AGENDA NOTE
New Business: Item #3

MEETING DATE: November 26, 2012

PERSON PLACING ITEM ON AGENDA: City Manager

AGENDA TOPIC: Construction Board of Appeals

EXPLANATION OF TOPIC: The Stille-DeRossett-Hale Single State Construction Act (the “Act”), PA 230 of 1972, requires a municipality that has assumed the responsibility of administering and enforcing the Act to have a Construction Board of Appeals. A CBA is tasked with hearing appeals regarding the applicability of the Codes, whether the City, through its officials and inspectors has correctly applied the Codes, and to review requests for variances regarding equal alternative means for compliance (meaning that the CBA is not a way to obtain a waiver from full code compliance).

MCL 125.1514 requires that the construction board of appeals must have at least 3 but not more than 7 members. The members are to be appointed by the chief executive officer of the City which under Section 4.2(b) of the South Lyon City Charter is the Mayor.

Unless provided for otherwise, members are appointed for a 2-year term.

Members shall be qualified by experience or training to perform the duties of members of the construction board of appeals. This means that if you want the CBA to have authority over the building, electrical, mechanical and plumbing code issue then you must have members qualified to address those issues. Architects are most likely to have knowledge of all those disciplines.

There is no requirement regarding how often the CBA has to meet, and this type of board usually meets only as needed.

The CBA must hear an appeal and render a written decision within 30 days after the appeal is submitted.

The CBA must comply with the Open Meetings Act.

MATERIALS ATTACHED AS SUPPORTING DOCUMENTS: A copy of MCL 125.1514 and list of the members of the Novi Construction Board of Appeals
POSSIBLE COURSES OF ACTION: Appoint the Novi Construction Board of Appeals to act as South Lyon’s Construction Board of Appeals or advertise for qualified South Lyon area residents to sit on this Board.

RECOMMENDATION: Advertise for volunteers to sit on the Construction Board of appeals.

SUGGESTED MOTION: Motion by ______________________, supported by ______________________ to advertise for volunteers to sit on the Construction Board of appeals.
125.1514 Construction board of appeals; creation; appointment, qualifications, and terms of members; appeal to board; hearing; decision; statement of reasons for decision; appeal to commission; copy of decision; additional powers or duties; procedures; conducting business at public meeting; notice; availability of certain writings to public.

Sec. 14. (1) A construction board of appeals for each governmental subdivision enforcing the code shall be created consisting of not less than 3 nor more than 7 members, as determined by the governing body of the governmental subdivision. Unless otherwise provided by local law or ordinance, the members of the board of appeals shall be appointed for 2-year terms by the chief executive officer of a city, village, or township and the chairperson of the county board of commissioners of a county. A member of the board of appeals shall be qualified by experience or training to perform the duties of members of the board of appeals. A person may serve on the board of appeals of more than 1 governmental subdivision. If an enforcing agency refuses to grant an application for a building permit, or if the enforcing agency makes any other decision pursuant or related to this act, or the code, an interested person, or the person's authorized agent, may appeal in writing to the board of appeals. The board of appeals shall hear the appeal and render and file its decision with a statement of reasons for the decision with the enforcing agency from whom the appeal was taken not more than 30 days after submission of the appeal. Failure by the board of appeals to hear an appeal and file a decision within the time limit is a denial of the appeal for purposes of authorizing the institution of an appeal to the commission. A copy of the decision and statement of the reasons for the decision shall be delivered or mailed, before filing, to the party taking the appeal.

(2) This act does not prevent a governmental subdivision from granting its board of appeals additional powers or duties not inconsistent with this act, or from establishing procedures to be followed by its board of appeals insofar as the procedures do not conflict with this act. Except as otherwise provided by this act, or by other laws or ordinances, a board of appeals may by rules establish its own procedures.

(3) The business which the board of appeals may perform shall be conducted at a public meeting of the board of appeals held in compliance with Act No. 267 of the Public Acts of 1976. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of the Public Acts of 1976.

(4) A record of decisions made by the board of appeals, properly indexed, and any other writing prepared, owned, used, in the possession of, or retained by the board of appeals in the performance of an official function shall be made available to the public in compliance with Act No. 442 of the Public Acts of 1976.

PERSON PLACING ITEM ON AGENDA: Manager

AGENDA TOPIC: Intergovernmental Agreement with Lyon Township

EXPLANATION OF TOPIC: Lyon Township’s attorney has provided documentation regarding the Competitive Grant Assistance Program (CGAP) grant award in the amount of $51,500 for the Lyon Township Wastewater Treatment Outsourcing project. The documentation includes the correspondence from the Michigan Department of Treasury, part of Lyon Township’s grant application, and a proposed intergovernmental agreement. In order to move forward, Lyon Township must enter into an intergovernmental agreement with either or both Wixom and South Lyon by December 27, 2012.

The project involves the study of the feasibility of sending a portion of Lyon Township’s wastewater to Wixom’s or South Lyon’s wastewater treatment plants. The feasibility study will also evaluate whether this diverted flow will improve “operational efficiencies” at Wixom or South Lyon. It is unclear from the documents provided to the City whether the project includes the implementation and construction of the diversion infrastructure which has a total estimated project cost of $851,500, but the CGAP documentation includes estimates for such costs. This is an issue that would require further clarification. Also, the budget for this project includes a breakdown of the costs for each of the three communities (Lyon Township, Wixom and South Lyon). The feasibility study phase estimates a cost of $16,500 to South Lyon. Lyon Township’s Supervisor has informally advised that South Lyon’s costs for the project would be paid by Lyon Township. But, the proposed intergovernmental agreement does not state that South Lyon’s costs would be paid by Lyon Township.

The City Attorney has reviewed the documentation, and based on the foregoing, the proposed intergovernmental agreement is not acceptable in the form presented. Before directing the City Attorney to contact the Lyon Township attorney and gather more information about the project, the Council should decide whether it is interested in pursuing this project because to do so would be contrary to the City’s long-standing policy of not providing utility services outside City boundaries.
MATERIALS ATTACHED AS SUPPORTING DOCUMENTS: Intergovernmental Agreement, EVIP Grant Application and Notification of Intent to Award – CGAP 2012

POSSIBLE COURSES OF ACTION: Approve the Intergovernmental Agreement with Lyon Township, have the City Attorney work with the Lyon Township Attorney to clarify the proposed Intergovernmental Agreement or deny the agreement due to the policy the City has of not providing utility services outside the City limits.

RECOMMENDATION: Deny the agreement due to the policy the City has of not providing utility services outside the City limits.

SUGGESTED MOTION: Moved by, ___________ seconded by, ___________ to deny the proposed Intergovernmental Agreement with Lyon Township due to the long standing policy the City has of not providing utility services outside the City limits.
INTERGOVERNMENTAL AGREEMENT FOR ACCEPTING THE
COMPETITIVE GRANT ASSISTANCE PROGRAM FOR LYON TOWNSHIP
WASTEWATER TREATMENT OUTSOURCING BETWEEN CHARTER
TOWNSHIP OF LYON, CITY OF WIXOM AND CITY OF SOUTH LYON

The Competitive Grant Assistance Program Acceptance Agreement (the
"Agreement") is made between the Charter Township of Lyon, a Michigan
municipal corporation, 58000 Grand River Avenue, New Hudson, MI 48165,
("Lyon"), and the City of Wixom, a Michigan municipal corporation, 49045 Pontiac
Trail, Wixom, MI 48393, ("Wixom"), and the City of South Lyon, a Michigan
municipal corporation, 335 South Warren, South Lyon, MI 48178, ("South Lyon").

Within this Agreement, Lyon, Wixom and South Lyon may also be referred
to jointly as "Parties".

Purpose of Agreement. Pursuant to the Urban Cooperation Act of 1967,
1967 PA 7, MCL 124.501, et seq, Lyon, Wixom and South Lyon enter into this
Agreement for the purpose of accepting the Competitive Grant Assistance
Program award entitled "Lyon Township Wastewater Treatment Outsourcing"
(the "Program") which made a grant of an award to Lyon in the amount of
$51,500.00 to conduct a study on the benefits of collaborating of the Parties’
wastewater treatment facilities.

Upon acceptance by the Michigan Department of Treasury of this
Agreement, the budget for the Lyon Township Wastewater Treatment
Outsourcing Program (Exhibit A) will be approved and the grant will be formally
awarded.
In consideration of the mutual promises, obligations, representations and
assurances in this Agreement the Parties agree to the following:

1. **Required Date of Approval of Agreement.** Pursuant to the
requirements of the Michigan Department of Treasury the Parties must enter into
and approve this Agreement on or before Thursday, December 27, 2012.

2. **Program Requirements.** The Parties hereto agree that they will be
bound by the provisions specified in Lyon's grant application packet and the
requirements of the acceptance of the grant award from the Michigan
Department of Treasury.

3. **Effective Date of Interlocal Agreement.** This Agreement and any
amendments hereto shall be effective when executed by all Parties with
concurrent resolutions passed by the governing bodies of each Party. An
executed copy of this Agreement and any amendments shall be filed with each
Parties' Clerk and with the Michigan Department of Treasury.

   a. Unless extended by mutual written agreement by all Parties and
   with the concurrence of the Michigan Department of Treasury, this Agreement
   shall remain in effect until October 1, 2013 or until cancelled or terminated by any
   of the Parties pursuant to the termination or cancellation of Agreement section
   herein.

4. **Payments.** The awarded budgeted amount of $51,500.00 as specified
in Exhibit A shall be managed by Lyon. Each Party shall be limited to 33 1/3%
reimbursement for services under each category. The City Manager of Wixom
and the City Manager of South Lyon shall submit a monthly invoice for the
administrative, engineering and/or legal services which must include detailed entries for the services rendered. It is understood that reimbursement requests must include invoices and cancelled checks supporting the costs as required by the Michigan Department of Treasury within the project grant.

5. **Purpose of Project.** Lyon has had preliminary contact with Wixom and South Lyon to determine if they have capacity and would be willing to accept Lyon’s sanitary sewer flow if arrangements acceptable to the communities can be established. Further, the goal and business objectives of this project are to delay expansion of the Lyon Wastewater Treatment Plant by transferring a portion of wastewater to Wixom and/or South Lyon’s sanitary sewer facility in the short term and if Wixom and/or South Lyon’s facilities can accept the flow on an ongoing basis the ultimate expansion to Lyon’s treatment plant can be reduced by the amount being transferred to Wixom and/or South Lyon.

   a. Another objective is to improve operational efficiencies at the existing treatment facilities at Wixom and South Lyon by more fully utilizing these facilities.

   b. The outcomes of the study will be measured by comparing the cost of transferring Lyon’s wastewater, and the annual charge for treatment of the wastewater at Wixom and/or South Lyon to the cost of constructing the required expansion at the Lyon Wastewater Treatment Plan.

6. **Limitation of Liability.** In no event shall any Party be liable to any other Party or any other person, for consequential, incidental, direct, indirect, special and punitive or other damages arising out of this Agreement.
7. **Termination or Cancellation of Agreement.** Any Party may terminate or cancel this Agreement upon thirty (30) days written notice, if: i) any other Party defaults in any obligation contained in this Agreement and within the thirty (30) day notice period the Parties fail to cure such default or fail to take a course of action to cure such default or ii) for any reason, including convenience. Any notification concerning default must be in writing and clearly state the specific default(s). The effective date of termination and/or cancellation shall be clearly stated in the written notice. Either the City Managers or the Supervisor are authorized to terminate this Agreement on behalf of its respective municipality.

8. **Reservation of Rights.** This Agreement does not, and is not intended to waive, impair, divest, delegate or contravene any constitutional, statutory and/or legal right, privilege, power, obligation, duty or immunity of the Parties.

PART 5: PROJECT DETAILS

25. Project Description:

The Charter Township of Lyon is under a District Compliance Agreement with MDEQ that states that construction of an expansion to the Lyon Wastewater Treatment Facility should start no later than January 30, 2014. Due to economic conditions Lyon Township would like to postpone construction of the expansion as long as possible. As a means of postponing or even eliminating the need for the expansion the township requested that the feasibility of sending a portion of the wastewater generated in Lyon Township be transferred to one or both of two adjacent communities, the City of Wixom or the City of South Lyon.

If an agreement can be reached with one or both of these communities, the facilities required to transfer the waste flow to the selected municipalities collection system would be designed and constructed.

26. Describe the status of any shared service analysis undertaken to date related to this project.

Preliminary contact with the two municipalities has been undertaken to determine if they have capacity and would be willing to accept Lyon Township flow if arrangements acceptable to both communities can be established. Both communities have indicated that they are willing to continue further discussion.

27. How are the services currently being provided?

All wastewater currently generated in Lyon Township is being treated at the Lyon Wastewater Treatment facility.

28. Goals and Business Objectives of this Project. What are the outcomes you hope to achieve? How will you measure the outcomes?

1. To delay expansion of the Lyon Wastewater Treatment plant by transferring a portion of waste flow to a neighboring facility in the short term and if the neighboring facilities can accept the flow on an ongoing basis the ultimate expansion to the treatment plant can be reduced by the amount being transferred to the neighboring community.

2. To improve operational efficiencies at the existing treatment facilities at South Lyon and Wixom by more fully utilizing these facilities.

The outcomes will be measured by comparing the cost of transferring the wastewater, and the annual charge for treatment of the wastewater at the neighboring community to the cost of constructing the required expansion at the Lyon Wastewater treatment plant.

29. Will the project save money? [X] Yes [ ] No

A. SHORT - TERM (1 year or less) [X] Yes [ ] No
   Estimated Short-Term Savings
   $5,500,000.00

B. LONG - TERM (Greater than 1 year) [X] Yes [ ] No
   Estimated Annual Long-Term Savings
   $5,500,000.00
   Estimated 5 Year Total Savings
   $40,000,000.00

32. Additional Information and Comments

Additional Comments on Item 29:

Will project save money—yes or at very least postpone the expenditure until economic conditions improve and allow for funding by Lyon Township becomes available.

Short term savings: $5,500,000.00 (cost to design and construct a minimal expansion to the treatment facility 0.75 MGD)

Long term savings: $5,500,000.00 (The short term saving could become long term savings if the Lyon Wastewater Treatment plant expansion can be reduced by amount of flow being transferred to the neighboring municipality assume 0.75 MGD at present.

If South Lyon and Wixom facilities could provide sufficient treatment capacities on a permanent basis the long term savings could $40,000,000.00.

Applications are due June 15, 2012. Completed applications must be received by 5 p.m on Friday, June 15, 2012. Post mark dates will not be accepted. Incomplete applications and electronic submissions will not be considered.

South Lyon Historical Commission Meeting  
Thursday, November 1, 2012  
Minutes

Members Present: Norm Somers, Phil Weipert, Larry Ledbetter, Jack Renwick, Beth Pfiles, Bob Tremitiere  
Members Absent: Roger Heiple  
Others Present: SLHS President Linda Ross  

President Jack Renwick called the meeting to order at 7:32. The October minutes were approved.

2012-13 Budget: Bob reported that he got a budget status from Lori at City Hall and we are OK in most categories. There were a couple of categories that he has some questions about, and he will ask Lori to explain.

2012-13 Projects:
Gazebo Steps repair and sidewalk brick repair: Bob reported that Davor Zander has almost completed the repairs, including raising the steps, pouring concrete piers under the stringers, and repairing the brick sidewalks. He is awaiting a nice day to paint the new bottom board on the steps and to complete a few brick repairs. He will then review the completed work with Bob and submit his bill. Commissioners who have seen the work were very pleased with the quality.

Tree at end of Tracks: There hasn't been a regular Historical Society meeting since our last Commission meeting, but Linda reported that she has asked Mary Ann Guerriero to research and make a recommendation for a replacement.

Repair signs: Subsequent to our last meeting, we were asked to get a second estimate, since Tony Donnor's estimate was over $1000. Bob asked Brownie's Signs for an estimate, and they came back with an estimate of $2900. Meanwhile, Tony reduced his estimate to $850. We all agreed that we would go with Tony, and Bob agreed to turn in his estimate to City Hall for payment of the deposit. The cost may go up a little, as Bob suggested that we use concrete around the rules signposts to prevent the wind from blowing them out of plumb.

Washburn School Window Repair: Larry reported that Village Glass now estimates that it would cost about $450 to repair the rotted sash. This is up from $150 that we approved at the last meeting. Jack suggested that we contact Pullam Glass for an estimate, and Larry agreed to do it. (Note: Subsequently, Larry contacted them and they said that they can replace the upper sash for $350 plus $100 labor. An all new window would be about $700 plus labor. Larry will contact Village Glass again to see if they have any other suggestions.)

Other Old Business: Norm presented a report from Myla on the gardening. According to her figures, we had a total of 22 volunteers, 13 from the Society and the community, and another 9 during the annual volunteer day. Those volunteers put in 204 hours. Using the previous professional gardener's $25 per hour salary, we saved $5200 by having volunteers do the work.

2013-14 Projects:
Upgrade gazebo electrical: Bob reported that he met with Bob Martin and Troy, and they would be willing to have the city do much of the work to run a new circuit from the Chapel to the Gazebo. Bob Martin will work up a cost estimate. Norm suggested that we look at the map that he has previously provided, to determine where the gas line runs, and plan accordingly. Jack warned about a lot of buried concrete behind the Chapel.

Business completed, Norm motioned to adjourn, Phil seconded, and the motion passed. Meeting adjourned at 7:53PM

Minutes recorded by Bob Tremitiere, Secretary  
Submitted by Jack Renwick, President
Thank you very much for helping us with our smoke detectors! My family will sleep safer tonight. We appreciate all that you do for our community!
