PUBLIC COMMENT:

Jonathan Johnson of 61399 Dean Drive stated that he and his family have enjoyed Volunteer Park for many years and it is one of the major deciding factors why he purchased his house. On the City’s website it states that it is 130 acre park. He would prefer that the trails stay where they were.
Mayor Wallace explained the agreement between the City and the farmer.

Mr. Johnson discussed the clearing and the lack of taxes being paid by the Farmer. Mayor Wallace stated that he does contribute back to the community including donating pumpkins to the Pumpkinfest and the dozens of bushels of vegetables donated to Active Faith.

Councilman Kivell stated that the trails were put in during the interim. The park itself will develop into a more active space, ie: ballfields, soccer fields etc. Mr. Johnson stated that as part of the Master Plan he feels that should be reconsidered to incorporate the more passive recreation.

Discussion was held on the farming. Mayor Wallace stated that it was a decision that was made by the Council.

**OLD BUSINESS:** None

**NEW BUSINESS:**

1. Planning Services Agreement

City Manager Murphy stated that back in the fall, we went out for planning services. A decision was made by the committee to enter into an agreement with LSL. That decision was made based on the lead planner being Carmine Avantini. In May Carmine Avantini left LSL to go out on his own but was working on an agreement with them. The agreement between the City and LSL was never signed. Mr. Avantini’s new firm CIB will maintain the working relationship with LSL and we will not see a difference in price or quality and maybe even better.

Mr. Avantini stated that he was one of the founders of LSL, but it was time for him to move on. They are working cooperatively with LSL and have a great relationship. From the City’s perspective, nothing will change. Everything on the master plan and on-going services will continue. The City will still have the same commitment, if not more commitment.

Council Member Kopkowski stated that she was on the committee and was impressed with LSL and Mr. Avantini. Council awarded the contract to LSL. She asked can we legally now take that away from LSL. Attorney Lee stated that the contract stated that Carmine would be the lead planner, but we also have the ability to terminate the contract with 30 day notice. Mr. Avantini stated that LSL has agreed to assign the contract to him. Attorney Lee stated that this is a re-arrangement or amendment to the contract.

Mayor Wallace stated that he feels that the integrity of the process has been compromised. He feels that we should re-bid.

Council Member Kopkowski stated that CIB seems more focused on marketing. Mr. Avantini stated that CIB planning is the same, but the other side is Community Image Building, helping communities build their images, social media, etc.

Discussion was held on the resources of LSL as opposed to CIB.

Councilman Ryzi stated that section 4 refers to the fee schedule. Mr. Avantini stated that the fee schedule is the same as what was included with the LSL contract.

Discussion was held on the Master Plan and the costs associated. It was stated that LSL would still be the lead on the Master Plan.

Councilman Ryzi asked how many people came to the break-out meeting. It was stated that 25-30. How many public were present. It was stated that this was meant for boards and commissions.
Discussion was held on the fees. It was stated that the package would be the same as what Council agreed to with LSL. It was stated that the inclusion of the fee schedule should be considered part of this agreement.

Mayor Wallace asked Mr. Avantini if he was familiar with the tax abatement for the tube mill. Mr. Avantini stated that he has heard about this. Mr. Avantini stated that they had a meeting with them, and all we were looking for was a capital plan. He further stated that there was some misunderstanding. City Manager Murphy stated that this is the time and opportunity to try and bring them up to the standard of today. They misunderstood the letter. We were simply looking for a plan for the future.

CM 6-4-12 – APPROVAL OF CONTRACT – PLANNING SERVICES

Motion by Kivell, supported by Wedell

To approve the three year contract between the City of South Lyon and CIB Planning Inc., for planning services with the understanding that the fee schedule would remain part of the agreement

MANAGER’S REPORT:

City Manager Murphy stated that he had sent out an evaluation form looking for feedback on the form itself, however he has received two completed forms. Discussion was held on the form. Councilman Kivell asked that the Manager fill one out himself as well.

COUNCIL COMMENTS:

Discussion was held on the status of the LSL contract.

Councilman Kramer stated that we had an organization come in who worked with the City and the Planning Consultant to make improvements to McHattie Park. We had a planning consultant that worked with us and now we are attacking the same planning consultant because he left a firm.

Councilman Kramer stated that he has had a lot of complaints about Volunteer Park. Possibly we need to have another review of the contract with the farmer.

Councilman Kramer stated that he will be on vacation for the next meeting.

Councilman Kivell discussed the library’s functions this past Saturday and the dedication of the trail. He stated that it is nice to see a safe route to get people through the City and to the library.

Mayor Wallace stated that he has known Parvin since 1981. He has worked with the City for many years and it will be difficult to replace him.

Attorney Lee stated that 10 years ago he represented 7 Oakland County Communities. At that time he resigned from 6 of them, but he could not give up South Lyon. It has always been his favorite. He discussed his experience with the City. He stated that if he were starting a family, he would be looking for a home in South Lyon. He stated that he has represented 4 City Managers and many Council Members. He further stated that he hopes that the City stays on the trailing edge of technology and the cutting edge of fiscal responsibility. That is the reason that the City is the only one in Oakland County that does not have a problem. He wished all “good luck”.

Scott Lanam, Chairman of the Planning Commission stated that when we went through the RFP process, what sold us was Carmine Avantini, not necessarily LSL. He is the best we have seen, by far. To go through the RFP process again that may bring us someone inferior, is a big mistake. He further discussed the expense of the Master Plan. He stated that it is at least a year process, and when you consider what
goes into it and the consequences of not having a good Master Plan the amount of money is a small amount to pay.

**ADJOURNMENT:**

CM 6-15-12 ADJOURNMENT

Motion by Kopkowski, supported by Kramer

To adjourn the meeting at 8:47 p.m.

**VOTE:**

Respectfully submitted,
