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Alan Slater. It was

Recommended by the Finance Commission:

VOTED: Indefinite Postponement.

Motion declared Carried by Voice Vote.

SPECIAL TOWN MEETING - MAY 14, 2007

ARTICLE 6. To see if the Town will vote to appropriate a sum of \$18,000,000 to pay for the costs of upgrading the Municipal Light Department's Ellis Avenue 115-kV substation and extending up to six 13.8-kV underground electrical circuits therefrom to up to two locations at the Norwood/Westwood town line, and for the payment of all other costs incidental and related thereto; and that to meet this appropriation the Town is authorized to borrow said sum under and pursuant to Chapter 44, Section 8(8) of the Massachusetts General Laws, or any other authority enabling thereto, and to issue bonds or notes therefore, or take any other action in the matter.

On a motion offered by Joseph Greeley, duly seconded by Alan Slater. It was

Recommended by the Finance Commission:

VOTED: Indefinite Postponement.

Amendment #1:

Offered by Thomas J. McQuaid, duly seconded by William J. Plasko

MOVED: To amend the motion of the Finance Commission for Indefinite Postponement by substituting the following therefore:

VOTED: That the sum of \$18,000,000.00 is appropriated for the payment of the costs of upgrading the Municipal Light Department's Ellis Avenue 115-kV substation and of extending up to six 13.8kV underground electrical circuits therefrom to up to two locations at the Norwood/Westwood town line, and for the payment of all other costs incidental and related thereto; and that to meet this appropriation the Town is authorized to borrow \$18,000,000.00 under the provisions of M.G.L. Chapter 44, Section 8(8) or any other enabling authority; provided, however, that no expenditure shall be made or borrowing incurred pursuant to this vote until the Board of Selectmen, acting as the Municipal Light Board of Commissioners, with the approval of the Finance Commission, determines (which determination shall be conclusive) that the Town and NStar have entered into a service agreement relating to all or a portion of the increased capacity of the Town's Light Plant resulting from this project under which the Town will supply electricity to NStar in an amount and at a price acceptable to the Town; and that the Board of Selectmen, acting as the Municipal Light Board of Commissioners, is authorized to take any other action necessary to carry out this project.

Amendment #1 was declared Lost (Lack of 2/3 vote) by a Standing Vote: (Yes: 102; No: 58)

Amendment #2:

Offered by William J. Plasko, duly seconded by Michael J. Lyons.

To add the phrase "With the approval of the Finance Commission".

Amendment #2 was declared Carried by a Standing Vote: (Yes: 111; No: 52)

The main motion, as amended, was declared LOST due to lack of 2/3 Majority Vote (Yes: 102; No: 58).

ARTICLE 7. To see if the Town will authorize the Selectmen to petition the Massachusetts Legislature to enact legislation to authorize the appointment of Brian J. Donoghue as a Norwood Firefighter despite the otherwise disqualifying age restrictions of Chapter 31 of the general laws, provided that the Legislature may

reasonably vary the form and substance of the requested legislation within the scope of the general intent of this petition to allow appointment of the said Brian J. Donoghue as aforesaid.

On a motion offered by Thomas J. McQuaid, duly seconded by William J. Plasko it was

Recommended by the Board of Selectmen:

VOTED: To authorize the Board of Selectmen, acting on behalf of the Town, to petition the Massachusetts Legislature to authorize the appointment of Brian J. Donoghue as a Norwood Firefighter, all as set forth in the Warrant.

Motion declared Carried by Unanimous Vote.

ARTICLE 8. To see if the Town will vote to amend Article XXI of the Norwood General By-laws so as to provide that the fee for initial issuance of a license under C.148, Section 13, shall be \$500.00 and the fee for annual registration under the said Article XXI shall be \$100.00, or take any other action in the matter.

On a motion offered by Thomas J. McQuaid, duly seconded by William J. Plasko it was

Recommended by the Board of Selectmen:

VOTED: That Article XXI of the Norwood General By-Laws, entitled "Fee Schedule – Explosive and Inflammable Materials", be amended so that the fee for an Original License shall be \$500.00 and the fee for an Annual Certificate of Registration shall be \$100.00.

Motion declared Carried by Voice Vote.

On a motion offered by Alan Slater, duly seconded by Judith Langone. It was

Recommended by the Finance Commission:

VOTED: Indefinite Postponement.

Motion declared Carried by Voice Vote.

Motion to adjourn meeting to Thursday, May 17, 2007.

ADJOURNED SPECIAL TOWN MEETING

TOWN OF NORWOOD

Pursuant to the provisions of the by-laws of the town of Norwood, notice is hereby given that at the Adjourned Special Town Meeting of the inhabitants of the town of Norwood held on Monday evening, May 14, 2007, it was voted that the meeting stand adjourned to meet at 7:30 PM on Thursday, May 17, 2007 in the Dr. Philip O. Coakley Middle School Auditorium on Washington Street.

It was further voted that Article 23 through Article 28 be laid on the table and acted upon at the adjourned session of this meeting.

Robert M. Thornton
Town Clerk and Accountant

May 15, 2007

Norwood, Norfolk, ss. May 15, 2007
By virtue of the within Notice I have posted the same as directed. The posting was completed on Tuesday, May 15, 2007.

James A. Perry, Constable
Town of Norwood

A True Copy.

Attest: Robert M. Thornton
Town Clerk and Accountant

THE COMMONWEALTH OF MASSACHUSETTS SPECIAL TOWN MEETING TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood and Town Meeting Members qualified to vote in elections and Town affairs, to meet in the Auditorium of the Dr. Philip O. Coakley Middle School on Washington Street in said Town on Thursday, May 17, 2007, at 7:30 o'clock in the afternoon.

The Moderator, David Hern declared a quorum present and called the meeting to order. The Warrant calling the meeting to order was read by the Town Clerk and Accountant. Tellers being appointed and sworn the following action was taken on the articles of the foregoing warrant.

ARTICLE 23. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue or other available funds or borrow for the Workers' Compensation account, or take any other action in the matter.

On a motion offered by Alan Slater, duly seconded by Judith Langone. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$45,000 be transferred from the following accounts:

- FY06 Refuse Removal (Acct. #3400)\$1,742
- FY06 Garage Maintenance (Acct. #4014)\$9,608
- FY06 Water Maintenance (Acct. #4104).....\$5,082
- FY06 Light Dept. Maintenance (Acct. #7014).....\$7,368
- FY06 Broadband Operations (Acct. #7030)\$ 3,406
- FY06 Airport Matching Grant (Acct. #9024)\$7,953
- FY01 Drain Construction (Acct. #3205)\$9,841

And appropriated from the purpose of Workers' Compensation.

Motion declared Carried by Voice Vote.

ARTICLE 24. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue or other available funds or borrow for the Insurance account, or take any other action in the matter.

On a motion offered by Alan Slater, duly seconded by Judith Langone. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$30,000 be transferred from the FY06 Insurance (Acct. #9200) and appropriated for the purpose of Town Insurance.

Amendment:

A motion to amend offered by Peter Weiss, duly seconded by Stanley Wasil

SPECIAL TOWN MEETING - MAY 17, 2007

That \$30,000 be transferred into the Reserve Fund.

Amended motion declared Lost by Voice Vote.

Finance Commission Motion declared Carried by Voice Vote.

ARTICLE 25. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue or other available funds or borrow for the Medicare account, or take any other action in the matter.

On a motion offered by Alan Slater, duly seconded by Judith Langone. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$41,000 be transferred from the following accounts:

- FY06 Insurance (Acct. #9200)\$1,028
- FY06 Ret. Police/Fire Medical (Acct. #9330)\$4,186
- FY06 BAM Premium (Acct. #9110)\$5,061
- FY05 Highway Maintenance (Acct. #4300)\$2,000
- FY05 DPW Equipment (Acct. #4018)\$167
- FY05 Water Construction (Acct. #4107)\$6,034
- FY05 Sidewalk Construction (Acct. #4311)\$2,628
- FY04 Light Dept. Maintenance (Acct. #7014).....\$7,341
- FY01 Police/Fire Relocation (Acct. #2019).....\$5,265
- FY01 Police/Fire Construction (Acct. #2024).....\$726
- FY01 Drain Construction (Acct. #3205)\$6,564

And appropriated for the purpose of Medicare account.

Motion declared Carried by Voice Vote.

ARTICLE 26. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue or other available funds or borrow for the construction and/or reconstruction of the parking lot at the Balch School, or take any other action in the matter.

On a motion offered by Alan Slater, duly seconded by Judith Langone. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$210,000 is appropriated for the construction and/or reconstruction of the parking lot at the Balch School; that to meet this appropriation the Treasurer with the approval of the Board of Selectmen is authorized to borrow \$210,000 under G.L. Chap. 44 or any other enabling authority; and that the Board of Selectmen is authorized to take any other action necessary to carry out this project.

Motion declared Carried by Unanimous Vote.

ARTICLE 27. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue or other available funds or borrow for Unpaid Bills, or take any other action in the matter.

On a motion offered by Alan Slater, duly seconded by Judith Langone. It was

Recommended by the Finance Commission:

VOTED: Indefinite Postponement.

Motion declared Carried by Voice Vote.

ARTICLE 28. To see what sum of money the Town will vote to borrow at no interest from the Massachusetts Water Resources Authority, in accordance with the rules and regulations of the Local Pipeline Assistance Program, and appropriate said funds for the rehabilitation of water mains and related expenses, and for the replacement of lead water services and related expenses; and further, to see if the Town will vote to authorize the Treasurer to borrow said sum from the Massachusetts Water Resources Authority, and to authorize the Board of Selectmen to expend said sums for said purposes, or take any other action in the matter.

On a motion offered by Alan Slater, duly seconded by Judith Langone. It was

Recommended by the Finance Commission:

VOTED: That the sum of \$385,000 be appropriated for the rehabilitation of water mains and for the replacement of lead water services and for related expenses; and that to meet this appropriation, the Treasurer with the approval of the Board of Selectmen is authorized to borrow \$385,000 under the provisions of M.G.L. Chapter 44 or any other enabling authority from the Massachusetts Water Resources Authority at no interest, in accordance with the rules and regulations of the Authority's Local Pipeline Assistance Program; and further, that the Board of Selectmen is authorized to take any other action necessary to carry out these projects.

Motion declared Carried by Unanimous Vote.

Toni M. Eosco (Member); Richard W. Kief (Chair); Mark P. Joseph (Member)

Second Row:

William J. Plasko, Jr. (Member); Christopher M. Morrison (Member);
Paul Samargedlis (Vice Chair); Joseph M. Pentowski (Member)

Norwood Public Schools 2007 System-Wide Annual Report

This section of the Superintendent's Annual Report covers the calendar year January 1, 2007 to December 31, 2007 and summarizes major system-wide initiatives and activities. Following this section are reports from each of the Building Principals.

SCHOOL COMMITTEE

During the last year, some of the issues the School Committee undertook were:

- (1) Continued to work with the PBCC and SMMA to find the best solution to meet the needs of the Senior High School as well as address the NEASC Evaluation requirements to bring the school into compliance;
- (2) Submitted the Response to MSBA's Senior Study Document and Feasibility Study Supplement to the MSBA for the Senior High School Project;
- (3) Approved Cleveland School Upper Field "Extreme Makeover" project;
- (4) Approved the solution recommended by the Pedestrian Safety Committee to solve the traffic safety and parking issues at the Balch;
- (5) Adoption of the Student Activity Accounts Policy, Animal Policy and Animal Policy of the Norwood Science Center, Rental Policy for School Facilities, and amended many other School Committee Policies; and
- (6) Approved the 2007-2008 School Improvement Plans for all schools.

Mrs. Toni M. Eosco (2001-2010), Mr. Christopher M. Morrison (2004-2010) and Mr. Joseph M. Pentowski (1973-1976; 1977-1989; 1990-2000; 2004-2010) were re-elected in April. The other four members are Mr. Richard W. Kief, Mr. Mark P. Joseph, Mr. William J. Plasko, Jr. and Mr. Paul Samargedlis. Mr. Kief was elected Chair in May.

The Norwood School Department operating budget for the 2007-2008 school year, as voted by Town Meeting, was \$31,791,883. For the sixth year in a row since the passage of the Educational Reform Act in 1993, the School Department budget exceeded Net School Spending. As always, difficult cuts were made in all line items in order to reach a budget that was approved by the School Committee and presented to Town Meeting. In order to fund the Norwood Public Schools Technology Plan and various school building projects, the original budget was increased by \$589,000 at the Special Town Meeting held in November.

RETIREMENTS

From the period January 1, 2007 to December 31, 2007, the following individuals retired from the Norwood Public Schools: **Senior High School** –Richard King (Social Studies), Walter Peterson (English), William Riley (Guidance), Thomas Sanford (Math), Patricia Tilley (English); **Middle School** – Marianne Ranelli (Technology), Patricia Follansbee (English), Edward Thomas (Science); **Callahan School** – Sara Donahue (Gr. 3), Kathleen Naughton (Gr. 3); **Oldham School** – Miriam Raphael (Gr. 1), Marie Stokinger (Gr. 2); **Elementary Special Services** – Barbara Lanzoni (Elementary Technology Consultant), Lonnie Stow (Elementary Adjustment Counselor); **Secretarial** – Connie Lee (Middle School); and **Custodians** – Ralph Generazo (Oldham), Richard Spicer (Grounds Mechanic).

RESIGNATIONS

From the period January 1, 2007 to December 30, 2007, the following individuals resigned: **Senior High School** –Michael Adams (Math), Brian Chamberlain (Alternative Classroom), Taylor Coughlin (Foreign Language), Amy Kiely (Foreign Language), James Lajoie (Math), Marianne Sweeney (Resource Room), Kelly Unger (Guidance), Margaret Doherty, Jeffrey LeBlanc, Donald MacCalmon, Caitlin Nottebart (Paraprofessionals); **Middle School** – Sharon Seyller (Dean), Angela Capalbo (Guidance), Erin Carnes (Math), Maria Fiore (English), Tracy Howard (Health/PE), Donna Lamb (Gr. 6 Resource Room), Barbara Ratcliffe (Gr. 7 Resource Room), Stephanie Selznick (Science), Joyce Weston (Title One Math), Carlene Ferris (Paraprofessional); **Balch School** – Meghan Walsh (Gr. 1), Jane Gentilli (Gr. 2), Erin Mann (Gr. 3), Rose Marie Hart (Gr. 3), Michelle Wood (Gr. 3), Katherine Donovan (Gr. 5), Wendy Riordan (Reading Specialist), Julie Erwin (Paraprofessional); **Callahan School** – Carolyn Doherty (Gr. 3), Maurine Grasso (Paraprofessional), Anthony Constantino (Custodian); **Cleveland School** – Sharon Howell (Pragmatic Learning Center), Jodi Schofield (Gr. 3); **Oldham School** – Caroline Johnson (Gr. 4 SPED Cooperative), Jill D'Arcy (Gr. 3 & 4 SPED Cooperative), Marianne Porto (Gr. 4 & 5 SPED Cooperative), Christine Freeman (Library Media Specialist); **Prescott School** – Karen Brady (Gr. 5), Katie Tedesco (Learning Center), Michael Henry, Erica Mellon, Katherine Yang (Paraprofessionals); **Willett Early Childhood Center** – Elizabeth Proppe (Pre-School), Allison Casale, Rita Caulfield, Melissa Colleran, Michelle Domaney, Denise Gardner, Joystna Goel, Kathleen McColgan (Paraprofessionals); and **Special Services** – Sarah Bartolome (Elementary Music), Melissa Feldman (Occupational Therapist), Pamela Johnson (Speech/Language), Susan Orr (Speech/Language).

NEW STAFF

From January 1, 2007 to December 31, 2007, the following new staff were hired to fill vacancies created by retirements, resignations, promotions and new positions: **Senior High School** – Robert Appleyard (L.E.A.D. Program), Christina Bean (Foreign Language), Melissa Cabral (Guidance), Kate Danner (Math), Julie Lozinski (English), Brian Martinelli (Alternative Classroom), Julie Moore (Visually Impaired), Eliza Moulton (Social Studies), Ashley Nelson (LTS Choral Music), James Sweeney (Math), Ruth Ellen Tominey (Library Media Specialist), Matthew Waas (Guidance), Donna Zima (Resource Room); **Middle School** – Stacey Bernitter (Technology), Kelly Clifford (Foreign Language), Barbara Harrington (Title One Math), Angeleen Kelley (Science), Hiroko Lippey (Gr. 6 Resource Room), Angela Logan (English), Lauren Ludman (English), Andrea Macrina (Gr. 7 Resource Room), Krystin Morin (LTS Foreign Language), Jenna Redlener (Math), Lisa Salvaggio (Science); **Ashley Sassano** (Guidance); **Balch School** - Anne McGlame (Gr. 1), Janice Garrity (Gr. 2), Laura Carta (Gr. 3), Nicole Smith (Gr. 3), Amy Thomsen (Gr. 3), Anne West King (Gr. 5), Kathleen Duseau (Reading Specialist), Caitlin Steele (Title One), Deborah Morris (Title One); **Callahan School** – Sara Ryan (Gr. 3), Kelly Colp-Wilds (Gr. 3); **Cleveland School** – Deborah DiNapoli (LTS Gr. 4), Rebecca Aaron (Pragmatic Learning Center); **Oldham School** – Darlene Dion (.5 FTE Gr. 5), Anne Schiraga (Gr. 3 & 4 SPED Cooperative), Scott Maffei (Gr. 4 & 5 SPED Cooperative); **Prescott School** – Maura Malacaria (Gr. 1), Kristen Partello (Gr. 5), Julie Anne Higgins (Learning Center); **Willett Early Childhood Center** – Gillian MacLean (Pre-School); **Student Services** – Ashley Adams (Occupational Therapist), Michelle McCarthy (Speech/Language), Jennifer Naughton (Speech/Language); **Paraprofessionals** – Cassandra Bucuvalas, Niki Solomon (Senior High); Donna Doliner (L.E.A.D. Program); Elizabeth Young (Balch); Michael Millar

NORWOOD PUBLIC SCHOOLS

(Callahan); Jill Malcolm, Todd Mulroy (Cleveland); Rachel Clark (Oldham); Elaine Hajjar, Eileen Ryan (Kindergarten); Ingela Talbot (Pre-School).

ENROLLMENTS

The School Department provides educational services for three thousand four hundred ninety-eight (3,498) students. Enrollment by grade level as reported October 1, 2007 was: Pre-School-**93**; Kindergarten-**272**; Gr. 1-**224**; Gr. 2-**253**; Gr. 3-**237**; Gr. 4-**248**; Gr. 5-**275**; Gr. 6-**292**; Gr. 7-**280**; Gr. 8-**237**; Gr. 9-**270**; Gr. 10-**277**; Gr. 11-**265** and Gr. 12-**275**. Of this population, over eight hundred students qualify for Special Education services that represents 24% of the total enrollment and one hundred forty-six (146) students received ELL services that represents 4% of the total enrollment.

SPECIAL EDUCATION DEPARTMENT

The Student Services Department provides health, counseling, educational and assessment services to students in Pre-School to age 22. Local funds, as well as state and federal grants, permit the Department to provide specialized instruction to students who meet eligibility standards under Individual Education Programs, 504, or Individual Health Plans. Special Education services are provided to a little over 800 students. The range of services offered within the system continues to expand as new technology, programs and curriculum offerings develop. The range of services also varies to meet the individual needs of each identified student. The Student Services Department, in conjunction with its staff, students and parents, continuously assesses the ever-changing needs of our students to explore new program development and to meet the needs of the students in the 21st century. Quality programs exist at all levels that provide our students and staff with education both in health and social issues. Some of the programs offered include peer mediation, social competency, professional teacher development and new teacher mentoring.

Special education students in Grades K-12 have access to the services of Special Education teachers, Speech/Language Pathologists, Occupational and Physical Therapists, Adaptive Physical Education Specialists and Adjustment Counselors. Guidance Counselors in both the Middle and Senior High Schools work with students on course selection, learning and social issues, career and vocational planning and college placements. The Guidance staff plays a key role in transitioning students from the Elementary Schools to the Middle School, the Middle School to the Senior High and Senior High to college or the work environment. In addition, there are full-time nurses in each building who address the increasing medical issues facing our students. These nurses, under the direction of the Nurse Leader for the Department, conduct regular health, dental health, and screenings throughout the school year.

MCAS

The ninth round of the MCAS was administered to 3,4,5,6,7,8 & 10th graders in April and May, 2007 and in October, 2007 the Dept. of Education released the test results. The following chart shows the percentage of students scoring at each Performance Level:

	Above Proficient		Proficient		Needs Improvement		Warning	
	Norwood State		Norwood State		Norwood State		Norwood State	
Grade 3								
English/Language Arts	14%	14%	44%	405%	36%	32%	5%	9%
Mathematics	29%	19%	39%	41%	22%	24%	10%	16%
Grade 4

Mathematics	43%	42%	31%	27%	22%	22%	4%	9%

TECHNOLOGY

Purchases throughout the year included teacher media workstations for the elementary classrooms; Smartboards for the Middle and Senior High Schools; and digital cameras and photo printers for the Willett Early Childhood Center. Network switches and routers were upgraded to allow for additional PCs on the network. Software acquisitions and upgrades to existing applications included video and graphics programs, simulations, literacy and math programs for students at-risk and those not at-risk, diagnostic and prescriptive assessments, and data analyses, management and reporting. Hardware located at the Savage Center was moved strategically to Town Hall or other school buildings to ensure continuous operation during construction on the Senior Center addition. All classroom PCs were cleaned and imaged. Project work included the final phase of implementation of the library management application and expanded databases. The student information system and personnel information management systems were upgraded. The Norwood Public Schools complied with the newly implemented Educator Personnel Information Management System (EPIMS) requirements in providing the Department of Education extensive data on teacher licensure and other individual personnel information in order to meet the requirements of No Child Left Behind. Capital expenditure funds approved at the Fall Town Meeting were earmarked for network upgrades and the replacement of computers at the Elementary, Middle and Senior High Schools that have aged out and are no longer under warranty.

SCHOOL SECURITY

The Norwood Emergency Planning Committee, consisting of members of the School Department, Norwood Police and Fire Departments, Norwood Board of Health, and local and state public safety agencies continue to review our Emergency Response Plans to ensure we are well-versed in the implementation of the Plans, should the need arise, including security, prevention, preparedness response and recovery.

BUILDINGS & GROUNDS

Ongoing maintenance throughout the school system included painting of the schools interior and exterior; replacement of window shades; handicap improvements were made; boiler, electrical and plumbing maintenance were done; floors were cleaned, retiled or carpeted; and fire alarm and security systems were checked.

PROFESSIONAL DEVELOPMENT

Norwood has a comprehensive Professional Development Program. All teachers are provided with opportunities for professional development growth in-district and out-of-district. The Professional Development Program is designed to provide Norwood educators with opportunities to expand their content knowledge and pedagogical skills, take risks, collaborate and share expertise. The main goals are to assist educators in improving student performance and achievement through highly qualified classroom instruction; acquiring new knowledge and skills to enhance performance; assessing opportunities for ongoing support; and meeting the state requirements for licensure/relicensure.

Three (3) full day workshops were held during the course of the school year, as well as two (2) half-day workshops. Additional half-day workshops allowed teachers to work in department and grade level groups to write and revise curriculum and collaboratively develop instructional strategies to meet the needs of all learners. Common planning time was built into the elementary classroom schedules for teachers to work together at grade level to improve student performance and achievement.

Some of the in-district offerings this year included Gifted and Talented, Teacher Induction, Health and Wellness, Autism, Evidence-Based Practice, Data Analysis, Sheltered English Immersion, Effective Teaching Practices, Social Competencies, Writing Across the Curriculum, Writing, Balances Literacy, Math Content Knowledge and Strategies, Integrating Technology, Understanding by Design, Developmental Guidance, Accreditation and Restraint. All professional development opportunities are embedded in the standards from the Massachusetts Curriculum Frameworks and National Standards.

CURRICULUM DEVELOPMENT

Over the course of the year, Norwood educators focused on writing across the curriculum, using data to inform instruction and focused on technology integration. To these ends, the following work was accomplished teachers: **English Language Arts:** The Department focused on using detail in open response and essay questions after reviewing the MCAS data. Middle School teachers focused on using appropriate examples with detailed explanation. High School teachers focused on using ample, varied and appropriate quotes with detailed, insightful explanation. **Foreign Language:** Middle and Senior High School teachers focused on instructional strategies/best practices. **History/Social Studies:** Middle School teachers focused primarily on reading and interpreting primary source documents and used this to write MCAS-like short answer and essay responses. High School

teachers focused primarily on reading and interpreting primary sources and used this information in developing thesis statements using concrete evidence derived from the primary as well as secondary sources to create strong arguments, rather than just listing facts. The Department used MCAS results, as well as quizzes and tests to measure data. **Mathematics:** Middle School teachers focused on Geometry and measurement. Each Math teacher attended an in-house workshop conducted by Teachers 21. High School teachers focused on learning the applications for generating tests, including MathType 6.0 and each individual publishers test generating software. **Science:** Middle School and High School teachers integrated technology into the curriculum, instruction and assessment practices. **Visual Arts:** Middle School teachers focused on improving the student's written analysis of artwork and the student's written reflections of their artwork. High School teachers focused on integrating written reflections into each assignment and refining our annual research assignment in each course. **Music:** Middle School teachers focused on open-ended questions and reflective critical analysis. High School teachers focused on reflective critical analysis. **Health/Physical Education:** Middle School Health teachers had students' use journal writing and various open-response questions. Data from our Health Survey assisted in instruction. Students at the High School participated in multiple writing opportunities with open-response writing, letter writing, essays and personal reflections. Data from the High School and the Massachusetts Youth Risk Behavior Survey assisted instruction around social norms and adolescent behaviors. **Guidance:** Middle School and High School Counselors began the development of a district-wide Developmental Guidance Model based on the Massachusetts Curriculum Frameworks.

At the elementary level, teachers focused on implementing Balanced Literacy and Everyday Math. Science educators and classroom teachers focused on active learning and hands-on approached to inquiry. In Social Studies, teachers focused on grade level topics utilizing a combination of textbooks and trade books. MCAS, classroom and other assessment data were used continually to improve instruction.

SUMMARY

It is my pleasure to submit my sixth Annual Report as Superintendent of the Norwood Public Schools. I would like to thank the School Committee, administration, faculty, support staff and Town officials for their continued assistance in helping the School Department achieve the many accomplishments outlined in this report despite another very difficult fiscal year. I am confident the School Department and School Committee will continue to work collaboratively to improve our schools to be one of the best in the Commonwealth.

Respectfully submitted,

Edward P. Quigley, D.Ed.
Superintendent of Schools

SENIOR HIGH SCHOOL

NORWOOD SENIOR HIGH SCHOOL 2006-2007 ANNUAL REPORT

On September 5, 2006, 1,094 students reported for academic studies at Norwood Senior High School. As in the past, the School Council accomplished a number of goals articulated in the School Improvement Plan:

- (1) The school administration continued to work with the School Committee and Committee of 21 to discuss plans for a new building. We visited new school facilities and began to develop a dialogue relative to school needs. A number of school tours were conducted to allow the public to see the present educational facilities at the High School.
- (2) We reported to the community on student performance for our defined Graduation Performance Expectations (GPE). This gave parents and the community an opportunity to see the percentage of students who were at different levels of proficiency.
- (3) We began preliminary work for the NEASC Self-Evaluation and named a Steering Committee, appointing our seven (7) Standards Chairs for the October, 2009 evaluation.
- (4) Services were expanded to our ELL students and we worked to raise student's scores in the MEPA Reading/Writing and MELA-O tests.
- (5) We continue to review alternative education programs for students with academic and behavioral issues who have difficulty in the mainstream education program.
- (6) Each year we make an effort to build on improving MCAS scores for students in Grade 10.

We continue to seek input from the School Council, PTA, Faculty Senate and student body on important school-related issues and policies. The School Committee supports the many new initiatives and course proposals and the staff and students appreciate their help and encouragement during the school year.

ENGLISH/LANGUAGE ARTS DEPARTMENT

In the fall, the Department joined the Foreign Language Department for training in Understanding by Design, a model for building on curriculum mapping by writing specific lesson/unit plans. Advanced Placement teachers commenced work on the newly required AP Audit, which was submitted in April, 2007. During the process we decided to submit a syllabus for AP Literature and work on the Language syllabus in 2007-2008. Although official notice has not been received, the AP Audit webpage lists Ms. Brady and Ms. Drummey as "authorized"; thus full authorization should be forthcoming. Level 2 Title III ELL training was the focus during the spring professional development days. Ms. Kathy Donovan proactively organized the 9th Grade teachers to meet on their own time to coordinate instruction, curriculum and assessments. This productive group updated both the mid-year and final assessments and introduced a model summer reading assignment that we hope to emulate in Grades 10 and 11, if it is successful. The 10th and 11th Grade teachers also met to collaborate to update the final assessments. A proposal to eliminate Standard English in Grades 10 and 11 was approved for the 2007-2008 school year, therefore, all 9th and 10th graders will earn CP credit. The new course called ELA, College Preparatory 2 is designed to meet the needs of students who need a smaller, more personal and highly structured learning climate to succeed. This decision is consistent with the state mandate that all 10th graders take and pass the MCAS.

FOREIGN LANGUAGES DEPARTMENT

Professional development for the Department allowed some teachers to attend the Annual State Conference in Sturbridge and the entire Department participated in our Understanding by Design workshop. In January, the Spanish 4 and 5 students traveled to New York City to see the production of Garcia Lorca's *La casa de Bernada Alba* which was performed entirely in Spanish and is part of the Spanish 5 curriculum. The French 3A students went to the Museum of Fine Arts in January to view an exhibition of Parisian Fashion; in March the French 4 students went to the Museum to view the works of French painters; and the French 5 students went to Milton High School to participate in the 2007 Fete de la Francophonie. In April, the AP Latin class went to Holy Cross to participate in Classics Day. In March, the Department celebrated National Foreign Language Week; classes competed against each other in a salsa making contest, La Sociedad Honoraria Hispánica sold churros and La Societe Honoraire Francais sold croissants; classes selected a culturally appropriate theme and decorated classrooms to reflect their topic. The following students participated in the National French and Spanish Exams: *French National winners* – Catherine Sobchuk (Level 2), Chelsea Harper (Level 3), Ronnie Christie (Level 4) and Tatyana Zhukov (Level 5). *Spanish National Gold Medal winner* – Veronica Monterossa (Level 4); *Silver Medal winners* – Michael Burns and Tanya Cordero (Level 3), Mary Kate McCann and Olga Zhukov (Level 4); *Bronze Medal winners* – Monyka Silva (Level 1), Rebecca Baturin, Vincenzo Fruci and Isable Morales (Level 2), Erin Sheehan and Ariel Kruger (Level 4) and Lewis Liriano (Level 5); and twenty-two (22) students received Honorable Mentions. The *National Latin Award winners were: Magna Cum Laude* - Matthew Murphy (Level 1) and *Cum Laude* - Chelsea Harper and Carolyn Lee (Level 2). In addition, the following students were recipients of the *Foreign Language Department Awards for Outstanding Achievement*: Alicia Cooper (French 5), Samantha Munroe (French 4), Chelsea Harper (French 3), Kimberly McHugh (Spanish 5), Ariel Kruger (Spanish 4), Tanya Cordero (Spanish 3), Erin Cathcart (Latin 4) and Chris Welter (Latin 3).

HISTORY/SOCIAL SCIENCE DEPARTMENT

The Department continued to pursue preparations for the impending Social Studies MCAS test in 2011 and the major curriculum objective was to increase the pacing of American History I. Professional development time was devoted exclusively to technology in the classroom and curriculum development was devoted to ELL and incorporating seminal primary sources that coincided with the current emphasis on writing across the curriculum. The Department participated successfully in the AP Course audit, the process through which schools request authorization to label their courses AP. The Norwood Historical Society gave organizational presentations and provided students access to research material at the Day House. Students then used their research to develop documentaries of famous people or buildings in Norwood. The World History classes had speakers from the Lowell Industrial National Park visit their classrooms and students saw artifacts and listened to the typical life of a "Lowell Girl". Law classes attended the field trip "Choices Have Consequences" at the Norfolk House of Correction and nine (9) law students participated in a Detective Training Course as role players. Mr. Steve Callahan, of Bank of America, made multiple presentations on the implementation of personal and business finance lessons to the Economics classes. In addition, the Economics classes continued to compete successfully in Titan, an Internet interscholastic business simulation competition. Students once again participated in another successful Student Government Day at both the Town and School levels with students participating in a mock Town Meeting as well as a mock School Committee Meeting.

MATHEMATICS DEPARTMENT

Math teachers participated in ten (10) hours of professional development provided by Teacher 21 and topics included mathematical pedagogy and assessment. MCAS tutoring services were provided in several formats: routine review during Math classes, after-school sessions supported by state funding and intensive help sessions for students in danger of failing. Two new Math teachers started unofficial clubs in Kendo and Chess that were very successful. The Math Department elected the following students as "Math Student of the Year": Joe Lane (2007); Ron Christie and Ariel Kruger (2008); Arushi Singh (2009); and Will Gearty (2010). The Rensselaer Medal Winner for the highest combined Math/Physics average was Greg Dobbels (2008).

Mr. Bob Jones completed his third year as the full-time tech support person for the High School. During the year, Mr. Jones repaired, replaced, reconfigured and monitored all aspects of the computer hardware and infrastructure. The oldest computers in two (2) of the High School labs were replaced with new HP models. Printers have been rebuilt and redistributed. A new web-based procedure for reporting electronic problems was instituted.

SCIENCE & TECHNOLOGY EDUCATION DEPARTMENT

The Department focused on preparing 9th and 10th graders for the Science and Technology MCAS exams in Physics, Biology, Engineering or Chemistry as the Class of 2010 will be required to pass one of the aforementioned Science exams. In anticipation of the exams, the Department identified areas for improvement that include revising content areas to align courses more closely to the State Standards, expanding the use of student centered instruction and offer a new Engineering course for the 2006-2007 school year. All Department members revised their curriculum maps to better focus student learning on the MCAS Content Standards. The Science teachers will continue to analyze and revise the subject courses to maximize the introduction and reinforcement of specific standards. In addition, the Department completed its first year of implementing a new Engineering Technology course that retains a hands-on and project-based approach, uses a new textbook and prepares students for the Engineering Technologies MCAS exam. Other significant curriculum changes include the writing of new syllabi for the AP Biology, AP Chemistry and AP Physics courses that were approved by the College Board's AP Course Audit. In addition to the State Content Standards, there are guiding principles for Science and Technology education, two of which are "Investigation, experimentation and problem-solving are central to Science education" and "An effective program in Science gives students the opportunities to collaborate and communicate their ideas." Three particular activities provided for some of the students were laboratory investigations at Boston University's CityLab and at Biogen-Idec Corp, as well as a student competition called "Technology Olympics" where Biology classes investigated genetics using state of the art equipment while the Engineering students cooperated with metal, and Energy Technology students designed, built and tested robotic vehicles to compete. All of these programs provided opportunities for students to problem-solve and experiment with relevant Science and Technology topics.

VISUAL ART DEPARTMENT

The Department developed a strong standards-based curriculum at the High School for all Art courses. Additionally, the High School staff met with the elementary staff and began to evaluate the Department's curriculum maps. Nine (9) Departmental Awards were given to the following students: *Studio Art I* – Alix Campbell, Sarah Rabinovich,

Tavonna Smallwood; *Studio Art II* – Angela DeGeorge, Catherine Lawless; *Studio Art III* – Kara Loo; *Ceramics I* – Kara Gronroos, Elizabeth Lloyd; *Ceramics II* – Matthew Riley; and *Computer Graphics II* – Marco Soares. The following students received awards: *Albie Award* - Emily Sullivan, Neela Paramkusham; *Visual Art Award* - Andrew McFarland; and *Norwood Art Association Scholarships* - Andrew McFarland, Neela Paramkusham, Kylee Patterson. Paul Zablowski was selected to be part of a special art class for 11th graders with Boston University. Simone Kindstrand and Amanda Hrabowski represented the High School at *Art Allstate* which is a juried competition and normally only one (1) student is allowed from each high school. The Student Chapter of the National Art Honor Society inducted thirty-eight (38) new members in May. Lastly, many students participated in the following exhibitions and community connections: (1) Studio Art III and Graphics Design students created a design for the Fiddlehead Theatre Company's production of a *Christmas Carol* and Kelly Macaulay's design was chosen to publicize the production in all print ads and posters; (2) twelve pieces of artwork were submitted to the *Boston Globe Scholastic Art Awards* where we received 1 Gold Key for Computer Graphics, 1 Silver Key for Computer Graphics and 2 Honorable Mentions for Drawing and Sculpture; (3) Studio Art III students created landscape paintings and the Norwood Evening Garden Club created floral arrangements based on the student's artwork for "Art In Bloom"; (4) the 10th Annual Fine Arts Festival was held at the Apollo; (5) the *Century Club Dinner* featured 12 pieces of artwork from the High School and 5 pieces from the Middle School; (6) artwork from the Studio Art I and III classes were sent to be displayed at the Commissioner of Education's retirement party; (7) at the Sunken Garden of Grace Episcopal a *High School Senior Visual Arts Exhibition* was held with sculptures, drawings, paintings, prints and computer graphics displayed; (8) Josh Mergl, an 11th grader in the Computer Graphics Class, designed the logo for the new lunch truck; (9) the Computer Graphics class worked with the Pedestrian Committee to design a pedestrian safety banner to be hung across Washington Street and Mercedes Bias and Chloe Cormier's design was chosen for the banner; (10) the Studio Art II, III and AP students participated in a charm design contest for the Norwood Cultural Council who is planning to use this fundraiser to help the Norwood Public Schools and Kevin Breen's design was chosen; and (11) Andrew McFarland's had a piece of artwork submitted to the *Annual Congressional Art Competition* held by Stephen F. Lynch.

HEALTH/PHYSICAL EDUCATION DEPARTMENT

The Department continues to be involved in constant evaluation and subsequent curriculum revision wherever needed and this year's efforts continued as we implemented a formal rubric assessment in the Physical Education Program. The new rubric provided students, teachers and parents key assessment information on student's day-to-day work in the classroom. Students were informed of the rubric during the first class in September and parents were made aware of it during the "Back to School Night" and PTA meetings. The rubric has helped in many areas by providing a clear consistent tool for assessment, reduced the number of non-participants in Physical Education and set clear goals for students to improve on. The Department will evaluate and tweak this rubric for the 2007-2008 school year. During the fall, 9th Grade Health classes participated in a Library Orientation Program in conjunction with the school Librarian where they were introduced to the Library and given research assignments based on their Health unit of study. Safety Resource Officer Rich Giaccoppo, along with nurses from Caritas Norwood Hospital, conducted two (2) lessons for all 11th Grade Health classes

SENIOR HIGH SCHOOL / COAKLEY MIDDLE SCHOOL

DR. PHILIP O. COAKLEY MIDDLE SCHOOL 2006-2007 ANNUAL REPORT

and spoke to students about drinking, driving, the law and medical consequences. Officer Giacoppo brought with him "fatal vision goggles" that actually simulate what it would be like if a person was legally drunk and had to perform a field test and the nurses from the Hospital provided a Power Point presentation on these issues, as well as addressed the importance of seatbelt use. In addition, we were able to utilize new updated materials for the 12th Grade CPR course since the American Red Cross regulations require all of our Health teachers be recertified as instructors. This was done on-line and our Seniors were then trained with the new information. This Spring, two hundred thirty-six (236) 12th graders and five (5) faculty members were certified in CPR and AED which marks the first time all 12th graders received AED training along with CPR. This year the Department sponsored two (2) school-wide assemblies to compliment the Health information being presented in Health classes. In the fall, in conjunction with the Norfolk County District Attorney's office, all students saw a play titled "Consent" which focused on teen sexual assault and drinking. In the spring, in collaboration with SADD, we brought in a young man named Cory Scanlon who was convicted of vehicular homicide while under the influence of alcohol for killing two (2) of his best friends and recently released from prison. His story was well received by our students and faculty.

Respectfully submitted,

George S. Usevich, Principal

In September 2006, we welcomed 784 students to the Middle School. We began the academic year with the introduction of the following goals established in the spring of 2006:

- (1) To review course offerings and enlist the help of a scheduling consultant to review the current schedule and make a recommendation to the Superintendent regarding proposed changes for the 207-2008 school year;
- (2) To review and revise current disciplinary practices at the Middle School;
- (3) To continue to provide professional development for staff and continue initiatives for students to address issues of bullying and harassment in the school environment; and
- (4) Merge the R.O.A.R. Program with a student leadership initiative.

The recommendation of the Task Force to add a Dean of Students to the administrative staff was approved as a one-year pilot program by the School Committee. The implementation of this position, and the accomplishments of the Dean, had a significant positive impact on the culture of the school, however, this position was not funded for the 2007-2008 school year due to budget cuts.

There were continued initiatives to educate students and staff on bullying and harassment. The Dean of Students expanded the R.O.A.R. program to include a large group of student Ambassadors in addition to the Homeroom Representatives. All of these students were invited in the fall to the Millis Middle School to participate in an evening of training and dinner focused on helping to create and maintain a bully free school culture. In February, Mr. Stan Davis of Stop Bullying Now, presented a three hour workshop for staff and administrators and will return for a full-day of professional development for the entire staff where he will demonstrate strategies to empower students and staff to recognize the behavior of bullies and ways in which they can prevent and stop such behavior.

The Extra Curricula Eligibility Criteria was implemented in the fall and the newly designed violation/consequence map was added to the Student Handbook this year. Through a collaborative effort with the Police Department, the recommendation for additional time spent by the School Resource Officer was approved and has been increased to three (3) days per week. The presence and ongoing interactions of Detective Murphy with the students was very successful in helping to reach our goal of creating a safer and more comfortable school climate.

The School Council met seven (7) times throughout the year and offered their expertise to help administration achieve the goals set for the year. The PTO met eight (8) times and continued to contribute very generously to the School; again took on the challenge of completing the purchase of furniture and resources for the library; and the 2nd Annual QSP Magazine Drive was a tremendous success and raised \$14,000.00.

Mrs. Mitchell again organized and chaired monthly meetings of the Image Plus Committee. In collaboration with Mr. Dan Feeney from the Attorney General's Office, the Principal and Guidance Department Chair, the emphasis of most meetings was to identify programs and strategies to defer students from inappropriate or dangerous behavior. The Middle School hosted its 2nd Annual

Parent Program on Internet Safety that was extremely informative as an initiative to make parents aware on how they can help their children remain safe on the Internet.

For the 7th consecutive year, the Partnership In Norwood Service (P.I.N.S.) continued to encourage 8th graders to “give back” to the community through volunteer work. We believe this will not only create a stronger link between the students and Town, it will start a precedent of volunteerism that will carry on in the high school years and beyond. Six (6) hours of verified community service were required in order for them to participate in the 8th Grade End-of-Year Activities and we are proud to say that almost 90% of our 8th grade students completed their P.I.N.S. points.

The Citizen-of-the-Month Program continues to recognize students who exhibit good citizen qualities and the culminating event was a breakfast for all of the recipients and their families in May. The Outback Steakhouse has again helped us complete another exciting year by providing an end-of-year barbeque for all 8th graders. Our annual awards assembly recognized those students who did well academically and also those who exhibited and maintained the high ideals and values that we cherish in Norwood.

STUDENT SERVICES DEPARTMENT

Counselors were involved in a new initiative of delivering developmental guidance lessons to 6th graders and some of the topics presented were empathy-training, character building, coping with angry feelings, problem-solving skills and bullying prevention. Students were also given an opportunity to join a lunchtime group that revolved around being a new student, divorce, anger management and friendship. The Student Support Team (SST) was revamped and fully implemented where specific strategies are generated through the SST process to help students gain academic success, which are evaluated after 4-6 weeks to determine student improvement. The Department continues to upgrade the 5th Grade Orientation Program that incorporates a video of the school highlighting a typical day of a 6th grader, and includes a tour of the building. In December, a presentation was arranged for the 8th graders to hear about course offerings at Blue Hills Regional School, and students interested toured the school and were interviewed in February. Programming for the school year consisted of the following activities: in March, an evening presentation for parents and guardians of 5th graders to acquaint them with the Middle School and the programming procedures for Grade 6; meetings with Grade 5 teachers; a presentation by High School Guidance Counselors to Grade 8 students; and individual conferences with each student regarding course selection. Counselors continue to meet throughout the year with individual students to review progress reports and term grades; individual meetings with parents and teachers were ongoing, and weekly progress reports and arranging for parent meetings with teachers were continuous. The major goal of the Department is to support students in their academic, social and emotional growth; to encourage students to accept themselves while understanding the differences among their peers; and continue to encourage each student to perform to their highest capability.

ENGLISH/LANGUAGE ARTS DEPARTMENT

The Department continues working to improve MCAS scores with the goal of improving student performance in the open response and long composition scores and reading comprehension. All

students took the Gates-MacGinitie Reading Tests in the fall; and in February the annual ELA mid-year writing assessment was administered whereby all students were required to write a five (5) paragraph essay. We are pleased to note this is the first year the 6th graders were required to write 5 paragraphs and they met the challenge with great success. Once again, Mrs. Mullen’s 7th graders entered and won the following contests: The Boston Duck Tours/Bostonian Society Essay Contest, My Home/The American Dream Contest, Expo Marker Classroom Makeover Contest, Will McDonough Writing Contest, Israel Arbeiter Essay Contest, Anthology of Short Stories by Young Americans, and the Mass. Society for Medical Research Contest. Winners included Matthew Wong, Leah Murphy, Kesleigh Eysie, Theresa Cappolla, Lauren Adjemian and Nickolas Martin; and Mrs. Mullen won a \$2,000 classroom makeover as part of the Expo Marker Contest. Mrs. Spillane, Mrs. Mullen and Ms. Mooney participated in the piloting of the new edition of the Prentice Hall Literature Anthology that has been put together based on the Mass. Curriculum Frameworks and the MCAS. Based on their excitement with this new series, the School Department has approved the purchase of this series for all ELA classrooms next September. The entire Department is very excited to get this new series and the following is a list of steps we plan on taking next year to deal with improving reading skills and MCAS scores: (1) create a new mid-year writing assessment topic for Grade 8; (2) revamp the Summer Reading Program, possibly modeled after the Senior High School having one (1) book per grade with a written assignment; (3) continue to purchase and implement the SRA Kits until each regular-ed ELA classroom is equipped with one; (4) set goals, identify benchmarks and determine what data or assessments will be used to measure the success of the current Grade 6 Literacy Program; and (5) 8th grade teachers will decide upon 1-2 trade books to use to complement the new History Curriculum.

FOREIGN LANGUAGE DEPARTMENT

In October ,the 7th Grade Foreign Language students visited Shriner’s Auditorium to attend the International Cultural Festival. In March, the Department celebrated National Foreign Language Week. The school-wide mystery voice and trivia contests were a huge success with winning homerooms enjoying a hot chocolate and croissant breakfast hosted by the Department. Classes made posters to promote the study of foreign languages and decorated the halls with their creations. On the morning announcements, students were greeted each day in a different language. The entire Department sponsored a “*Celebration of Languages and Cultures*” and the evening was replete with ethnic foods, ethnic dancing, music and multicultural arts and crafts. Approximately 45 students participated in the National French and Spanish Exams. The American Association of Teachers of Spanish and Portuguese awarded five (5) Silver Medals, one (1) Bronze Medal and eight (8) Honorable Mentions to our students for their performance on the exam. The American Association of Teachers of French recognized one (1) student as a *Tableau d’honneur* winner and four (4) other students received Honorable Mentions for their achievements on the French exam.

HISTORY/SOCIAL SCIENCE DEPARTMENT

The Grade 6 Ancient Civilization course covers pre-civilization, early man, developments in farming and ancient civilizations such as Mesopotamia, Egypt, Israel, Greece and Rome and each unit focused on the geography, development and history of each civilization. Towards the end of year, each 6th Grade team held their own “*Greek Olympics*” that challenged the students in all

COAKLEY MIDDLE SCHOOL

disciplines, including art, physical education and music.

The curriculum also included reading novels such as The River, Pharaohs of the Legend's Tomb and The Giver; reading and critical thinking was emphasized with current event articles and debates; a guest speaker enlightened students on the life of Egyptians; and students ended the year with a first time trip to the Mashantucket Pequot Museum and Research that reinforced the hunter-gatherer societies, tools and technology and the Ice Age. The Grade 7 World Cultures and Geography class did extensive map work with emphasis on Asia, Europe, Middle East, Africa and Latin America; and studied World Cultures and History featuring the environment, climate, landforms, religions, history, government, economics and lifestyles of the people of each region. Although the history of each region was studied, greater emphasis was placed on the world geography to comply with the Mass. History Standards. Students started each class with a news report of a current event and completed poster projects on countries of their choice. The Grade 8 curriculum was changed from US History to World History I. Students studied the following topics: rise and fall of the Roman Empire, the Byzantine Empire, beginnings of Islam and the Muslim Empire, early African civilizations, early Asian civilizations, early civilizations of the Americas, medieval Europe, the Renaissance and Reformation, and the Enlightenment. As each new unit was presented, students focused on four (4) basic themes and their influence on World History, the rise and fall of empires, clash of cultures, continuity and change, and tolerance and understanding. Primary sources such as letters, journals, folk-tales and works of art helped enrich the students' knowledge of many different civilizations that were studied. Throughout the year, the Department worked collaboratively with the English Department in writing and evaluating 4-5 paragraph essays as well as research reports.

MATHEMATICS DEPARTMENT

The construction, approval and dissemination of an MCAS Reference Sheet for some SPED students are a first for Norwood. With the assistance of several staff members, the Department had the Reference Sheet approved by the Department of Education for certain SPED students who are allowed an additional reference sheet for use if they have the appropriate accommodation written into their IEP. Recognizing that the MCAS is so important and trying to discern reasons why it is difficult for some students, the 8th Grade Math teachers decided to set up "MCAS Fridays" whereby they give 10 multiple choice questions to all 8th Grade Math classes and students work on them for 10-15 minutes and every other *Math Monday* is devoted to MCAS short answers or open response questions. In addition, students were given questions from the 3rd Grade Exam, then they discussed how the question would look in 8th Grade since much of the Math material is topically the same from 3rd Grade on, therefore, the increasing complexity of questions in 8th Grade might seem easier if students could recognize the material more readily. The staff found the material that was most difficult in all grades was Geometry, Probability and Statistics. One of the ways we are countering this difficulty is to rework the 6th Grade Math Literacy in the Content Area and teachers will now cover two Geometry chapters as part of their team long meetings, which was made possible by linking Math and Literacy rather than English and Literacy. Grade 8 Math teachers are also going to reorganize their curriculum by combining at least 2 chapters dealing with equation solving and plan to introduce the Geometry topics earlier in the year.

SCIENCE AND TECHNOLOGY DEPARTMENT

The Department continues to focus on preparing students for the 8th Grade Science and Technology MCAS exam. Teachers have analyzed and revised curriculum content standards so topics are appropriately distributed and provide the opportunity for the reinforcement of learning objectives across the grades. In addition, the Department has identified areas of improvement that include small revisions to align Science courses more closely to the State Standards, to increase and provide more consistent writing assessments in the classroom, to analyze and revise the 7th and 8th Grade Technology Education Courses, and to increase the use of student-centered instruction, particularly hands-on investigations and instructional technologies. Teachers will continue to analyze and revise the grade level courses to maximize the introduction and reinforcement for teaching the Science Standards. The Technology Department has completed its first year of implementing a revised Technology Education "Shop" Curriculum for both 7th and 8th grades. The Technology courses retain a hands-on and project-based approach and used the new textbook, Introduction to Technology, as an additional resource to reinforce the learning of the Technology Content Standards. Teachers continue to keep, revise and add valuable experiences for the students with the following activities: 6th graders were presented different states of matter, including liquid Nitrogen, by guest speaker Carl Geden; 7th graders visited Boston's Science Museum to investigate the human body; and 8th graders visited Moose Hill Wildlife Sanctuary to explore local geography and ecosystems. Finally, the teachers have identified and facilitated writing in the classroom by requiring each student to write a lab report based on a scientific investigation and complete an essay on a science topic each quarter of the school year. In addition to improving scientific thinking and understanding, it is our goal to assist students in improving their writing skills.

INSTRUCTIONAL MEDIA CENTER

Library/Information Literacy Skills lessons were taught to all 6th Grade Literacy classes, which included orientation to the library, an introduction and tutorial to *Destiny* (the new automated library system), evaluation of websites, reviewing indexes, literature appreciation, hints on book selection and book talks. *Destiny* was also introduced to the PTO, 7th Grade Science classes and 8th Grade Social Studies classes. This new system is a rich resource for student research that is provided through WebPath Express. The proceeds from two book fairs, staffed by parent volunteers, were used to purchase new signage for the library; ten PTO parents volunteered each week during the school year; and 118 new books were purchased with school funds to add to the library collection. Three hundred eighty-seven (387) books were weeded from the collection and during the summer 4000+ books were bar-coded in preparation for the automated circulation system. The Literacy Luncheon, co-sponsored by the school library staff and the Morrill Memorial Library Outreach Librarian, was held in April. Mrs. Fiore's 6th graders and seniors from the Norwood Senior Center read Loser by Jerry Spinelli. In 2007-2008, the Librarian will barcode the collection and train all students and staff to use the new library automation system. Lastly, goals for 2007-2008 include encouraging staff to utilize *Destiny* and online subscription databases with their students, exploring grant opportunities, providing hands-on training workshops to all staff in the use of *Destiny*, *NetTrekker* and Metrowest on-line subscription databases.

FINE ARTS DEPARTMENT

The Drama productions presented were: *Evita*, by Andrew Lloyd Webber, under the direction of Maura Smith, Ana Withiam and Christopher Martin, rehearsed over the summer and was presented in September; *Treasure Island*, under the direction of Dean Calusdian, was presented in early December; and the year ended with the musical *Into the Woods*, by Stephen Sondheim, directed by Dean Calusdian and Christopher Martin.

The Music Department participated in the following events: The 7th and 8th Grade Festival Band, 7th and 8th Grade Festival Orchestra and the Honor Chorus performed and were evaluated at the Mass. Instrumental and Choral Conductor's Association in March with the Band and Chorus receiving Bronze Medals and the Orchestra receiving a Silver Medal. The following eight (8) students auditioned for, and were selected, to participate in the MMEA Southeast Junior District Festival: *Chorus*- Joanna Cronan, Erin Kelley, Samantha Wood, Teresa Gassoway, Cianne Maloney, Rasika Murali and Matthew Wong; and *Jazz Band* - James O'Connor. The Jazz Band participated in the Clark Terry Jazz Festival at the University of New Hampshire and the IAJE Junior Jazz Festival where they received Gold Medals. The Honor Chorus was invited to sing the National Anthem at a Providence Bruins Hockey Game; and both the Jazz Band and Honor Chorus were invited to perform at the annual NHS Pops Concert held in May.

The Art Department participated in the following events: 10th Annual Fine Arts Festival was held in April at the Apollo; and in January, seven (7) entries were submitted to the Mass. Scholastic Art Awards where Sandra Mastingal won a Silver Key and Stephanie Fogg won an Honorable Mention. The four (4) Art Department Awards were presented to Sandra Mastingal, Erica Marques, Shivangi Shah and Angel Winston. Art students went on a field trip to the Institute of Contemporary Art Museum in Boston. Students artwork was displayed at the James R. Savage Educational Center and Morrill Memorial Public Library throughout the year as part of a K-12 Art Exhibition. Lastly, the following Art programs were run after-school: Artists' Circle for 7th and 8th Graders who are passionate about creating art; a 3-Dimensional Art Group; and the Photography Club.

HEALTH & PHYSICAL EDUCATION DEPARTMENT

The Department continues to address the goals of good health, fitness and positive decision-making for all students because this a critical age when many habits and attitudes around health and wellness are formed. The Physical Education curriculum continues to focus on the individual student with fitness testing in the fall and spring. This test assists us, as well as the student, in assessing their overall fitness level. Students utilize their personal fitness charts and set up goals for the spring. Some highlights from this year's activities include: the Personal Fitness Challenge, Cooperative Games, Paddleball, Volleyball units, and the "High Five Award" to deserving students who staff feel show leadership, enthusiasm, cooperation and dedication during Physical Education and the 40+ winners received a tee shirt, award certificate, a letter sent home to their parents and school-wide recognition. Topics covered by the Health curriculum included nutrition, stress management, depression, alcohol/drug prevention, puberty, sex/sexuality, first aid, teen dating violence, conflict resolution, communication and self-esteem. The

Department is now in the 2nd year of the 3-year "Jump Up & Go" Grant from Blue Cross/Blue Shield which addresses the issue of obesity and promotes habits that encourage the 5-2-1 message and has taken the lead with the following activities: faculty/student athletic events, Climbing the Eiffel Tower Event, Friday Trivia, poster contest, TV viewing family activities, Dance-Dance-Revolution, Hip-Hop Dance lessons and an after-school cooking class for 8th graders. This year the Department sponsored a *Hoops For Hearts Basketball Tournament* to raise money and awareness for the American Heart Association; all grades were eligible and close to 100 students participated raising over \$7,000, with many students participating in memory of a family member or loved one affected by heart disease.

INTRAMURALS

The Intramural Program achieved the goal of increased participation by offering some new programs to complement those that have previously been successful. The fall segment included flag football, soccer, tennis, boys' floor hockey, cross country and gym games. The first winter segment had separate basketball programs for boys and girls. The second winter segment offered girls' floor hockey, volleyball and ping pong. The final segment in the spring offered ultimate Frisbee, golf, softball, indoor soccer, gymnastics, cheerleading and a dance team.

Respectfully submitted,

Marjorie Tessier, Principal

ELEMENTARY SCHOOLS

BALCH, CALLAHAN, CLEVELAND, OLDHAM AND PRESCOTT ELEMENTARY SCHOOLS 2006-2007 ANNUAL REPORT

It is with great pleasure that we submit the following combined Annual Report for the Balch, Callahan, Cleveland, Oldham and Prescott Elementary Schools. The school year saw many accomplishments that could not have been attained without the support of the community, the dedication of our School Councils, PTO/PTA's and volunteers, the talents of our teachers and support staff, and the involvement of parents. The following is a summary of these efforts.

BALCH SCHOOL COUNCIL

The following people comprised the Balch School Council: John Conclin (Principal and Co-Chair); Sean Richardson (Teacher and Co-Chair); Jane Gentilli; Diane Ferreira (Teachers); and Sean Geary, Teresa Pitaro, Michelle Ragusa, John Sabbag, Jack Warner (Parents) who submitted the following goals to the Superintendent of Schools:

1. *To increase student achievement and promote high academic standards for all students.*
 - A. Evaluate and respond to recommendations of the EQA Audit.
 - B. Evaluate and revise the implementation of Math and ELA MCAS related curriculum activities.
 - C. Develop and implement Science and History MCAS related curriculum activities in Grade 5.
 - D. Continue to support the system-wide initiative of balanced literacy.
2. *To increase performance of special education/at-risk and ELL students.*
 - A. Analyze standardized test scores relative to students who receive special education services.
 - B. Encourage teacher discussion groups to identify and evaluate exemplary practices for special education and ELL programs/instruction.
 - C. Analyze standardized test scores relative to students who receive ELL services.
 - D. Continue to seek funding for after-school academic support programs for at-risk students.
 - E. Support the implementation of Balch Grandparents Reading Program.
3. *To improve communication and dialogue within the Balch School community.*
 - A. Encourage staff to regularly update home pages on the Balch School website utilizing parent volunteers.
 - B. Investigate ways to publish children's writings on a classroom website.
 - C. Identify volunteers to organize an area to display exemplary writing.
 - D. Implement Balch Students CARE core values initiative.
 - E. Increase use of ConnectEd.
4. *To assure a safe, orderly and productive learning environment for Balch School students.*
 - A. Resurface playground/parking lot.
 - B. Replace master clock/bell system.
 - C. Monitor and implement the traffic/playground site safety improvement plan.
 - D. Continue the improvements to the main office space and its administrative functions. Installation of window to enhance visibility of visitor traffic and telephone/intercom system to align with current technological standards.
 - E. Evaluate Balch security procedures.
 - F. Continue identifying and communicating safety issues.

- G. Continue current format for a Fall Open House for parents.
- H. Train remaining staff in Open Circle Curriculum to deal with bullying, problem solving, respect, etc.

BALCH PTO

The PTO is an active and essential part of our school community. Presidents Jen Howard and Kristen Eysie provided leadership that allowed the PTO to continue to support the students and teachers throughout the year. The PTO hosted a variety of fundraising events during the year to fund our school activities. They addressed acoustical issues in the cafeteria and upgraded the sound system on the stage for concerts and plays. Michael Saad led the effort once again to give the Balch School an "Extreme Makeover" and volunteers contributed both materials and labor. As a result, five (5) classrooms were given a fresh coat of paint. Once again, I would like to thank Babels for their generous donation of paint and supplies. In addition, teachers were given funding for their individual classroom needs, educational supplies and a Teacher Appreciation Luncheon. The PTO also funded student field trips, a 5th grade yearbook and school assemblies. Two scholarships in the amount of \$500.00 were awarded to graduating High School seniors who attended the Balch School. The calendar of events included the Fall Ice Cream Social, Family Game Night, Pancake Breakfast, Italian Dinner, Literacy Night and two Scholastic Book Fairs. The students continued to participate in the "Save for American Banking Program" and School Store. Parent John Malouf donated and volunteered to install the new bell tone system.

CALLAHAN SCHOOL COUNCIL

The Callahan School Council was comprised of the following people: Robert Griffin (Principal and Co-Chair); Kate Schick (Parent and Co-Chair); Marie Ryan (Parent and Secretary) Jennifer O'Brien and Andrea Sullivan (Teachers). The following School Improvement Plan Goals were identified and accomplished this year:

1. Successfully implemented Priority 1 by coordinating service delivery to our 1st and 2nd graders in a manner that successfully met the diverse academic and behavioral needs of the identified students.
2. The Literacy Team met monthly and successfully continued our collaboration with Tufts University in order to share all assessments and deliver affective lessons in Readers' and Writers' workshops in all five grades.
3. The district's standards-based report card received final revisions and editing during the 2006-2007 school year.
4. Carolyn Donovan's 3rd grade classroom was successfully integrated and supported with the SPED services necessary to ensure success for an inordinate number of challenges.
5. Although the District's Academic Enrichment Committee continues to formulate a long-term plan, our librarian, Mr. Reuland, provided 4th and 5th graders with extended Big6 research projects. He introduced the Junior Great Book Program to 3rd graders and also offered literature circles and computer clubs to interested students.

CALLAHAN PTA

The PTA enhanced our schools' programs by supplementing them with six (6) educational programs designed to reinforce the curriculum and promote tolerance and inquiry. Many family oriented events were provided including: Fall Family Fun Night, Holiday Shopping, Breakfast with Santa, Bingo Nights, Teacher Appreciation Luncheon and an end-of-the year outing. Our Board of Directors for 2006-2007 were: Kate Schick (President), Tracey Black and Claire Ryan (Co-

ELEMENTARY SCHOOLS

Vice Presidents), Diane Carroll (Secretary), Diane Butts (Treasurer), Lynda Gundlach (Newsletter), Chris Larson (Programs), Linda Reilly (Book Fairs), various committees (Fundraising and Teacher Appreciation Luncheon), and the Executive Board served on (Hospitality).

CLEVELAND SCHOOL COUNCIL

The following people comprised the Cleveland School Council: Robert Fitzpatrick (Principal and Co-Chair); Linda McCarthy (Parent and Co-Chair), Cynthia Campagna, Paula McMullen (Teachers); Timothy McDonough (Parent); and Austin Poirier (Community Representative). The School Council developed a School Improvement Plan that featured a focus upon English/Language Arts and upgrading building security and technology. Essential improvements and updates for our building and grounds were also pinpointed

CLEVELAND PTA

Our PTA is an indispensable part of the Cleveland School community. All of its activities support the students and their families, as well as the school's curriculums and the teaching and learning which flow from them. Local businesses joined us as we participated in fundraising that allows us to provide field trips, cultural programs, teaching supplies, books and software for the library, and technology provisions for the computer lab. The PTA also held the Welcome Back BBQ, Monster Mash, a Math/Science Night, two Game Nights, Read Across America, two Book Fairs, an Ice Cream Social and Teacher/Staff Appreciation Luncheons. It also published and distributed to our community a calendar and directory of families. In addition to supporting several charities such as the Norwood Ecumenical Food Pantry and our servicemen and servicewomen, the PTA awarded two scholarships to former Cleveland graduates.

OLDHAM SCHOOL COUNCIL

The following people comprised the Oldham School Council: Wesley Manaday (Principal and Co-Chair); Liz Gassoway (Parent Co-Chair); Kathleen Davis, Stephen Perry, Leah Wasserman (Teachers); Rita Caulfield, Paula Fanizzi (Parents); and Jeff Robinson, Patty Griffin-Reardon, Marie Stokinger (Community Members). The School Council reviewed the School Improvement Plan's Priority Areas and Actions Steps; the MCAS Item Analyses and Focused Instruction Plan by the teachers and staff; and the budget developments for the 2008-2009 school year. Additionally, the School Council was continually informed of the Professional Development and Curriculum Planning taking place in the school community.

OLDHAM PTO

The PTO was led by Amy Campbell (President); Lisa McTeague (Vice President); Laurie Shea (Treasurer); Amy DiVincenzo (Recording Secretary); and Liz Gassoway (Corresponding Secretary). The PTO conducted many fundraising events to financially support ongoing academic and social enrichment programs. The many funded programs included the books for the Teachers as Readers Program and supplying snacks for students during the MCAS test administration. Throughout the year, the PTO also funded the following presentations: Jana Dillon and Jenn Rogala – *Author Visits*; Opera-to-Go – *An introduction to Opera*; Sumner McClain – *Presentation on Martin Luther King*; Museum of Science – *Observing Air, Light and Motion: Forces and Work*; and Sara Salerno Thomas – *Roxaboxen*, which was the official kickoff into Read Across America Week. The following leaders in the community came and read to students during lunch: Joe McDonough (Director of Buildings/Grounds); Helen Wyche (Director of Student Services); George Usevich (Principal of Norwood Senior High School); Miriam

Raphel and Marie Stokinger (retired Oldham teachers); Bartley King (Chief of Police); and John Linehan (President of the Franklin Park Zoo). The PTO also provided student gift cards to Barnes and Nobles that were awarded by a raffle drawing.

PRESCOTT SCHOOL COUNCIL

The following people comprised the Prescott School Council: Brianne Killion (Principal and Co-Chair); Sarah Sullivan (Parent and Co-Chair); Lindsey Bell, Linda Carta, Talia Stout (Teachers); Joan Briggs, Kristen Cannon (Parents); and Scott Murphy, Pat Rose (Community Representatives). The following goals were identified this year:

1. Provide educational programs and support that improves student learning and achievement; quality of teaching; and collaboration between the librarian and teaching staff.
2. Support integration of technology throughout the curriculum.
3. Provide a safe, secure, healthy environment that supports student learning.
4. Improve mathematics skills in all students.
5. Improve MCAS scores in all areas.

PRESCOTT PTO

The PTO is an integral part of the school and is committed to providing programs and activities that enrich and expand the educational, social and cultural opportunities of the children. PTO Co-Presidents, Erin Copponi and Amy Pfingston, encouraged all parents to volunteer their time and talents and to be actively involved in the Prescott community. One of the goals was to work hard to bring new ideas to the school for events. This year the Boston College Westin Observatory Seismology Project was funded through the PTO. A seismograph was installed in our school and training was provided for teachers. Throughout the year the PTO hosted the following events: Back-to-School Barbecue, Halloween Party and Holiday Supper; Game Nights and Movie Nights; and a Bike-A-Thon on the last day of school. Lastly, a sampling of other PTO activities are: monthly publication of the Prescott Press; publication of the Prescott Web Page; seasonal video publication for the local cable channel – *Prescott Press Live*; PTO meetings; Book Fair; School Store/Holiday Store; two Prescott Graduate Awards; 5th Grade Yearbook and Musical, playground supervision and clerical help; financial assistance to the staff; enrichment programs and support for technology projects; buses for field trips; purchasing library books, videos and DVDs; supporting community projects; and Teacher/Parent Appreciation Luncheons.

ELL PROGRAM

The ELL Program serviced 141 students who spoke many different languages from Albania, Brazil, Cape Verde, China, Columbia, Dominican Republic, Egypt, El Salvador, Germany, Greece, Haiti, Honduras, India, Korea, Lebanon, Nigeria, Portugal, Puerto Rico, Romania, Russia, Syria, Taiwan, Turkey, Uganda, Venezuela and Vietnam. Upon entry to the Norwood Public Schools, the ELL staff addresses the students' language abilities. After testing is completed, English support services are scheduled according to each student's need. Pullout and inclusion services are provided on an ongoing basis through ELL and classroom support. Every ELL class focuses on increasing vocabulary, rhyming ability, reading and writing skills and supporting classroom subjects.

LIBRARY

This was another productive year in the libraries and children continue to be enthusiastic users of the library with an average circulation of approximately 500 books each week. It is the mission of the Norwood Public Schools Library Media Program to foster the development of

ELEMENTARY SCHOOLS

skills, strategies and proficiencies that enable students to become lifelong, independent learners. It is also the responsibility of the Program to provide the services and resources that will meet this important objective. The Elementary School Libraries Website is up and running and allows students, teachers and families to access relevant and appropriate categorized websites, electronic databases, award-winning children's literature and information and resources specific to each elementary school library. As usual, the PTO/PTA's were very active in raising money to purchase new books to help students become enthusiastic and habitual independent readers.

TECHNOLOGY

Technology is used in all areas of the curriculum at the Elementary Schools. Students use the Internet for research in their classrooms and library. Curriculum software is used for Reading, Math and Social Studies; and students produce art, reports, projects and PowerPoint presentations using technology. Lessons are taught using projectors connected to Smart Boards and computers so the entire class is able to see using a large screen.

READING PROGRAM & TITLE ONE

The Reading Specialist and Title I teachers worked within each classroom to offer reading modifications to those students who need the extra support for the regular classroom curriculum during the scheduled reading time to improve reading, writing, listening and speaking. They also used a small group model for those students who needed additional help aside from the regular classroom curriculum, as well as other individualized programs, as necessary. The Specialist and Title I teachers helped to administer many assessments and all testing results were graphed and presented to the classroom teachers to help further their instruction for their students. The classroom teachers used individual assessments to better understand the needs of each student; evaluated the student's strengths and weaknesses; and provided classroom modifications. In addition, there were many additional activities arranged by the Reading Specialist and Title I teachers in each school to increase family participation and make reading enjoyable so our students strive to become proficient readers and writers.

STUDENT SUPPORT TEAM

The Student Support Team (SST) is a general education resource available to meet with classroom teachers to discuss ways to help children who are experiencing difficulty achieving success. The team consists of a classroom teacher, Reading Specialist, Adjustment Counselor, Learning Center/Resource Room teacher and Principal. The SST provides an alternative for teachers, other than the SPED referral process, for obtaining input from colleagues on ways to help children achieve success.

LEARNING CENTER

The Learning Center teacher is a member of the SPED Evaluation TEAM and the SST and is responsible for academic support and testing, interpretation of test results and development of Individual Educational Plans (IEPs). Students are supported in a variety of ways including one-on-one, small group, and/or inclusion settings depending upon their individual needs. Students may need modification of classroom materials; extra time to complete class work; repetition of material with several demonstrations; special visual reinforcements; need to take tests in a separate setting; or need tasks broken down into more manageable steps. Students who are assigned to the Learning Center take evaluative tests such as the MCAS in small groups in the Center. The Center is also a resource for teachers, assisting with modifications and teaching strategies that

are appropriate in the classroom. The teacher evaluates students who are referred for special services and participates in Kindergarten screening.

RESOURCE ROOM

The Resource Room services children who have a wide variety of needs and meet the criteria for SPED services with disabilities ranging from autism, communication, neurological disability, mild to severe specific learning disabilities and behavioral/emotional issues. The TEAM meets annually to discuss whether the child is making effective progress with this support. Children are serviced in the Resource Room according to the service delivery that is written into their IEP that requires small group instruction and/or one-on-one assistance and instruction in one or more academic areas. It is also available for students to take tests and complete unfinished work. The Resource Room teacher collaborates with the classroom teacher to provide instruction and work on the grade level curriculum, provide modifications and accommodations within the classroom and to include the student in the classroom routine.

COOPERATIVE CLASSROOM

In each Cooperative Classroom, a regular and Special Education teacher work together to meet the various needs of students, and lessons and activities are modified and planned collaboratively. Therapies and related services are provided both in and out of the classroom and students benefit from having two full-time teachers in their classroom that allows for more hands-on activities; differentiated instruction; and one-on-one attention for all students.

PRAGMATIC LEARNING CENTER (PLC)

The PLC at the Cleveland School exists for students who require additional support with social pragmatic skills or behavior. Accommodations and/or modifications to the academic program are individually tailored, as needed. Students attend their grade level classroom, visit the PLC as needed, participate in a 45 minute social group daily with peers, and receive direct instruction in social skills by the Speech/Language Pathologist.

PRACTICAL APPLICATION OF CURRICULUM AND SKILLS PROGRAM (PACS)

The PACS classroom at the Willett Early Childhood Center, Prescott Elementary, Middle and Senior High Schools, provides students with a substantially separate classroom option for their major academic subjects. Tailored to individual student needs, most students require maximum modification to the curriculum with an emphasis on practical, functional and vocational skills acquisition. Occupational, Physical and Speech/Language Therapies are infused into the program per each student's IEP.

SCHOOL ADJUSTMENT COUNSELOR

The Adjustment Counselor services students who have emotional problems, social issues or exhibit behavior problems in school. Classroom teachers, who are in a position to recognize symptoms of emotional upset, unusual behavior or poor social adjustments, usually refer these students. The Counselor meets with students individually or in a group setting on a regular basis; is in regular contact with parents and teachers regarding concerns they may have; and will provide individualized behavior plans, as needed. The Counselor is part of the SPED Evaluation Team and meets with parents of incoming Kindergarteners sharing information about the screening process and helps parents prepare their child for Kindergarten.

SPEECH/LANGUAGE PROGRAM

The Speech/Language Program provides supportive services to children individually or in small groups, depending on the child's need. The responsibilities of the Speech Therapist include participation on the SST as well as performing recommended speech and language evaluations; and a formal report with test results, observations and recommendations is written and presented at the evaluation meetings. The Therapist also works closely with teachers, parents and other specialists to coordinate programs suited to the individual needs of a given student and is part of a team that provides a screening process annually for students entering Kindergarten.

ADAPTIVE PHYSICAL EDUCATION

The Adaptive Physical Education program coincides with the regular Physical Education Program and offers students a chance to improve their gross motor skills. They also learn the rules and regulations of games that will be part of the Physical Education Program.

HEALTH/PHYSICAL EDUCATION

The Health/Physical Education Department starts the year off with a Cooperative Games Unit that allows students to get to know their classmates early in the year and encourages each student to work together as a group to be successful. Another topic was interdisciplinary activities, such as Jump Rope, that promoted adding and multiplication skills. In the Health Department, the DARE Program continues to add a positive dimension to our curriculum. Officer Giacoppo does a wonderful job supplementing topics in our Drug Education, Mental Health and Safety Units. In addition, an Internet Safety lesson was presented to the 5th graders at all the elementary schools. The Annual 5th Grade Physical Education Day was again a huge success and students enjoyed a wonderful day interacting with students from other schools participating in relay races, kickball, soccer and tug-of-war. The sportsmanship and cooperation of all the 5th graders was evident throughout the day.

HEALTH AND SAFETY

Students participated in the following programs throughout the year: Grades 1-5 in the *Reach Out to Schools: A Social Competency Program* that enables teachers and students to better understand themselves and their peers, develop self-esteem and learn strategies for resolving conflicts peacefully. Grades K-5 in the Norwood Police Program "*Adopt A Cop*" to help students realize police officers are their friends and are there to help when needed; and Safety Officer Giacoppo spoke to Grades K-1 about *Halloween Safety* and Grade 5 about the *Say No To Drugs Program*. Fire Safety Officer Faye McDonough presented and actively engaged Grades K-5 in a *Fire Awareness Safety Program*. The American Red Cross presented a *Safe on my Own Program* to Grades 3-5.

MUSIC PROGRAM

The Music Program offers all students many enriching musical experiences that meets all state and national standards emphasizing basic musical elements such as rhythm, melody, harmony, tone, expression, composition and dance movement. All students partake in general music classes taught by a music specialist. Classes meet once a week in Kindergarten and twice a week in Grades 1-5. In Grade 3, all students begin their instrumental experiences by playing the recorder and are also given the opportunity to begin violin lessons. Instruction for band and orchestra instruments is offered in the 4th Grade and continued in 5th Grade. In addition, all 5th graders have the opportunity to audition for Honor Band, Honor Orchestra and Honor Chorus.

ART PROGRAM

The Art Program consists of five basic units of study; drawing, painting, sculpture, printmaking and design. The focus of the Program is to develop the criteria and creative thinking skills of students in a developmentally appropriate curriculum. Students develop fine motor skills as they experiment and begin to master various techniques. These abilities expand and strengthen knowledge needed as they spiral from Kindergarten through Grade 12. Through studying different artists, cultures and artistic traditions, students engage in higher order thinking skills as well as apply their learning to creative situations. All lessons are aligned with the Massachusetts State Standards.

CONCLUSION

In conclusion, we would like to express our appreciation to the Norwood School Committee, Central Office Administrators, staff, secretaries, cafeteria workers and custodians. We would also like to extend our sincere thanks to our PTO/PTA Board Members for all their hard work throughout the year to help ensure another successful year. Once again, parents and teachers have worked in collaboration to enhance the education of our students by working on the School Council's School Improvement Plan, PTO/PTA goals and other initiatives during the school year.

Respectfully submitted,

John W. Conklin, Balch School Principal
Robert M. Griffin, Callahan School Principal
Robert J. Fitzpatrick, Cleveland School Principal
Wesley P. Manaday, Oldham School Principal
Brianne M. Killion, Prescott School Principal

WILLETT EARLY CHILDHOOD CENTER

GEORGE F. WILLETT EARLY CHILDHOOD CENTER 2006-2007 ANNUAL REPORT

The Willett Early Childhood Center is a unique school that houses programs for Norwood's youngest students. The Integrated Preschool Program consists of four classrooms for three and four year old children, while the Full Day Kindergarten Program services five-year-old students. Our Early Childhood Center also includes a Multi-Age Primary Skills Classroom for students whose educational issues are best addressed in a smaller classroom setting.

INTEGRATED PRE-SCHOOL PROGRAM

The Integrated Preschool is a developmentally appropriate, language-based program that serves children with special needs and typically developing peer role models. This is a tuition-based program for those students who do not have special education issues. In September 2006 there were four (4) Preschool classrooms. Students were enrolled in a two (2) or three (3) half-day program, or an extended day, five (5) hour program. In these classrooms, a certified special education teacher leads each room, assisted by a highly qualified paraprofessional and an assistant. During the school year, 105 students were enrolled in our program. In November of 2006, we held an Open House to give parents the opportunity to learn more about this program. A public lottery took place at the end of November, at which time typically developing peer role models were selected for classes to start in September 2007. This lottery system insures all applicants will have an equal chance for enrollment into the program. Throughout the year, the Willett staff conducted screenings of preschool aged children about whom parents expressed concerns. These screenings, required by law, continue to take place the first Wednesday of each month, throughout the school year.

FULL-DAY KINDERGARTEN PROGRAM

We welcomed 243 students in September 2006. Most students traveled to the Willett on school buses from the neighborhood elementary schools. An instructional aide from the Kindergarten Program accompanied the children on each bus. A certified teacher and an instructional aide staffed each of the ten (10) full-day classrooms. Two (2) Cooperative Classrooms were co-taught by a regular education teacher and a certified special education teacher. The program provided students with five (5) hours of developmentally appropriate, center-based learning and was inclusive for students with special needs who were taught in classrooms alongside their peers. The longer day allowed children more time to explore, practice and develop skills that will help them become successful learners. Students ate lunch in the cafeteria and had the choice to buy a hot or cold school lunch or bring lunch from home.

Two exciting transitioning activities took place in June. Our kindergarten students visited their 1st grade schools during the school day, accompanied by our teachers. Building Principals welcomed the soon to be 1st graders and hosted tours of their buildings. Early in June, we also welcomed next years' kindergarten students during "Welcome to the Willett Day". With funding from the Quality Full Day Kindergarten Grant, incoming Kindergarten students and their parents were given a tour of the building, and visited a school bus to learn more about the bus ride to school and safe bus riding behaviors. Children were given a book, The Night Before Kindergarten, as a reminder of their visit.

HEALTH

Our school nurse, Mrs. Joanne Ryan, provided a variety of nursing services to Willett students. Upon entrance into school, all students were checked for necessary immunizations and physicals and Individualized Health Care Plans were developed, when appropriate. During the school year, the student's hearing and vision was screened and parents were referred to PCPs, if needed. Mrs. Ryan visited each kindergarten class educating our students and families about the importance of healthy foods. The nurse also turned her office into a classroom, where students learned proper hand washing techniques, and infection control. Mrs. Ryan provided care for students with a variety of health issues and also supported students with allergies using an Allergy Action Plan based on the Food Allergy and Anaphylaxis Network protocol. This protocol set standards for cafeteria and classroom awareness of food allergies. In January, a dental hygienist visited each kindergarten, to help children understand the importance of good dental health.

SPEECH/LANGUAGE PATHOLOGISTS

Services were provided to students with a variety of delays in the areas of speech production, receptive and expressive language, pragmatic language and hearing impairments, and were provided primarily in an inclusion setting, with some children receiving additional pullout support. The goal of therapy is to help students further develop their speech and language skills while enabling them to access preschool and kindergarten curriculums.

OCCUPATIONAL THERAPISTS

Services varied according to the individual student's needs, grade level and the explicit goals developed to enhance classroom and academic performance. In addition to direct service, inclusion-based services are provided in the classroom to address sensory processing and motor planning, behavioral self-regulation, pre-writing skills, fine motor and visual motor integration skills. Occupational Therapists also consult with our classroom teachers to enhance the development of all our students.

PHYSICAL THERAPISTS

Physical therapy services were provided to students with identified needs in this area. The goal of this program is to assist the student's development in strength, endurance and stability.

LIBRARY

The library continued to grow this year. Once again, we received a grant from Dedham Institute for Savings, which was used to add additional new books and videos to the library. The kindergarten classes had a scheduled 30 (thirty) minute library visit each week where they enjoyed many different kinds of books. They also learned about the care of books, the arrangement of the library, the different parts of the book, and the different genres. Kindergarten children selected a book each week to take home and share with their families. Time was also spent during class sharing books with the goal of having children recommend books to each other. Preschool teachers also had opportunities throughout the year to introduce their classes to the library during class hours.

SCHOOL COUNCIL

The following people served on the School Council: Ginny Ceruti (Principal and Co-Chair); Maria Malouf (Parent and Co-Chair); Kathy Keady and Nancy Wladkowski (Parents); Patricia Doucette, Lynne Doherty, Christina Jenkins and Colleen Rau Angelico (Teachers); and Jean Babel (Member-at-Large). The School Council cited the following goals for our School Improvement Plan.

BLUE HILLS REGIONAL DISTRICT SCHOOL

1. Continued improvement in literacy instruction at the preschool and kindergarten levels.
2. Continued improvement in mathematics instruction at preschool and kindergarten levels.
3. Continued working towards NAEYC accreditation for kindergarten; re-accreditation for the Integrated Preschool Program, as required by the CPC and Full Day Kindergarten Grants.
4. Continued development and support of programs that create and support an inclusive and accepting school environment.
5. Continued evaluation and improvement of safety procedures.
6. Address building repairs and enhancements.

The Willett Early Childhood Center received a \$500 grant from the Mobil Corporation. We gratefully accepted these funds, which were used to build an enclosure for storing preschool car seats.

PTO

The parents of the PTO continued to support our students and staff through a variety of wonderful programs. Celeste Murphy and Tammy Odrschel served as Co-Presidents. During the year, PTO meetings informed parents about nutrition, the Kindergarten Progress Report and "Young Children as Writers" program. In addition, the PTO sponsored the Scholastic Book Fair, Tanglewood Marionettes, "Johnny the K", Craft Night For Children, Family Movie Night and the Third Annual "Eighteen Holes Around the Willett." In December, the PTO sponsored The Willett Character Breakfast. As a result of these fundraisers, a new playground was built at the rear of the school, during the summer of 2007. The Willett PTO is committed to helping us create a welcoming, inclusive learning environment for Norwood's youngest students.

SCHOOL/COMMUNITY OUTREACH

Again this year, the Willett community took part in a food drive in November asking families to bring in food products that were donated to the Ecumenical Food Pantry.

CONCLUSION

The Willett Early Childhood Center is indeed 'a great place to grow'. Children in our preschool learn and practice skills, socialize, and play with classmates in a welcoming and nurturing environment. Kindergarten students leave the Willett with skills they will need to become successful in 1st grade. Once again, I would like to thank the Norwood School Committee, the Central Office Administration, and the other Building Principals for their support, encouragement and guidance. I am also grateful to the staff for their sincere dedication and commitment to the children of Norwood. Finally, I extend sincere and heartfelt thanks to the Willett School Council, PTO and parents for their enthusiasm and hard work throughout the year.

Respectfully submitted,

Virginia R. Ceruti, Principal

BLUE HILLS REGIONAL TECHNICAL SCHOOL ARTICLE FOR ANNUAL TOWN REPORT

The Blue Hills Regional District School Committee is pleased to submit its Annual Report to the residents of the Town of Norwood.

Blue Hills Vocational Technical School continues to provide quality vocational instruction and postgraduate training to ninth through twelfth grade students and residents of the nine district towns of Avon, Braintree, Canton, Dedham, Holbrook, Milton, Norwood, Randolph, and Westwood.

William T. Buckley, the Holbrook representative, served as Chairman of the Blue Hills Regional District School Committee for the 2006-07 school year. Milton Representative Festus Joyce was elected chairman in June 2007. Kevin L. Connolly serves as the Norwood representative. The public is invited to attend Committee meetings which are held on the first and third Tuesday of each month at 7:30 p.m. in Room 207A (the William T. Buckley Room) at the school at 800 Randolph St., Canton. The following members comprised the 2006-2007/2007-2008 District School Committee:

AVON: Francis J. Fistori

BRAINTREE: Matthew T. Diggin resigned in October. Robert P. Kimball was appointed to finish Mr. Diggin's term by the Braintree Board of Selectmen and the Braintree School Committee.

CANTON: Aidan G. Maguire, Jr.

DEDHAM: Joseph A. Pascarella

HOLBROOK: William T. Buckley

MILTON: Festus Joyce

NORWOOD: Kevin L. Connolly

RANDOLPH: Richard Riman

WESTWOOD: Alan L. Butters

Blue Hills Regional offers a variety of academic and vocational courses at the high school, post-secondary and continuing education levels for district residents and others. The scope of its educational services includes partnerships with businesses and industries, and placement into post-secondary and apprenticeship programs for residents of all Blue Hills Regional School District towns including Norwood.

Late in 2004, Gov. Mitt Romney announced the inception of the John and Abigail Adams Scholarships, which are given to high school students in recognition of their outstanding MCAS scores. The scholarships entitle the recipients to four years of free tuition at any University of Massachusetts campus or any participating state or community college in Massachusetts. Three out of 34 Adams Scholars from the Class of 2007 at Blue Hills Regional were from Norwood.

A three-person team from NEASC (the New England Association of Schools and Colleges) visited Blue Hills Regional from April 23-26, 2007, to make their five-year follow-up inspection of the school. In November, the Commission on Technical and Career Institutions (CTCI) of NEASC voted to continue accreditation of Blue Hills Regional.

Sixty-five Blue Hills Regional students participated in the SkillsUSA Central District Competition on Thursday, March 1 at Diman Regional Technical School in Fall River. Ten Blue Hills Regional students won medals, two from Norwood. These medalists were Ashleigh Eysie, Bronze in Cosmetology over 500 hours, and Blake Flavin, Gold in Nail Care.

BLUE HILLS REGIONAL DISTRICT SCHOOL

The 21st Annual National Honor Society (NHS) Induction was held on March 1. Twelve new members were welcomed, and 17 second- and third-year members participated in the ceremony as well. Returning members included Beau Cormier and Deanna Finlayson, both of Norwood.

The school held its annual Open House on Wednesday, Nov. 28, 2007. Approximately 1,200 prospective students, their families, and members of the public attended this highly successful event.

Seventeen juniors in the Health Occupations Program earned their certified nursing assistant credentials on June 6. All were required to complete 75 hours of classroom and clinical instruction, as well as pass an advanced nursing class with a grade of 75 or better.

Deanna Finlayson of Norwood, who is studying Design and Visual Communications, had a design she created chosen to be on the cover of a pamphlet distributed at the annual Massachusetts Vocational Association convention in March 2007 at the Sheraton Four Points in Hyannis.

Four seniors at Blue Hills Regional studying Culinary Arts won scholarships from the Careers in Culinary Arts Program (C-CAP), which is affiliated with the Anthony Spinazzola Foundation. The total amount of their awards was \$93,500. The scholarship recipients included Devin Shenkar of Norwood, who received a half tuition scholarship for an associates degree in Culinary Arts from the New England Culinary Institute valued at \$21,500.

The Pre-Engineering Program successfully entered its fourth year at Blue Hills Regional and earned national certification from Project Lead the Way, which supplies the curriculum. A two-person team that visited the school lauded the Blue Hills program, noting, "This school has the potential to become one of the strongest PLTW schools in the [national] network." This rigorous college preparatory program can earn students college credit. Students develop an understanding of engineering, engineering technology and its high-demand career opportunities. They learn engineering problem solving skills and advanced hands-on project based engineering models and designs, using the latest computer software and equipment.

For the second consecutive year, Blue Hills Regional earned the Walter Markham Memorial Award for athletic excellence among vocational schools in Massachusetts.

Blue Hills Regional administers the Norwood Adult English for Speakers of Other Languages (ESOL) program and the Adult Basic Education (ABE)/GED program. Both have met key benchmarks set by the Massachusetts Department of Education (DOE) that measure student attendance, performance, gains and goals. Program Director Ellen Borgenicht, noted that both programs ranked in the top ten percent of approximately 100 statewide programs for fiscal year 07.

Blue Hills Regional also administers the Practical Nursing Program, a full-time post-graduate program of study offered on a tuition and fee basis. Practical Nursing students are prepared upon graduation to take the NCLEX-PN (National Council Licensure Examination for Practical Nursing) through the State Board of Registration in Nursing.

As of October 1, 2007, total enrollment in the high school was 851 students; of those, 56 students were from Norwood.

As part of their training, Blue Hills students offer services relating to their studies, at below market prices, to non-profit agencies and to district residents as noted below:

Students in Cosmetology offer a full range of services for hair, skin and nails by appointment.

Full-course lunches prepared by students are served to the public on weekdays during the school year in the Blue Hills Regional restaurant, the Chateau de Bleu. Bakery goods are available for purchase, and the facility can also be used for civic group meetings.

The Auto Body and Auto Repair students complete automotive projects for member towns and community residents on a departmental- approved appointment basis.

The Early Education Program includes operating a preschool program for youngsters who are two years nine months old to kindergarten entrance age. This program is accredited by the National Association for the Education of Young Children.

Each year, Blue Hills Construction Technology and Electrical students build a house or one or more major home additions. The two most recently completed projects were major home additions located at 417 Greenlodge Street in Dedham and 56 Crestwood Circle in Norwood.

Respectfully submitted,
Kevin L. Connolly
Norwood Representative
December 31, 2007

POLICE DEPARTMENT

2007 ANNUAL REPORT OF THE POLICE DEPARTMENT

The following is the Police Department's Annual Report for Calendar year 2007.

This was a busy year for the Department. Overall, the Department recorded 26,627 calls for police services.

During the year, the Department issued 5,626 citations for motor vehicle violations, investigated 573 motor vehicle accidents, filed 3,009 criminal complaints and made 1,102 arrests.

As for new personnel, two officers- Gregory Hayes and Matthew O'Brien- were appointed to fill patrol officer positions, and Lisa Rinn was hired to fill a dispatcher position.

Several promotions were made during the year as well. Sgt. Peter Kelly was promoted to Lieutenant; Det. Peter Cuuran was promoted to Sergeant, and Off. Clifford Brown was promoted to Detective.

The Department is also very proud and honored to have Officer. Joseph Reen back among our ranks following his service over the past year with the U.S. Army in Iraq.

Along with the filing of this report, I want to take this opportunity to thank the Town's elected officials, Town employees, and the people of Norwood who, over the past years, provided assistance and support to the Department.

Respectfully,

BARTLEY E.KING, JR.

Canines Claimed:	64

Dog Bites: 15

Quarantines for wounds Of unknown origin: 23

Total Fees Collected for FY 2007: \$4,566.00

POLICE DEPARTMENT

IN RETIREMENT - Joseph Flaherty

Officer Joseph Flaherty retired on March 16, 2007, after almost thirty-one years of service with the Department. Joe began his career as a police officer in Medfield. On July 16, 1976, Joe transferred to Norwood and began serving a long with his father, Joe Flaherty Sr., who was a detective with the Department at the time. Joe later went on to serve with the Department's Motorcycle Unit. During the final years of his career, he served in both Operations and Administration.

Joe's service with the Department was at times extraordinary and always exemplary.

All of us in the Department thank Joe for his friendship, guidance, and commitment to the public safety needs of Norwood. We wish him and his family good health and happiness during his retirement years.

IN RETIREMENT - Lt. James Pepin

Lt. James Pepin (Jim) retired on March 29, 2007, after more than thirty years of service with the Department. Jim began his career with the Department as a patrol officer on February 9, 1977. He later advanced to sergeant and then was quickly promoted to lieutenant on July 22, 1984.

During his career, Jim served in many supervisory and command positions. At the end of his career, he served as the Department's Executive Officer. Jim will always be remembered as a loyal and methodical leader.

All the members of the Department thank Jim for his many years of leadership, friendship, and commitment to the public safety needs of Norwood.

We wish Jim and his family good health and happiness during his retirement years.

IN MEMORIAM - Officer Peter Borroni

Officer Peter Borroni (Peter) passed away on April 5, 2007. Peter retired on January 21, 2006, after thirty-two years of service with the Department.

Peter is best remembered as being thoughtful, caring, and good-natured. He always reached out to people, and tried to make them happy. Peter will always be remembered as a good cop and a great person.

The men and women of the Police Department extend their sympathies to Peter Borroni's family.

IN MEMORIAM - Frederick Quattrucci, Ret.

Officer Frederick Quattrucci, Ret. (Fred) passed away on May 24, 2007. Fred retired on August 15, 1981.

Fred is best remembered as being carefree, affable, and generous to those in need. He was the first to step up to make a donation or lend a hand to someone in need.

The men and women of the Police Department extend their sympathies to Fred's family

IN MEMORIAM - Albert M. Bishop, Ret.

Officer Albert M Bishop, Ret. (Al or Abe) passed away on August 28, 2007. Al retired on March 31, 1985, after a career with the Police Department that spanned over thirty-eight years.

Al is best remembered as the Police Department's Chief Clerk. Back in Al's day, all records were typed and hand-filed. Al did it all and did it extremely well, without the benefit of computers.

Al also had the good fortune to see his son, Off. Paul A. Bishop, serve with him for several years before his retirement.

The men and women of the Police Department extend their sympathies to Al Bishop's family.

IN MEMORIAM - Dispatcher James Czehowski

Dispatcher James Czehowski (Jim) passed away on December 19, 2007. Jim was only twenty-seven years old.

Jim's dream in life, since childhood, was to be a cop. Unfortunately, Jim's health prevented him from ever fulfilling that dream. So Jim did the next best thing- on August 8, 2005, he became a police dispatcher. Jim was admired by all of us who came to know him for his enthusiasm, courage, and genuine friendship.

Jim's memory will forever remain in the hearts and souls of all of us.

The men and women of the Police Department extend their sympathies to Jim Czehowski's family.

FIRE DEPARTMENT

2007 ANNUAL REPORT OF THE FIRE – RESCUE - EMS DEPARTMENT

I hereby submit the Annual Report of the Fire Department for the year 2007. The Firefighters, Officers and Chief of the Department would like to thank the Board of Selectmen, Finance Commission, Town Meeting Members and the Residents of Norwood for their continued support of the Fire Department during 2007. I would also like to express the Fire Department's appreciation of the General Manager's Office and various Town Departments for their assistance and cooperation in completing our mission. The Town's Advanced Life Support (ALS) Service has developed nicely since its inception in FY07. The Department's Quality Assurance/Quality Improvement Program has resulted in significant improvement in Patient care. The Town's Emergency Medical Service and the new ALS Program has met or exceeded all final recommendations and goals set by the Town's Advanced Life Support Committee and those outlined in the Consultant's Analysis.

SIGNIFICANT DEPARTMENTAL EVENTS

2007 was once again a very active year in general for the Department, with several larger fires occurring and many important projects underway. Departmental committees have continued to complete many projects for the betterment of the Department in the areas of Communications, Equipment, Apparatus, Public Education, Media Relations, Record Keeping and Computer Management, Building Maintenance, EMS, Fire Investigation, Dispatch Policies, Emergency Management, Ice/Water Rescue Technician and the Mass Decontamination Unit. The Department continued to be involved with, and assist in, many Community Events throughout Town. Those members assigned these duties are once again commended for their dedication and hard work during the past year to assure we meet the needs of the department and the citizens we serve.

We are happy to announce that again, there were no fire deaths in Norwood during 2007. Our Fire Prevention Office has continued Education and Enforcement of the Commonwealth's General Laws with regard to Fire Safety and Inspection Programs. We also attribute this, in large part, to our local Public Education Program and Public Information Announcements done by our Public Information Officer (PIO).

On September 6th and 7th members of the Department attended the funerals for Firefighters Cahill and Payne of the Boston Fire Department who were killed in the Line of Duty. Twenty-three members attended on Thursday and twenty members attended on Friday. The Department's Color Guard also attended both days. The Department wants to thank Lenny Sansone whom once again was able to provide transportation for the members of the Department to these funerals. Our thoughts and prayers are with the Cahill and Payne families and the members of the Boston Fire Department over their loss.

On Tuesday, September 11, 2007, twenty-one members of the Department participated in the unveiling and dedication of the new Firefighters Memorial at the State House in Boston. This was a special night for the McDonough and Gover families as each has a dedication brick on the Memorial surrounding the statue. The Department Color Guard also participated in this event. Again, we want to thank Lenny Sansone who provided transportation for us to this event.

GRANTS

The Department has completed the acquisition, installation and training on the Department's First Computer Aided Dispatch (CAD) and Mobile Data System. Also, the Department has completed the replacement of our Emergency Communications Radio Network, including Mobile Radios, Base Stations and Repeaters. All of this is the result of a 2006 Department of Homeland Security Assistance to Firefighters Grant in the amount of \$213,997. As a condition of acceptance the Town contributed 10% of the grant total (\$21,399) as it's only cost for this project. The CAD is directly linked to the Commonwealth's 911 system; as soon as a 911 call is received our Dispatchers can see the location of the caller on an electronic Map. Since this system is fully 911 phase 2 compliant our dispatchers and on duty fire/rescue personnel can also see the location of cell callers. The CAD System utilizes real time vehicle tracking via GPS to allow our Dispatchers and Command personnel to assign the closest appropriate apparatus to an emergency location. This system was installed and set up with the essential assistance of the Town's IT Department. The Town Engineering Department provided all the Electronic Mapping and other GIS Information that also was essential to the operation of this new system. Other Town employees also assisted in various ways and we thank each of them for their contribution to this projects success. This award has allowed the Department to accomplish long delayed goals with minimal funding by the Town's Taxpayers.

PERSONNEL

In early 2007 we were able to fill three Paramedic vacancies through the assistance of Civil Service. The three new Paramedics are:
Wojciech Latawiec Benjamin Coven George Bent

Additionally three of the Departments Firefighter/EMTs completed training to become Paramedics. The following two individuals:
Paul Ronco Dennis Mawn

Were certified as Paramedics at the end of 2007. Further, Firefighter/EMT Gerry Mahoney will complete his Certification in Early 2008. With these additions to the ALS program the Department has only one paramedic vacancy remaining, which we expect to fill in early 2008, giving the Department a full complement of 16 Paramedics more than a year ahead of schedule and under budget. On September 18, 2007 Firefighter/Paramedic Mike Downing was named to replace Retired Firefighter/Paramedic Jack Drinkwater as the Town's Advanced Life Support Coordinator. He is charged with maintaining and improving our ALS Program, including all training and continuing education for the Paramedics. Our intent is always to deliver the highest quality pre-hospital care possible.

On November 7, 2007 the Firefighter of the Year Awards Ceremony was held at Fanueil Hall in Boston. Firefighter Gerald Mahoney was one of 4 firefighters in Massachusetts to receive the first ever Patriot's Award Medal for his Heroic efforts in saving a life during his tour of duty in Iraq. I was honored to be able to nominate Gerry for this medal and have him chosen. Deputy Chief Maggio attended the Ceremony as the Department's Representative to see Gerry receive this award from Governor Deval Patrick.

EQUIPMENT

In May of 2007 the Department replaced Squad-2; a 35 year old 4x4 Brush Unit with a new 2007 4x4 All Purpose Brush Firefighting/Squad.

In October, 2007 the Department acquired a new International/Horton Ambulance that Replaced NA-2, a 10 year old Freightliner/Horton Ambulance.

FIRE DEPARTMENT

In December, 2007 the Department Replaced Squad-3, a 1982 Pickup Style 4x4 Brush Unit that had been out of service for more than two years, with a new 2007 Chevy Pickup Style 4x4 Brush/Skid Firefighting Unit.

These replacements to our fleet of apparatus are a significant improvement and continue to address the Departments aging equipment. Since 2004 our Capital Replacement plan has allowed us to correct many of these deficiencies and we are thankful to the Elected Boards and Town Meeting Members for their assistance and approval.

PUBLIC SAFETY FACILITY

Many hours were spent during the year meeting with the Board of Selectmen's Police-Fire Building committee; Chaired by Selectman William Plasko, Sr. as we continued to work closely to repair a number of identified problems with the facility. At this time, I would like to recognize the members of the Committee, General Manager John Carroll, Chief Bart King and Administrative Assistance to the Chief, Paul Bishop of the Police Department and Master Mechanic/Facility Manager, Mike Waters of the Fire Department, for their many hours of dedication and hard work in correcting these issues. Special thanks to Selectman William Plasko, Sr. for his leadership and dedication with this difficult task.

I wish to thank all the personnel of the Department for their devotion and dedication to duty. To the Officers and Firefighters of Norwood's surrounding Towns, I convey our gratitude for their professional assistance given through our mutual aid agreements.

Respectfully Submitted,

Michael J. Howard, Chief
Norwood Fire Department

.....

IN RETIREMENT

John (Jack) Drinkwater

FIREFIGHTER/PARAMEDIC – ALS COORDINATOR

On June 1, 2007 Firefighter/Paramedic John (Jack) Drinkwater retired from the Fire Department. Jack was appointed to the Department on May 11, 1987. With almost 20 years of dedicated service, Jack was the first Paramedic employed by the Department and was instrumental in the development of the Town's Advanced Life Support Service. Once the ALS Program became a reality Jack was appointed as the Department's first ALS Coordinator. All of the members of this Department wish Jack good health and happiness in his retirement and thank him for a job well done.

.....

IN RETIREMENT

John F. Shea

FIREFIGHTER

On September 30, 2007 Senior Firefighter John F. Shea retired from the Fire Department. John was appointed to the Fire Department on August 22, 1977. With over 30 years of dedicated service to the Town, John's absence will surely be felt in the years ahead. All members of this Department wish John and his family good health and happiness in his retirement and congratulate him for a job well done.

DEPARTMENT OF PUBLIC WORKS

2007 ANNUAL REPORT OF THE DEPARTMENT OF PUBLIC WORKS

I herewith submit the Annual Report of 2007 of the Department of Public Works.

Again this year, our Department was involved in many construction projects in an effort to better serve the citizens of this community. Some of the issues addressed were water quality, road construction, parks, playgrounds, cemeteries, snow and ice, as well as sewer and drain problems. These are just a few of the services that are provided by this department, and we strive to perform these duties in a courteous, efficient and professional manner.

The Annual Contract for the resurfacing and reconstruction of Various Streets was awarded to the T. L. Edwards Company of Stoughton. Approximately 2.5 miles of roadways were cold planned and resurfaced in the past year.

The completed streets in 2007 are as follows:

STREET	LIMITS	LENGTH
Geraldine Drive	Entire	1430'
East Cross Street	Pleasant to Rte 1	2150'
Hill Street	Roosevelt Ave to Washington Street	1450'
Pleasant Street	Walpole Town Line to 500' beyond Sumner St	2700'
Sumner Street	Pleasant Street to Route One	2170'
Sunset Avenue	Entire	510'
Winslow Avenue	Walnut Avenue to Chapel Street	1400'
Winter Street	Westwood Town Line to Elm Street	2640'

The Biszko Corporation of Fall River was awarded the contract for this years' cleaning and lining of 6" cast iron water mains on the following streets:

Monroe Street	Rock Street	Andrews Street
Plimpton Ave	Cross Street	Pleasant Street
Savin Avenue	Johnson Court	Melville Avenue

A total of 3930 linear feet of pipe has been lined on the above streets.

Under a change order, an additional 2420 feet of 6' water main was cleaned and lined in the Heaton, Sturtevant and Pond Avenue area.

The Mario Susi and Son Corporation of Dorchester performed a number of small construction projects for the Public Works. I have listed these projects below:

- Installed 140 feet of 12" drain at Highland Cemetery
- Installed 165 feet of PVC pipe on Sumner Street
- Repaired 48 manholes or catch basins.
- Installed 2 new basins on Mylod Street.
- Replaced concrete sidewalk slabs at Norwood Hospital.
- Paved damaged roadway on Willow Street.

The Frederickson-Jones Construction Company of Walpole was awarded the contract on the removal of lead services from our roadways. Under the first contract, 78 partial and full services were completed. Under the second contract, 12 full and 2 partial services have been renewed with copper services. There are approximately 19 services remaining.

Grove Construction, Inc. of Bellingham was contracted to install 8 under drain access manholes at Meadowbrook, for the purpose of monitoring the water quality in the under drain system. This system has been identified as the major contributor of the wastewater contamination introduced to Meadowbrook. Water samples in this area are ongoing.

Waverly Landscape Company was awarded the contract for the mowing and general maintenance of the newly renovated school fields. This company was also assisted by the Department of Public Works employees. In addition to their contract, they aerated, top dressed and slice seeded the Father MacAlee's Soccer Field. They also corrected a drainage problem at the Willett Field.

The New England Sports Turf Managers Association (NESTMA) secured a grant to the Town of Norwood for labor, materials and equipment to completely reconstruct the Cleveland School upper ball field. Prior to NESTMA assuming the management of the field make over, the Public Works, Engineering and the Light Department crews did extensive clearing of brush and trees, installed a new waterline for the irrigation system, dug trenches and poured foundations, and, with the aid of the Engineering Department, installed two drainage structures and constructed a block retaining wall.

Public works crews also assisted with the week long construction project, grading, hauling fill, raking and laying sod. After the NESTMA schedule was completed, our crews continued to work on the warning track and loamed and seeded areas surrounding the field.

Our workforce, excluding the many hours put in by the Assistant Superintendent and Parks General Foreman, spent over 650 hours of labor on this worthwhile project. I would like to thank all of the Board of Directors of NESTMA for selecting the Town of Norwood as the benefactor of their grant. Also, a special thanks to all of the local contractors who freely donated their labor and equipment, and to the men of the Public Works for their tremendous effort, hard work and dedication to this project.

Public Works crews were involved in 23 snow and ice related incidents, of this number, 17 were salting and sanding operations, 5 were plowing events which required the use of private contractors and 1 was a snow removal operation.

Public Works parks crews worked on parks, playgrounds and all athletic fields throughout the growing season. All fields were mowed, trimmed, limed, and fertilized on a regular schedule.

Parks personnel planted 19 new trees at various locations, pruned trees, trimmed shrubbery and maintained flower beds throughout the town.

Parks and Highway crews assisted the Board of Health with Hazardous Waste Day which was held in May. They also participated in Recycle Day in the fall. These crews assisted the Recreation Department with the Fourth of July Parade, Norwood Day, the Haunted House and several other requests from different Town departments.

The Highway Asphalt Division used a total of 1120 tons of bituminous concrete in caring for our roadway hazards and service trenches. Two hundred feet of sidewalk was overlaid on Washington Street near the East Walpole line and approximately 60 feet of damaged sidewalk was repaired on Silver Street. This crew also installed over 1100 feet

DEPARTMENT OF PUBLIC WORKS

of bituminous berm as result of plow damage and the Town of Norwood's 50/50 berm or granite curb program.

The Highway sweeper is dispatched on a daily basis, weather permitting, during the entire year. A second sweeper is scheduled in the spring into summer, due to the heavy accumulation of sand from the winter snow and ice operations.

The Highway sign person installed 311 street and traffic control signs, some as a result of accidents and vandalism. School safety zone signs were installed as well as requests from the safety officer. All brooks were also posted. As time permitted, the crew chief repainted stop lines, crosswalks and various parking stalls at various intersections.

Public Works Highway crews continued with the regular scheduled weekly curbside pickup of leaf bags and bundled brush during the months of March, April, May, October and November. Our rubbish contractor picks up these items monthly, June thru September. Residents are also encouraged to transport their leaves and brush to our materials recycling area on Winter Street every other Saturday, starting April 5 thru November 29th.

Leaf bag sales amounted to \$5,879.00. The reason for the less than standard amount collected is due to the fact that the Department of Public Works no longer sells these bags. They may be purchased at local supermarkets, and other local stores.

The Sewer and Drain Division responded to and cleared obstructions from 189 household sewer services, and freed 11 town mains from various obstructions. Problem mains are flushed weekly and we continued with the practice of adding a bacterial treatment in mains where we experience grease build ups.

Sewer crews cleared and cleaned root obstructed mains on Deerfield Road, Neponset Street, Bond Street and Winter Street.

Sewer crews were also involved in cleaning obstructions from our culverts, clearing easements, maintaining our pumping stations and marking out services for contractors and utility companies.

Other duties of the sewer and drain crews are as follows:

Catch basins cleared	1130
Manholes rebuilt or repaired	21
Catch basins rebuilt or repaired	30
Laterals cleaned	41
Laterals dug and repaired	9
Sewers dug and repaired	4

The Public Works Water crew has the responsibility, maintenance and repair of our water system.

The Water crew replaced 31 old iron services from the main to the curb box on Savin Avenue, Melville Avenue and Sunset Avenue. Sunset Avenue has been resurfaced.

Three water leaks on the 2" main at Highland Cemetery were repaired and an additional 130 feet of 2" plastic pipe was installed replacing an old iron line. Eight upright water faucets were repaired. Our water crew also assisted private contractors with an 8" water

break at the Chateau Restaurant on Route 1. Once the line was shut off, the leak was repaired with 1 1/2 hours.

During the year, the water division was responsible for completing the following jobs:

Water Services repaired	51
Water Services replaced	31
Water Mains repaired	11
Hydrants Repaired	35
Hydrants Replaced	12
Curb boxes dug	19
New meters installed	83
Damaged meters replaced	16
Meters sealed	64
Discolored water complaints	102
Shut off for plumbers or contractors	127
Low pressure	16
Car washes	11

Also, in preparation for the winter, the water crew flagged and winterized hydrants and flushed irrigation systems.

Maximum water flow day	August 13, 2007	6.118mg
Maximum water flow week	August 12-18, 2007	31.355mg

The Norwood Water Department, in compliance with the DEP, has an ongoing backflow survey program in place and at this writing, the survey is ongoing to locate properties that require backflow systems on their water lines to insure that the public water system is protected at all times. During the year, we have tested a total of 238 backflows twice yearly, and will continue to have these systems installed for the good of the Town water supply.

The grounds at Highland Cemetery were mowed, trimmed, and fertilized in a professional manner throughout the year.

The Cemetery crew prepared and conducted 203 interments in the past year. Forty five foundations for monuments were excavated and poured. Fourteen foundations were capped and leveled.

Forty one Veteran's markers were poured and installed. Flags and markers were placed on all Veteran's graves before the Memorial Day service. Veteran's monuments were decorated and flowers planted at both Cemeteries.

There were no burials at Old Parish Cemetery, but the grounds were maintained on a regular basis.

The following is a listing of the lots or single graves sold at Highland Cemetery during 2007:

Companion (2 grave lots)	31
Garden (4 or more)	9
Single graves	7
Veteran's Lots	7

Respectfully submitted,

JOSEPH M. WELCH
Superintendent of Public Works

LIGHT DEPARTMENT

2007 ANNUAL REPORT OF THE LIGHT DEPARTMENT

I herewith submit my report as Superintendent of the Norwood Municipal Light Department for the year 2007.

Norwood's "All Requirement Contract" for our purchase power needs has extremely favorable rates to the Norwood Light Department compared to the present cost of power. In 2007 the Light Department paid 4.3 cents per kilowatt-hour (kWh), with the cost going up to 4.5 cents in 2008 and the present wholesale power costs for the utility industry are approximately 10.5 cents per kilowatt-hour (kWh). These rates allow us to sell power at extremely low prices compared to most other municipal and private suppliers of electricity in Massachusetts.

The short-term power cost projections are very uncertain but are estimated by some experts to remain in the 10 to 11cent per kWh range. The rise in the price of natural gas has been a significant reason for the increase in the cost of energy. The factors that cause this uncertainty are not just the production of the power, but the regulations that are constantly changing throughout the Northeast region. In the past year Norwood's power supplier (Northeast Utilities) has passed on a Reliability Must Run Charge that the ISO-NE has assessed to supplying utilities in our region. This charge that amounts to about 1 cent per kilowatt-hour (kWh) is for keeping the Canal Plant on the Cape operational. Norwood is disputing this charge but we have increased our rates to offset this charge and the money is being held in escrow as per our contract with our supplier until the dispute is settled. This type of unforeseen charge, coupled with future capacity charges that we will be required to pay, make our purchase power costs much harder to predict.

The FEPSNC (Future Electric Power Supply Needs Committee) has been studying different ways to reduce Norwood's risk and try to balance the risk vs. benefits of different scenarios for Power Supply in the future. This Committee has also looked at alternatives on how to handle rate shock to our retail customers when our present contract ends in 2008. The Committee decided to recommend to the Board of Light Commissioners a rate increase of approximately 10.5% that was later approved by the Board. This rate increase will allow us to set aside some money so that we will be able to gradually incorporate the increased power costs when our contract with Northeast Utilities expires. The Board of Light Commissioners has accepted the recommendation of the FEPSNC to solicit bids to supply Norwood's power supply needs for the immediate future (2009-2013). The Light Department has numerous agreements in place with suppliers that will allow us to accept bids and finalize contracts within a window of several hours. This type of arrangement is an industry standard and we expect to have some of these contracts in place in the first quarter of 2008.

The FEPSNC has been investigating the possibility of adding some generation to our purchase power as well as looking at alternative power solutions. There have been meetings with the Taunton Municipal Light Plant regarding Norwood's participation in a Generation Facility in Taunton. The Venture would be owned and operated by a Coop of participating public power entities such as Norwood Light. Additionally, there is also some interest in other municipal generation projects that are under review in Massachusetts.

The First Circuit Court of Appeals ruled that Norwood owed New England Power a Contract Termination Charge of 78 Million Dollars. The interest portion of the appeal (27 to 30 million dollars) was remanded back to FERC. On remand FERC ruled in Norwood's

favor, however New England Power has appealed that decision and we are awaiting the ruling of the First Circuit Court of Appeals.

The Town continues to see growth of its peak energy needs. From 2006 to 2007 there was approximately a 3.1% increase in kilowatt-hours (kWh) purchased but there was a surprising 4.72% decrease in peak demand that is directly related to the lack of sustained hot weather last summer.

A recent rate comparison between the Norwood Light Department and NSTAR based on August 2007 rates shows that Norwood's rates are much cheaper. A large part of this difference is due to Norwood's very favorable power contract. While usages between customers vary, it is typical to use 500 kWh to represent the average residential customer when performing comparisons. In Norwood the cost for 500 kWh is \$55.31 and in neighboring towns (served by NSTAR, such as Westwood, Canton, Walpole, and Dedham) the cost for 500 kWh is \$91.82. The following table shows the actual rate comparison between NLD and NSTAR at various levels of usage.

RESIDENTIAL RATE COMPARISON BETWEEN NORWOOD ELECTRIC AND NSTAR ELECTRIC

MONTHLY USAGE	NLD	NSTAR	Difference	% LESS THAN NSTAR
100	\$15.89	\$23.51	\$7.62	32%
250	\$30.64	\$49.12	\$18.48	38%
350	\$40.51	\$66.20	\$25.69	39%
500	\$55.31	\$91.82	\$36.51	40%
600	\$65.18	\$108.89	\$43.72	40%
700	\$75.04	\$125.97	\$50.93	40%
800	\$84.91	\$143.05	\$58.14	41%
900	\$94.77	\$160.12	\$65.35	41%
1000	\$104.64	\$177.20	\$72.56	41%
1200	\$124.37	\$211.35	\$86.98	41%
2000	\$203.31	\$347.97	\$144.66	42%
2500	\$252.64	\$433.36	\$180.72	42%
5000	\$499.30	\$860.28	\$360.98	42%

The Light Department's Conservation and Load Management Program continues to save money by reducing energy consumption and peak demand through capacitor installations, controlled residential electric water heaters, uncontrolled residential electric water heaters, commercial/industrial lighting retrofits, and residential compact fluorescent bulb giveaways.

The Norwood Light Department offers residents Cable Television, High Speed Internet Access, and Telephone service through its Broadband Division. Norwood is only one of three communities in the Commonwealth to offer this benefit to its residents. All our services are offered at competitive prices. Additionally, residents who subscribe to these services receive the superior customer service associated with the Light Department.

The Broadband division through its fiber optic network also provides telecommunication services to local businesses. Businesses are able to purchase Business Class Internet as well as conventional Cable Television and Telephone services. Typically, this level of business class Internet services is only available in metropolitan communities and this helps to make Norwood an attractive location for Corporate Headquarters.

LIGHT DEPARTMENT / PBCC

In 2007, additional channels were added to the Expanded Basic, Digital Value, and High Definition packages. Standard Internet speeds were increased and are the fastest available from any provider in Norwood. Our download speeds are 60% faster than FiOS and 33% faster than Comcast's standard packages. Telephone prices remain the lowest in town, saving many residents up to 60% from the rates previously paid to Verizon.

Late in August, the Board of Selectmen awarded a third Cable Television Franchise. This new competitor has saturated the town with aggressive marketing tactics and has managed to lure many Broadband customers away with their hyped promises. Regardless of the losses, the Broadband division remains fiscally strong and is committed as ever to provide superior customer service to its customers and to generate revenue for the town. To help assure this commitment is met, residents are strongly encouraged to sign-up with, and to stay with, Norwood Light Broadband.

I offer the following statistical data relative to the operation of the Light Department.

Respectfully submitted

Malcolm N. McDonald
Superintendent

Energy Purchased '07	369,212,988
Average cost per kwhr '07	0.11047
Increase in kwhr usage	11,461,545
Percent Growth	3.2%
Increase in Accounts	35

IN MEMORIAM ELIZABETH BROWNE

Betty began her employment with the Town of Norwood Light Department in April of 1985 as a clerk in the Billing Department. Betty worked for many years in the front business office that was often the first place that customers would come to when entering the Light Department and she would either help them herself, or direct them to the appropriate person. She was very kind and gracious with customers and fellow workers alike. During her tenure, Betty took part in many changes in the Billing Department. She participated in the computerization of the Billing Department and numerous computer upgrades throughout her 22 years. There were many upgrades and each time she vowed that that would be the last one for her. Fortunately for us it never was. Additionally, Betty was the Light Department's payroll clerk for many years and did an excellent job in that capacity. Betty's was a "Customer Service Representative" and served in that position until her untimely death in February of 2007. Betty was a friend to all of us at the Norwood Light Department and would often organize holiday gifts from the employees to various charities in Norwood. Betty was an excellent worker and a great co-worker and she is truly missed.

IN RETIREMENT ELIZABETH STARRATT

Beth retired in April of 2007 after a twelve-year career at the Norwood Light Department. When Beth first started at the Light Department she was a billing clerk responsible for electric meter billing. During her career the responsibilities within the billing department changed dramatically with the incorporation of the Light Department's Broadband Division. Beth was very much involved in the employee's role in developing a Customer Service Department that eventually incorporated the electric, broadband (cable television, internet, phone) and water billing under the same department. She was well liked by her many friends at the Norwood Light Department and we would like to wish Beth a long and healthy retirement.

2007 ANNUAL REPORT OF THE PERMANENT BUILDING CONSTRUCTION COMMITTEE

This past year the Permanent Building Construction Committee (PBCC) has been actively engaged in 2 projects and the starting phases of a 3rd project. The 1st project involved the addition of several office spaces on the third floor of the Town Hall as well as a complete revamping of the Treasurer's Office and his staff area. The 2nd project was a \$2.5 million dollar addition to the Senior Center located at the Savage Center (old Junior High North). The 3rd project is the planning and start-up phases for a new Senior High School. A Project Manager, RF Walsh and an Architect, SMMA have been hired and a Feasibility Study has been done. The State MSBA (Mass School Building Association) is in the process of undergoing a major revamping and as a result all reimbursements from the State were on hold for almost 2 years. Recently, we have heard from the State that Norwood's High School project has been favorably received. There are still several hurdles to overcome before this project is formally started.

The Human Resources department as well as several supporting people are now located on the 3rd floor of Town Hall. The Treasurer's Office was relocated to Memorial Hall during the renovation, but is now operational in its old location but with new and updated office furniture and computer capabilities. The Town Hall project is nearing completion and well within the budget.

The Senior Center project is proceeding slower than has been expected due to the fact that we hit ledge in several areas that were not anticipated. A Survey which was done prior to the start of the project did not find the ledge which we encountered. The early snow in December and other factors have resulted in an approximate 3 month delay in the project. The modifications to the old section of the Senior Center have been completed and the seniors are able to use that half of the building to hold functions and for socialization. We are hopeful that in spite of this delay in time, the project will be very close to being within budget. The current projected completion date is the end of March 2008.

The Town voted an over-ride and appropriated some \$6M in 2006, for the preliminary studies, design, plans and specifications for a new or renovated to the High School. This will be the largest single construction project that the Town of Norwood has undertaken to

PBCC / BOARD of HEALTH

date. A committee of 21 was established by Town Meeting to oversee this project and to coordinate the efforts of the School Committee, School Administration and the PBCC into a "Working Group." There have been multiple meetings of these groups as well as Town-wide participation in the meetings. A project management team, RF Walsh and an Architectural Firm SMMA were hired. A Feasibility Study has been done and has been submitted to the MSBA (Mass School Building Administration). The "Working Group" has had several meetings with the MSBA and while the outcome and reimbursement rate from the State of Mass is still a ways off, it appears that the MSBA is favorably impressed with the work done to date and that Norwood may be one of the early Towns in the state to enter into a "Feasibility Contract" with the MSBA. The PBCC has spent some \$260K through Dec 31, 2007, out of the \$6M appropriation for the work to-date. Much of the schedule for this project is dependent on the MSBA signing a "Feasibility Contract" with the Town of Norwood and for their new organization to establish guide-lines for reimbursing all the Towns within the Commonwealth who are looking for school building money. We are hopeful that the Norwood High School project will get underway in 2008

2007 ANNUAL REPORT OF THE NORWOOD BOARD OF HEALTH

Retail Markets/Liquor	8	Re-Inspections	155
Pool/Whirlpool Inspections	280		

EMERGENCY PREPAREDNESS

The Board of Health continues to participate in Public Health Emergency Preparedness Region 4B. This region's purpose is to allow for collaboration and sharing of resources and staff during emergency situations. The region continues to develop protocol and policies to respond to local, regional, statewide and national public

health emergencies. In order to enhance public health capacity the region has strengthened the Medical Reserve Corps.

The Medical Reserve Corp (MRC) consists of volunteers that attend training and could be called to assist in public health emergencies, such as a pandemic, a mass casualty event or bioterrorism. The MRC and Health Department staff participated in a regional exercise. In conjunction with Caritas Norwood Hospital the MRC exercised their response to opening an Alternative Care Site. In the event of a flu pandemic or other pandemic, the hospital will be overwhelmed with patients and could open an alternative site to take care of the mildly ill patients. The MRC members participated as both healthcare workers and as the patients. Since this was the first of its kind in Massachusetts, the exercise helped shape and change existing State and Local emergency plans. The Board of Health continues to seek out volunteers to join the MRC.

The Board of Health is constantly updating and improving current public health emergency plans to ensure the public is protected and informed during emergencies. In addition to attending trainings, the Board of Health works to strengthen the ties with health providers, public safety and regional and State agencies to better prepare ourselves for emergency situations.

NEPONSET VALLEY COMMUNITY HEALTH COALITION/ ELDER DENTAL CLINIC

The Neponset Valley Community Health Coalition (NVCHC) is a volunteer, non-profit organization that advocates for the maintenance and enhancement of affordable, accessible, quality health care for all residents within the 17 towns served by Caritas Norwood Hospital, particularly the unserved and underserved. The Coalition, in partnership with the Norfolk Adult Day Health Center, has seen great success with the elder dental program. The program puts elders lacking dental insurance in touch with dentists who agree to work at reduced rates. In addition, dental screening clinics are held for seniors to address overall oral health including: oral cancer screening, dental exams, nutrition counseling, and denture cleaning.

TOBACCO CONTROL

With a grant from the Massachusetts Tobacco Control Program (MTCP), the Health Department was able to conduct tobacco compliance checks at all tobacco retailers in 2007. The purpose of these checks is to ensure tobacco retailers do not sell to under-aged children. The Board of Health is proud to report there were no sales in all 49 tobacco retail operations in Norwood, meaning that all operations followed the correct procedure and did not sell cigarettes to the 16 year old youth buyer. According to MTCP, smoking at a younger age can cause more serious health risks. The earlier people smoke, the greater the permanent lung damage. They are also more likely to become addicted. In the past few years there has been an increase in illegal tobacco sales to minors across the Commonwealth. Stopping sales to minors is an important public health mission and our retail stores have shown they are taking the steps to protect Norwood's youth.

NEEDLE DISPOSAL PROGRAM

The Needle Disposal Program remains a success. This program is a unique opportunity for Norwood residents to dispose of syringes from residential use in an appropriate manner. Sharps containers are sold at a minimal cost, and when filled the containers are returned to the Health Department. The containers are then properly disposed of with a medical waste company.

FOOD SAFETY PROGRAM

The Board of Health continues to conduct free Food Safety Workshops twice a year in May and November. Starting this year the workshops became mandatory for all food workers who have not taken a Food Protection Management course, which is valid for five years. Every food service establishment must have at least one employee who has passed the exam in Food Protection Management. Attendance increased approximately 400%. A total of 453 food workers attended the workshops which were held in Memorial Hall in the Town Hall. Of the 453, 258 were English speaking and 195 non-English. It is imperative that food workers receive training in proper food handling procedures. The Board of Health insists on clean food stores and compliance with the complex food safety codes and regulations. The Health Department conducts frequent inspections and regulates food permit holders. Food inspections continue to focus on the high risk violations which, based on CDC and FDA data, cause almost all of the illnesses and deaths due to food-borne illnesses.

Norwood continues to draw new food enterprises which attract visitors and area workers to local businesses. The variety of establishments reflects Norwood's diverse community. There have been numerous changes in ownership of existing food businesses as well as new food facilities opening up.

The Health Department discovered several illegal food operations which were turned over to Federal and State authorities for action. Foods from illegal sources are one of the high risk factors causing people to become ill. The Department also notifies the Fire Department if fire suppression systems in restaurants are overdue for inspection or if any other fire risks are observed, such as kitchen exhausts not being cleaned regularly for grease removal.

Education in food safety is always the key factor to provide a safe place to buy or eat foods. During inspections, the Town Sanitarian provides helpful information to workers and managers to keeping foods safe for consumption. In addition to educating food workers the Department has many tools to enforce regulations. These include fines, citation warnings, administrative hearings with the Director, and appearances before the Board. A food permit may be suspended with or without notice, and also may be revoked for cause. Rights to appeal such decisions are afforded the permit holder.

SWIMMING POOL SANITATION

Public, semi-public pools, and whirlpools are regulated by the town. Residential pools are not regulated by the Board of Health. Several pool closings took place due to faulty chemicals or malfunctioning equipment. Norwood requires lifeguards during pool hours. Normally the lifeguards make the required chemical tests on the pool water. These are done four times a day and logged into an official binder. Each pool must have a Certified Pool Operator who has passed an exam which is valid for five years. The CPO oversees the lifeguards and reviews the daily logs. In addition to the safety of the swimmers, the lifeguards are reminded that many diseases can be transmitted through pools. For instance, lifeguards must ensure that swimmers take a cleansing shower before entering the pool.

HAZARDOUS WASTE/RECYCLING

The Hazardous Waste Collection/Recycling Days had more than 966 vehicles counted at both the Spring and Fall collections. Both events collected recyclable materials that are not accepted in regular trash disposal, such as electronics, scrap metal and tires. During the Spring Hazardous Waste Day, additional hazardous materials were collected such as paint thinners, oil-based paint, and drain cleaner. By bringing hazardous waste to the collection days, residents are helping keep toxic materials out of the landfills and incinerators, properly disposing of these items, keeping toxic chemicals out of the ground, water and air. Most materials are recycled and used as other commercial and industrial products.

The Board of Health received a grant from DEP for the sale of compost bins. A total of 20 bins were sold in 2007.

HEALTH COUNSELING & SCREENINGS

The main focus of the public health nursing program is health promotion and disease prevention. Health counseling and blood pressure clinics were offered at various locations in town several times a month. Evening clinics are held once a month in an effort to reach the working population. Diabetes screening was offered to non-diabetic residents to determine their risk for developing diabetes. Diet and lifestyle changes were discussed and medical referrals made if necessary. Vitamin B12 injections were given to those residents with a need and an order from their physician.

NURSING PROGRAMS AND SERVICES

A free medical equipment loan program was available to any town resident upon request. The loan closet is located at the Council on Aging office on Prospect Street.

Information and assistance regarding pharmacy programs, health insurance programs, dental services, physicians and health providers, home health care, nursing services, travel clinics, counseling services, elder services and children's services were available at the nursing office.

The Health Department has purchased and continues to promote and distribute the File of Life folders. The File of Life contains necessary medical data and attaches to the home refrigerator providing instant access to emergency personnel. The File of Life is advised for all residents, of all ages, with special medical needs or those taking medications.

The Town Hall is equipped with two Automated External Defibrillators (AED); one on the ground level and one on the first floor. New software was installed to update the AEDs to meet the most recent recommendations. Employees completed training in CPR and use of the AED.

BOARD OF HEALTH

The Coalition for a Healthy, Active Norwood was formed in response to the growing obesity epidemic. It is a collaborative effort of the Norwood Health Department, Norwood Recreation Department, Norwood Public Schools, Caritas Norwood Hospital, and Massachusetts Department of Public Health to improve nutrition and increase physical activity among all Norwood residents.

The Health Department and Norwood Skate Park Committee sponsored a reduced cost helmet program in an effort to reduce head injuries. Multi-sport bicycle helmets and Extreme helmets were available for \$5.00 at the Health Department Office. Protective pads were also available for \$5.00.

IMMUNIZATIONS

Adult immunizations were available to Norwood residents. Tetanus Diphtheria (Td), Pneumococcal (PPV23), Measles Mumps Rubella (MMR), Hepatitis B, Hepatitis A, and Varicella immunizations were offered every Tuesday afternoon. Annual Flu clinics were held in the fall and 1100 Flu shots were administered. Tetanus-Diphtheria and Acellular Pertussis (Tdap) vaccine was offered for a reduced price of \$20 to Norwood residents 18 years of age or older.

Immunization clinics for adolescents were held weekly at the Health Department. Meningococcal (meningitis) vaccine was offered for a reduced price of \$20 to Norwood graduating seniors who were going to be college freshman living in dormitories during the 2007/2008 school year.

VACCINE MANAGEMENT

The Health Department orders vaccines from the Department of Public Health, on a monthly basis, for all local physicians' offices and for Norwood Hospital. A log is maintained of all vaccines distributed, including lot numbers and expiration dates, in the event of a vaccine reaction or a recall by the manufacturer. The Health Department communicates all new vaccine information from the DPH to all local physicians' offices.

EMPLOYEE HEALTH FAIR

The Health Department participated in an Employee Health Fair located at the Civic Center. Family Disaster Plans were distributed and participants were educated on home preparedness activities. Family Disaster Plans are available to the public on the Town of Norwood website and at the Norwood Health Department.

COMMUNICABLE DISEASE CONTROL AND INVESTIGATION

Communicable disease investigations were conducted to identify sources of infection and control measures were initiated. The Health Department continued Tuberculosis (TB) prevention activities through screening and Mantoux testing high-risk populations. Tuberculosis cases and Class II tuberculosis exposure cases were monitored for compliance with clinic appointments and medication regimes.

COMMUNICABLE DISEASES

Salmonella	3
Campylobacter	5
Giardia	3
Lyme	19
Pertussis	4
Hepatitis B	9
Hepatitis C	3
Streptococcus pneumoniae, invasive	3
Aseptic Meningitis	1
Varicella	2
Invasive Streptococcus, group B	2
Invasive Streptococcus, group D	1
Ehrlichiosis	1
Clostridium perfringes	1
E. coli 0157:H7	2
Entamoeba histolytica	1
Tuberculosis	1
Shigella	1
Alpha hemolytic streptococcus	2

Total All Diseases:	64

EMPLOYEE HEALTH

As part of the Employee Health Program, Hepatitis A, Hepatitis B, and Td immunizations were offered to all at-risk emergency personnel. Mantoux (TB testing) was also available to first responders. First aid and adult immunizations were administered as needed to all employees. Blood pressure screenings and health counseling were also available.

DENTAL CLINIC

Mark Stone, DMD, Clinic Dentist
Eileen Johnson, RDH, Clinic Hygienist
Barbara Doherty, Clinic Dental Assistant

The Clinic Dentist examined all children in grades one through six in the Norwood Public Schools and St. Catherine's Parochial School. With parental approval the children needing dental care were treated at the Dental Clinic. In the school year 2006-2007 a total of 1,158 children were screened. The treatments included cleaning, plaque control, dental hygiene instruction, fillings and emergency treatments for special needs. The Dental Clinic also offered a sealant program for children in grades one through six. Sealants are a plastic resin that prevents tooth decay when applied to the chewing surface of molars. The clinic saw 248 students for cleanings, 141 children had sealants placed on their erupted permanent molars. At total of 431 teeth were sealed. Twenty-nine letters of referral were sent to parents for their children to see Dr. Stone. Four patients were actually seen in Dr. Stone's office.

EYE CLINIC

Nabeel Khudairi, OD

The Board of Health Eye Clinic was conducted by Dr. Nabeel Khudairi, O.D. at Norwood Opticians. When a student did not pass the routine vision screening conducted by the school nurse a letter of referral to the eye clinic was sent home. The following optometric services and tests were provided: distance and near visual acuity, eye muscle alignment, color vision, depth perception, peripheral vision, pupillary response, extra-ocular muscle motion and spectacle lens refraction for determining eyeglass prescription. Additional eye care testing was available for a reduced fee.

SCHOOL NURSING SERVICES ST. CATHERINE'S

Catherine Ford, MD, School Physician

Terri Abely, RN, School Nurse

Terri Abely, RN, School Nurse is responsible for the health and well-being of the students and faculty at St. Catherine's school. The School Nurse provides first aid to students and faculty, performs health screenings and maintains records of immunizations, medical problems and tuberculosis status. Any students with incomplete immunizations are followed up on and referred to their pediatrician or the Health Department's immunization clinic. Health records are obtained from all new entrants and reviewed. The School Nurse is also responsible for keeping up-to-date orders from the student's physicians. Physical examinations are required for students in grades 4 and 7. Those students who do not have access to a private physician may have their physical exam performed by the school physician. Screenings are performed for pediculosis, vision, hearing, weight and height. Emergency card files are kept on all students. Scoliosis screening is performed on students in grades 5-9. This is not a diagnostic service, but a program to identify young people who should have further medial evaluation. The School Nurse also participates in school staff activities and health education meetings.

IN MEMORIAM CATHLEEN M. RONCO

Cathy was raised in Westwood where she attended Ursuline Academy and St. Elizabeth's Nursing School. She later settled in Norwood where she raised her family while working as the Westwood public health nurse. In 1990, Cathy began working at the Norwood Health Department. She worked for 17 years as a

public health nurse before retiring in 2007

In addition to working as a public health nurse, Cathy was involved in numerous community groups and programs such as United Way, Salvation Army and Norwood Day Committee. She was a founding member of the Circle of Hope and the Southeast Chapter of the Massachusetts Association of Public Health Nurses. In order to assist the citizens of Norwood, she worked closely with community agencies such as the Women's Community Committee, St. Vincent de Paul Society, Masons, Ecumenical Food Pantry and Town Manager's Gift of Warmth Program.

Cathy strived to improve the lives of Norwood's residents. Whether it was ensuring someone had money to pay for a prescription or ensuring he or she had basic needs such as food, clothing or heat, Cathy assisted those in need. Many relied on her wisdom and sound advice for it was a much sought after resource in town. She was always available to her family, friends as well as the public to solve problems or to lend a friendly ear. Her kind manner and soft spoken voice was such a comfort to the many people she helped.

Not only did Cathy keep a watchful eye on the public, but she also monitored the health of her fellow town employees. She was a strong advocate for the safety of Norwood's First Responders. She educated them on communicable diseases and ensured they were protected with appropriate immunizations. Whether it was administering first aid or monitoring a blood pressure, Cathy provided care with a smile.

Cathy's love for her community was only surpassed by her love for her family and friends. Nothing was more important to her than her children and grandchildren. She was extremely proud of her four children Brian, Paul, Kevin and Amy. She was a loving grandmother who enjoyed spending her free time at the beach with her grandchildren Shawn, Colby, Chloe, Evan and Emma. The kids enjoyed stopping by Nana's office at the Town Hall for a big hug and to see her latest holiday decorations.

A loving mother, grandmother, sister and dear friend, Cathy will be greatly missed by all that knew and loved her. We will forever keep her in our hearts and carry out her wish to "be good to each other".

Respectfully Submitted,

DEPT. of VETERANS' SERVICES / COUNCIL ON AGING

2007 ANNUAL REPORT OF THE DEPARTMENT OF VETERANS' SERVICES

I respectfully submit the report of the Department of Veterans' Services for the year ending December 31, 2007.

Veterans' Benefits will increase as a result of the large number that are unemployed, prolonged illness cases, rising fuel costs, rising hospital and medical costs, along with the customary requests for financial assistance by the veterans' community.

Additionally, returning Norwood veterans of Operation Enduring Freedom in Afghanistan, and Operation Iraqi Freedom have had a substantial and significant impact in the increase of benefits granted.

For 30 years, the Department of Veterans' Services has taken applications for the fuel assistance program. This program is for the benefit of all Norwood residents who qualify. I am pleased to report that last year this program aided many families in need.

Also, we administrate a Transfare Program for the elderly and disabled. This program is provided to assist citizens with motor vehicle transportation needs.

The Department also processes parking violations. I serve as the hearings officer for parking violations. This office maintains a file of all parking tickets issued by the Police Department. All correspondence, complaints, inquiries and records of payments are handled in this office.

The monetary awards by the Veterans' Administration to veterans and their dependents in the Town of Norwood for fiscal year 2007 exceeded 3.3 million dollars. This amount will increase due to future adjudication of pending claims, and cost of living adjustments. These benefits are for compensation to dependents of veterans who died in the service or of service connected disabilities, disability pensions, disability compensations, burial awards and special equipment for automobiles for veterans with service connected disabilities, vocational rehabilitation training for the disabled, their sons, daughters, wives, or widows, education readjustment training, veterans' insurance and indemnities.

The Department of Veterans' Services composed as it is in two component parts, is operated under Chapter 115 of the General Laws of the Commonwealth as amended by Chapter 584, Acts of 1946, for the purpose of administering Veterans' Benefits and Services. All assistance cases were investigated and payments made in accordance with Chapter 115 of the General Laws, which assures the Town of Norwood seventy-five (75%) percent reimbursement from the Commonwealth of Massachusetts.

The purpose of the Department of Veterans' Services is to assist veterans and/or their dependents in procuring financial assistance, information and benefits to which they are entitled relative to vocational or other educational opportunities. Additionally, G.I. Loans, hospitalization, medical care, compensation, pensions, on-the-job and apprenticeship training, insurance, burial allowance, grave markers, photostats and other benefits granted under existing State and Federal laws.

Every request for assistance under existing regulations is invariably granted. Our primary mission is to give all veterans and their dependents the best service at all times and to administer the laws

and regulations affecting them impartially, efficiently and effectively.

There was complete cooperation with the Veterans' Administration and the various local, civic, and veterans' organizations that interest themselves in veterans' affairs and exceptional cooperation extended this department throughout the year by the State Department of Veterans' Services.

Grateful acknowledgement is made to the Honorable Board of Selectmen, the General Manager and his staff, other Town Departments and all others who have assisted the Director of Veterans' Services in the performance of his duties.

Respectfully,

Edmund W. Mulvehill, Jr.
Director of Veterans' Services

2007 ANNUAL REPORT OF THE COUNCIL ON AGING

COA Board Members

Betty Mastandrea, Chairman
Frank Malacaria, Vice Chairman
Jim Schmidt, Secretary
John Howard, Treasurer
Lois Judge, Co-Treasurer
Roberta Dunn

COA Staff

Dorothy Anne Vitale, Director
Susan Woodall, Program Director
Jane Feibelman, Outreach Worker
Ellen Ross, Senior. Van Driver
Nanci Kelleher, Program Assistant
James McCarthy, Custodian

The COA Board is appointed by the Board of Selectmen. The Board's primary responsibility is to insure that the needs of Norwood's senior population are met. The Council on Aging is charged with coordinating programs designed to meet the problems of the aging in coordination with programs of the Department of Elder Affairs. In addition, the Council on Aging identifies the total needs of the community's elderly population; educates the community and enlists support and participation of all citizens concerning these needs. The Council on Aging shall cooperate with the Commonwealth of Massachusetts, Commission on Aging and shall be cognizant of all state and federal legislation concerning funding, information exchange, and program planning which exists for better community programming for the elderly.

The year 2007 has been an exciting year. We broke ground for our new Senior Center Wing and are anxiously awaiting its opening sometime in March. This wing is 10,000 square feet of additional space and allows for many new and exciting programs. We will be offering a fitness center, crafts room, large function room, and a beautiful new commercial kitchen. In 2007 we hosted over 200 seniors daily here at the center and anticipate these numbers will rise significantly when our new wing opens.

Our many programs include: free annual tax preparation and e-filing, exercise and dance classes, history talks, movies, a mini fix-it shop, monthly entertainment, special educational speakers, painting classes, sing-a-longs, glee club, TRIAD brown bag luncheons, knitting and hand crafters club, theater group, podiatrist visits, weekly blood pressure screenings, medical equipment loan program, walking club, day and over-night trips, intergenerational programs, friendly visitor program, volunteer program and so much more.

COUNCIL ON AGING / HUMAN RESOURCES

We would like to take this opportunity to thank the staff at the senior center for their consistent dedication and compassionate service to our seniors. This year over 200 volunteers provided service to seniors through our Senior Center. Their dedication, kindness, and willingness to share their time, knowledge, and energy have been invaluable. We would like to highlight two very special volunteers; Tony Carrara, editor of our newsletter and Jim Ciaccio, computer operator as they celebrate over 20 years with the senior center. We are so deeply grateful for their total dedication to this center. Our knitters and crafters continue to knit beautiful afghans which are distributed to the VA hospital in West Roxbury and hats for the new babies born at Caritas Hospital. Without our kitchen volunteers we would not have been able to serve HESSCO hot lunches this year. We appreciate all of our volunteers and praise them for their wonderful community spirit. Our thanks also go out to the entire board of the Friends of the Council on Aging for their continued efforts to raise funds on behalf of the senior center.

In June, we hired a new bus driver, Ellen Ross, who has been doing a wonderful job and is loved by all

In August, we hired a new Director for the Senior Center. Dorothy Anne Vitale came on board with over 25 years of management, sales and marketing and educational experience, not to mention a wealth of resources. In addition to her 17 years in the private sector, Dorothy was employed by District Attorney, William R. Keating for seven years serving as the Director of Elder Affairs, Educator and Public Speaker. Dorothy is the chair of the Advisory Board of the Massachusetts Executive Office of Elder Affairs and serves as the secretary on the board of MANHR (Massachusetts Advocates for Nursing Home Reform). Dorothy's mission for the Norwood Senior Center is to identify those seniors in our community who are isolated and unable to visit us and to determine their daily needs. If anyone knows of a Norwood elder in need of services and/or is isolated, please contact Dorothy at the center at 781-762-1201.

During Dorothy's first few months on the job, she created a partnership with the Phoenix School of Culinary Arts in order to offer hot lunches on a daily basis to our seniors. These lunches will be prepared fresh by the Phoenix students in our new state of the art, commercial kitchen. This program will serve not only as an intergenerational program, but will also provide students the opportunity to conduct their hands-on cooking classes in a beautiful new kitchen. This partnership will be a win/win for everyone. We are very much looking forward to these lunches. This program has been approved by Elder Affairs. In addition, Dorothy has been invited to serve on the Phoenix School Advisory Board, and she has accepted that invitation.

Unfortunately, we ended 2007 on a sad note when we were forced to close our senior center for a few weeks due to construction. We know how much all our seniors missed the friendships and camaraderie they share and apologize to each and every one of you for the interruption in our services. However, at the writing of this report, we have reopened and there is joy in the air. If anyone ever has a question or a concern, please do not hesitate to contact the Director, Dorothy Vitale at the center.

Respectfully submitted,

BOARD OF THE COUNCIL ON AGING

2007 ANNUAL REPORT OF THE PERSONNEL BOARD AND HUMAN RESOURCES DEPARTMENT

The Norwood Personnel Board and the Human Resources Director are pleased to submit their annual report for calendar year 2007.

The Personnel Board is a five-member board appointed jointly by the Town Moderator, and the Chairs of the Board of Selectmen and Finance Committee. It was established in accordance with Article XXXIX of the Town of Norwood By-laws approved at the 2003 Town Meeting. The Personnel Board generally meets monthly and meetings are posted and open to the public. Article XXXIX also established a Department of Human Resources and the position of Human Resources Director (HR).

In calendar year 2007, the Personnel Board and the Human Resources Department continued their development of policies and systems that would be in the best interests of the Town and all employees and applicants. In 2007, the Personnel Board welcomed new member Patterson Riley. In September of 2007, the Human Resources Department welcomed Ramanda Morgan as the part time Principal Assistant.

Classification: The Personnel Board received six classification related requests. These requests included new classifications, reclassifications and rate reviews. The Personnel Board uses a structured *Point-Factor System* which was implemented by Human Resources Services, Inc. in 2003 to rate positions. This structured point-factor system allows for equity among classification ratings.

Policies and Procedures: Much of the work of the Personnel Board is continuing to develop policies for employees and to support procedures for the Human Resources Department. As is required by law, the Town's Sexual Harassment policy was reviewed and disseminated to all employees. On December 15, 2006 the Personnel Board adopted the Town's *Vehicle Use Policy*. This policy was disseminated town wide and implemented effective April 1, 2007. The adoption of this policy resulted in a 1% reduction in the Town's liability coverage renewal cost. Other policy work which continues range from subjects such as temporary employment, vacation and sick leave, workplace violence, workplace code of conduct and ethics/integrity, criminal offender records information, salary step administration, and workers' compensation and safety. The Human Resources Department also worked on various projects to audit the town's compliance with federal and state labor law.

Recruitment and Staffing: The HR Department coordinated the advertising, recruiting, interviewing and/or background checks of several non-union and union vacancies, including positions in the Public Health Department, Department of Public Works, Fire Department, Police Department, Light Department, General Manager's Office, and Town Clerk and Accountant Department. In 2007, the Human Resources Department and the Town's Benefits Coordinator continued to enhance the new employee orientation process. The new employee process has also been enhanced to include various training sessions which range from policy review, safety training, and video presentations on discrimination, equal opportunity and diversity in the workplace.

Employee Relations and Labor Relations: The Human Resources Director acts a member of the Town's negotiating team, providing support in terms of research, strategy and labor law compliance. Additionally, the Director provides advice and counsel to department

HUMAN RESOURCES / SNCARC

heads, supervisors and union officials to assist in effective employee relations. The Human Resources Director also provided assistance to the School Department in various HR related areas such as labor relations, labor law compliance, collective bargaining interpretation, sick leave issues, FMLA and medical leaves, EAP referrals, etc. The Human Resources Director also provides assistance to the Assistant General Manager in the area of workplace safety and workers' compensation.

Benefits: The Human Resources Director assisted the employee Insurance Advisory Committee (IAC) in their process of reviewing mandatory changes to health insurance as well as exploring and discussing cost effective alternatives or actions for the Town's health benefits. This resulted in a thorough review of the Town's health insurance utilization as well as a review of options for the future.

On July 25, 2007 Governor Patrick signed into law Chapter 67 of the Acts of 2007. This bill replaces §19 of c.32b with new language. The effect of the new §19 allows municipalities to join the state Group Insurance Committee (GIC) as a means of providing employee health insurance. As a result of this new local option the Human Resources Department played a major role in reviewing this option and how it relates to the Town. The HR Director serves on the Board of Selectmen *GIC Study Committee* and is continuing discussions with town decision makers, union representatives and local policy makers regarding this new venture.

In May of 2007 the Human Resources Department also coordinated the Town's first full service *Employee, Retiree and Family Member Health and Benefits Fair*. This was an all day event which included raffles, trainings and contests. Additionally, the fair welcomed over thirty health and benefits related vendors from around the community. The Human Resources Department would like to thank the Board of Selectmen, General Manager's Office, Treasurer's Department, Computer Department, Recreation Department, Board of Health and Library Department for making this event a success.

In late 2007 the Human Resources Department also rolled out the Town's first *Employee Training Program*. Since its inception it has been a complete success. Through the efforts of the HR Director and Principal Assistant the HR Department has been able to provide this program at barely any cost. Training sessions include topics such as health and wellness, computer training, policy and labor law training, EAP refreshers, etc. The HR Department hopes to continue this program and include additional topics such as integrity training, public service, customer service, grant writing, public budgeting, management skills and additional health and wellness and EAP programs. The HR Department also coordinated and planned in 2007, at no additional cost to the Town, an employee YOGA program which starts in 2008. The HR Department would like to thank the Board of Selectmen, General Manager's Office, Retirement Department, Computer Department, Recreation Department, Board of Health, Harvard Pilgrim Health Care and the Employee Assistance Program Network for supporting this vital training program.

Strategic Planning: The Human Resources Director has been working on strategies that include streamlining services, making effective service changes with department heads, increasing communication, positive labor relations, ethical performance and behavior, dealing with workplace conflict, and empowering employees to increase productivity and morale. These efforts will continue more aggressively in 2008 and will include various manager and supervisor training and the implementation of more internal controls, training and policies.

Reports and Surveys: The Town of Norwood complies with EEO-4 report filing requirements of the Equal Employment Opportunity Commission and Civil Service reporting requirements with the Commonwealth of Massachusetts. Additionally, various surveys have been responded to by the Human Resources Department from other state and federal agencies, including the US Department of Labor and the Massachusetts Division of Unemployment Assistance. We participate in MMPA statewide salary surveys for General Government, Police and Fire, as well as individual surveys on an as needed basis to support collective bargaining and individual classification requests.

In 2007 the Human Resources Department moved to the newly renovated third floor office. The Department has a waiting and posting area which provides access to all town vacancies and policies as well as information relating to labor law compliance and training programs. We welcome all employees and citizens to come visit our new space and learn about the HR Department.

The Personnel Board would like to thank the General Manager, Assistant General Manager, Finance Commission, Board of Selectmen, Town Meeting Members and town employees who continue their support of a professional Department of Human Resources for the Town of Norwood.

Additionally, the Human Resources Director and Principal Assistant would like to thank the employees and public servants of Norwood, as well as Norwood citizens for the warm welcome and for their continued support.

Respectfully Submitted,

Willard Krasnow, Chairman
David Hajjar, Vice-Chairman
John Taylor, member

2007 REPORT OF THE SOUTH NORFOLK COUNTY ASSOCIATION FOR RETARDED CITIZENS, INC.

Over 50 Years of Accomplishments – The Experience to Face Tomorrow's Challenges
www.sncarc.org - See our new website !!

With funding through the Town of Norwood, the South Norfolk County Association for Retarded Citizens (SNCARC) provides and supports services to citizens of Norwood who are disabled by mental retardation or other developmental disabilities. SNCARC is a private, non-profit membership-based organization founded in 1954 by local parents. For more than half a century SNCARC has been, and continues to be, governed by the family members of the individuals we serve. It is a testament to the good works we perform that the town of Norwood, along with the other eleven towns we serve, continues to provide the vital funding support as it has done for over thirty years.

Our mission is, **“To advocate for and provide supports and services to people disabled by mental retardation and other developmental disabilities and to their families.”**

Supports and services provided by SNCARC to the citizens of Norwood include:**Family Support and Respite Care:**

SNCARC provides temporary in-home or out-of-home professional care and training for children and adults with mental retardation or other developmental disabilities on a planned or emergency basis. It operates after-school and school vacation week programs for children, provides a wide range of support groups for families and operates a resource center for parents and professionals at our home facility in Westwood.

Family Autism Center:

The SNCARC Family Autism Center implements high quality programs, services and environments for all persons with an Autism Spectrum Disorder. This program provides individuals with autism, their families and the general community with information and referral services, educational services, parent and sibling support groups and a resource library with Internet access.

Autism and Law Enforcement Education Coalition (ALEC)

ALEC is a collaboration of the Family Autism Center with the office of Norfolk County District Attorney, William R. Keating and local fire and police precincts. ALEC training helps foster a deeper understanding of ASD among public safety and law enforcement personnel. Training is available for police officers, emergency room personnel and firefighters, using curriculum and videos specific to each group. Presenters are first responders with direct knowledge of ASD through a family member.

Social-Recreational Programs:

SNCARC provides special after-school and evening education classes, sports activities, social clubs and events, and special summer programs for individuals with mental retardation. A principal component of these programs is one-to-one volunteer friendships (citizen advocacy).

Advocacy:

SNCARC provides specialized education, information and referral services, social support, as well as legal, financial and other consultation support. This program also provides self-advocacy training to individuals and advocacy support to families with members who are disabled by mental retardation or other developmental disabilities.

Clinical Resource Program:

SNCARC provides behavioral and other psychological counseling and psychiatric services for children and adults with mental retardation and other developmental disabilities and their families.

Residential Management:

SNCARC provides Residential Management Services for residential homes and apartments housing individuals with mental retardation.

Day Habilitation Program:

SNCARC provides educational and therapeutic services for adults with severe and multiple developmental disabilities. The program works to help individuals improve their communication skills, physical well being, domestic and self-care skills, community living skills and social skills. This program includes a component for individuals who are elderly and disabled by mental retardation. Its primary objective is to enable these individuals to continue to maintain their functional and social skills and to meaningfully participate in the life of their community.

Services supported by SNCARC through its affiliate Lifeworks:**Vocational Training and Job Placement Programs:**

Lifeworks Employment Services provides vocational rehabilitation for mentally retarded persons age 18 and over. These services include vocational evaluation, work adjustment training, sheltered employment, transitional or supported employment and competitive job placement and follow-up support.

Residential Programs:

Lifeworks Residential Programs provides home-like environments and supervision, care and training in independent living skills, functional academics and social skills. These programs include community residences and supervised apartments (both with 24-hour staffing) and cooperative apartments (with staff assistance less than 24 hours per day).

Norwood residents who wish to visit or learn more about our programs or who wish to request services for someone disabled by mental retardation or other developmental disability should contact us at (781) 762-4001.

Respectfully submitted,

William F. Abel, Ph.D.
President

RETIREMENT BOARD

2007 REPORT OF THE RETIREMENT BOARD

The following report is being submitted for the Norwood Retirement Board to reflect the activities of the Board from January 1, 2007 through December 31, 2007. Whereas the Town's fiscal year end is June 30, the financial statements and other records of the Retirement System are required, by statute, to be maintained on a calendar year basis.

Regular meetings of the Retirement Board were conducted in the Municipal Building on the second Tuesday of every month or as otherwise posted. In addition, special meetings were held at the conclusion of each fiscal quarter with the Board's investment consultant and five portfolio investment managers. These four portfolio meetings were held for the purpose of monitoring the System's investment portfolio performance.

ORGANIZATION:

In 2007 the Retirement Board was organized as follows:

Julia E. Lundin, Appointed Member and Chairperson
 Joseph F. Curran, Appointed Member
 Eileen P. Hickey, Elected Member
 Thomas F. O'Toole, Elected Member
 Robert M. Thornton, Ex-Officio Member and Administrator
 Debra A. Lorenzo, Executive Director & Secretary
 Judith A. MacLellan, Administrative Assistant

INVESTMENT RESULTS:

The Board worked closely with its Consultant, William M. Mercer, its Actuary, Buck Consultants and its Investment Advisors at The Boston Company Asset Management, Legg Mason Capital Management, State Street Global Advisors, Standish Mellon and the Euro-Pacific Growth Fund to continue to develop the System's strong investment portfolio of approximately \$114,200,000.

RECREATION DEPARTMENT

ANNUAL REPORT OF THE NORWOOD RECREATION DEPARTMENT

I respectfully submit the Annual Report of the Norwood Recreation Department for the year 2007.

The Civic Center has been the hub of community meetings and recreation programs that have touched many of our residents. The programs and activities offered here are: senior exercise, golf and dance, mother/toddler programs, cheerleading, ballet, tap, jazz dance, Irish step, hip hop, gymnastics, karate, hi/low aerobics, arts and crafts, ceramics, knitting, floor hockey, basketball, holiday crafts, Haunted House, Halloween party/dance, pumpkin fest, line dancing, women's self-defense, yoga, CPR training, magic class, team tennis, singing lessons, keyboard and the Biggest Loser Contest. We also offer an extensive workout area with 11 station nautilus, over 3,000 pounds of free weights, and multiple cardiovascular machines.

The Civic Center also has been very instrumental in assisting various community groups. We have hosted the Norwood Basketball Association, Health Clinics, Elks Free Throw Contest, Lions Club, Haunted House, Karate, Elks February vacation tournaments, and the Post Prom Party.

We also offered a variety of activities and programs outside of the Civic that proved to be quite popular. These included, Golf at the Norwood Country Club, Learn to Skate at Iorio Arena, our town-wide spring egg hunt, the YMCA camp at Hale Reservation, Skyhawks football, Figure Skating at the Pond and our Scavenger Hunt. We now also offer storks for new babies.

A new program this year was the Haunted House; this was a true collaborative of the Town's youth groups, charitable organizations, local businesses, and the Recreation Department. Representing the Youth participants was the Hoop Club (NHS), Spirit Club (NHS), SADD (NHS) and the Prescott PTA. The Circle of Hope volunteered their time to support the Haunted House also. Local businesses were ALPS Lighting Services and Mystic Scenic, both of whom were very helpful.

The Recreation Department always enjoys a very busy summer, with many varied and interesting programs. Father Mac's and the Coakley Middle School, again, played host to a thriving Playcamp, including over eight hundred children. The Playcamps are fun filled days with games, sports, swimming, cookouts, and the ever-popular field trips. Some of the trips this year included Pawtucket Red Sox., Water Wiz, the Skate Palace, Museum of Science and Canobie Lake Park. The dedication of our summer staff is clearly evident, and we thank them all for their support.

The Tot Lot at Eliot Field (behind the Balch School) proved to make life easier for those parking. Our staff here also excelled, with many positive comments from our patrons.

Camp Challenge is in its 33rd year and has been an inspiration to many a youngster. The children play games, swim, do crafts, and take trips to various locations such as Capron Park, Pawtucket Red Sox, Riverside Park, Roger Williams Park and the Museum of Science. Here, too, our dedicated staff has made a very positive difference on those children.

Our swim team was very popular, with over 100 children participating. The team swam in the tough suburban league, and held their own.

Another program on the rise is the tennis lessons, with well over 100 children learning the game. The "Ivatts" tennis courts at the Coakley Middle School have also had some renewed interest from our adult population.

The Eliot Field Complex, which includes a baseball field, softball field, tot lot, basketball court and restroom facilities, had a very busy season.

The Field Committee continues to move forward. Unfortunately, the Callahan Field Project did not qualify for the Urban Self-help Grant, yet the Committee still feels it should go forward to meet our increasing number in LaCrosse.

We, at the Recreation Department, are very appreciative of the support rendered to the Department and its sponsored activities this past year. A special thanks to the Board of Selectmen, the General Manager and his Staff, the Public Works Department, the Light Department, the School Department, the Town Engineer and Town Planner, Board of Health, Fire Department, Police Department, Dog Officer, and other Town Departments and Boards with whom this Department had contact during this past year.

We are also looking forward to continuing with innovative and interesting programs for our residents. It has been, and will continue to be, a pleasure providing the residents of Norwood with programs and activities to enhance their quality of life.

I have always believed that the Staff, here at your Recreation Department, is the backbone of our highly-successful and respected Department. The existing full and part time Staff has, again, brought this Department a proud and productive reputation, and I appreciate their support and work ethics.

We truly provided a great Haunted House that all could be proud of, and the Recreation Department and its staff felt proud to be involved.

Respectfully submitted,

Gerald F. Miller
Superintendent of Recreation

MORRILL MEMORIAL LIBRARY

The Morrill Memorial Library is a destination point for Norwood residents.

Our goal is to provide residents with access to information, education and entertainment. We will help you find and evaluate sources of information ranging from print to the Internet. We will supplement your educational endeavors whether you are enrolled in school or just interested in learning. We will provide a comprehensive selection of popular material (books, music, movies) in a variety of formats.

Morrill Memorial Library Staff consists of 16 full time and 30 part time employees who provide excellent library service to everyone who uses the library in Norwood. They are a dedicated and hard working group.

Museum Passes can be reserved on line via the library webpage.

Women's Community Committee donates memberships to the Children's Museum, Easton Children's Museum, Isabella Stewart Gardner Museum, JFK Library, Museum of Fine Arts, Museum of Science, New England Aquarium Roger Williams Zoo.

Norwood MOM's Club donates memberships to the Franklin Park and Stone Zoo and the Providence Children's Museum.

Norwood Woman's Club and **Friends of the Library** also contribute to the New England Aquarium and Museum of Fine Arts memberships. Altogether the museum memberships donated by these organizations total \$3,620. The passes were used 1,164 times in 2007 saving Norwood residents thousands of dollars.

Sastavickas Scholarship A donation from the family of Viola Sastavickas established a scholarship fund which will award \$500 every year to a library employee or volunteer. Elizabeth Porter, a 2007 graduate of Norwood High School received the first award. She is attending St Mary's College of Maryland.

Children's Services and programs

Story times year around for preschool children including toddlers
Catch the Beat@Your Library, the 2007 **Statewide Summer Reading Adventure** - 624 children read 7,103 books.

Scrabble Club for kids – Tuesday nights, 6:30

Programs (a few highlights)

- **Diane Edgecomb** storyteller and performer - partial funding by Norwood Cultural Council (NCC)
- **Hugh Hanley's** interactive Circle of Songs
- **Wingmaster's** World of Owls

MORRILL MEMORIAL LIBRARY

Dinosaurs with **Tom Dugdale** the "Dino Dude"

- **Magic with a beat**, music, comedy and puppets presented by **Steve Rudolph**

Norwood Young Reader's Award - book discussions for 4th and 5th graders with parents and librarians.

Norwood School Student's artwork is regularly displayed in the Children's Room and in the Display Case

Literary Lunch was held for the 9th year at the Coakley Middle School. 6th graders and senior citizens read and discussed Losers by Jerry Spinelli.

Adult Programs

- **Computer Classes** – Basic, Internet and E-mail
- **Fireside and Beach Reads** - Margot Sullivan and Beth Goldman with books for all seasons and all reasons
- **Fatal Forecast: An Incredible True Tale of Disaster ... at Sea** – slide show by Author Michael Tougias
- **Professor Evelyn Shakir** on the experiences of Arab women
- **Calvin Coolidge** brought to life by actor/writer Jim Cooke - partial funding by NCC
- **Craft demonstrations** by Marge Hickey, Marty Khudairi, Ken Lindgren, Rita Russo and Caroline Pannes
- **Musical Sundays** Neponset Valley String Quartet, Tenor Gregory Zavracky, Caera and her Celtic harp, Two Old Friends and Tara's Thistle. All made possible by the **Norwood Woman's Club** and the **Cushing Fund**

Friends of the Library

- \$3600 from two book sales
- Generous donations to purchase equipment, DVDs and audio books
- Promotes the library at **Norwood Day** and with notices in the electric bills
- WCVB anchor **Susan Wornick** and **Marjorie Clapprood**
- Author Night with Norwood author **Tom O'Connell**
- **Mark Twain** as portrayed by **Richard Clarke** - partial funding by NCC
- Cosponsors many programs for children
- **Friendly Notes** – a newsletter produced and edited by Justin Sun

Literacy Volunteers of America at Morrill Memorial Library

- Free, confidential tutoring in Basic Literacy and English as a Second Language
- 169 adult learners, 98 active tutors, 6555 hours of instruction in FY07
- Conversation groups for ESOL students
- Congratulations to tutor Bob Broadley, winner of this year's Monahan Award for outstanding service
- Receives additional funding from the Department of Education
- Thanks to the **Simoni Foundation** and **Walmart** for their generous support.

Literacy Volunteers are always looking for new tutors and students. Call Literacy Volunteers at 781-769-4599

Outreach Department

- Delivers more than 6,000 items to people unable to visit the library or use its resources without help
- Volunteers and library staff take material to people in their homes, in nursing homes, at the Senior Center and at housing facilities

Assistive Technology equipment and software are available for use by individuals with special needs. Call 781-769-0200, x 228 for Outreach services, assistive technology or to volunteer.

Boch Fund partially funds the Literary Lunch and provides money to index the local newspaper collection.

Norwood Cultural Council as funded by the Massachusetts Cultural Council help provide three programs.

Norwood Rotary made a donation to the Literacy Volunteers

Norwood Lions donated a collection of books in Braille

The library benefits from many dedicated **volunteers**. They work in the Literacy and Outreach department but also in many other library departments. We are always happy to have new volunteers **Adopt a Shelf**. Call or come to the library for information.

PLANNING BOARD

2007 ANNUAL REPORT OF THE NORWOOD PLANNING BOARD

The Norwood Planning Board is pleased to submit a summary of its activities and accomplishments for 2007

Subdivisions

The Planning Board administers the Subdivision Control Law, which are regulations for the laying out and construction of new roadways. During 2007, the Board administered the construction of several ongoing subdivisions including Coolidge Estates off Nahatan Street, Newbury Park Subdivision (Fairfield Circle) and Grandview II - Phase IIIA & B Subdivision (Puritan Place), Talbot Farm Estates off Neponset Street, Upland Road Industrial Subdivision, 825 University Avenue Industrial Subdivision and several other subdivisions throughout Town. The Board also endorsed several plans known as Approval Not Required Plans, which are plans not subject to the Subdivision Control Law. These plans allow simple land divisions along approved rights-of-way.

Major Projects

The Planning Board is also the town's Major Project Special Permit Authority. A Major Project is defined as new construction, addition, or change of use resulting in a net addition of more than 25,000 square feet or 100 or more parking spaces. In 2006, the Planning Board approved the following Major Project permit request – the Dalzell Volvo Dealership – 1120 Boston Providence Highway, Rte. 1 Norwood - Dalzell Volvo will occupy the vacant lot next to Dedham Medical Associates at the River Ridge Office Park. The Board also managed several ongoing Major Projects such as the Upland Woods redevelopment (formerly Polaroid), the Instron/LTX facility on University Avenue and the new Clay Nissan Dealership on Route 1.

The Planning Board also assists various Town Committees working to make Norwood a better place to live, work and recreate. The Planning Board has seats on the Open Space and Recreation Master Plan Committee; the South Norwood Steering Committee; the Norwood Housing Committee, the Downtown Steering Committee and the Economic Development Committee. The Planning Board provides staff assistance to all of these Committees so that these committees can remain active in shaping residential, industrial and recreational projects to best serve the needs of the citizens of Norwood.

Standing L-R: Tom Wynne, Marco Brancato. Steve Costello, Harold Main, Bill Bamber. Seated: L-R: Ernie Paciorkowski (Chairman), Paul Donohue.

NORWOOD PLANNING DEPARTMENT

2007 ANNUAL REPORT

In the spirit of municipal cooperation and the overall betterment of the Town, the Planning Board utilizes its staff, Town Planner Steve Costello and Administrative Assistant Claire Murphy, to apply for and administer State grants. In the past ten years, the Planning Board has helped the Town obtain millions of dollars in grants to start much needed community development programs.

The following are performance charts and examples of completed projects for both the Housing Rehabilitation Program and the Sign and Façade Improvement Program

NORWOOD HOUSING REHABILITATION PROGRAM

GENERAL INFORMATION GUIDELINES

INTRODUCTION

The Norwood Housing Rehabilitation Program is administered by the Norwood Town Planner's office. The Housing Rehabilitation Program (HR Program) is designed to improve housing conditions of low and moderate income resident households by eliminating code violations. To date, 17 housing rehab projects have been completed. Stephen Costello, Town Planner, and Richard S. Sweeney, Housing Coordinator, are the lead contacts for the Housing Rehabilitation Program and can be reached at 781-762-1240 x164 and 781-762-8115 x 209, respectively

CODE RELATED REPAIRS

Eligible repair activities will include, but not be limited to, electrical, heating and plumbing work; structural repairs; roof and siding repairs; insulation and window replacement; lead paint and asbestos removal; and handicap accessibility improvements

ELIGIBILITY

Preliminary eligibility is defined as an applicant meeting the initial eligibility requirements in order to qualify to begin the housing rehabilitation process. Final eligibility is determined after the total bid package is received and reviewed by the Town Planner's office.

PLANNING BOARD

APPLICANTS: This program is targeted to owner-occupied single-family/multi-family and investor owned units in the Downtown Norwood and South Norwood Target Area. At least 51% of the units in the structure must be occupied by low and moderate income households. A low and moderate income household is defined as households who meet the following income levels.

Size of Household	1 Person	2 Person	3 Person	4 Person	5 Person	6 Person	7 Person	8 Person
Income less than	\$46,300	\$52,950	\$59,550	\$66,150	\$71,450	\$76,750	\$82,050	\$87,350

NORWOOD SIGN AND FACADE IMPROVEMENT PROGRAM GENERAL INFORMATION GUIDELINES

INTRODUCTION: The Sign and Façade Improvement Program is intended to assist property owners in the renovation of the exterior of their buildings, to improve the visual quality of the Central Business and South Norwood Business Districts, and to enhance these areas as places to visit, shop and work. To date, a total of 13 sign and façade improvement projects (9 in Norwood Center and 4 in South Norwood) have been completed. Two of the projects completed in 2007 are depicted below. Stephen M. Costello, Town Planner, is the lead contact for the Sign and Façade Improvement Program and can be reached at 781-762-1240 x164

NORWOOD HOUSING DEVELOPMENT SUPPORT PROGRAM GENERAL INFORMATION GUIDELINES

INTRODUCTION: The Housing Development Support Program (HDSP) provides federal Community Development Block Grant funds, usually in conjunction with other public and/or private resources, for the development, preservation, or improvement of affordable housing units. Norwood received a \$803,000 grant to assist a private property owner with the conversion of a vacant mill building located in South Norwood into 6 units of affordable studio apartments. During 2007, plans were developed and the project was put out to bid. A contractor has been selected and this project will be completed in 2008. For more information on this program contact Town Planner Steve Costello at 781-762-1240 x164.

PLANNING BOARD

Washington Heights Improvement Project – Jefferson Drive

The Washington Heights Infrastructure Project, located on Jefferson Drive, consists of water, sewer, drainage, street and sidewalk improvements to the Washington Heights Housing development, a 75-unit family, rental housing property (Chapter 200) owned by the Norwood Housing Authority (NHA). The property is over 55 years old and the aging infrastructure has deteriorated and is malfunctioning on many levels. Working in concert with the Norwood Housing Authority and the Board of Selectmen, the Planning Department has submitted a \$1 million grant application to the Department Housing and Community Development to complete the work depicted below:

BOARD of APPEALS / ENGINEERING DEPT.

2007 REPORT OF THE BOARD OF APPEALS

The Board of Appeals submits herewith its Annual Report for the year 2007, which shows a total of 45 cases, seven were withdrawn without prejudice prior to the decision being made and/or the public hearing being opened.

A summary of the applications received and cases heard during the past year is as follows:

1. Requests for Special Permits	21
Approved	19
Denied	3
Null & Void	0
Open cases	1
2. Requests for Variances	31
Approved	19
Denied	12
Open cases	1
3. Requests for Amendments	1
Approved	1
Denied	0
Withdrawn	0
Open cases	0

In addition to the hearings there were two requests for extensions to prior decisions.

Patrick J. Mulvehill, Barbara A. Kinter, John R. Perry, Philip W. Riley and Harry T. Spence, wish to thank Associate Members, Mary C. Anderson, Paul W. Eysie, and Deborah A. Holmwood, along with the Inspector of Buildings Mark Chubet and his staff for their cooperation and dedication. Thanks are also extended to the various elected and appointed Town Officials for their assistance during the past year.

Respectfully submitted,
Patrick J. Mulvehill, Chairman

2007 REPORT OF THE TOWN ENGINEER

The Engineering Department, through the Town Engineer, respectfully submits the annual report for 2007.

The Engineering Department consists of the Town Engineer, an Assistant Town Engineer, a Grade IV Civil Engineer and a part time draftsman. On occasion, a local engineering student on break from studies provides the department with valuable assistance while gaining insight to his future profession. All three department engineer's have Bachelor of Science degrees in civil engineering and are also approved by the Department of Environmental Protection (DEP) as Soil Evaluator's. The Town Engineer is registered as a Professional Engineer and Professional Land Surveyor. The Assistant Town Engineer is also registered as a Professional Land Surveyor.

The Engineering Department provides a broad range of services. This department provides technical support to all municipal departments and town boards. The following is a sample of the assistance provided: plan review, cost estimates and inspection services for the Planning Board; plan review and engineering opinions to the Board of Appeals and Conservation Commission; construction

design, cost estimate and engineering services to the Department of Public Works; assistance to the Recreation Department on a variety of recreation projects; assisting the Assessor's Office in maintaining up to date tax maps; provide engineering services to Norwood Memorial Airport; provide assistance to the General Manager and Board of Selectmen on a variety of municipal projects. This department also has its own individual projects that require performing survey work, traffic surveys and construction project design and supervision. In addition, the department provides engineering assistance to residents, contractors, builders and engineers that visit this office on a daily basis seeking guidance.

During 2007, the Engineering Department was intimately involved in a wide range of projects which proved both challenging and rewarding. It also showcased the talents and capabilities this engineering department provides. Some of the more exciting projects included:

- Annual Road Resurfacing – Designed and provided construction administration and supervision of the annual road resurfacing project. Project involved cold planing existing bituminous concrete and installing a bituminous concrete overlay on the following streets: Geraldine Drive –Walpole Street to Nichols Street (1430'); East Cross Street – Pleasant Street to Route One (2150'); Hill Street – Roosevelt Avenue to Washington Street (1450'); Pleasant Street – Walpole Town Line to Sumner Street (2700'); Sumner Street – Pleasant Street to Route One (2170'); Winslow Avenue – Chapel Street to Walnut Avenue (1400'); Winter Street – Westwood Town Line to Elm Street (2640').
- Geographic Information System (GIS) – The Engineering Department continued working on developing the GIS. At this point, the Assessor's Tax Maps, Water System, Drain System and Zoning Map have been converted to electronic format. The system allows the Engineering Department to produce various maps and plans for the Engineering Department and various department and boards. These plans are developed quickly and accurately which provides the ability for informed decisions to be made expeditiously. The GIS is an excellent investment and further support is a wise decision.
- The Engineering Department prepared plans and specifications for the second contract for the replacement of lead water services to residential properties throughout town. The second contract complements the first contract that was performed in 2006. During 2007, 25 full service replacements and 5 partial service replacements were completed. This project is the result of a mandate by the EPA to replace the nearly 150 lead water services throughout Norwood. Future contracts to replace remaining balance are anticipated pending funding.
- The Engineering Department prepared a successful grant application for an "Extreme Field Makeover". This grant of materials and services was provided by the New England Sports Turf Managers Association (NESTMA) as their outreach to communities in need of having a ballfield rehabilitated. The NESTMA organization transformed the old and tired Cleveland School Little League field into a beautiful Little League/Softball facility complete with sodded playing areas, sprinkler system and specialized infield material. The Engineering Department also provided design, construction layout and supervision and overall coordination with NESTMA. In addition to NESTMA's gracious contribution, the project was fortunate to have the support and services by the Norwood DPW, the Norwood Light Department and numerous local contractors and businesses.

FINANCE COMMISSION

- Pleasant Street and Morse Street Intersection – The Engineering Department is managing a design contract with our traffic consultant, VHB, for the design of traffic signals at Pleasant Street and Morse Street. The project is part of the State's Transportation Improvement Program (TIP). Design is currently at 25% stage with 100% design plans anticipated to be completed by the end of 2008. Actual construction is expected to be in 2009 or 2010 pending State funding.
- University Avenue PWED – During 2006, the Town of Norwood was granted a \$1.5 million Public Works Economic Development grant from the State. The Engineering Department provided valuable assistance to the University Avenue Public Works Economic Development grant application. The grant provides funding for streetscape improvements along University Avenue from Route One to Canton Street and construction of a right hand turn lane on University Avenue at Route One. The Engineering Department is currently managing the design aspects of the project. Project commencement is expected to be in 2009.
- Balch School parking Lot - The Engineering Department provided surveying, design and construction administration services for the reconstruction of the Balch School Parking Lot. The design provided additional visitor and staff parking as well as a bus drop off area. The project provides a safe environment for all users of the Balch School and playground area, relieves vehicle congestion, particularly busses, and reduces the congestion within the immediate neighborhood by providing additional on site parking.
- Norwood Memorial Airport Parking Lot - The Engineering Department was successful through Congressman Lynch's office in obtaining \$200,000 in funding for the reconstruction of the municipal parking lot at Norwood Memorial Airport.
- Pedestrian Safety – The Engineering Department provided recommendations to the Board of Selectmen on a variety of pedestrian safety issues.
- Westwood Station – The Engineering Department provided recommendations to the Board of Selectmen on potential concerns regarding the construction of the proposed Westwood Station project on University Avenue in Westwood. The Engineering Department also participated in the State sponsored Westwood Station Steering Committee which analyzed numerous traffic improvement scenarios and forwarded recommendations to the Executive Office of Transportation.

The upcoming year 2008 is expected to be equally challenging. The Engineering Department anticipates the following work to be performed: design of the improvements proposed under the University Avenue PWED grant; design and construction of the Jefferson Drive utility and roadway improvement project; construction of improvements to the Meadowbrook Sewer underdrain; traffic signal design for the intersection of Pleasant Street and Morse Street; design and construction of basement flood prevention the Civic Center; design and construction of the Annual Street Resurfacing project; ; development of the Town of Norwood owned Buckmaster Pond Well in Westwood; design and construction of the Callahan School Parking Lot project; design and construction of the municipal parking lot at Norwood Memorial Airport; continued development of the Geographic Information System; and various street acceptances.

Respectfully submitted:
Mark P. Ryan – Town Engineer

2007 ANNUAL REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized in the year 2007 as follows:

Judith A. Langone, Chairman (Term Expires 2008)
Joseph P. Greeley (Term Expires 2009)
John W. Hayes (Term Expires, 2009)
Allan D. Howard (Term Expires 2010)
Alan D. Slater (Term Expires 2010)

The Finance Commission held numerous meetings during the year for the purpose of reviewing departmental Reserve Fund transfer requests as well as detailed annual budget requests for the next fiscal year. After deliberation with department heads charged with the responsibility for expending budgetary funds, the Finance Commission then made detailed budget recommendations for FY 2008 to the Annual Town Meeting.

The sum of \$125,000 was appropriated for the FY 2007 Reserve Fund. The following Reserve Fund transfers were approved during the year by the Finance Commission

FY 07 SCHEDULE OF RESERVE FUND TRANSFERS

<u>DATE</u>	<u>PURPOSE OF TRANSFER</u>	<u>TRANSFER AMOUNT</u>
9/5/06	Bd. Of Health Salaries	\$2,500.00
1/25/07	P/F Arbitration	\$4,961.31
3/5/07	Fire Dept. Overtime	\$5,000.00
3/5/07	P/F Bldg. (Biven's Trees)	\$5,600.00
3/5/07	TCA Personal Services	\$2,855.06
3/22/07	Veterans Incidentals	\$10,000.00
4/3/07	Fire Overtime	\$10,000.00
5/2/07	Bldg. Inspector Overtime	\$1,500.00
5/2/07	Fire Substitution Pay	\$24,000.00
6/13/07	Fin Com Incid. – Printing	\$813.00
7/18/07	General Manager Salaries	\$2,138.00
7/18/07	Council on Aging Salaries	\$1,070.00
7/18/07	Cable TV Cte. Expenses	\$145.00
7/18/07	Municipal Bldg. Expenses	\$5,181.00
7/18/07	Municipal Bldg. Utilities	\$2,845.00
7/18/07	Transfare Incidentals	<u>\$936.00</u>
	Total Transfers	\$79,544.00

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Norwood, Massachusetts

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Norwood, Massachusetts, as of and for the year ended June 30, 2007, (except for the Town's Contributory Retirement System which is as of and for the year ended December 31, 2006), which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Norwood's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Norwood, as of June 30, 2007, (except the Town's Contributory Retirement System which is as of December 31, 2006), and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. As discussed in Note 17 to the financial statements, the Town is the defendant in a

ANNUAL FINANCIAL STATEMENTS

lawsuit alleging breach of contract related to the purchase of wholesale electricity. The ultimate outcome of the lawsuit cannot presently be determined, however, management is of the opinion that it will have a material impact on the Town's financial position. Accordingly, an initial payment and a provision for an additional liability that may result in the final ruling has been made in the financial statements. Nevertheless, due to uncertainties with the final resolution of the lawsuit, it is not currently possible to reasonably assess the adequacy of the initial payment or additional liability reported.

The management's discussion and analysis, appearing on the following pages, and the supplementary information, appearing in the back of this report, are not a required part of the basic financial statements but is supplementary information required by the *Governmental Accounting Standards Board*. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2008 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Mellanson, Heath + Company P.C.

Andover, Massachusetts

ANNUAL FINANCIAL STATEMENTS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Norwood, we offer readers this narrative overview and analysis of the financial activities of the Town of Norwood for the fiscal year ended June 30, 2007.

A. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The statement of net assets presents information on all assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, public works, water and sewer, broadband cable, health and human services, and culture and recreation. The business-type activities include electric light activities.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

ANNUAL FINANCIAL STATEMENTS

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

An annual appropriated budget is adopted for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Proprietary funds. Proprietary funds are maintained as follows:

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Specifically, enterprise funds are used to account for electric light operations.

Internal service funds are an accounting device used to accumulate and allocate costs internally among various functions. Specifically, internal service funds are used to account for retired employee health programs. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the business-type activities reported in the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the electric light operations, which is considered to be a major fund.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that are essential to a full understanding of the data provided in the government-wide and fund financial statements.

ANNUAL FINANCIAL STATEMENTS

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which is required to be disclosed by the *Governmental Accounting Standards Board*.

B. FINANCIAL HIGHLIGHTS

- As of the close of the current fiscal year, the total of assets exceeded liabilities by \$ 50,199,288 (i.e., net assets), a change of \$ (38,896,253) in comparison to the prior year.
- As of the close of the current fiscal year, governmental funds reported combined ending fund balances of \$ 12,579,666, a change of \$ (829,428) in comparison with the prior year.
- At the end of the current fiscal year, unreserved fund balance for the general fund was \$ 3,272,245, a change of \$ 1,313,288 in comparison with the prior year.
- Total long-term debt (i.e., bonds payable) at the close of the current fiscal year was \$ 38,931,356, a change of \$ (2,523,254) in comparison to the prior year.

C. GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following is a summary of condensed government-wide financial data for the current fiscal year. All amounts are presented in thousands.

	Governmental Activities		Business-Type Activities		Total	
	2007	2006	2007	2006	2007	2006
Current and other assets	\$ 26,022	\$ 26,952	\$ 17,945	\$ 26,019	\$ 43,967	\$ 52,971

Net assets - end of year	<u>\$ 62,337</u>	<u>\$ 61,656</u>	<u>\$ (12,138)</u>	<u>\$ 27,440</u>	<u>\$ 50,199</u>	<u>\$ 89,096</u>

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, total net assets were \$ 50,199,288, a change of \$ (38,896,253) from the prior year.

ANNUAL FINANCIAL STATEMENTS

The largest portion of net assets \$ 67,259,415 reflects our investment in capital assets (e.g., land, buildings, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net assets \$ 2,696,796 represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets \$ (19,756,923) may be used to meet the government's ongoing obligations to citizens and creditors.

Governmental activities. Governmental activities for the year resulted in a change in net assets of \$ 681,871. Key elements of this change are as follows:

	<u>Government Wide Governmental Activities</u>
General fund operating results	\$ 191,580
High School and Senior Center construction - accrual basis	15,050
Nonmajor funds deficit - accrual basis	(1,038,873)
Internal service fund deficit	(18,283)
Excess depreciation over principal maturities, a budgeted expense	(388,503)
Payment of prior year claims liability	765,843
Other GAAP accruals	<u>1,155,057</u>
Total	\$ <u>681,871</u>

Business-type activities. Business-type activities for the year resulted in a change in net assets of \$ (39,578,124). The major cause of this decrease results from legal claim expenses.

D. FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

ANNUAL FINANCIAL STATEMENTS

As of the end of the current fiscal year, governmental funds reported combined ending fund balances of \$ 12,579,666, a change of \$ (829,428) in comparison with the prior year. Most of this change was attributable to the following:

	<u>Fund Balance Governmental Funds</u>
General fund operating results	\$ 191,580
High School and Senior Center construction surplus	(674,709)
Nonmajor funds surplus	<u>(346,299)</u>
Total	\$ <u>(829,428)</u>

The general fund is the chief operating fund. At the end of the current fiscal year, unreserved fund balance of the general fund was \$ 3,272,245, while total fund balance was \$ 5,850,041. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 3.4 percent of total general fund expenditures, while total fund balance represents 6.1 percent of that same amount.

The fund balance of the general fund changed by \$ 191,580 during the current fiscal year. Key factors in this change are as follows:

	<u>Fund Balance General Fund</u>
Excess revenues over budget	\$ 713,319
Budgetary appropriation turnbacks by departments	1,732,494
Excess tax collections over budget	360,475
Excess of current year encumbered appropriations to be spent in subsequent year over prior year encumbrances spent in the current year	333,397
Use of free cash	(868,278)
Use of prior year appropriations (fund balance)	<u>(2,079,827)</u>
Total	\$ <u>191,580</u>

Proprietary funds. Proprietary funds provide the same type of information found in the business-type activities reported in the government-wide financial statements, but in more detail.

Unrestricted net assets of the enterprise fund at the end of the year amounted to \$ (24,263,940), primarily resulting from the recording of an additional legal judgment expense of \$ 44,881,523 (see Note 17). Other factors concerning the finances of proprietary funds have already been addressed in the entity-wide discussion of business-type activities.

ANNUAL FINANCIAL STATEMENTS

E. GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget resulted in an overall change in appropriations of \$ 363,806. The Town authorized additional transfers from other funds of \$ 363,806. Appropriations were changed in the following areas:

Public safety	\$ 107,585
Public works	<u>256,221</u>
Total	\$ <u>363,806</u>

F. CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. Total investment in capital assets for governmental and business-type activities at year end amounted to \$ 103,790,912 (net of accumulated depreciation), a change of \$ 571,064 from the prior year. This investment in capital assets includes land, buildings and system, improvements, and machinery and equipment.

Major capital asset events during the current fiscal year included the following:

- Increase in light infrastructure of \$ 1,044,320.

Long-term debt. At the end of the current fiscal year, total bonded debt outstanding was \$ 38,931,356, all of which was backed by the full faith and credit of the government.

Additional information on capital assets and long-term debt can be found in the footnotes to the financial statements.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

TOWN OF NORWOOD, MASSACHUSETTS

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Norwood (the Town) conform to generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the more significant policies:

A. Reporting Entity

The government is a municipal corporation governed by an elected Board of Selectmen. As required by generally accepted accounting principles, these financial statements present the government and applicable component units for which the government is considered to be financially accountable.

Blended Component Units - Blended component units are entities that are legally separate, but are so related that they are, in substance, the same as the primary government, providing services entirely or almost entirely for the benefit of the primary government. The following component unit is blended within the primary government:

In the Fiduciary Funds: The Norwood Retirement System (the System) - The System is a defined benefit contributory retirement system created under state statute. It is administered by a Retirement Board comprised of five members: the Town Accountant who serves *ex officio*; two individuals elected by the participants in the System; an individual appointed by the Board of Selectmen; and an individual chosen by the members. The System provides pension benefits to retired Town employees. Other financial information for the System can be obtained from the Office of the Retirement Board, Norwood town Hall, 566 Washington Street, 3rd Floor, Norwood, Massachusetts 02062.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and excises.

Fund Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property tax revenues to be available if they are collected within

ANNUAL FINANCIAL STATEMENTS

60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The government reports the following major governmental fund:

- The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- *The High School and Senior Center Capital Project Fund*.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

The government reports the following major proprietary fund:

- *Electric Light (Enterprise) Fund*: To account for the operation of the Town's Electric Light operations which provide electric power to commercial and residential citizens in the Town of Norwood.

The self-insured employee health coverage and workers' compensation programs are reported as an internal service fund in the accompanying financial statements.

The *pension trust fund* accounts for the activities of the Employees Contributory Retirement System, which accumulates resources for pension benefit payments to qualified employees.

D. Cash and Short-Term Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the General Fund. Certain special revenue, proprietary, and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. A cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and short-term investments". The interest earnings attributable to each fund type is included under investment income.

For purpose of the statement of cash flows, the proprietary funds consider investments with original maturities of three months or less to be short-term investments.

E. Investments

State and local statutes place certain limitations on the nature of deposits and investments available. Deposits in any financial institution may not exceed certain levels within the financial institution. Non-fiduciary fund investments can be made in securities issued by or unconditionally guaranteed by the U.S. Government or agencies that have a maturity of one year or less from the date of purchase and repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase.

Investments for the Contributory Retirement System and Trust Funds consist of marketable securities, bonds and short-term money market investments. Investments are carried at market value.

F. Property Tax Limitations

Legislation known as "Proposition 2 1/2" limits the amount of revenue that can be derived from property taxes. The prior fiscal year's tax levy limit is used as a base and cannot increase by more than 2.5 percent (excluding new growth), unless an override or debt exemption is voted. The actual fiscal year 2007 tax levy reflected an excess capacity of \$ 223,015.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial

ANNUAL FINANCIAL STATEMENTS

individual cost of more than \$ 10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building improvements	20
Vehicles	5 - 10
Office equipment	5 - 10
Computer equipment	5
Infrastructure	15 - 100

H. Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vested sick and vacation pay is accrued when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

I. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

J. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

K. Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of the revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

2. Stewardship, Compliance and Accountability

A. Budgetary Information

At the annual town meeting, the Finance Committee presents an operating and capital budget for the proposed expenditures of the fiscal year commencing the following July 1. The budget, as enacted by town meeting, establishes the legal level of control and specifies that certain appropriations are to be funded by particular revenues. The original budget is amended during the fiscal year at special town meetings as required by changing conditions. In cases of extraordinary or unforeseen expenses, the Finance Committee is empowered to transfer funds from the Reserve Fund (a contingency appropriation) to a departmental appropriation. "Extraordinary" includes expenses which are not in the usual line, or are great or exceptional. "Unforeseen" includes expenses which are not foreseen as of the time of the annual meeting when appropriations are voted.

Departments are limited to the line items as voted. Certain items may exceed the line item budget as approved if it is for an emergency and for the safety of the general public. These items are limited by the Massachusetts General Laws and must be raised in the next year's tax rate.

Formal budgetary integration is employed as a management control device during the year for the General Fund. Effective budgetary control is achieved for all other funds through provisions of the Massachusetts General Laws.

At year end, appropriation balances lapse, except for certain unexpended capital items and encumbrances which will be honored during the subsequent year.

B. Budgetary Basis

The General Fund final appropriation appearing on the "Budget and Actual" page of the fund financial statements represents the final amended budget after all reserve fund transfers and supplemental appropriations.

ANNUAL FINANCIAL STATEMENTS

C. Budget/GAAP Reconciliation

The budgetary data for the general and proprietary fund is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the general fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with budgetary data.

The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

<u>General Fund</u>	<u>Revenues and Other Financing Sources</u>	<u>Expenditures and Other Financing Uses</u>
Revenues/Expenditures (GAAP basis)	\$ 90,121,485	\$ 95,387,102
Other financing sources/uses (GAAP basis)	<u>7,604,731</u>	<u>2,147,534</u>

To reverse GASB 24 MTRS	(7,462,595)	(7,462,595)
Reclassification	<u>1,060,860</u>	<u>1,060,860</u>
Budgetary basis	<u>\$ 93,912,111</u>	<u>\$ 91,466,298</u>

D. Deficit Fund Equity

The following fund had a deficit as of June 30, 2007:

High School and Senior Center Capital Project Fund	\$ (626,624)
Total	\$ (626,624)

This deficit will be eliminated through future bond proceeds.

ANNUAL FINANCIAL STATEMENTS

3. Cash and Short-Term Investments

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the Town's and Contributory Retirement System's (the System) deposits may not be returned to it. Massachusetts general law Chapter 44, section 55, limits the Town's deposits "in a bank or trust company or banking company to an amount not exceeding sixty per cent of the capital and surplus of such bank or trust company or banking company, unless satisfactory security is given to it by such bank or trust company or banking company for such excess." The Town does not have a deposit policy for custodial credit risk.

As of June 30, 2007 and December 31, 2006, \$ 28,437,411 and \$ 606,750 of the Town's and System's bank balances of \$ 36,569,999 and \$ 706,750, respectively, was exposed to custodial credit risk as uninsured, uncollateralized, and collateral held by pledging bank's trust department not in the Town's and System's name.

4. Investments

A. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. For short-term investments that were purchased using surplus revenues, Massachusetts general law, chapter 44, section 55, limits the Town's investments to the top rating issued by at least one nationally recognized statistical rating organization (NRSROs).

Presented below is the actual rating as of year end for each investment of the Town (in thousands):

<u>Investment Type</u>	<u>Fair Value</u>	<u>Minimum Legal Rating</u>	<u>Exempt From Disclosure</u>	<u>Rating as of Year End</u>		
				<u>Aaa</u>	<u>BB</u>	<u>Not Rated</u>
U.S. Treasury notes	\$ 185	N/A	\$ -	\$ 185	\$ -	\$ -
Certificates of deposits	83	N/A	83	-	-	-
Corporate bonds	36	N/A	-	-	36	-
Mutual funds	502	N/A	502	-	-	-
Federal agency securities	<u>2,483</u>	N/A	-	<u>2,483</u>	-	-
Total investments	\$ <u>3,289</u>		\$ <u>585</u>	\$ <u>2,668</u>	\$ <u>36</u>	\$ <u>-</u>

Presented below is the actual rating as of year end of the Contributory Retirement System (in thousands):

ANNUAL FINANCIAL STATEMENTS

<u>Investment Type</u>	<u>Fair Value</u>	<u>Minimum Legal Rating</u>	<u>Exempt From Disclosure</u>	<u>Rating as of Year End AAA</u>
U.S. Treasuries	\$ 1,495	N/A	\$ -	\$ 1,495
Corporate equities	33,783	N/A	33,783	-
Pooled investments	<u>71,898</u>	N/A	<u>71,898</u>	<u>-</u>
Total investments	\$ <u>107,176</u>		\$ <u>105,681</u>	\$ <u>1,495</u>

B. Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Town does not have policies for custodial credit risk.

C. Concentration of Credit Risk

The Town places no limit on the amount the Town may invest in any one issuer. Investments in any one issuer (other than U.S. Treasury securities and mutual funds) that represent 5% or more of total investments are as follows (in thousands):

<u>Investment Issuer</u>	<u>Amount</u>	<u>% of Total Investments</u>
Federal Home Loan Bank	\$ 448	14%
Federal Home Loan Mortgage Corp.	799	24%
Federal National Mortgage Assn.	<u>1,236</u>	38%
Total	\$ <u>2,483</u>	

The Retirement System places no limit on the amount the City may invest in any one issuer. The Retirement System does not have any investments in any one issuer (other than U.S. Treasury securities and mutual funds) that represent 5% or more of total investments.

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

ANNUAL FINANCIAL STATEMENTS

Information about the sensitivity of the fair values of the Town's investments to market interest rate fluctuations is as follows (in thousands):

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>			
		<u>Less Than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More Than 10</u>
Debt Related Securities:					
U.S. Treasury notes	\$ 185	\$ -	\$ -	\$ 13	\$ 172
Certificates of deposit	83	83	-	-	-
Corporate bonds	36	-	-	36	-
Federal agency securities	<u>2,483</u>	<u>-</u>	<u>954</u>	<u>1,529</u>	<u>-</u>
Total	\$ <u>2,787</u>	\$ <u>83</u>	\$ <u>954</u>	\$ <u>1,578</u>	\$ <u>172</u>

The Retirement System does not have investments that are sensitive to market interest rate fluctuations (in thousands):

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>			
		<u>Less Than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More than 10 years</u>
U.S. Treasury Bonds	\$ 226	\$ -	\$ -	\$ -	\$ 226
U.S. Treasury Notes	<u>1,269</u>	<u>-</u>	<u>559</u>	<u>537</u>	<u>173</u>
Total	\$ <u>1,495</u>	\$ <u>-</u>	\$ <u>559</u>	\$ <u>537</u>	\$ <u>399</u>

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. Neither the Town, nor the Retirement System, have policies for foreign currency risk.

5. Taxes Receivable

Real estate and personal property taxes are levied and based on values assessed on January 1st of every year. Assessed values are established by the Board of Assessor's for 100% of the estimated fair market value. Taxes are due on a semiannual basis and are subject to penalties and interest if they are not paid by the respective due date. Real estate and personal property taxes levied are recorded as receivables in the fiscal year they relate to.

Fourteen days after the due date for the final tax bill for real estate taxes, a demand notice may be sent to the delinquent taxpayer. Fourteen days after the demand notice has been sent, the tax collector may proceed to file a lien against the delinquent taxpayers' property. The Town has an ultimate right to foreclose on property for unpaid taxes. Personal property taxes cannot be secured through the lien process.

ANNUAL FINANCIAL STATEMENTS

Taxes receivable at June 30, 2007 consist of the following (in thousands):

Real Estate		
2007	\$ 595	
2006	4	
		599
Personal Property		
2007	47	
2006	22	
2005	38	
2004	20	
2003	18	
2002	59	
		204
Tax Liens		310
Total		\$ <u>1,113</u>

6. Allowance for Doubtful Accounts

The receivables reported in the accompanying entity-wide financial statements reflect the following estimated allowances for doubtful accounts (in thousands):

	<u>Governmental</u>	<u>Business-Type</u>
Property taxes	\$ 287	\$ -
Excises	219	-
Utilities	491	337
Departmental	69	-

7. Intergovernmental Receivables

This balance represents reimbursements requested from Federal and State agencies for expenditures incurred in fiscal 2007.

8. Capital Assets

Capital asset activity for the year ended June 30, 2007 was as follows (in thousands):

ANNUAL FINANCIAL STATEMENTS

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>

Business-Type Activities:	
Light	\$ <u>891</u>
Total depreciation expense - business-type activities	\$ <u>891</u>

9. Warrants and Accounts Payable

Warrants payable represent 2007 expenditures paid by July 15, 2007, as permitted by law. Accounts payable represent additional 2007 expenditures subsequently paid.

10. Deferred Revenue

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period.

The balance of the General Fund deferred revenues account is equal to the total of all June 30, 2007 receivable balances, except real and personal property taxes that are accrued for subsequent 60 day collections.

11. Notes Payable

The Town had the following notes outstanding at June 30, 2007:

	Interest Rate	Date of Issue	Date of Maturity	Balance at June 30, 2007
Bond anticipation note	3.90%	06/08/07	06/08/08	\$ 6,000,000
Bond anticipation note	3.90%	06/08/07	06/08/08	1,000,000
Bond anticipation note	3.72%	04/17/07	04/17/08	1,100,000
Bond anticipation note	3.72%	04/17/07	04/17/08	400,000

B. Future Debt Service

The annual principal and interest payments to retire all general obligation long-term debt outstanding as of June 30, 2007 are as follows:

<u>Governmental</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2008	\$ 2,987,794	\$ 1,128,865	\$ 4,116,659
2009	2,871,097	1,026,707	3,897,804
2010	2,772,443	927,483	3,699,926
2011	2,599,312	837,785	3,437,097
2012	2,271,575	757,202	3,028,777
2013 - 2017	9,059,135	2,696,845	11,755,980
2018 - 2022	7,260,000	952,876	8,212,876
2023 - 2027	<u>330,000</u>	<u>21,036</u>	<u>351,036</u>
Total	<u>\$ 30,151,356</u>	<u>\$ 8,348,799</u>	<u>\$ 38,500,155</u>

The general fund has been designated as the sole source to repay the governmental-type general obligation long-term debt outstanding as of June 30, 2007.

<u>Business-Type</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2008	\$ 630,000	\$ 404,873	\$ 1,034,873
2009	630,000	378,885	1,008,885

2011	630,000	325,335	955,335
2012	630,000	298,875	928,875
2013 - 2017	3,130,000	1,061,157	4,191,157
2018 - 2022	<u>2,500,000</u>	<u>309,375</u>	<u>2,809,375</u>
Total	<u>\$ 8,780,000</u>	<u>\$ 3,130,610</u>	<u>\$ 11,910,610</u>

ANNUAL FINANCIAL STATEMENTS

C. Changes in General Long-Term Liabilities

During the year ended June 30, 2007, the following changes occurred in long-term liabilities (in thousands):

	Total Balance <u>7/1/06</u>	<u>Additions</u>	<u>Reductions</u>	Total Balance <u>6/30/07</u>	Less Current Portion	Equals Long-Term Portion <u>6/30/07</u>
<u>Governmental Activities</u>						
General long-term obligation	\$ 32,045	\$ 1,033	\$ (2,927)	\$ 30,151	\$ (2,988)	\$ 27,163
Accrued employee benefits	2,501	-	(79)	2,422	(121)	2,301
Landfill closure costs	<u>460</u>	<u>-</u>	<u>(20)</u>	<u>440</u>	<u>(20)</u>	<u>420</u>
Totals	\$ <u>35,006</u>	\$ <u>1,033</u>	\$ <u>(3,026)</u>	\$ <u>33,013</u>	\$ <u>(3,129)</u>	\$ <u>29,884</u>
<u>Business-Type Activities</u>						
General long-term obligation	\$ 9,410	\$ -	\$ (630)	\$ 8,780	\$ (630)	\$ 8,150
Accrued employee benefits	<u>519</u>	<u>-</u>	<u>(253)</u>	<u>266</u>	<u>(13)</u>	<u>253</u>
Totals	\$ <u>9,929</u>	\$ <u>-</u>	\$ <u>(883)</u>	\$ <u>9,046</u>	\$ <u>(643)</u>	\$ <u>8,403</u>

13. Landfill Postclosure Care Costs

State and Federal laws and regulations require the Town to perform certain maintenance and monitoring functions at its landfill site for thirty years after closure.

The \$ 440,000 reported as landfill postclosure care liability at June 30, 2007 represents future monitoring costs of the landfill. These costs will be captured annually as part of the operating budget. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

14. Restricted Net Assets

The accompanying entity-wide financial statements report restricted net assets when external constraints from grantors or contributors are placed on net assets.

Permanent fund restricted net assets are segregated between nonexpendable and expendable. The nonexpendable portion represents the original restricted principal contribution, and the expendable represents accumulated earnings which are available to be spent based on donor restrictions.

15. Reserves of Fund Equity

"Reserves" of fund equity are established to segregate fund balances which are either not available for expenditure in the future or are legally set aside for a specific future use.

ANNUAL FINANCIAL STATEMENTS

The following types of reserves are reported at June 30, 2007:

Reserved for Encumbrances - An account used to segregate that portion of fund balance committed for expenditure of financial resources upon vendor performance.

Reserved for Expenditures - Represents the amount of fund balance appropriated to be used for expenditures in the subsequent year budget.

Reserved for Perpetual Funds - Represents the principal of the nonexpendable trust fund investments. The balance cannot be spent for any purpose; however, it may be invested and the earnings may be spent.

16. Subsequent Events

Debt

Subsequent to June 30, 2007, the Town has incurred the following additional debt:

	<u>Amount</u>	<u>Interest Rate</u>	<u>Issue Date</u>	<u>Maturity Date</u>
General obligation bond	\$ 3,289,000	4.21%	08/15/07	08/15/24
General obligation electric bond	\$ 53,000,000	3.5 - 5.0%	01/15/08	01/15/08
MWRA water bond	\$ 385,000	-	08/15/07	08/15/23

In FY08, \$ 2,009,000 of the \$ 3,289,000 general obligation bond was used to pay off notes payable of \$ 2,009,000.

17. Pending Litigation

New England Power Litigation

On December 7, 1998 New England Power (NEP) (a regional subsidiary of National Grid) filed a lawsuit against the Town of Norwood alleging that Norwood breached a contract to purchase wholesale electricity from NEP through October 31, 2008, when it terminated said contract and refused to pay a Contract Termination Charge ("CTC") set forth in a tariff that NEP filed with the Federal Energy Regulatory Commission after Norwood terminated the contract. Norwood maintained that it was not required to pay the CTC because, among other things, the CTC was not approved by the FERC and therefore was barred under the filed rate doctrine.

On February 8, 2001, the Court granted summary judgment in favor of NEP and on March 9, 2001, the Court entered judgment against Norwood awarding NEP \$ 27,149,054, which reflected a monthly CTC calculation from

ANNUAL FINANCIAL STATEMENTS

April 1, 1998 through January 31, 2001 plus pre-judgment interest. Norwood appealed. The Massachusetts Appeals Court affirmed the judgment on October 10, 2003, and on November 25, 2003, the Supreme Judicial Court denied Further Appellate Review. On December 17, 2003, the Superior Court entered Judgment after Rescript in favor of NEP as described above plus a post judgment interest award of \$ 13,428,849. On February 2, 2004, Norwood moved for relief from the Judgment after Rescript on the grounds, among others, that (i) the FERC had exclusive jurisdiction to set rates and it had never accepted or approved the CTC that NEP sought to impose on Norwood (ii) the Superior Court lacked jurisdiction to enforce the CTC because the CTC was never approved by the FERC and, therefore was not a filed rate; and (iii) the FERC had expressly ruled that it had never accepted or approved the components of the CTC formula used by NEP to calculate the CTC and thus proceedings concerning the CTC were pending before the FERC (the "FERC proceeding"). NEP opposed and filed a Motion to Amend the Judgment to decrease the amount of the monthly CTC calculation and to increase the amount of the interest award based on arguments that it had erroneously calculated the amount of the CTC and that the interest rate should be adjusted upwards based on a claimed 1.5% per month interest provision in the Tariff.

While the motion for relief from Judgment after Rescript was pending, on March 24, 2004, Norwood filed a petition for writ of certiorari on June 7, 2004.

On June 9, 2004, the Superior Court denied Norwood's Motion for Relief from Judgment and allowed NEP's Motion to Amend the Judgment. On June 16, 2004, Norwood moved for reconsideration of the Court's Orders based upon, among other things, the Initial Decision of the Administrative Law Judge in the FERC Proceedings that: a just and proper CTC for the entire ten-year period through October 31, 2008 is \$ 16,925,796. On November 22, 2004, the Court denied the Motion for Reconsideration. Norwood had previously filed Notices of Appeal from the June 9, 2004 Orders and moved to stay assembly of the Superior Court record pending the Court's ruling on the Motion for Reconsideration.

In June 2004, Norwood tendered and NEP accepted a check in the amount of \$ 20,356,994 calculated as follows: (i) principal for the period April 1, 1998 through June 30, 2004, in the amount of \$ 11,366,175; (ii) interest at the prime rate on the principal amount of \$ 11,366,175 for the period April 1, 1998 through June 30, 2004, in the amount of \$ 2,349,673; (iii) and the present value of the future charges for principal from July 1, 2004 through October 31, 2008, in the amount of \$ 6,641,146. In connection with tendering and accepting the check, Norwood and NEP agreed that they did "not waive [their] rights with respect to collection of a different amount," and that Norwood would "not argue that NEP's endorsement of this check constitutes and accord and satisfaction of Norwood's debt to NEP, or with respect to the appropriate rate of interest."

ANNUAL FINANCIAL STATEMENTS

In a related case, on December 23, 2002 the Town of Norwood filed a complaint at the Federal Energy Regulation Commission (FERC) (FERC Docket Nos. EL03-37-000 and EL03-37-001) against National Grid USA, New England Electric System, Massachusetts Electric Company, and Narragansett Electric Light Company. The complaint alleges that the companies, National Grid USA, *et al.*, have sought to collect from Norwood an alleged "Contract Termination Charge" (CTC) that is unjust, unreasonable, and unduly discriminatory, in violation of the Federal Power Act. The Commission issued an order setting the case for hearing before a Presiding Administrative Law Judge. On June 9, 2004, after an extensive hearing, the Judge issued a decision ruling that the defendants were entitled to collect a principal amount, exclusive of interest, of no more than \$ 16,925,796 for the entire period.

On July 22, 2005 FERC overruled the previous decision of the FERC Administrative Law Judge, and stated that the Town of Norwood owes NEP \$ 71,881,517, plus interest (less the \$ 20,356,994 already paid), and established a monthly payment requirement, for principal only, of \$ 599,971 for 10 years.

On August 21, 2006 the First Circuit, of the United States Circuit Court of Appeals, ruled that Norwood need not make any past due CTC payments until further order of the court, nor need obtain financing for the entire FERC judgment, however, must begin making the monthly payments of \$ 599,971 from its escrow. The Town began making these monthly payments in September 2006.

In February 2007, the First Circuit, of the United States Circuit Court of Appeals, affirmed the \$ 71,881,517 CTC, and concluded that interest payments should be calculated using an interest rate in proximity to the prime rate.

In May 2007, FERC concurred with the February 2007 First Circuit ruling, however, New England Power has appealed the decision regarding the interest rate to the Federal First Circuit Court of Appeals. To date, the interest due amount has not been determined.

The accompanying financial statements reflect a legal judgment liability of \$ 32,310,298, as calculated below:

Judgment amount (principal only)	\$ 71,881,517
Less payments made:	
June 2004	(20,356,994)
Fiscal 2007	<u>(19,214,225)</u>
Principal remaining to be paid	\$ <u>32,310,298</u>

ANNUAL FINANCIAL STATEMENTS

Although the \$ 32,310,298 is reported as a liability at June 30, 2007, an additional liability for accrued/unpaid interest will need to be recorded when determined.

The Town issued 15-year bonds on January 15, 2008 to finance the judgment (see footnote 16). The bond payments will be financed by electric rates to customers.

Northeast Utilities Billing Dispute

Beginning in April 2006, the Electric Light Department's energy supplier, Northeast Utilities Service Company, began charging a new monthly item called SEMA Second Contingency Charges (SCC). The Town is disputing these charges and has deposited these amounts in an interest bearing escrow account. At June 30, 2007 \$ 2,594,469 was held in reserve.

Also, beginning in July 2006, Northeast Utilities Service Company began charging a new monthly item called Locational Pricing. The Town is disputing these charges and has deposited these amounts in an interest bearing escrow account. At June 30, 2007, \$ 3,515,708 was held in reserve.

18. Post-Employment Health Care and Life Insurance Benefits

The Town has accepted Chapter 32B of Massachusetts General Laws to provide for health care and life insurance benefits to retirees, their dependents, or their survivors. These benefits are provided through the Town's group plans. The cost of these benefits are included in the total cost of benefits for both active and retired employees. The number of participants currently eligible to receive benefits, and cost of benefits for retirees, their dependents, or their survivors for the year ended June 30, 2007 was not available.

19. Contributory Retirement System

A. Plan Description and Contribution Information

Substantially all employees of the Town (except teachers and administrators under contract employed by the School Department) are members of the Norwood Contributory Retirement System (NCRS), a cost sharing, multiple employer defined benefit PERS. Eligible employees must participate in the NCRS. The pension plan provides pension benefits, deferred allowances, and death and disability benefits. Chapter 32 of the Massachusetts General Laws establishes the authority of the NCRS Retirement Board. Chapter 32 also establishes contribution percentages and benefits paid. The NCRS Retirement Board does not have the authority to amend benefit provisions. As required by Massachusetts General Laws, the

ANNUAL FINANCIAL STATEMENTS

system issues a separate report to the Commonwealth's Public Employee Retirement Administration Commission.

Membership of each plan consisted of the following at December 31, 2006:

Retirees and beneficiaries receiving benefits	377
Terminated plan members entitled to but not yet receiving benefits	42
Active plan members	<u>556</u>
Total	<u>975</u>
Number of participating employers	2

Employee contribution percentages are specified in Chapter 32 of the Massachusetts General Laws. The percentage is determined by the participant's date of entry into the system. All employees hired after January 1, 1979 contribute an additional 2% on all gross regular earnings over the rate of \$30,000 per year. The percentages are as follows:

Before January 1, 1975	5%
January 1, 1975 - December 31, 1983	7%
January 1, 1984 - June 30, 1996	8%
Beginning July 1, 1996	9%

Employers are required to contribute at actuarially determined rates as accepted by the Public Employee Retirement Administration Commission (PERAC).

B. Summary of Significant Accounting Policies

Basis of Accounting - Contributory retirement system financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments - Investments are reported in accordance with PERAC requirements.

C. Teachers

As required by State statutes, teachers of the Town are covered by the Massachusetts Teachers Retirement System (MTRS). The MTRS is

ANNUAL FINANCIAL STATEMENTS

funded by contributions from covered employees and the Commonwealth of Massachusetts. The Town is not required to contribute.

All persons employed on at least a half-time basis, who are covered under a contractual agreement requiring certification by the Board of Education are eligible, and must participate in the MTRS.

Based on the Commonwealth of Massachusetts' retirement laws, employees covered by the pension plan must contribute a percentage of gross earnings into the pension fund. The percentage is determined by the participants date of entry into the system and gross earnings, up to \$ 30,000, as follows:

Before January 1, 1975	5%
January 1, 1975 - December 31, 1983	7%
January 1, 1984 - June 30, 1996	8%
July 1, 1996 - June 30, 2001	9%
Beginning July 1, 1996	11%

* Effective January 1, 1990, all participants hired after January 1, 1979, who have not elected to increase to 11% contribute an additional 2% of salary in excess of \$ 30,000.

In fiscal year 2007, the Commonwealth of Massachusetts contributed \$ 7,462,595 to the MTRS on behalf of the Town. This is included in the education expenditures and intergovernmental revenues in the general fund.

20. Self Insurance

The Town self insures against claims for retired employees' health coverage and workers compensation. Annual estimated requirements for claims are provided in the Town's annual operating budget.

Worker's Compensation

The Town contracts with an insurance consultant for claims processing of the Town's worker's compensation policy, which has no excess liability coverage for any employees. The Worker's Compensation claims liability represents an estimate of future costs based on historical analysis of similar claims for all employees excluding public safety. The amount recorded as accrued liabilities at June 30, 2007 in the government-wide financial statements was \$ 461,600.

ANNUAL FINANCIAL STATEMENTS

Health Insurance

The Town contracts with an insurance consultant for claims processing. The claims liability represents an estimate of claims incurred but unpaid at year end, based on past historical costs and claims paid subsequent to year end.

Changes in the aggregate liability for claims for the year ended June 30, 2007 are as follows:

	<u>Health Coverage</u>
Claims liability, July 1, 2006	\$ 177,000
Claims incurred/recognized in fiscal year 2007	1,869,351
Claims paid in fiscal year 2007	<u>(1,892,904)</u>
Claims liability, June 30, 2007	\$ <u>153,447</u>
Net Assets, June 30, 2007	\$ <u>571,748</u>

21. Risk Management

The government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three fiscal years.

22. Beginning Fund Balance Net Assets Restatement

The beginning (July 1, 2006) fund balances of the Town have been restated as follows:

Government-Wide Financial Statements:

	<u>Business-Type Activities</u> <u>Enterprise Funds</u>	
	<u>Governmental Activities</u>	<u>Electric Light Fund</u>
As previously reported	\$ 47,649,158	\$ 25,317,905
To record prior year infrastructure	14,006,478	-
To record prior year unbilled accounts receivable estimate	<u>-</u>	<u>2,122,000</u>
As restated	\$ <u>61,655,636</u>	\$ <u>27,439,905</u>

Schedules of Funding Progress and Employer Contributions

The following schedules are presented in accordance with the Governmental Accounting Standards Board Statement 25.

Schedule of Funding Progress:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b - a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b - a)/c]
01/01/07	\$ 107,392	\$ 119,745	\$ 12,353	89.7%	\$ 25,566	48.3%
01/01/05	94,751	107,756	13,005	87.9	23,713	54.8
01/01/04	85,399	106,026	20,627	80.5	21,566	95.6
01/01/02	86,804	92,332	5,528	94.0	20,777	26.6
01/01/01	87,599	86,111	(1,488)	101.7	19,810	(7.5)
01/01/00	85,512	81,500	(4,012)	104.9	19,087	(21.0)
01/01/99	77,389	74,690	(2,699)	103.6	16,924	(15.9)
01/01/97	64,094	63,025	(1,069)	101.7	15,969	(6.7)

Schedule of Employer Contributions:

Year Ended December 31	Annual Required Contribution	Percentage Contributed
2007	\$ 2,023	111%
2006	1,919	100%
2004	1,744	100%
2003	1,566	122%
2002	1,068	100%
2001	1,028	100%
2000	947	100%
1999	1,325	100%
1998	563	100%
1997	1,588	100%

The required information presented above was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuation follows.

Valuation date	January 1, 2007
Actuarial cost method	Individual entry age - normal cost
Amortization method	Approximate level percent of payroll
Remaining amortization period	21 years
Asset valuation method	Actuarial value of assets
Actuarial assumptions:	
Investment rate of return	8.50%
Projected salary increase	5.00%
Cost-of-living adjustment	3.0% of the lesser of the pension amount or \$ 12,000 beginning July 1, 1998

See Independent Auditors' Report.

NORFOLK COUNTY MOSQUITO CONTROL

2007 ANNUAL REPORT OF THE BOARD OF THE ASSESSORS

The duties of the Assessors are complex and comply with Massachusetts General Law, Chapter 59.

The primary function of the Board is to assess property at full and fair cash market value for the purpose of taxation. The three main sources of tax revenue are Real Estate, Personal Property and Motor Vehicle Excise. The department is responsible for the update and maintenance of various records, including property ownership records, personal property records, exempt property records and town owned property records, sub-division records and the apportioned street and sewer records. Other duties include the reviewing and maintenance of building permits, new business certificates, motor vehicle excise tax appeals, tax exempt appeals, real-estate and personal property tax appeals, Appellate Tax Board. The Board is responsible Real Estate, Personal Property and Motor Vehicle tax commitments.

The Assessors do not determine property taxes. The Town itself determines the level of taxation through Town Meeting actions.

The Fiscal Year 2007 residential and open space tax rate was \$7.54. The commercial, industrial and personal property tax rate was \$17.35.

CLASS	LEVY%	VALUATION	LEVY	COUNT PARCEL
Real Estate	56.0578	3,271,013,305	24,663,440.32	7,985
Commercial	30.8613	782,190,895	13,571,012.03	538
Industrial	10.0423	254,524,700	4,416,003.55	157
Personal Prop.	3.0386	77,013,910	1,336,191.34	1,504
Totals	100.0000	4,384,742,810	43,986,647.24	10,184

FISCAL YEAR 2007 TAX RATE SUMMARY

Total Amount To Be Raised	122,977,033.24
Total Estimated Receipts & Other Sources	78,990,386.00
Tax Levy	43,986,647.24

Average single family dwelling	\$408,000
Average single family dwelling tax bill	\$3,076.32

MOTOR VEHICLE AND TRAILER EXCISE

In the year 2007 there were 37,041 Motor Vehicle and Trailer excise tax bills committed in the amount of \$4,180,524.02.

Respectfully submitted,

Paul F. Wanecek, Chairman
Joseph T. Turner
Joseph T. Palleiko

2007 REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The operational program of the Project integrates all proven technologies into an Integrated Pest Management (IPM) system of mosquito control and vector management that is rational, environmentally sensitive and cost effective.

All mosquito eggs need water to hatch and to sustain larval growth.

Water Management Activities: An important component of our IPM approach is the management of shallow, standing, stagnant water, and the maintenance of existing flow systems which if neglected can contribute to mosquito breeding. In addition to normal drainage system maintenance, Project personnel advised residents on removal of water holding artificial containers on their property for the purpose of eliminating potential West Nile virus mosquito breeding habitat.

Drainage ditches checked/cleaned	4,600	feet
Culverts checked/cleaned	19	culverts
Brush obstructing drainage cut	300	feet
Water Management by wide-track backhoes	300	feet

Larval Control: Treatment of mosquito larvae during aquatic development is the next most effective control effort. The products used during these applications were Bti and Methoprene.

Aerial larvicide applications	272	acres
Larval control using briquette & granular applications	6.6	acres
Rain Basin treatments using briquettes (West Nile virus control)	1,824	basins

Adult Control: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, and/or threaten public health. The product used during these applications was Sumithrin.

Adult control aerosol applications from trucks	4,360	acres
--	-------	-------

Surveillance: Surveys, inspections, and monitoring in support of our program include GIS mapping of breeding areas, larval and adult collections, and fieldwork evaluations leading to better water management. West Nile virus and Eastern Equine Encephalitis have been active in Norfolk County over the past several years which have resulted in an expansion of the surveillance program in collaboration with the Massachusetts Department of Public Health (MDPH), State Laboratory Institute. MDPH has requested that the Norfolk County Mosquito Control Project expand mosquito surveillance across the county for the purpose of detecting viruses in collected mosquitoes as an early warning system for the residents of the county. Considerable manpower has been reallocated to these efforts, which is not reflected in this report.

Respectfully submitted,

John J. Smith, Director

2007 Annual Report Norfolk County Registry of Deeds William P. O'Donnell, Register

The Registry of Deeds, located at 649 High Street, Dedham, Massachusetts, is the principal office for real property records in Norfolk County and operates under the supervision of the elected Register, William P. O'Donnell. The Registry receives and records hundreds of thousands of documents each year, and is a basic resource for title examiners, mortgage lenders, municipalities, homeowners, and others with a need for land record information. The Registry of Deeds has been a vital component of Norfolk County government since 1793 when Governor John Hancock signed the act creating Norfolk County. Four United States Presidents, John Adams, John Quincy Adams, John F. Kennedy, and George H.W. Bush were born in Norfolk County, the County of Presidents. Registry operations are effectively self-supporting and generate significant surplus revenues which support other operations and contribute to the General Fund of the Commonwealth of Massachusetts. Registry revenues also subsidize county and state public safety and corrections costs. In over two hundred years of continuous operation, the Registry has gone from the days of scribes with quill pens to computers, scanned documents and off-site access. However, in all that time our objectives have remained the same: accuracy, reliability and accessibility for the residents of the twenty eight communities that comprise Norfolk County.

Fiscal Year 2007 Highlights

- The completion of the Registry's Hall of Flags with all 28 communities represented.
- Free public viewing of every document, including land plans, recorded by the Registry since its inception in 1793 is now available on the internet at www.norfolkdeeds.org.
- The expansion of the internet accessible indexing system back to 1956 enables many complete fifty year title searches to be done at remote locations. Remote access over the internet for complete printing of Registry documents is steadily expanding among a growing number of account holders.
- An investment in computer terminals at the Registry itself now insures that anyone wanting to access the records can do so here.
- A full service telephone (781-461-6101) and walk-in customer service center and the addition of closing rooms and tables encourage the citizens of Norfolk County to feel comfortable in using their Registry.
- The Registry's internet website www.norfolkdeeds.org is regularly updated and enhanced to include recent news, trends, press information, and answers to frequently asked questions.

Norwood was one of the Norfolk County communities to show decreased real estate activity in 2007 recording a total of 577 deeds, 8.6% fewer than in 2006. However, the average price of a Norwood sale (greater than \$1,000 - residential and commercial properties) rose 60% to \$1,079,665. This average price was more than \$324,000 higher than the Norfolk County average. Total dollar volume of real estate sales in Norwood for 2007 exceeded \$359 million, a 45% increase over 2006. The unusually strong average value exhibited by Norwood real estate sales is the result of the sale of some multi-million dollar commercial properties. There were 1375 mortgages recorded for Norwood real estate in 2007, 20% fewer than in 2006. March was the busiest month for real estate activity accounting for 10.4% of Norwood related recordings.

Register Bill O'Donnell presents the Registry's collection of Toys For Tots to Marine Sgt. Daniel Sampson

TOWN OF NORWOOD

SERVE YOUR COMMUNITY – ACT NOW!

Town Government needs citizens who are willing to contribute time and expertise in the service of their community. Norwood will best be served if as broad a segment of the community as possible is involved in the functioning of our local government.

A TALENT BANK has been established by the Selectmen, the General Manager, and the Town Moderator as a means of compiling names of citizens who are interested in serving on boards or committees on a voluntary basis. This file is available at the Office of the Board of Selectmen also for use by the public.

TALENT BANK files are continually being updated to indicate categories consistent with the changing needs of the Town. Your order of preference should be indicated and the form below returned to:
