

# **Plumbing & Mechanical Building Permit Application**

**Community Development**

## Application Check List

*This checklist must be completed for COMMERCIAL PROJECTS before your application will be accepted by the City of Shelton.*

*\*For RESIDENTIAL PROJECTS simply complete all parts of the application on page 3.*

*Bring this application along with all required documentation to the City of Shelton Building Department office. This is not a permit, and failure to submit all necessary information will cause a delay and/or rejection of your submittal. When a permit has been approved, you will be notified.*

Office Staff	<b>REQUIREMENT MINIMUM PROJECT SUBMITTAL STANDARDS FOR COMMERCIAL MECHANICAL AND PLUMBING PERMIT APPLICATIONS.</b>	Applicants Initials
	All parts of Application Complete	
	Two (2) sets of engineering calculations, diagrams and other data shall be submitted	
	Construction documents shall be drawn to scale and shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that the work conforms to the provisions of the currently adopted code.	
	The construction documents, computations and specifications shall be prepared and designed by a registered design professional. Where special conditions exist, the building official may require additional construction documents to be prepared by a registered design professional.	
	Construction documents for buildings more than two stories in height shall indicate where penetrations will be made for mechanical systems, and the materials and methods for maintaining required structural safety, fire-resistance rating and fire-blocking.	
	Right of Way Permit. Utility Work in the right of way, a new driveway approach, sidewalks, etc. would require a right of way permit.
