DARRYL GRIFFIN
PRESIDING COMMISSIONER

To whom it may concern,

Osage County does not have a Building and Zoning Ordinance. Therefore, we don't issue Occupancy Certificates. If you live within the city limits of the Village of Argyle, Belle, Chamois, Village of Freeburg, Linn, Meta or Westphalia, you should inquire with the respective Trustees or Aldermen for their building requirements.

Additionally, even though Osage County does not have building or zoning requirements, we do have a Floodplain Management Ordinance. This ordinance states that a floodplain development permit is required for all development in the floodplain. Inquiries about developing in the floodplain need to be directed to the Osage County Floodplain Administrator.

Sincerely,

DARRYL GRIFFIN
PRESIDING COMMISSIONER
