	Bruin Waste Management	Service	<p>Bruin Waste Management Bruin offices are closed to the public. Due to the nature of this disease, we will be refraining from picking up any additional household material not enclosed in your standard trash container. We also ask that all materials be bagged. In order to ensure the safety of our staff, they have been instructed to not pick up loose material on the ground, un-bagged material inside of the containers, or any material they deem to be hazardous to themselves or their surroundings. Bruin urges their customers to take everyday actions to protect yourself and your families from the spread of COVID-19. Follow local guidance and instructions regarding sanitizing and disinfecting procedures. Bruin will continue to monitor the situation and update our customers with new information accordingly.</p> <p>Trash Pick-up reminders</p> <ul style="list-style-type: none"> <li>• Please bag all material – we will not be picking up any loose trash inside the receptacle or beside the receptacle on the ground. This does not apply to construction trash. Bruin Waste Management absolutely understands the difficulties construction sites face. This and appreciate all of your efforts to keep your job sites and crew as healthy and germ-free as possible. While the residential trash poses more of a threat in the spreading of COVID-19, we believe the construction material to be less of a risk.</li> <li>• Recycle materials may remain un-bagged but please clean and sanitize before placing in your provided receptacle.</li> <li>• Follow local instructions regarding sanitizing and disinfecting procedures.</li> <li>• If you or your family members are symptomatic please take extra care bagging and enclosing used napkins, tissues or medical supplies.</li> </ul>
