

Local Grocery Response Plans

Community Message from Duckett's Market:

Ouray neighbors and friends, we are so grateful for your support in these challenging conditions! Duckett's Market is endeavoring to ensure an uninterrupted supply of groceries for our community. We will continue to provide our best fair prices on all the items we are able to procure.

Please do your best to order only what you need so we can meet the needs of all as the supply chain catches up. We are assured the products are there just needing to re-establish distribution. Our AFS warehouse is receiving inventory around the clock and passing it through to stores as quickly as possible. It may however, take a couple of months to complete this process. Stay patient and flexible with us as we work to make this as pleasant as we can. We will happily give suggestions for substitutions on your list.

We currently have a wide selection of fresh beef and pork in stock and chicken items should be back in stock March 19th late afternoon. Our deliveries are experiencing up to 24 hour delays so there are a few bare spots but still plenty of variety to be had. The Artisan Bakery has upped production to help meet the baking goods demands and they have a wonderful array of fresh goods daily. Please ask about the daily selections.

Phone orders (970-325-4397) and street side pick-up will continue for at least the next several weeks. We understand that this process can be inconvenient but we feel it is the best option to keep both you and our staff healthy and protect our ability to serve you.

We have established a temporary online ordering system which will roll out March 19. It should help us pick your orders more efficiently. Check it out (nothing fancy) <https://grocer-helper.herokuapp.com>. It provides an aisle listing of categories available. If you have questions regarding brands or availability of your favorites we welcome your call at (970)325-4397.

Please continue washing those hands and maintaining your spacing especially if we have a crowd at pick up. Thank you for working together. If you or a neighbor need items to be delivered in our local area, we can make arrangements to schedule a drop off. We want everyone to have their basics covered! Again, many thanks and stay happy and healthy we will get through this together.

Updates will be posted often as conditions change.

Store hours for March beginning on the 22 Monday-Saturday 8AM-6PM and Sunday closed. We will make every effort to keep these hours if possible.

Community Message from Ouray Meat and Cheese Market:

Ouray Meat & Cheese is open to the public for walk-in or curbside orders Monday - Saturday, 10am - 6pm. We understand that this is a time to be cautious in all that we do and Ouray Meat and Cheese is taking no exception to this. We are a small locally ran store that sources LOCAL meats and can hand cut anything to order, as well as package it to your personal needs. Please give us a call and we can answer any questions. We also offer curbside service to put your order together and run to your vehicle when you arrive. There is no extra charge for this service and will continue to maintain our everyday low prices and great service. We go above and beyond with all of our cleanliness and sanitation procedures.

With recent updates and regulation changes to protect the public, Ouray Meat and Cheese has made the following changes:

1. To keep adequate personal areas (only 6 customers in the store at one time).
2. Please do not randomly touch or pick up items and place them back on the shelves. (We will sanitize everything you touch).
3. If you have any questions, just ask. We are here to make sure you have a pleasant shopping experience, while at the same time, preventing the spread of unneeded illnesses.
4. If you would like to stay at home or in your vehicle, just call (970)325-7322 and we would be more than happy to fill your order for you at no additional charge.
