PUBLIC COMMENT

Carl Richards of 390 Lenox stated this isn’t a very busy time of year, but he has some old news to update. The South Lyon Woods trailer park has completed the sidewalk around the playground and it looks beautiful. He further stated they will be removing more deteriorated trailers and 3 concrete slabs. He further stated they have done a lot of patchwork on the parking lot in their plaza up front, and hope to do more later this year. Mr. Richards stated they painted the caboose at the Historical Depot and it took a lot of work to get the paint to match. He stated there is a new driveway on Ada street and the incline will benefit the trucks and equipment.

Gary Koval of 61350 Heritage Blvd stated he is here asking Council for help regarding the speeding through Colonial Acres. He stated he spoke with the Police Department and they explained they can’t enforce the speed limit and it is private property. He is looking for an avenue to help with this problem. The speed limit is 15 and people are speeding and running through stop signs, and there are many people walking through this neighborhood, and it’s dangerous and he is afraid someone is going to get hurt. He is hoping some of the people in Colonial Acres will pay attention to this and stop speeding and going through stop signs. Mr. Koval stated it isn’t people cutting through, it is mostly the residents that are doing this. Chief Collins stated it is private property and they cannot govern the speed limit, but we can enforce impaired, reckless and drunk driving. He stated it is difficult to catch someone in the act.

OLD BUSINESS

1. Consider adopting revised 5-year contract with Peoples Express

6/12/17
City Manager Ladner stated this contract has the termination agreement added that Council wished to add. Councilmember Ryzyi stated all of our original questions and concerns have been addressed and this is a valuable service for our seniors.

**CM 6-6-17 MOTION TO APPROVE 5 YEAR CONTRACT WITH PEOPLES EXPRESS**

Motion by Ryzyi, supported by Kurtzweil
Motion to approve 5-year contract with Peoples Express as presented

**VOTE:** MOTION CARRIED UNANIMOUSLY

**OLD BUSINESS**

1. Consider accepting donations to the City/Cultural Arts Commission:

   City Manager Ladner stated Josie Kearns has already spoke with Council regarding the anonymous donor for the laminated art, and we have also received a $100.00 gift card from Busch’s for food and other items for the Sustainable Art Show that is currently happening.
   a. Picturing America; laminated art from the National Endowment for the Humanities archives- anonymous donor
   b. $100.00 gift certificate from Busch’s for the Sustainable Art and Sound Art reception

**CM 6-7-17 MOTION TO ACCEPT DONATIONS AS PRESENTED**

Motion by Kramer, supported by Kivell
Motion to approve the donations of laminated art from the National Endowment for the Humanities archives and a $100.00 gift certificate from Busch’s for the Sustainable Art and Sound Art Reception to the City/Cultural Arts Commission

**VOTE:** MOTION CARRIED UNANIMOUSLY

2. Discussion- Budgets

   Councilmember Kurtzweil stated she has a few issues to discuss. She further stated the budget process the City has is archaic and backwards, and there needs to be a rebuild. She further stated we need to change how we proceed and resolve budget issues. Councilmember Kurtzweil stated the process needs to start now. She stated we need a basic understanding of the budget. She spent time preparing for tonight and what happened on May 22nd. If you’re not going to approve the budget levy you can’t approve the budget. She stated the reason is the City doesn’t have a mechanism to deal with an approved budget without a mill levy. She further stated what is important is understanding the difference between the relationship between the mill and the budget. It is basic grade school stuff and she wants to remind Council to look at the budget as an integrated piece of work and all mechanisms need to work which includes the funding. She further stated she received a letter from the City Attorney marked Attorney Client Privilege, but there was nothing confidential in it, it dealt with statutes, the Charter and the uniform budgeting acts. She stated the tone of the letter was basically if we didn’t pass the budget by a certain date, the City would be in a financial crisis. We already are in a financial crisis. She stated what the letter didn’t say is there is a defense to the argument that if you don’t pass a budget and a levy you can be in violation of the Charter. She stated her defense is the public policy defense. She doesn’t believe there is anything in the public’s best interest to approve a budget that doesn’t deal with contingent liabilities of the City. She spent a sufficient amount of time discussing her issues with the budget all of which is public policy issues. She further stated she will not be intimidated by the tone of the letter that was dated May 24th. She stated there was another Councilmember that caused the problem and it wasn’t her. She 6/12/17
further stated she will never vote to pass a budget that she believes is against public policy or against the good nature of the taxpayers. Councilmember Kurtzweil stated the issue was not a Charter deadline, it had to do with the Treasurer filling out the L-4029. Clerk/Treasurer Deaton stated we try to have all mill rates entered into the tax system by the 15th of June, then the County will review them to ensure they are all correct and that will give us time to have the tax files sent to Oakland County for printing and mailing by the 30th of June. Councilmember Kurtzweil stated she spoke with Shannon with Equalization and the deadline is not as much the Charter as it is when the Treasurer must have the form filled out and sent to the County in time for reviewing, printing and mailing of tax bills, and the Attorney didn’t realize that. She further stated the form does not include the library or the school district. She stated they have their own L-4029’s. She stated they send the Treasurer their L-4029’s and then we know what we need to put on the tax bills. We need an understanding of the process. Attorney Wilhelm stated the City Charter provides for a deadline of the 2nd meeting in May and that didn’t happen this time. He further stated this isn’t something we can disregard. Councilmember Kurtzweil stated she disagrees and she has strong public policy arguments to defend her actions and she is not buying into the argument. Any provision of our Charter can be challenged in Court. She stated additionally what she did with her research, she googled a search for communities not passing a mill levy, but passing a budget. She stated she spoke with the financial person for Durango Colorado. She stated their Ordinance would have helped us, which states if the Council fails to act in a timely manner to adopt the annual budget, the certified tax levy will be the last fixed levy for the ensuing year and will be in effect until Council takes additional action. She stated they did this in the 1980’s. She stated you have to remember Lisa Deaton has to sign this form and can’t fill it out until we have an Ordinance or a mill levy. She stated we had a problem and maybe this is the solution. Pass an Ordinance to allow the Treasurer to use the amount last fixed to fill out the L-4029. She stated we have a problem and we need to find a way to solve the problem. Councilmember Kurtzweil stated the County looks at the form and her understanding is the City is then locked out of the system so the County can approve the rates then get the tax bills printed and mailed. She stated that is the time table, more than the Charter. She proposes the City pass a similar Ordinance as Durango, Colorado. City Attorney Wilhelm stated Council could make a motion to continue the last year’s mill levy. There is a more affirmative obligation on behalf of all Council members to come up with something more acceptable. Councilmember Kivell stated we need to have a deliberate action, not a default.

Councilmember Ryzyi stated this budget should not have been passed and it included an increase that we voted on while we were still putting the papers together. He stated he doesn’t even know what was passed, we should have gone back to the table and went line by line to stay with the previous mill levy. Councilmember Ryzyi stated we still have not received a revised budget. He further stated he has an issue with the “sky is falling” letter dated May 24th. City Attorney suggested Councilmember Ryzyi not to disclose any part of the Attorney Client Privilege letter. Councilmember Ryzyi stated he disagrees and we have received many communications that are not attorney client privilege and they were not privileged. He stated he feels Council was bullied into passing this budget. He stated he didn’t vote to pass it. City Manager Ladner stated she will hopefully get the budgets to Council on Tuesday.

Councilmember Ryzyi stated he heard the police car was removed from the budget. City Manager Ladner stated the mill levy that was passed did not include a police car. She stated she provided Council a list of things to be cut and the police car was on that list. The Police Department have gotten new cars for the last 3 years. Councilmember Kivell stated we should get specifics of what was approved.

Councilmember Ryzyi stated it seems very backwards and we are already at a short fall for next year. City Manager Ladner stated we are looking at a potential deficit for 2018 but that budget hasn’t been set yet. Councilmember Kurtzweil stated there is a serious problem when people voted to pass a budget, and they don’t know what they passed. Councilmember Ryzyi stated we need some outside help with our budget. Councilmember Kurtzweil stated she is presenting a solution and Council can follow the solution.
that may solve an impasse when we have a tax issue. The chaos that was created on the 22nd and the 30th have not gone unnoticed by other communities and we need to get this budget process under control. She further stated Durango, Colorado works on their budgets 7 months out of the year. Councilmember Kivell stated the only problem he sees is the only thing it answers is what the mill rate will be, but it doesn’t contain anything reflecting what activities will be covered as a product of the revenues. He further stated it makes more sense to determine exactly what things need to end up being whether we have to reduce the levy and we have to determine if we are willing to make a raise or make cuts. The idea to have a fallback of using the previous mill levy doesn’t solve the problem. Further discussion was held regarding the budget process.

Mayor Galeas stated he understands everyone’s side, but he agrees it would be prudent to have budget discussions throughout the year. Councilmember Ryzyi stated this is a real solution, we originally passed the budget but not the mileage and if we had that ordinance in place, we would have been forced to come back to the table to find the cuts. He further stated he is hearing 3 members agree it is a good idea. Councilmember Kramer stated the biggest problem with the budget was we had 3 meetings and we didn’t have the correct information to look at. He stated our budget is very complicated and inexact. He further stated he is still not 100% completely positive of what we passed, he has a good idea, but wants to see it on paper. Councilmember Kivell stated it is based on the discussions we had that evening. Councilmember Kramer stated we can’t have productive meetings on the budget when we don’t know what is being presented. We have never had this issue in the past, and it can’t happen again. He further stated maybe we need to have a budget update each month. Councilmember Kivell asked what the advantage of having a failsafe when we don’t answer the question that is causing the ambiguity of the budget. Councilmember Kramer asked what would happen if we didn’t have a mill levy by the 15th, would we have started mass layoffs. We have to fully understand the consequences of what would happen if we didn’t pass a budget. Councilmember Ryzyi stated in the budget it has been rubber stamped, that is why there was so much constraint. He stated it seemed to be a foregone conclusion by some members that there was going to be a tax increase. Councilmember Kivell stated we haven’t raised our tax rate since 1999. Councilmember Ryzyi again stated we need outside help regarding our budget either with Plante Moran or the County. Councilmember Wedell stated the County has a different system for budgeting and his point is the original documents we received at the first budget meeting was already obsolete by the time we met, you have to have a bottom line to start the discussions. The preparation and development of the budget needs to be clear and organized and collaborative between all departments in the City. He stated Council should not have to redevelop a budget that should be presented in a manner that should be ready to vote on. He further stated some people will never be happy and will vote no for their own reasons, but most of us that are responsible about what we do, we look at the budget, and ask questions, but you can’t start without a solid document, and that is what we did not have this year.

Councilmember Wedell stated we have had budgets that were good budgets presented and we discussed them and passed them, some people that want to say no. Councilmember Kurtzweil stated she disagrees. She stated we have responsible people that are voting against the budget for very good reasons, it doesn’t mean they aren’t responsible it means they have looked at it harder than anyone else. She further stated that is not a proper way to look at this, there will be various reasons, and people will scrutinize it differently. She further stated this budget doesn’t take care of any of the long-term issues that she brought up in the past. Councilmember Wedell stated Councilmember Kurtzweil didn’t vote because she snuck out of the room before vote was taken. Councilmember Kurtzweil stated don’t lie, she stated on the record she would be leaving early for a work engagement. Mayor Galeas stated it seems we should at least ask the City Manager to look into that ordinance, and we should look at the budget more often.

Councilmember Kivell stated most of this is being assigned to a particular person and do you want to redirect their efforts to investigate this ordinance instead of all the other work this person has to do. He 6/12/17
further stated if there is a majority of this body to pursue that, but just a proclamation to say do it is not the same thing. He further stated the department heads turned in their budgets the end of January, we need to find where the problem lies, not covering it up. Mayor Galeas stated there is a lot of missing information and he agrees we need more dialogue earlier. Further discussion was held regarding the budget and budget process.

Councilmember Kurtzweil stated she had the opportunity to spend some time reading the general property tax act MCL2.11.24 e subsection 3 and the importance of reading this statute. She wants to know if we are complying in terms of giving public notice in regards to raising taxes. City Attorney stated he read the truth in taxation and he does believe we are complying but he will follow up as well. Councilmember Kurtzweil asked if the original notice had the suggested mill rate proposed.

Councilmember Kurtzweil stated last year she noticed the mill being collected wasn’t appropriate for the bond to be paid. She further stated it is important for the City to find a second stream of revenue. She stated the revenue from taxes are leveling off. She stated grants are a substantial source for additional revenue. She stated the City of Westland received grants for Police and Fire. She stated they also contributed over $300,000 to their pension fund and they didn’t raise taxes. She further stated they have been able to accomplish everything we should be able to do. She further stated Green Oak just received a continuing grant program for trails and another grant for Fire Dept. Chief Kennedy stated they have applied for that every year he has been here, we did receive it in the past, but he doesn’t know if we have this year or not. He further stated the grant Westland received for the Fire Department is for full time staffing, and when you hear most of the communities getting those grants it is for full time staffing with the understanding after that the City picks up the legacy costs. Councilmember Kurtzweil maybe we can have a meeting regarding grants because the ones coming into the Police and Fire are substantial. Chief Kennedy stated he spends a lot of time and energy applying for grants. He further stated we are up to date and in compliance. He further stated some communities have come to depend too much on grants, and when the grant didn’t get renewed, they lost half of their staff. He further stated the same thing happened in Waterford. Councilmember Kurtzweil stated his grant writing is very good and the City has benefitted from it. Chief Collins stated the same is true on his side, we have taken advantage of grants 2 times when we added staff, and it is true with those grants also, it is either full or partial grant, and they all have strings attached. You are locking yourself in to greater expenses in the end. City Manager Ladner stated we will be seeking grants for Volunteer Park and street scaping downtown. She stated we received a streetscape grant years ago, and therefore we aren’t eligible to apply at this time. Councilmember Kivell stated we spent a lot of money on the software to look for grants. Councilmember Ladner stated she researches the website every week. Councilmember Kurtzweil stated we need a second source of revenue whether we bottle our water, open a go to fund me page or grants. She stated Lyon Township has gotten millions of dollars from grants. Councilmember Ryzyi stated that is why he wanted one of the goals to be grants. He thinks the dollar amount brought in should match their salary to justify their job.

Councilmember Kurtzweil would like the Budget on the next agenda as well, we need to start a time table. Councilmember Ryzyi stated he did not vote to pass the budget, it should be on the website and the proposed budget should be on there as well. He doesn’t even know if the PD is getting a police car or not. Chief Collins stated he is not sure if he is getting a car or not. Councilmember Kivell stated having the budget online for people to read with ample time to project what we want to do, makes sense and then we can modify it as we need to.

3. Discussion- Open Meetings Act

Councilmember Kurtzweil stated she watches the OMA court cases. She stated this opinion from Macomb County is educational. She stated what was interesting was there was an unauthorized
discussion that occurred in a closed meeting, it dealt with hiring a general attorney for their Counsel. She
stated there were also violations in the complaint regarding the closed meeting which was noticed in the
City’s closed session in 2013 where there was no roll call vote made. She stated they didn’t recognize
that but they could have. She further stated another issue is the discussion by one of the Councilmembers
that dealt with the Police Department and that raised concerns by some Lyon Township residents
regarding merging Police Departments. She stated you have to be careful in saying that entity is on board
or agrees because some of the citizens were concerned about it. She further stated she has had no
discussions with anyone in the township regarding police coverage.
Councilmember Parisien stated she did speak with Sean O’Neil from Lyon Township. It was a discussion
she had regarding the possibility of joint coverage along with the research she did. She further stated she
received pushback on that but that is what we are here for, to propose ideas and not bringing anything to
the table is not right. Residents were saying they wanted to hear some bold ideas which is what she did.
She sees the townships prospective and the City’s prospective and she respects both sides. She stated this
was an idea and a suggestion for a topic of discussion. We are moving on and she respects
Councilmember Kurtzweil’s advice. Councilmember Ryzyi stated he wants to compliment Council
regarding closed sessions because in the past there were meetings in 2015 and over half were in closed
sessions and they shouldn’t have been in closed sessions and he thinks there was a violation there. He
stated we have had a few for collective bargaining which are permitted according to the Open Meetings
Act.

4. Consider budget amendments
City Manager Ladner stated there were some changes which cover the allowance of the payout of
accumulated vacation time, and to reallocate general fund monies to cover expenditures. Councilmember
Ryzyi asked if we can vote on this tonight with the questions we still have on the budget. City Manager
Ladner stated the budget amendments are for the current year budget. City Manager Ladner read thru the
following amendments:

101-200.000-702 Wages & Salaries from $410,000 to $313,495
101-276.000-702 Wages & Salaries from $58,000 to $66,100
101-276.000-715 Fringe Benefits from $10,400 to $11,752
101-300.000-702 Wages & Salaries from $1,439,948 to $1,469,948
101-335.000-702 Wages & Salaries from $238,376 to $256,477
101-690.000-702 Wages & Salaries from $59,500 to $80,623

Councilmember Ryzyi asked if the vacation payout is included in the budget amendments, and
his opinion is the budget amendments should have been after the vacation payouts. City
Manager Ladner stated she has been directed by Council to have budget amendments before
expenditures. Councilmember Kramer stated if we don’t approve the vacation buyout, won’t
that affect the budget amendments. City Manager Ladner stated no, the budget amendments can
stand on their own, the other amendments other than the Police and DPW need to be made
anyway. Councilmember Ryzyi stated he is not opposed to paying Chief and Bob what they are
owed, he is concerned with the way we do the buyouts, because they are going to be paid out at
their current rate of salary but when they were banking the hours, they were not making as much
money. There should be an analysis of what hours were banked each year and using that year’s
salary rate to pay them. City Manager Ladner stated accrued vacation is paid out at the current
rate of pay, there is nothing specifying so many days per year at a certain rate of pay.
Councilmember Ryzyi stated he is uncomfortable with this and because it isn’t clearly written in
the handbook. He wants this changed in the handbook. He further stated why do we have to pay

6/12/17
them out tonight, why didn’t we do this 5 years ago, why does it have to be now. City Manager Ladner stated we have the money in the current budget for the buyouts and we didn’t in the previous years.

**CM 6-8-17 MOTION TO APPROVED BUDGET AMENDMENTS**

Motion by Kramer, supported by Wedell
Motion to approve the presented budget amendments limited to 101-200-702, 101-276-702 101-276715, and 101-335-702

**VOTE:** MOTION CARRIED UNANIMOUSLY

5. Purchase of vacation
   a. Chief Collins
   b. Superintendent Bob Martin

Councilmember Kurtzweil stated she is not in favor of approving any vacation buyback time until there is an amendment to the handbook stopping this practice. She stated we should use a policy of use it or lose it, and she isn’t opposed to making it effective January 1, 2018. She further stated she is about solving the problem and this is a contingent liability and it isn’t budgeted for. She stated most communities have moved toward use it or lose it. She further stated we need to amend the handbook and then she will vote for it, but not until the problem is solved.

Councilmember Kivell stated he also likes the idea of changing this rule, but we need to make sure no one loses anything they have earned. This is industry practice now.

Councilmember Ryzyi stated he will not approve the buyouts until the problem is fixed as well. He stated what is owed is owed, but he wants to see the systematic problems fixed. Councilmember Kivell stated he wants to make sure the accurate numbers are in the next packet, without amendments.

**CM 6-9-17 MOTION TO POSTPONE VACATION TIME BUYOUTS**

Motion by Kramer, supported by Ryzyi
Motion to postpone vacation buyouts until the next meeting

**VOTE:** MOTION CARRIED UNANIMOUSLY

6. Consider authorization for City Manager to attend and present at Michigan Municipal Executives summer work shop

City Manager Ladner stated the workshop is in Muskegon at the end of July. She has been asked to present for ethics for Managers. She stated the other sessions include how to prepare for a headache free audit, community revitalization, community engagement and OPEB in the spotlight. She further stated the cost of the workshop and included meals are $169.00 and lodging is $129.00 for a total cost of $429.57 Councilmember Ryzyi stated this qualifies as your professional development that is in your contract.

Councilmember Kivell asked how many meetings they have a month. City Manager Ladner stated they have 2 in a year. Councilmember Kivell further asked how many functions she attends throughout the year and how much you are out of the building, you’re on MMRMA, RRRASOC, and there are many things that take you out of the office. City Manager Ladner stated she is probably out of the office less than 10 working days a year. Councilmember Ryzyi stated this is part of her contract and he has no problem with this. Councilmember Kivell stated that isn’t his concern, there have been a lot of loose ends, and the level of unproductivity is displayed in the packets we have been receiving. The budgets were a disaster. There doesn’t seem to be a lot of communication between the City Manager and the department heads. He further stated we need to try to do what we can to help make these things less than 6/12/17
a problem than they are now, and if this contributes to the problems, he was trying to identify if it was in the best interest of the City or not.

**CM 6-10-17 MOTION TO APPROVE CITY MANGER TO ATTEND MME WORKSHOP**
Motion by Ryzyi supported by Kurtzweil
Motion to approve the City Manager to attend the MME summer workshop
VOTE: MOTION CARRIED UNANIMOUSLY

7. Consider authorization for City Manager to attend Michigan Municipal Risk Management Authority Annual Meeting
Councilmember Ryzyi stated it is important to manage your time and prioritize, but if you have issues that you need to take care of per your contract, he has no issues with this.

**CM 6-11-17 MOTION TO APPROVE CITY MANAGER TO ATTEND MMRMA ANNUAL MEETING**
Motion by Ryzyi, supported by Kurtzweil
Motion to approve the City Manager to attend the MMRMA annual meeting
VOTE: MOTION CARRIED UNANIMOUSLY

**DISCUSSION- Downtown**

Councilmember Parisien asked if the list of historic buildings will just be commercial. Mr. Donohue stated the list will contain all the historic buildings in the DDA district. Councilmember Parisien asked if he knows when the Mediterranean Restaurant will open. Mr. Donohue stated the building department said they are getting close to opening. Councilmember Ryzyi stated he is happy the Sushi restaurant opened and those types of restaurants bring in value and more people. He further stated Dominoes and the Sushi stores both opened in storefronts that were empty for a while. He stated it is great that we are filling the dustbowl, but if they are only filling businesses that have left, we still have a systematic problem. Mr. Donohue stated he will work with any tenant and as long as they meet the zoning, we cannot decide which businesses come into town. He stated what some may classify as a disappointment, but the discussions for the kitchen and flooring store is now vacant. They were in negotiations with a restaurant from Brighton, and the building owner decided to sign a 3-year lease with Paddywacks. He stated he remaining courteous, but he was surprised. He stated the owner signed without a face to face meeting. He did tell the owner we expect quality window displays and a top-notch sign. Mr. Donohue stated some of this is confidential, but there may be a store opening in the Busch's plaza or the Salvation Army plaza. Mayor Gaiges stated he has heard the Farmers Market is getting bigger and better. He further stated people are beginning to realize there is a cross walk there and abiding by it. He then asked about the trucks turning in town. Mr. Donohue stated he is trying to set up a time to meet with everyone, there was a communication problem between the TIA because they were sending their information to another Chief Collins from another jurisdiction.
Councilmember Kivell stated he is hoping we will be pleasantly surprised with Paddywacks. He stated the nature of the beast is some businesses will make it and some won’t, there is a lot of moving parts with people being successful downtown. He further stated he is delighted that when something does open up, it doesn’t take very long for the space to be filled. Councilmember Kivell stated there are new crosswalk signs by Whipple across S Lafayette. He further stated it is remarkable how many people don’t see the no turn on red signs, is it possible to maybe put it across the street. Mr. Donohue stated Chuck Keller is in charge of signs and they will be meeting soon. Councilmember Parisien asked for an update on the Hotel.

6/12/17
Mr. Donohue stated they are expecting to open in August. Mr. Donohue stated Superb Fabrication has a by-product that have been turned into gates, or artwork and there is one design they are considering for the Hotel railings.

MANAGERS REPORT

City Manager Ladner stated as suggested during the budget workshop, it was suggested to look into a 4-day work week. She spoke with other communities that have done so, and the general consensus was there is a minimal effect on cost savings. City Manager Ladner stated Megan Blaha has been offered full time employment therefore she has turned in her resignation. She stated she has a meeting scheduled with Safebuilt and Carmine to look at our options without hiring a new employee. City Manager Ladner stated the Cultural Arts Commission is having their sustainable art show and they will be having a couple receptions and she encourages everyone to come out and if anyone is interested in purchasing the art, shouldn’t wait until the reception, because pieces are already being sold. She then reminded everyone of the Farmers Market, which runs from 8:00 a.m. to 2:00 p.m. City Manager Ladner then reminded everyone that the first concert in the park is this Friday from 7:00 p.m. to 8:30 p.m.

COUNCIL COMMENTS

Councilmember Parisien asked Chief Kennedy about the fire at the tube mill. Chief Kennedy stated the main blast furnace comes out and they call that a breaker, and a lift cylinder had a catastrophic failure. He further stated the fire was relatively contained, but their loss is about $100,000. He further stated part of the site was back up and running in about 90 minutes. Councilmember Parisien thanked Chief Kennedy and the other firefighters involved.

Councilmember Parisien stated it is frustrating that we cannot do more about the speeding in Colonial Acres. She is disappointed we cannot help Mr. Koval with this. She thanked Mr. Koval for coming. Chief Kennedy stated he has pleaded with Colonial Acres to not add additional speed bumps, he gets speeding is an issue, but it is rough on our EMT vehicles as well as the patient in the back of the vehicle. Councilmember Parisien congratulated all of the South Lyon graduates.

Councilmember Kramer thanked Council for the crossing guard at 9 Mile for Millennium and Centennial, he appreciates it.

Councilmember Kurtzweil stated when GFL is coming through collecting garbage and recycling, they don’t seem to be shutting the door all the way because she has gotten calls from residents that there are milk jugs and garbage all over 9 Mile. Councilmember Kurtzweil stated she has gotten calls from her neighbors about the crosswalk across 9 Mile, and if that is a mandatory stop. Chief Collins stated if someone is physically in the sidewalk you have to stop, but if no one is in the crosswalk they do not according to state law. Councilmember Kurtzweil stated she normally stops, because if a parent is there with a few kids, they may be used to using crosswalks and she doesn’t want a kid running out in front of her. Councilmember Kurtzweil stated Active Faith is having a golf outing on July 17th at Salem Hills Country Club and it is a great event and it is well attended, if you can’t go during the day, you can buy a ticket for the dinner that night. She further stated she wanted to disclose she served on the Board of Directors of Active Faith and they are one of the finest run organizations in the area. Please support Active Faith. Councilmember Kurtzweil stated the sustainable art show is happening now in the atrium gallery here at City Hall. It is a great show and some incredible artists are involved and the Cultural Arts Commissioners are doing a great job and they are very hard working. They will have another event in July. Councilmember Kurtzweil stated she would also like to wish her Father a Happy Father’s Day and thank him for the wonderful life she had growing up, and she remembers days with her Dad just laughing.

6/12/17
and she misses him dearly. She also thanked him for giving her what she needed, not always what she wanted. She wished all the dads a Happy Father’s Day.

Councilmember Kivell stated he was pleased the Oakland County Prosecutor’s office has decided not to press charges. He stated he was disappointed his word was not taken, and the squandering of $38,000 and he can’t imagine anyone on Council would have guessed what the cost would be. He had nothing to do with the contracts, and nothing to gain. He stated he does have one question, what office does he go to get his reputation back. Councilmember Kivell stated last weekend was a great weekend in town, the shops in town were busy, there were people walking and running, there was a lot of activity and it was great to see. He is hoping the next car show will have great weather.

Councilmember Ryzyi stated he knows it is difficult but isn’t there a possible solution for us to have an officer sitting outside of Colonial Acres and catch the speeders as they leave. Chief Collins stated we do patrol inside Colonial Acres, but their speed limit is unenforceable, we can and do patrol 11 Mile and Pontiac Trail and if they are speeding on those roads we will enforce the speed limit. He further stated we can reinstate the speed monitor on Heritage Blvd, but that will have a limited effect. He further stated at that time, the officers are doing school checks. Councilmember Ryzyi stated there has been a lot of good and the City is making a lot of progress in general, as mentioned before we have limited our closed sessions. We are now having more effective meetings and the downtown is now a standing agenda item, and he is happy we will be having the budget as a standing item agenda. He further stated the chicken little letter that we would have a government shut down and he felt bullied into voting for a tax increase. He stated his message is we are going to do our due diligence on the budget and we won’t rubber stamp anything. He further stated this should be a standing agenda item. He further stated he attended the Blessings in a Backpack a few weeks ago at Tanglewood. Blessings in a Backpack is a great service to help underprivileged children. He further stated he ran into Joyce Clohosey at the backpack event and he looks forward to seeing what she has to say.

Mayor Galeas stated after his mom passed, he and his father have grown a lot closer and everyone should let their parents know how much you love them. He further stated we have a lot of people coming to our downtown and some things happening have been phenomenal, but we do still have some work to do and we are getting there.

RESOLUTION NO. ___-17

CITY OF SOUTH LYON
OAKLAND COUNTY, MICHIGAN

A RESOLUTION AMENDING THE CITY OF SOUTH LYON PERSONNEL MANUAL TO LIMIT THE ACCUMULATION OF ANNUAL LEAVE BY CITY MANAGER AND DEPARTMENT HEADS AND CLARIFY PROVISIONS RELATING TO PAYMENT OF SAME

WHEREAS, the City of South Lyon has adopted a Personnel Manual which was last revised October 2010;

WHEREAS, periodically the need arises to amend the City's Personnel Manual and policies contained therein;

WHEREAS, currently Section 3(G)(4)(b) of the Personnel Manual provides that the City Manager and Department Heads, "Shall be held to the established City schedule of Annual Leave accumulation but shall not be held to the maximum accumulation schedule." The City schedule for Annual Leave accumulation is contained in Section 12(C).

WHEREAS, the City Council believes it is in the best interest of the City to amend Section 3(G)(4) of the Personnel Manual to limit the accumulation of Annual Leave by a City Manager and Department Heads and clarify the provisions for payment for accumulated Annual Leave to those employees under certain circumstances;

THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF SOUTH LYON, that:

SECTION 3(G)(4) of the City of South Lyon Personnel Manual is amended to read as follows in its entirety:

4. The City Manager and Department Heads:

   a. Shall be expected to average at least the number of hours per week as required by the standard City work week.

   b. Shall be held to the established City schedule for rate of accumulation of Annual Leave except that the maximum accumulation schedule as to the City Manager and Department Heads shall be modified as follows:

      i. One-half the earned and accumulated and unused Annual Leave may be carried over from one year to the next except at no time may a City Manager or Department Head accumulate more than two (2) times his or her maximum Annual Leave accrual as provided for in the rate of accumulation of Annual Leave.
ii. A City Manager or Department Head hired as such prior to July 1, 2017, who has accumulated Annual Leave in excess of two times his or her Annual Leave accrual may still use the excess Annual Leave, but may not accrue additional Annual Leave after December 31, 2017 until the total accumulated Annual Leave falls below the two-year limit. Annual Leave accumulated on or after July 1, 2017 will at no time cause a City Manager or Department Head’s total accumulated Annual Leave to exceed the two-year limit.

iii. A City Manager or Department Head who retires, resigns, or is laid off for an indefinite period, will be paid for any accumulated but unused Annual Leave upon proper notice.

iv. A City Manager or Department Head who retires, resigns, or is laid off for an indefinite period who has accrued more than the maximum amount of Annual Leave permitted hereunder will be paid at a rate of fifty percent (50%) for any time over the limit.

c. A City Manager or Department Head, depending on his or her level of experience in the field, may be granted additional Annual Leave or have his or her rate of accumulation of Annual Leave schedule modified as determined by the City Manager, his/her designee or the City Council which shall be noted in the employee’s personnel record.

BE IT FURTHER RESOLVED, that the City Manager or his or her designee is directed to update the Personnel Manual to reflect the amendment for distribution and enforcement.

BE IT FURTHER RESOLVED, that all resolutions, policies, procedures, and practices in conflict with this resolution are hereby repealed only to the extent necessary to given this Resolution full force and effect.

At a regular meeting of the City of South Lyon City Council, a motion was made by Council Member ______________________, supported by Council Member ______________________, to adopt the above resolution.

RESOLUTION DECLARED [ADOPTED/FAILED].

CERTIFICATION

I certify that this resolution was duly adopted by the City Council of the City of South Lyon on ______________________, 2017.
MEETING DATE: June 26, 2017

PERSON PLACING ITEM ON AGENDA: City Manager

AGENDA TOPIC: Buyback/Purchase of banked vacation time for Department Heads

EXPLANATION OF TOPIC: As was discussed at the last meeting a request has been made and 2016-2018 budget can support a vacation time buyout for Chief Collins and Superintendent Martin. I was requested to bring to the council a solution for this contingent liability. The attached resolution changes the vacation banking and accrual process for non-union and department head employees. I was also asked to provide the Council the amounts that would be paid to the employees under this buyback. For Lloyd Collins, 707 hours equaling $31,808.54. For Bob Martin, 524 hours equaling $22,034.96

Concerning the question related to whether the hours would be paid at the employees current rate or previous rates of pay, I discussed the issue with our employment attorney who advised that based upon language in the employee handbook regarding the payout of accrued time when an employee separates for any reason from the City that the time is to be paid at the employees current rate of pay.

MATERIALS ATTACHED AS SUPPORTING DOCUMENTS: buyback cost spreadsheet, resolution, personnel handbook language regarding payout of accrued annual leave.

POSSIBLE COURSES OF ACTION: Approve/Deny/Postpone payment of vacation

RECOMMENDATION: Approve payment of vacation time buyback to reduce legacy costs.

SUGGESTED MOTION: Motion by ______________________, supported by ______________________ to Approve/Deny/Postpone payment of vacation time buyback to reduce legacy costs.
2. In the case of an employee's death while on the City payroll, the official date of separation shall be the end of their usual working day on the date of their death.

3. Unused accumulation of Annual Leave and Sick Leave existing as of the official date of separation shall not be used to prolong the official period of City service.

G. METHOD OF PAYMENT ON SEPARATION

The separated employee's last paycheck shall contain payment for the following items at the employee's salary rate as of the official date of separation.

1. Payment for all days worked, but as yet unpaid, through the official date of separation.

2. Payment at straight time for all unused Annual leave accumulated as of the official date of separation.

3. For employees separating for reasons of retirement or death:
   
a. One-half payment for all unused accumulated Sick Leave as of the official date of separation.

4. For employees separated for other reasons:
   
a. One-half payment for all unused accumulated Sick Leave in excess of seventy-five (75) days as of the official date of separation.

H. RETURN OF CITY PROPERTY

The separated employee's last paycheck shall not be paid until his/her Department Head notifies the bookkeeper that all City property, equipment, uniforms, keys and other material have returned to the Department Head's satisfaction.

John Dolan—Supervisor
Honorable Township Trustees

Re: Pumpkinfest Parade—Road Closures

Dear John and the Honorable Board of Trustees,

I am writing to you on behalf of the Pumpkinfest of the South Lyon Area and the annual request for permission to close roads for the parade. Please consider this e-mail a formal request for permission to close Pontiac Trail on Saturday September 23, 2017 from 10:00 a.m. to approx. 12:00 p.m.

A drawing of the parade route is attached. The parade route begins with a line-up in the Lyon Trail Subdivision (Lyon Township) and proceeds NORTH into the City of South Lyon to Liberty Street, then West on Liberty Street to Warren Street. The Parade then proceeds NORTH on Warren Street to Bartlett School Parking lot.

Per Insurance Underwriter Rules, Certificates of Insurance naming all of the entities as an ADDITIONAL INSURED will be available 60 days prior to the event date.

Please place this matter on the next available agenda. If you have any questions, please feel free to call me.

Very truly yours,

MEETING DATE:  June 26, 2017

PERSON PLACING ITEM ON AGENDA:  Robert J. Martin, Department of Public Works Director

AGENDA TOPIC:  Replacement of Baker Park (Aqua Master) Fountain

EXPLANATION OF TOPIC:  We all agree that the fountain is a very focal point within our community. The current fountain at Baker Park is the original fountain, pump and equipment which is 20 years old. In fact, if the pump fails there are no parts or support to move forward for repairs. At this time the fountain is operating however it’s life expectancy is very limited. Due to the budget of FY 2017/2018 funds are limited, and the fountain replacement was eliminated. With that in mind, we reviewed the current FY 2016/2017 budget and funds are available in the Department of Public Works, line item Land Improvement (101-440-974). Upon research of fountain replacement, Tri-County Aquatics Inc. based in Washington, MI is the source we should use. In fact, they are the company that installed the current fountain which is in operation now. The price to replace the fountain is $9,788.10. This price includes, fountain base, control panel, spray nozzle, power cable and LED light set. Our DPW will install and maintain the fountain. As you may recall we have discussed the condition of the current fountain structure. There currently is no drain and the fill system is sprayed in. The DPW could make changes to the fountain for an additional $2,500.

MATERIALS ATTACHED AS SUPPORTING DOCUMENTS:  Quote for new Aqua Master Fixed Base Fountain for $9,788.10 from Tri-County Aquatics, Inc.

POSSIBLE COURSES OF ACTION:  Approve/deny the purchase of new Aqua Master Fixed Base Fountain from Tri-County Aquatics, Inc.

RECOMMENDATION:  Approve purchase of new Aqua Master Fixed Base Fountain from Tri-County Aquatics in the amount of $9,788.10.

SUGGESTED MOTION:  Motion by ______________________, supported by ______________________ to approve the purchase of new Aqua Master Fixed Base Fountain from Tri-County Aquatics.

Subject: new fountain

Please see the attached equipment quote as well as the image of what this new unit will look like. This system I quoted comes with everything from the motor, electrical panel, power cord and LED lights that are programable.

The spray pattern that I have in the quote is shown in operation at the following link.

PH #: 248/617-3075 (c) 248/444-2420 (c)
Applicant Address: 58000 Grand River Avenue, New Hudson, MI 48165

Block-off Time: noon 8/4/2016
Block-off removal Time: noon 8/7/15
Street Names to be blocked off: Whipple Street lot. We have ordered tents to protect from potential harsh
elements (sun or rain) which we would like to have put into place on Friday August 4th, with your permission.
The lot will be sprayed on Thursday for mosquitoes again, and the additional elements such as the stage, trash,
portable sanitation stations, tables and chairs will all be put into place on Fri and Sat. All removed by Monday.

1) Print ALL LAST NAMES and ADDRESSES participating in the Block Party. (ALL residents within the
blocked-off area must agree to the block-off)

Residents will be advised of event via press releases and local flyers and posters in the area. Additionally,
noise will cease by midnight

No road closures are required. We need to have a barrier placed at the sidewalk entrance and we will
utilize the standard snow fencing to complete the barriers as in years past.

2) ATTACH sheet of paper with SIGNATURES and ADDRESSES of all residents agreeing to the Block Party.

RE: Blues Brews and Brats summer festival

On behalf of the Chamber of Commerce for the South Lyon area, I respectfully request approval to hold the annual Blues, Brews and Brats Festival August 5, 2017 at the Whipple Street lot behind the South Lyon Hotel.

As always, this summer festival has potential to draw many to the City of South Lyon further supporting our local businesses and driving income into the downtown area. Vendors will be encouraged to showcase their businesses at booths throughout the event venue.

Attached is an event breakdown which includes some additional logistics.

Thank you for your consideration of this event.

RE: Blues, Brews and Brats Block Party 2017  
South Lyon, MI 48178

The South Lyon Fire Department has received the application for the upcoming Blues, Brew and Brats event located at the city lot across from the fire station. The plan calls for the temporary use of numerous large tents for seating and beer sales, as well as the use of the open parking lot as a gathering.

The occupant load for the event is set at 2,200 persons as years before. At no time, shall the occupant load for the event exceed this occupant load.

This plan review was conducted in accordance with the International Fire Code (IFC) 2006 Edition.

We have no objections to this proposed tent/event application; subject to the following conditions:

1. No smoking or open flame appliances (signage required) within or adjacent to tent.  
IFC 2404.6  
IFC 2404.7

2. If the tents are enclosed by sides; there shall be a minimum of 2 exits required with a minimum width of 72" each. The exits shall be placed a distance apart equal to, not less than 1/2 the length of the maximum overall diagonal dimension of the area served. All exits shall provide a continuous and unobstructed path of travel to a public way.  
IFC 2403.12.2

3. Tent shall be provided with approved emergency lighting, with backup power capabilities.  
IFC 2403.12.7

4. One fire extinguisher shall be provided for each 20x40 tent. Minimum size is a 2A:10BC (8lbs)  
IFC 906

~ Serving Since 1893 ~
5. The tents shall not be within 20 ft. of lot lines, buildings, other tents, internal combustion engines (including heaters) or parked vehicles.  

IFC 2403.8.2

6. Seating arrangement of 20 continuous seats with 48” aisles remains. Without no outside chairs permitted.

7. Field verification is required of the certification that the tents meets the requirements for flame resistance in accordance with NFPA 701. (Certificate must match)

8. The tent is subject to the approval of the City of South Lyon as necessary.

If you have any questions about this plan review report, please feel free to contact me at (248)437-2616.

Respectfully,

South Lyon Historical Commission Meeting

Minutes

Members Present: Larry Ledbetter, Bob Tremitiere, Jim Race, Gary Wickersham, Linda Ross
Members Absent: Roger Heiple, Phil Weipert
Others Present: Carl Richards, Pete Niedzielski

President Larry Ledbetter called the meeting to order at 7:32PM. A quorum was declared.

May Minutes: Gary motioned to accept the May minutes. Linda seconded and the motion passed.

Depot Day: Suzan Martin is a new member of the Depot Day committee and has many ideas for additions and improvements. The next Depot Day meeting will be next Tuesday at 10AM. Linda passed out some nicely done “save the date” cards and plans to distribute them around town. Gary wants to look at the game prizes to be sure that we have enough of them. Ryan Lare has opted out and so there are a few openings for additional exhibits/acts to replace some that he was going to provide.

Gazebo Roof: Bob reported that based on the budget, he has given McCarter the go-ahead to re-roof the gazebo this month. However, McCarter is now scheduling into July, so there is a good chance that the roof won’t be repaired until the next fiscal year starting in July.

Fire Extinguishers: We received a letter from Spears reminding us that the annual fire extinguisher inspection is due. Bob said that he will handle it.

Lawn Weed and Feed: We contracted with D&G to apply weed and feed on the lawns around our buildings, and the first application has been done. There were a number of questions about when and what they are doing, and Larry said that he would contact D&G to find out.

Other Old Business: Carl said that he spoke to a representative of a company that locates things with underground radar, and they agreed to come out and look for the time capsule, no charge. They were able to find it, and the location has been marked with a piece of re-rod. Nice work Carl!

New Business:
- Larry reported that he and Bob put new drip edge on the caboose roof where the old one was damaged during the wood replacement. They also removed a panel from the ceiling in the chapel that seemed to be leaking some sort of black dirt. It turned out to be just that, probably shaken loose when the new roof was installed, so they cleaned it up and put the panel back.
- Carl said that the veterans memorial rock is on the agenda for the parks and recreation meeting tomorrow night, and we might want to be there to object to the proposed parking lot. Larry responded that we haven’t taken a position that opposes the lot, and in fact it might be to our advantage to have it. We agreed that as the plans become more concrete that we should input as necessary.
- Carl gave Gary a card showing a collage of pictures that he thought would be a useful addition to the “save the date” cards.

Business concluded, Jim motioned for adjournment and Bob seconded. The motion carried.
