Health Dept:

-Kim Sallin said yesterday we held a vaccination clinic which only included law enforcement, first responders and healthcare workers. JCMG came down and brought their vaccines for us. It went really well. It was great to have a small group to be able to work through any potential hiccups. It just worked out really well. We took goodies to Westphalia Nursing home and Linn Nursing home for the employees and residents to let them know we are thinking of them during such trying times. We are getting calls due to the governor telling people they need to get vaccinated but we don't have vaccines of our own. We are keeping a running list of people wanting to get the vaccine and will contact them in running order when we have it available.
