(g) The Selectmen shall have the authority to waive the requirements of removing the soil from that part of a way as laid out on either side of the traveled way as wrought, if in their opinion such removal of soil is not necessary for the proper use of such traveled way, provided however, that all rocks, boulders and other objectionable hazards are removed, and the full width of the taking is graded to approximately the grade of the adjacent traveled way.

(b) It shall be deemed to be a breach of the peace and it shall be the duty of any police officer of the Town to order any person, so acting as to obstruct the free passage of travellers or vehicles, to move on and disperse, and if the person so ordered does not forthwith obey, to remove such person, or to arrest and cause such person to be brought before a Justice of District Court of Norfolk County, Dedham, Massachusetts, upon a complaint made for a violation of the provision of the preceding paragraph (a).
(c) The provisions of this by-law are severable, and, if any of its provisions shall be held unconstitutional or invalid by any court of competent jurisdiction the decision of said court shall not affect or impair any of the remaining provisions.

Section 17. No person shall distribute or deposit advertising circulars, papers or other matter on the streets of the Town or shall team manure, hay, rubbish, ashes, liquid or other material in such a manner as to litter, pollute or injure the streets of the Town nor shall any person throw or deposit in any street or on any sidewalk, ashes, dirt, rubbish or other refuse of any kind except in the manner provided by the Board of Health.

The purpose of this Bylaw is to protect the wetlands, water resources and adjoining land areas in this municipality by controlling activities deemed by the Conservation Commission likely to have a significant or cumulative effect upon wetland values. These values include but are not limited to the following: public or private water supply, groundwater, flood control, erosion and sedimentation control, storm damage prevention, water pollution, fisheries, shellfish, wildlife habitat, recreation, aesthetics, agriculture and agriculture values (collectively the "wetland values protected by this Bylaw"). This Bylaw is intended to utilize the Home Rule authority of this municipality to protect resource areas, for additional values, with standards and procedures stricter than those of the Wetlands Protection Act, MGL c. 131, § 40, and
regulations, 310 CMR 10.00 et seq. These additional values are subject to the rights and benefits accorded to agricultural uses and structures of all kinds under the laws of the Commonwealth.

Section II. Definitions

A. The following definitions shall apply in the interpretation and implementation of this Bylaw:

1. ALTER - Includes, without limitation, the following activities, when undertaken to, upon, within or affecting resource areas protected by this Bylaw:
   a. Removal, excavation or dredging of soil, sand, gravel or aggregate materials of any kind.
   b. Changing of preexisting drainage characteristics, flushing characteristics, salinity distribution, sedimentation patterns, flow patterns or flood retention characteristics.
   c. Drainage into or causing disturbances to existing water levels.
   d. Dumping, discharging or filling with any material which may degrade water quality.
   e. Placing of fill, or removal of material, which would alter elevation.
   f. Driving of piles, erection or repair of buildings or structures of any kind.
   g. Building docks or piers.
   h. Placing of obstructions or objects in water.
   i. Causing or permitting the destruction of plant life including cutting of trees or trimming of trees or shrubs.
   j. Changing temperature, biochemical oxygen demand, or other physical, biological, or chemical characteristics of any water.
   k. Performing any activities, changes or work which may cause or tend to contribute to pollution of any body of water or groundwater.
   l. Applying pesticides or herbicides.

2. BANK - The land area which normally abuts and confines a water body; the lower boundary being the mean annual low flow level, and the upper boundary being the first observable break in the slope or the mean annual flood level, whichever is higher.

3. COMMISSION - The Conservation Commission of the Town of Norwood, as being duly formed pursuant to M.G.L. c. 40, §8C.
4. PERSON - Any individual, group of individuals, association, partnership, corporation, company, business organization, trust, estate, the Commonwealth or political subdivision thereof to the extent subject to town bylaws, administrative agency, public or quasi-public corporation or body, this municipality and any other legal entity, its legal representatives, agents or assigns.

5. INTERMITTENT STREAM - An open body of running water, including brooks and creeks, which move intermittently in a definite channel, natural or man-made in the ground due to a hydraulic gradient. A portion of a intermittent stream may flow through a culvert or beneath a bridge. Such bodies of running water are intermittent streams, except for those that serve only to carry the intermittent surface runoff from storm water or snow melt. Such a body of running water which does not flow throughout the year (i.e., which is intermittent) is a intermittent stream.

6. ISOLATED WETLANDS - Isolated wetlands generally have no surface water connections to other aquatic resources and often perform many of the same important environmental functions as other wetlands, including recharging streams and aquifers, storing flood waters, filtering pollutants from water, and providing habitat for a host of plants and animals.

7. POND – All surface water bodies of any size that may be either naturally occurring or man-made by impoundment, excavation, or otherwise. Ponds shall contain standing water except for periods of extended drought.

8. RARE SPECIES - Shall include, without limitation, all vertebrate and invertebrate animal and all plant species listed as endangered, threatened, or of special concern by the Massachusetts Division of Fisheries and Wildlife, regardless of whether the site in which they occur has been previously identified by the Massachusetts Division of Fisheries and Wildlife.

9. STREAM - An open body of running water, including brooks and creeks, which move in a definite channel, natural or man-made in the ground due to a hydraulic gradient year-round. A portion of a stream may flow through a culvert or beneath a bridge.

10. VERNAL POOL - Shall include, in addition to scientific definitions found in the regulations under the Wetlands Protection Act, any confined basin or depression not occurring in existing lawns, gardens, landscaped areas or driveways. Vernal pools will at least in most years, hold water for a minimum of two continuous months during the spring and/or summer and contains at least 200 cubic feet of water at some time during most years. Vernal pools are free of adult predatory fish populations, and provide essential breeding and rearing habitat functions for amphibian, reptile or other vernal pool community species. Such confined basins or depressions shall be considered Vernal Pools regardless of whether the site has been certified by the Massachusetts Division of Fisheries and Wildlife. The boundary of the resource area for a vernal pool shall be 100 feet outward from the mean annual high-water line defining the depression, but shall not include a lawn,
garden, landscaped area or developed area in existence at the time of the effective
date of this provision in this Bylaw.

Note: Except as otherwise provided in this Bylaw or the regulations of the Commission, the
definitions of terms in this Bylaw shall be as set forth in the Wetlands Protection Act, MGL c.
131, § 40, and regulations, 310 CMR 10.00 et seq.

Section III. Jurisdiction

A. Except as permitted by the Norwood Commission or as provided in this Bylaw, no
person shall remove, fill, dredge, build upon, degrade, discharge into or otherwise
alter the following resource areas:

1. freshwater wetlands
2. marshes
3. wet meadows
4. bog
5. swamps
6. vernal pools
7. banks
8. beaches
9. reservoirs
10. lakes
11. ponds of any size subject to any law or regulation of the Commonwealth
governing so-called “Great Ponds”
12. rivers
13. streams, including intermittent streams
14. creeks
15. lands under water bodies
16. lands subject to flooding or inundation by groundwater or surface water
17. lands within 100 feet of any of the aforesaid resource areas; rivers, streams
and creeks whether perennial or intermittent, known as the buffer zone.
18. Lands within 200 feet of any river, stream, or creek (collectively the "resource
areas protection' by this Bylaw"), known as the Riverfront Area.
Note: Said resource areas shall be protected whether or not they border surface waters.

Section IV. Exceptions

A. The application and permit required by this Bylaw shall not be required for work performed for normal maintenance or improvement of land in agricultural use as defined by the Wetlands Protection Act Regulations at 310 CMR 10.04. Or for land in use as a lawn, garden, landscaped area or developed area at the time of the effective date of this By-Law, but only so long as the exempt use shall continue unabated. However, nothing contained within this provision shall prohibit the Commission from exercising its full enforcement powers under this Bylaw and the Wetlands Protection Act should it determine the activity is not normal maintenance or improvement of land in agricultural use.

B. The permit and application required by this Bylaw shall not be required for maintaining, repairing, or replacing, but not substantially changing or enlarging, an existing and lawfully located structure or facility used in the service of the public to provide electric, gas, water, telephone, telegraph or other telecommunication services. The waiver of this Bylaw shall exist if written notice has been given to the Commission prior to commencement of work, and provided that the work conforms to performance standards and design specifications in regulations adopted by the Commission.

C. The permit and application required by this Bylaw shall not apply to emergency projects necessary for the protection of the health or safety of the public, provided that the work is to be performed by, or has been ordered to be performed by an agency of the Commonwealth or a political subdivision thereof. Advance notice, oral or written, must be given to the Commission prior to commencement of work or within 24 hours after commencement. Conservation Commission or its agent will certify the work as an emergency project, provided that the work is performed only for the time and place certified by the Conservation Commission for the limited purposes necessary to abate the emergency. Within 21 days of commencement of any emergency project a permit application shall be filed with the Commission for review as provided in this Bylaw. Upon failure to meet these and other requirements of the Commission, the Commission may, after notice and a public hearing, revoke or modify an emergency project approval and order restoration and mitigation measures.

Other than stated in this section, the exceptions provided in the Wetlands Protection Act and regulations, 310 CMR 10.00 et seq, shall not apply under this Bylaw.

Section V. Wetlands Protection

Application for permit; request for determination; fees; outside consultants.

A. Application for permit;

1. Written application shall be filed with the Commission to perform activities regulated by, and affecting resource areas protected by this Bylaw. The application shall include such information and plans as are deemed necessary by
the Commission to describe proposed activities and their effects on the environment and the resource areas protected under this Bylaw. No activities shall commence without receiving and complying with a permit issued pursuant to this Bylaw.

2. The Commission in an appropriate case may accept as the application and plans under this Bylaw the Notice of Intent and plans filed under the Wetlands Protection Act, MGL c. 131, § 40, and regulations, 310 CMR 10.00 et seq.

B. Request for Determination

1. Any person desiring to know whether or not a proposed activity or an area is subject to this Bylaw may in writing request a determination from the Commission. Such a request for determination shall contain data and plans specified by the regulations of the Commission.

2. At the time of a permit application or request for determination, the applicant shall pay a filing fee specified in regulations of the Commission. This fee is in addition to that required by the Wetlands Protection Act, MGL c. 131. § 40, and Regulations, 310 CMR 10.00 et seq.

3. The Commission may waive the filing fee, consultant fee and costs and expenses for a permit application or request for determination filed by a government agency.

4. The Commission shall waive the filing fee, consultant fee and costs and expenses for a permit application for a request for determination filed by a person having no financial connection with the property which is the subject of the request. Should the determination be positive, the owner shall be responsible for associated fees and expenses.

C. Consultant Fees

1. Fee requirements are listed in the Norwood Conservation Commission Regulations

   a. Upon receipt of a permit application or request for determination, the Commission is authorized to require an applicant to pay a reasonable fee for the costs and expenses borne by the Commission for specific expert engineering and other consultant services deemed necessary by the Commission to come to a final decision on the application. This fee is called the consultant fee. The specific consultant services may include but are not limited to wetlands survey and delineation, analysis of wetland values, hydrogeologic and drainage analysis, wildlife habitat evaluations and environmental or land use law.

   b. Only costs relating to consultant work done in connection with a project for which a consultant fee has been collected shall be paid, and
expenditures may be made at the sole discretion of the Commission. Any consultant hired under this provision shall be selected by, and report exclusively to, the Commission.

c. The Commission shall provide applicants with written notice of the selection of a consultant, identifying the consultant, the amount of the fee charged to the applicant, and a request for payment of that fee. Notice shall be deemed to have been given on the date it is mailed or delivered. The applicant may withdraw the application or request within five (5) business days of the date notice is given without incurring any costs or expenses. The entire fee must be received before the initiation of consulting services. Failure by the applicant to pay the requested consultant fee within ten (10) business days of the request for payment shall be cause for the Commission to declare the application administratively incomplete and deny the permit without prejudice, except in the case of an appeal. The Commission shall inform the applicant and Department of Environmental Protection (DEP) of such a decision in writing.

d. The minimum qualifications shall consist of either an educational degree or three or more years of practice in the field at issue, or a related field. The entire fee must be received before the initiation of consulting services. The applicant shall pay the fee to the town to be put into a consultant services account of the Commission which may be drawn upon by the Commission for specific consultant services approved by the Commission at one of its public meetings. The exercise of discretion by the Commission in making its determination to require the payment of a fee shall be based upon its reasonable finding that additional information acquirable only through outside consultants would be necessary for the making of an objective decision.

e. The Commission shall return any unused portion of the consultant fee to the applicant unless the Commission decides at a public meeting that other action is necessary. Any applicant aggrieved by the imposition of, or size of, the consultant fee, or any act related thereto, may appeal according to the provisions of the Massachusetts General Laws.

f. The consultant fee charged shall reimburse the Commission for reasonable costs and expenses. Three consultants will be asked to provide services based on a scope of work defined by the Norwood Conservation Commission, and the lowest quote by a qualified consultant will be chosen.

Section VI. Notice and Hearing

A. Any person filing a Notice of Intent with the Norwood Conservation Commission shall at the same time give written notification thereof, by delivery in hand or certified mail,
return receipt requested, to all abutters within three-hundred feet of the property line of the land where the activity is proposed, at the mailing addresses shown on the most recent applicable tax list of the assessors, including, but not limited to, owners of land directly opposite said proposed activity on any public or private street or way, and in another municipality or across a body of water. Said notification shall be at the applicant’s expense, and shall state where copies of the notice of intention may be examined and obtained and where information regarding the date, time and place of the public hearing may be obtained. Proof of such notification, with a copy of the notice mailed or delivered, shall be filed with the conservation commission.

B. When a person requesting a Determination of Applicability is other than the owner, the request, the notice of the hearing and the Determination itself shall be sent by the Commission to the owner as well as to the person making the request.

C. The Commission shall conduct a public hearing on any application or request for determination, with written notice given at the expense of the applicant, five days prior to the hearing, in a newspaper of general circulation in the municipality. Notice shall also be given to the Norwood Planning Board and the Norwood Board of Health.

D. The Commission, receiving a Notice of Intent, together with proof of service as required by Section VI.A of this By-Law, shall hold a public hearing on the proposed activity within twenty-one days of the receipt of said notice. The Commission shall issue its decision within twenty-one days of the close of the public hearing thereupon unless an extension is authorized in writing by the applicant.

E. The Commission shall issue its permit or determination, in writing, within 21 days of the close of the public hearing thereon unless an extension is authorized in writing by the applicant.

F. The Commission in an appropriate case may combine its hearing under this Bylaw with the hearing conducted under the Wetlands Protection Act, MGL c. 131, § 40, and regulations, 310 CMR 10.00 et seq.

G. The Commission shall have authority to continue the hearing to a date announced at the hearing, for reasons stated at the hearing. Those reasons may include lack of a quorum, receipt of additional information offered by the applicant or others, information and plans required of the applicant deemed necessary by the Commission in its discretion. A hearing may be continued pending comments and recommendations of boards and officials including Board of Selectmen, Planning and Zoning Board, Zoning Board of Appeals, Board of Health, Town Engineer, and Building Inspector. In the event that the applicant objects to a continuance or postponement, the hearing shall be closed and the Commission shall take action on such information as is available.

Section VII. Review by other Boards and Officials

A. Any person filing an application for permit (Form 3 Notice of Intent or Form 4 Abbreviated Notice of Intent) or a Request for Determination (Form 1) with the Commission, shall inform each of the following: the Board of Selectmen, Planning
and Zoning Board, Board of Appeals, Board of Health, Town Engineering Division and Building Inspector. Notification may be by certified mail or hand delivery, and shall state that the same is on file in the Commission office for their immediate review. A copy shall be provided in the same manner to the Conservation Commission of an adjoining municipality, if the application for permit or request for determination pertains to property within 300 feet of that municipality. An affidavit of the person providing notice, with a copy of the notice mailed or delivered, shall be filed with the Commission. The Commission shall not take action until such boards and officials have had 14 days from receipt of notice to file written comments and recommendations with the Commission, which the Commission shall take into account but which shall not be binding on the Commission. The applicant shall have the right to receive any such comments and recommendations, and to respond to them at a hearing of the Commission, prior to final action.

Section VIII. Issuance or Denial of Permit; Terms of Permit

A. If, after a public hearing, the Commission determines that the activities which are the subject of the application are likely to have a significant individual or cumulative effect upon the wetland values protected by this Bylaw, the Commission, within 21 days of the close of the hearing, shall issue or deny a permit for the activities requested. If it issues a permit, the Commission shall impose conditions which the Commission deems necessary or desirable to protect said Resource Area values, and all activities shall be done in accordance with those conditions. A permit may identify requirements that shall be enforceable for a stated number of years, indefinitely, or until permanent protection is in place, and shall apply to all owners of the land. The Commission shall take into account the cumulative adverse effects of loss, degradation, isolation and replication of protected resource areas throughout the municipality, resulting from past activities, permitted and exempt, and foreseeable future activities.

B. The Commission is empowered to deny a permit for failure to meet the requirements of this Bylaw; for failure to submit necessary information and plans requested by the Commission; for failure to meet the design specifications and performance standards, or other requirements in regulations of the Commission. Failure to avoid or prevent unacceptable significant or cumulative effects upon the wetland values protected by this Bylaw and where no conditions are adequate to protect those values shall also result in a permit denial. Due consideration shall be given to any demonstrated hardship on the applicant by reason of denial, as presented at the public hearing.

C. Lands within 100 feet of the specified resource areas, and within 200 feet of rivers, streams, and creeks, are presumed important to the protection of these resources. Activities undertaken in said lands, which are in close proximity to resource areas, have a high likelihood of adverse effect upon them either immediately, as a consequence of construction, or over time, as a consequence of daily operation or existence of the activities. These adverse impacts from construction and use can include, but not be limited to, erosion, siltation, loss of groundwater recharge, poor water quality, and loss of wildlife habitat. The Commission therefore may require that
the applicant maintain a strip of continuous, undisturbed vegetative cover within the aforementioned one-hundred-foot or two-hundred-foot area, unless the applicant convinces the Commission that the area or part of it may be disturbed without harm to the values protected by this Bylaw. The specific size and type of protected areas including setbacks, no disturb, no build areas may be established by regulations of the Commission.

D. In the case of areas within 200 feet of rivers, streams, and creeks, no permit issued hereunder shall permit any activities unless the applicant, in addition to meeting the otherwise applicable requirements of this Bylaw, has proved by a preponderance of the evidence that there is no practicable alternative to the proposed project with less adverse effects. Should there be no practicable alternative, that such activities, including proposed mitigation measures, will have no significant adverse impact on the areas or values protected by this Bylaw. The Commission shall regard as practicable an alternative which is reasonably available and capable of being done after taking into consideration the proposed property use, overall project purposes, logistics, existing technology, costs of the alternatives and overall project cost.

E. To prevent wetland loss, the Commission shall require applicants to avoid wetlands alteration wherever feasible; shall minimize wetlands alteration; and, where alteration is unavoidable, shall require full mitigation.

F. The Commission may authorize or require replication of wetlands as a form of mitigation, but only with adequate security, professional design, and professional monitoring to assure success, because of the high likelihood of failure of replication.

G. The Commission may require a wildlife habitat study of the project area, to be paid for by the applicant, whenever it deems appropriate, regardless of the type of resource area or the amount or type of alteration proposed. The decision shall be based upon the Commission's estimation of the importance of the habitat area considering but not limited to such factors as proximity to other areas suitable for wildlife, importance of wildlife "corridors" in the area, or possible presence of rare species in the area. The work shall be performed by an individual who at least meets the qualifications set out in the wildlife habitat section of the Wetlands Protection Act Regulations at 310 CMR 10.60 et seq.

H. The Commission shall presume that all areas meeting the definition of "vernal pool" under this Bylaw, including the adjacent area, perform essential habitat functions. This presumption may be overcome only by the presentation of credible evidence, which, in the judgment of the Commission, demonstrates that the basin or depression does not provide essential habitat functions. Any formal evaluation shall be performed by an individual meeting the qualifications under the wildlife habitat section of the Wetlands Protection Act Regulations.

I. A permit, Determination of Applicability (DOA), or Order of Resource Area Delineation (ORAD) shall expire one year from the date of issuance. Notwithstanding the above, the Commission in its discretion may issue a permit expiring (3) three years from the date of issuance for recurring or continuous maintenance work. A
permit may identify requirements which shall be enforceable for a stated number of years, indefinitely, or until permanent protection is in place, and shall apply to all present and future owners of the land.

J. For good cause, the Commission may revoke or modify a permit or determination issued under this Bylaw after notice to the holder of the permit, notice to the public, abutters and town boards, pursuant to a public hearing. Amendments to permits or determinations shall be handled in the manner set out in the Wetlands Protection Act Regulations and policies thereunder.

K. The Commission in an appropriate case may combine the decision issued under this bylaw with the permit, DOA, ORAD, or Certificate of Compliance (COC) issued under the Wetlands Protection Act and regulations. No work proposed in any application shall be undertaken until the permit, or ORAD issued by the Commission. No work shall be undertaken until the permit or ORAD has been recorded in the registry of deeds and proof that that all relevant documents have been recorded and supplied to the Commission. Likewise, no work shall be undertaken if the land affected is registered land, (in the registry section of the land court for the district wherein the land lies), until the holder of the permit certifies in writing to the Commission that the document has been recorded. If the applicant fails to perform such recording, the Commission may record the documents itself and require the Applicant to furnish the recording fee, either at the time of recording or as a condition precedent to the issuance of a Certificate of Completion.

Section IX. Rules and Regulations

A. After public notice and public hearing the Commission shall promulgate rules and regulations to effectuate the purposes of this Bylaw effective when voted and filed with the town clerk. Failure by the Commission to promulgate such rules and regulations or a legal declaration of their invalidity by a court of law shall not act to suspend or invalidate the effect of this Bylaw.

B. At a minimum, these regulations shall reiterate the terms defined in this bylaw, define additional terms not inconsistent with the bylaw, and impose filing and consultant fees.

Section X. Security

A. As part of a permit issued under this Bylaw, in addition to any security required by any other municipal or state board, agency or official, the Commission may require that the performance and observance of the conditions imposed hereunder be secured wholly or in part by one or more of the methods described below:

1. By a conservation restriction, easement or other covenant enforceable in a court of law, executed and duly recorded by the owner of record, running with the land to the benefit of this municipality whereby the permit conditions shall be performed and observed before any lot may be conveyed other than by mortgage deed. This method shall be used only with the consent of the applicant.
Section XI. Enforcement; Violations and Penalties

A. No person shall remove, fill, dredge, build upon, degrade or otherwise alter resource areas protected by this Bylaw or cause, suffer, or allow such activity. No person shall leave in place unauthorized fill or otherwise fail to restore illegally altered land to its original condition, or fail to comply with a permit or an enforcement order issued pursuant to this Bylaw without the required authorization.

B. The Commission, its agents, officers and employees shall have authority, to the extent provided by the constitutions and laws of the United States and the Commonwealth or with prior approval from the property owner, to enter upon privately owned land for the purpose of performing their duties under this Bylaw and may make or cause to be made such examinations, surveys or sampling as the Commission deems necessary.

C. The Commission shall have authority to enforce this Bylaw, its regulations and permits issued hereunder by violation notices, administrative orders, non-criminal citations under MGL c. 40, § 21D, and civil and criminal court actions. Any person who violates provisions of this Bylaw may be ordered to restore the property to its original condition and take other action deemed necessary to remedy such violations, or be fined, or both.

D. Upon request of the Commission, and the Board of Selectmen and the Town Counsel may take legal action for enforcement under civil law.

E. Municipal boards and officers shall have authority to assist the Commission in enforcement.

F. Any person who violates any provision of this Bylaw, regulation, permits or administrative orders issued, shall be punished by a fine of three hundred dollars ($300.00). For each day or portion thereof during which a violation continues, or unauthorized fill or other alteration remains in place, shall constitute a separate offense, and each provision of the Bylaw, regulations, permit or order violated shall constitute a separate offense.

G. As an alternative to criminal prosecution in a specific case, the Commission may issue citations under the noncriminal disposition procedure set forth in MGL c. 40, § 21 D which is made a part hereof and is incorporated herein by reference.

Section XII. Burden of Proof

A. The applicant for a permit shall have the burden of proving by a preponderance of the credible evidence that the work proposed in the application will not have unacceptable significant or cumulative effect upon the wetland values protected by this Bylaw. Failure to provide adequate evidence to the Commission supporting this burden shall be sufficient cause for the Commission to deny a permit or grant a permit with conditions.
Section XIII. Relations to Wetlands Protection Act

A. This Bylaw is adopted under the Home Rule Amendment of the Massachusetts Constitution and the Home Rule Statutes, independent of the Wetlands Protection Act, MGL c. 131, § 40, and regulations 310 CMR 10.00 et seq. It is the intention of this bylaw that the purpose, jurisdiction, authority, authorized regulations, standards, and other requirements shall be interpreted and administered as stricter than those under Wetlands Protection Act, MGL c. 131, § 40, and regulations 310 CMR 10.00.

Section XIV. Severability

A. The invalidity of any section or provision of this town Bylaw shall not invalidate any other section of provision thereof, nor shall it be construed to invalidate any permit or determination which previously has been issued.

Section XV. Appeals

A. A decision of the Conservation Commission shall be reviewable in the Superior Court in an action filed within 60 days in accordance with MGL c. 249, § 4.

(Special Town Meeting, March 26, 1980, Article 27.)
(Special Town Meeting, May 11, 2009, Article 45.)
(Special Town Meeting, November 2, 2009, Article 9.)

Section XVI. Priority Development Sites(s)

A. Where the development of a Priority Development Site (PDS), as defined in Section 11 of the Zoning By-Laws, requires a permit hereunder, an application therefor shall be submitted simultaneously with any other permit application(s) required by the By-Laws or said Zoning By-Laws relating to the use or development of the PDS, or the buildings and/or structures located thereon, and not otherwise exempted by G.L. c. 43D, and may be reviewed concurrently therewith.

B. The Commission shall render a decision on any such application no later than one hundred eighty (180) days from the date of submittal thereof.

ARTICLE XXVI.
Alarm System By-Law

Section 1. Definitions
(a) For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings given herein. When not inconsistent with the context, words used in the present tense include the future; words used in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

(1) The term "Alarm System" means an assembly of equipment and devices or a single device such as a solid state unit which plugs directly into a 110 volt AC line, arranged to signal the presence of a hazard requiring urgent attention and to which police are expected to respond. Fire Alarm systems and alarm systems which monitor temperature, smoke, humidity or any other condition not directly related to the detection of an unauthorized intrusion into a premises or an attempted robbery at a premises are specifically excluded from the provisions of this by-law. The provision of Section 3 of this by-law shall apply to all users.

(2) The term "False Alarm" means (a) the activation of an alarm system through mechanical failure, malfunction, improper installation or negligence of the user of an alarm system or of his employees or agents; (b) any signal or oral communication transmitted to the Police Department requesting or requiring or resulting in a response on the part of the Police Department when in fact there has been no unauthorized intrusion, robbery or burglary, or attempt threat. For the purposes of this definition, activation of alarm systems by acts of God, including but not limited to, power outages, hurricanes, tornadoes, earthquakes, and similar weather or atmospheric disturbances shall not be deemed to be a false alarm.

Section 2. Control and Curtailment of Signals Emitted by Alarm Systems
(a) Every alarm user shall submit to the Police Chief the names and telephone numbers of at least two other persons who are authorized to respond to an emergency signal transmitted by an alarm system and who can open the premises wherein the alarm systems is installed, or

(b) All alarm systems installed after the effective date of this ordinance which use an audible horn or bell shall be equipped with a device that will shut off such horn or bell within ten (10) minutes after activation of the alarm system.

(c) Any alarm system emitting a continuous and uninterrupted signal for more than fifteen (15) minutes between 7 p.m. and 6 a.m. which cannot be shut off or otherwise curtailed due to the absence or unavailability of the alarm user or those persons designated by him under paragraph (a) of this section, and which disturbs the peace, comfort or repose of a community, a neighborhood or a considerable number of inhabitants of the area where the alarm system is located, shall constitute a public nuisance. Upon receiving complaints regarding such a continuous and uninterrupted signal, the Police Chief shall endeavor to contact the alarm user, or members of the alarm user's family, or those persons designated by the alarm user under paragraph (a) of this section in an effort to abate the nuisance. The Police Chief shall cause to be recorded the names and addresses of all complainants and time each complaint was made.

Section 3. Penalties
(1) Upon receipt of three or more false alarms within a calendar year, the Police Chief may order the user:
   (a) to discontinue the use of the alarm;
   (b) may disconnect any direct connections to the Police Department;
   (c) may order that further connections to the communications console in the Police Department will be contingent upon the user equipping any alarm system with a device that will shut off any audible horn or bell within ten (10) minutes after activation of the alarm system.

(2) The user shall be assessed Fifty ($50) Dollars as a false alarm service fee for each false alarm in excess of three (3) occurring within a calendar year. All fees assessed hereunder shall be paid to the Town Treasurer for deposit to the general fund.
(Special Town Meeting, June 15, 1981, Article 12.)

Handicapped/Disabled Veteran Parking
By-Law

1. Any person or body that has lawful control of a public or private way or of improved or enclosed property used as off-street parking areas for businesses, shopping malls, theaters, auditoriums, sporting or recreational facilities, cultural centers, or for any other place except residential dwellings, where the public has a right of access as invitees or licensees, shall reserve parking spaces in said off-street parking areas for any vehicle owned and operated by a disabled veteran or handicapped person whose vehicle bears the distinguishing license plate authorized by section two of chapter ninety, according to the following formula:

A "printed matter vending machine" (hereinafter called "machines") shall mean any coin or token operated box, container, rack, stand, storage unit or other dispenser or device installed, placed, used, operated or maintained for the display and sale or distribution of newspapers, periodicals, or other printed matter for public use.

3. The application for the permit shall fully and specifically describe the printed matter vending machine by setting forth its size by height, depth, and width or any other relevant dimensions if varying in height, depth and width, the name and business address of the applicant, the exact date or dates said machines will be in place or operation, the exact place where said machine will be located, the manner by which said machine shall be affixed or held in place, and the description of any object to which said machine shall be affixed. Further reasonable information which may affect the public safety, health, or order in the community may be requested from the applicant. An annual application fee, the amount of which will be determined upon passage of this By-Law and annually thereafter by the Norwood Board of Selectmen, which fee will be
reasonably related to the costs of processing said application, shall be paid for each machine licensed. The form of application shall be approved by the Town Counsel.

4. Within twenty days of receipt of such completed application, the Norwood Board of Selectmen shall grant a permit or shall order a hearing within an additional 10 days, giving at least 5 days written notice to the applicant.

5. Within ten days next following the close of the hearing, the Norwood Board of Selectmen shall grant such permit or shall deny such application upon a finding that issuance of such a permit would lead to the creation of a nuisance or would endanger the public health, safety or order by:

(a) unreasonably increasing pedestrian traffic in the area in which the machine is located;

(b) endangering the public safety as follows: by reason of the machine's projecting onto, into, or over any part of the roadway of any public street; by reason of its being affixed to a site or location used for public utility purposes, public transportation purposes, or governmental use; or by reason of its being located in such a manner as to unreasonably interfere with or impede the flow of pedestrian or vehicular traffic, sidewalk or street cleaning and/or snow removal, and the ingress or egress from any residence, place of business or any legally parked or stopped vehicle; by reason of esthetic harm and defacement caused by its being affixed to poles, posts, traffic signs or signals, hydrants, mailboxes or other objects at or near such location.

6. No machine shall be chained, bolted, or otherwise attached to property owned or maintained by the Town of Norwood; within three feet of any crosswalk; within fifteen feet of any fire hydrant; within five feet of any fire or police call box or other emergency facility; within five feet of any driveway, public or private, within three feet ahead of fifteen feet to the rear of any designated bus stop, taxi stand, or place marked for handicapped parking; within three feet of any bus bench or shelter; at any location whereby the clear space for the passegeway of pedestrians is reduced to less than four feet; within three feet of any display window of any building abutting the sidewalk or other public place in such a manner as to impede or interfere with the reasonable use of such window for display purposes.

7. No machine shall be used for advertising signs or publicity purposes other than that which is essential to identify on no more than two sides of the machine the printed matter offered for sale therein. No letter thereon shall exceed two square inches in size.

8. Each machine shall be maintained in a clean and neat condition and in good repair at all times, and it shall be of one color that does not unnecessarily contrast with the immediate surroundings except that the lettering may contrast with such one color. No reflectorized paint, day-glo, fluorescent, or Scotchlite reflective materials or materials of like nature may be used on such machine.

9. The person who places or maintains such machine shall have his name or Massachusetts agent's name, address, and telephone number affixed thereto in a place where such information may easily be seen.

10. All persons who have placed or intend to place machines in the Town of Norwood shall have thirty days from passage of the within By-Law by the Town Meeting and approved by the Attorney General to comply with the said provisions or such additional times as the Norwood Board of Selectmen may allow in their discretion.

11. Notice of the denial of an application for permit shall be in writing and accompanied by a statement of the reasons therefor. No application shall be denied if the anticipated harm is not significant or if the likelihood of its occurrence is remote. The Norwood Board of Selectmen may impose conditions upon the permit but said conditions may only relate to compliance with applicable laws or ordinances or to public safety, health or order, or to steps required to be taken to guard against creation of a nuisance or to insure adequate safety and security for the public. No applicant having been denied a permit as aforesaid shall submit the same or similar application within one year of said denial without including in said new application facts showing that the circumstances upon which the original denial was based have substantially changed.

12. Violation of the terms and conditions in this by-law or in any permit granted hereunder shall be punishable by fines not to exceed $200.00 and said violation shall be cause for cancellation, suspension, revocation or modification, after hearing, upon three days written notice, sent registered or certified mail, to the name and address set forth in the annual application. The Town of Norwood may petition the Superior Court department of the trial court to enjoin any violation of this by-law or the conditions in any permit granted hereunder. If, after hearing, the applicant fails to comply with the order of the Norwood Board of Selectmen, said Selectmen may order the removal of said machines and place them in storage in a secure place; the cost of removal and storage shall be paid by the permit holder.

13. If such machine is not used for the distribution of printed matter for a period of 60 calendar days, the same shall be deemed as abandoned property and may be disposed of according to law.

(Special Town Meeting, February 21, 1989, Article 7.)
ARTICLE XXXIV.
Rules of Procedure for Norwood
Representative Town Meeting

1. GENERAL: The proceedings of the representative town meeting shall be governed by the parliamentary motions contained in this by-law, as the same may be revised from time to time, unless another provision is made by statute or by these by-laws. When not otherwise specified by this by-law it shall be the duty of the Moderator, as provided by law, to regulate the proceedings of the meeting.

2. NOTIFICATION: The town clerk shall, after election of town meeting members notify the newly elected members of their election and the need to be sworn.

By-Laws of the Town of Norwood, as amended.

3. MEETING DATES AND TIMES: The Annual Town Meeting shall be called by the Selectmen for the second Monday in May of each year. All subsequent sessions of the Annual and all Special Meetings shall be held on a Monday or Thursday. No session of a town meeting shall continue past the hour of 10:30 o'clock p.m., unless in the Moderator's judgement it appears that the meeting may be able to complete its business and dissolve the same evening with a reasonable extension of time.

4. PHYSICAL CONDITIONS: It is the duty of the Selectmen to designate the date, time, and place of the meeting, and therefore to provide adequate space and equipment. The selectmen shall also appoint an appropriate number of constables or police officers to assist the Moderator in preserving decorum and to see that only town meeting members have access to the voting area.

The Moderator should arrange to have the hall divided so that the elected town meeting members are seated in a separate section or voting area, as well as for the seating of other town officials. He should have in mind the divisions of aisles to facilitate counting by tellers, access to the podium, public address system, projection equipment, etc.

The Town Clerk shall appoint checkers to record the attendance of town meeting representatives and to determine the presence of a quorum.

The Town Clerk shall provide an identification badge to each member. The badge will contain the members picture, name, and district number. Badges shall be distributed to town meeting members when they sign in and returned at the end of each session. Badges must be conspicuously displayed by the town meeting members in order to be seated and vote.

5. QUORUM: As required by the Representative Town Meeting Act, Chapter 541, Acts of 1947, a majority of the town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may adjourn from time to time. If a quorum is not reached within thirty minutes of the time for which the meeting was scheduled to convene no action may be taken other than to adjourn to a time certain.

6. DEBATE: All registered voters of the town have a right to speak, whether or not a town meeting member. Any person wishing to address the town meeting must have permission from the Moderator which is obtained by first raising ones hand to be recognized. Only Town meeting members may offer motions and vote.

Once recognized by the Moderator, a member shall identify themselves by name and district number. Others speakers shall state their name and residence.

All speakers who may be spokesman (retained, paid or otherwise) for any group or individual affected by the article, must so state when identifying themselves.

No member speaking on an issue may close by making a motion to move the question.
The Moderator shall first recognize the sponsor of an article. The Finance Commission shall be recognized first for the article in the Annual Town Meeting or any Special Town Meeting calling for the appropriation of funds. The Moderator shall recognize the chairman of any board or commission who is required to give a recommendation on any matter immediately following the presentation by the sponsor of an article.

7. LIMITS ON DEBATE: The sponsor or initial proponent of a motion shall be limited in time to ten minutes. Presentations by groups shall be coordinated in advance with the Moderator and limited to a total of twenty minutes. Subsequent speakers shall be limited to five minutes.

Any speaker may be granted an extension of time by the meeting however no person shall receive more than one extension on any pending motion. The extension shall be for whatever length of time voted by the meeting.

The Moderator shall make a conscious effort to recognize an individual who wishes to speak for the first time, over those who have previously spoken to the issue. Procedural motions subject to debate and motions to amend are considered separate issues.

Nothing herein shall restrict the sponsor of a motion or any other person from addressing the town meeting as often as necessary to answer questions addressed to them by other speakers.

8. PRESENTATIONS: Persons or groups intending to refer to printed materials during debate should have said materials mailed to each town meeting member at least seven (7) days before the meeting.

The Selectmen or any other Board or Commission having responsibility over any negotiated contract to be voted upon, or for which money is to be appropriated, should, if at all possible, mail a summary of said contract to each town meeting member at least seven (7) days before the meeting at which the action will be requested.

9. METHOD OF TAKING VOTES: Unless otherwise voted by the membership prior to the taking of a vote, all votes requiring a majority will be by voice, i.e.: "Aye" or "No"; or by a non-counted standing vote as decided by the Moderator.

The Moderator's determination of the vote may be challenged by no less than seven (7) members, and such a challenge requires a standing count of the votes. A counted vote once declared by the Moderator may not be challenged.

If a two thirds, four fifths or nine tenths vote is required by statute, a count shall be taken, and the vote recorded by the clerk; but if the vote is unanimous, a count need not be taken, and the clerk shall record the vote as unanimous.

A Roll Call vote or a Secret Ballot vote may be demanded by the meeting in the following manner:

Roll Call: A properly made and seconded motion from the floor. Adoption by no less than a majority vote.

Secret Ballot: A properly made and seconded motion from the floor. Adoption by a two-thirds vote.

Motions for either a Roll Call vote or Secret Ballot vote are not subject to debate, nor may such a motion be reconsidered. There is no appeal from the outcome of either of these methods of voting.

Negative vs Affirmative Votes: Defeat of a negative motion is not sufficient to establish an affirmative action. If no member offers an affirmative motion the Moderator shall inform the body that unless an affirmative motion is made the meeting shall move on to the next action. If no motion is offered the Moderator will move to the next article and the Clerk shall record that no affirmative action was taken on the article.

10. MOTIONS: The Rules of Order contained in this by-law have been selected from recognized manuals of Parliamentary Procedure, and amended as deemed suitable for the transaction of local affairs at town meeting.

Motion Key: Vote Required, the motions contained herein shall be decided by a majority of those present and voting, M, unless otherwise noted.

Second Required, =SR
No Second Required, =NS
Debatable, =D
Not Debatable, =ND
Amendable, =A
Not Amendable, =NA

Only a Question of Privilege or a Point of Order may interrupt another speaker.

PRIVILEGED MOTIONS: Relate to the conduct of the meeting. They take priority over all other motions:

RANK
1. To Dissolve: M, SR, ND, NA
2. To Adjourn to a fixed time, or recess: M, SR, D, A
3. A point of no quorum: NO VOTE, NS, ND, NA
4. To fix the time at which to adjourn: M, SR, D, A
5. A question of privilege: NO VOTE, NS, ND, NA

SUBSIDIARY MOTIONS: Are intended to assist the body to handle pending business. Ordinarily they are applied to main motions for the purpose of disposing of them. Occasionally they may be intended to apply to the main motion in competition
with each other. When they compete their order of rank determines the order in which they will be considered. If the higher ranked subsidiary motion is adopted it disposes of all other pending action.

6. To move the question (stop all debate and vote) 2/3 VOTE, SR, ND, NA
7. To extend the limits of debate: M, SR, ND, NA
8. *To postpone to a time certain: M, SR, D, A
9. *To refer to committee: M, SR, D, A
10. *To Amend (or substitute): M, SR, D, A
11. *To indefinitely postpone: M, SR, D, A

INCIDENTAL MOTIONS: Relate to the conduct of the meeting with respect to the pending business. They arise out of other questions, and, thus are considered before the questions which give rise to them. With respect to all other motions they have the same rank as the motion out of which they arise. They have no rank among themselves, therefore when they compete for application to the same motion, they are decided as they arise.

Point of order: NO VOTE, NS, ND, NA
*Appeal: M, SR, ND, NA
Division of a question: M, SR, D, A
*Separate consideration: M, SR, D, A
Fix the method of voting: *(secret ballot requires 2/3 vote)
*(secret ballot requires 2/3 vote)

See 9. METHOD OF TAKING VOTES:
Suspension of the rules: M, SR, ND, NA

MAIN MOTIONS: The motions that bring the business outlined in a warrant article before the town meeting. Main motions shall be presented to the Moderator in writing. A main motion need not be the same wording as the article, however, it may not exceed the scope of the article. Articles are intended to give a general notice of matters to be considered. They should be interpreted in a liberal manner. They may be made only when no other business is pending. They have no rank and therefore yield to all relevant subsidiary and incidental motions. They also yield to all privileged motions. The vote required depends on substantive law. Generally a majority of those present and voting, but there may be many instances in which a statute requires some other proportion, such as two thirds, four fifths, nine tenths.

Negative Main Motions: At times it may be desired by the maker of a motion to recommend that no action be taken under an article. This is accomplished by offering a motion of Indefinite Postponement. Normally a subsidiary motion, it may be a main motion at town meeting. It may be made if no other motion is pending. The effect being to dismiss the article. All suitable subsidiary, incidental, and all privileged motions apply to this motion. If passed it has the effect of a negative vote, which is an affirmative action. (see METHOD OF TAKING VOTES: Negative vs Affirmative Votes)

RECONSIDERATION: 2/3 Vote, Second is required, matter is Debatable, it is not amendable. A vote to reconsider is not final but merely a vote to give further deliberation, and renewed attention to the action to be reconsidered. A motion for reconsideration may be offered at anytime when no other business is pending.

A motion to reconsider shall be placed on the table and a vote taken as the first order of business at the next adjourned session of the Town Meeting. If no adjourned session is ordered, pending motions for reconsideration shall be placed before the town meeting immediately prior to acceptance by the Moderator of a motion for dissolution. When motions to reconsider more than one action are made, they shall be considered in the order in which they were offered.

A motion for reconsideration of a subsection of a passed motion may be made, when the original motion is susceptible to division, without first reopening the main motion under the article.

A motion to reconsider, if carried, may not be raised again unless the original vote is amended or reversed. (example: the original vote was in favor; the vote is reconsidered and the resulting vote is against; the vote against may once more be reconsidered.)

If a motion to reconsider is defeated, it may not be made again unless the Moderator determines that the circumstances have changed enough, or enough time has elapsed to make it reasonable to suppose that additional facts for discussion are available.

*Postpone To A Time Certain: This motion would be used to postpone one article until after some other article has been acted upon. The subject may be postponed to an adjourned session of the same meeting, but may not be postponed to a different meeting.

*Refer to committee: When the meetings want a matter to be given further study before a decision is made it may refer it to
a committee. The committee may be one of the towns permanent boards or a special committee. If a special committee is formed the motion should state whom appoints it and when the committee should make a report, i.e. the next special or annual town meeting.

*Amend (or substitute): A motion to amend may be made orally, however when required by the Moderator or the meeting, it shall be made in written form before a vote is taken. No more than two amendments may be entertained by the Moderator at any one time.

When the main motion and amendments differ only in figures, the Moderator shall arrange them in order and take the votes by starting with the largest sum. Once one of the figures receives a majority vote the other figures shall be dismissed.

When a motion to amend is passed, the main motion as amended, is still before the body and subject to debate, further amendment, and a new vote. A motion to amend requires only a majority vote, but an amended main motion requires the same quantum of vote required by the original main motion.

*Indefinitely Postpone: As a Subsidiary Motion. After the main motion is made the only way to suppress it is to indefinitely postpone it. If a motion to indefinitely postpone is lost, there is still an opportunity for defeating the main motion. As the lowest ranking subsidiary motion it may only be made while the main motion is pending. It may be made after an amendment has been acted upon, and the main motion, as amended, is still before the meeting (see negative main motion).

*Appeal: This motion recognizes that it is the duty of the Moderator to first decide questions concerning enforcement of the rules and the order of the meeting, but that is the privilege of any member to appeal from the decision. An appeal from the ruling of a decision of the Moderator must be preceded by a point of order. An appeal must be taken at the time the decision is made. If the appeal is seconded the maker states the basis for the appeal. The Moderator then explains the reason for the decision and puts the question, "Shall the decision of the Moderator be reversed?" A majority is needed to reverse the ruling of the Moderator, a tie sustains the Moderator.

*Division of a Question: If a motion is susceptible of division, meaning that each part makes sense and can stand on its own, then it shall be divided and the questions put separately upon each part by vote of the meeting.

*Separate Consideration: A motion for separate consideration may be made by a member, or in the judgement of the Moderator, when the separate parts of a motion will not stand alone, but the separation of the sections will promote orderliness to the debate. After separate considerations of the sections, the entire proposition is open to amendment. No action on any part is final until action is taken on the whole proposition at the end.

11. RULES COMMITTEE: The Moderator shall appoint a TOWN MEETING RULES COMMITTEE after the close of the Annual Town Meeting each year. Section 2. Any applicant for a license to engage in any of the following occupational activities within the Town shall submit a full set of fingerprints taken by the Norwood Police Department within ten (10) days of the date of the application for a license for the purpose of conducting a state and national criminal record background check to determine the suitability of the applicant for the license:
