

# City of Somerville

---

The City of Somerville is making every effort to comply with Governor Abbot's request that gatherings of more than ten people be discontinued, and along with Friday's "Declaration of Local State of Disaster" by Mayor Bradford on Friday March 20, 2020.

We will not allow any public access to the special called meeting tonight. As city council and Mayor (6) and staff (4) equal ten people. However, we will attempt to live stream the meeting on Keep Somerville Beautiful Facebook page for the public to view.

Tonight's Special Called Meeting Agenda – to discuss and take action on moving the City of Somerville's May general election for city council, until November.
