WATER AND WASTEWATER DEPARTMENT REVENUES  
2018-2019

Revenues

370 - Tap-In Fees

This reflects the tap-in fees the City collects for water and wastewater. The amount charged is $7,000 for a single residential tap (water = $2,800, sewer = $4,200). Commercial establishments are charged according to square footage or type of use. Note that the tap-in fees were increased by $1,000 in 2002. By Council resolution, $25,000 is budgeted for operational expense.

607 - Refuse Collection

This reflects revenue, which is received from garbage collection in the City. There are currently 3,806 chargeable units. The single home rate is $11.46 per month/$34.38 per quarter and the multiple unit rate is $10.01 per month/$30.03 per quarter. In July this cost is adjusted based on the consumer price index.

635 - Fixed Charges

This revenue is received by collecting a set fee of $6.00 per customer, which is added to every water bill. This revenue funds administrative charges.

642-1 & 642-2 - Sales of Water and Wastewater

The current rate charged for water is $2.46 per 1,000 gallons and $4.05 for wastewater per 1,000 gallons based on water usage. In the summer quarter, the three (3) previous quarters are averaged for wastewater usage. Water rate increased on June 1, 2016 and wastewater increased on September 24, 2016. The wastewater rate will increase June 1, 2017 to $4.28 as adopted by Council on October 24, 2016. The wastewater rate will increase again on June 1, 2018 to $4.52 as adopted by Council on October 24, 2016.

642-2 - Tube Mill Treatment Water

This is revenue brought in from the sale of untreated water to the Tube Mill. This untreated water is supplied from a dedicated main running from McHattie Park to the Tube Mill. The Mill is billed monthly for water usage. In June 2016 rates were increased by $.14 per 1000 gallons. The current rate $1.23 per 1000 gallons of untreated water.

664 - Interest Income

This is revenue which is earned on restricted and operational earned income.

668 - Hydrant Rental

An amount of $2,500 is reflected as revenue into the Water Department budget from the Fire Department.

676 - Gas Reimbursements

This is revenue paid back to the Water Department from the Police Department, Fire Department, and Department of Public Works for gasoline for their department vehicles.
694 - Other Revenues

This is a small sum of revenue which is earned from the sale of bulk water from the fire hydrants to private companies. Also included are other minor sources of income.

VEHICLE/EQUIPMENT REPLACEMENT

This is used for purchasing Vehicles & Equipment.

The vehicles are used for water and sewer, parks, cemetery, Local and Major streets and Public Works activities. Vehicles and equipment are used in the cemetery for burials, mowing and garden maintenance. Equipment and vehicles are used in the park for mowing, park equipment maintenance, garbage pickup, ice rink maintenance and general park maintenance.

The amount of time each vehicle is used is tallied by department. The amount each department contributes towards vehicle replacement is determined by its total percentage of vehicle use time.

In FY 2018-2019, $13,000 has been budgeted for a new Ex Mark Zero Turn lawn mower. The current unit is too heavy and creates damage to yards. They are looking to purchase a lighter unit. The current unit will be handed down to the wastewater plant, to be utilized there.

In FY 2018-2019, $167,000 has been budgeted for a new 5 yard/snow plow/salt truck. The current truck is 18 years old, has a broken frame, and is at the end of its useful life cycle. A payment plan could be looked at, to spreading the cost over a 5 year period.

In FY 2018-2019, $90,000 has been budgeted for a new John Deere backhoe. The current backhoe has a driver train problem that the manufacture cannot figure out what is wrong. The backhoe is 13 years old and is a highly utilized piece of equipment.

In FY 2018-2019, $32,000 has been budgeted for a new 4X4 Truck for use at the Water & Wastewater facilities.

A new street sweeper was purchased for the City. Starting in FY 2017-2018, a five (5) year payment plan of $42,981 will fund this piece of equipment going forward. We received this sweeper in July 2016. This will serve the City for the foreseeable future and if we wish to replace this piece of equipment in five (5) years, we will receive $50,000 trade-in value.
AGENDA NOTE
Old Business: Item 2

MEETING DATE: May 29, 2018

PERSON PLACING ITEM ON AGENDA: City Attorney (per Council direction 4/11/18)

AGENDA TOPIC: Consideration of Resolution Establishing Rules of Conduct for Public Comment at City Council Meetings

EXPLANATION OF TOPIC: At the January 22, 2018 meeting, Council considered rules relating to Council meeting conduct including public comment. Council separated consideration of public comment rules by postponing that matter to February 12, 2018, and postponing consideration of rules pertaining to Council conduct to June 25, 2018. Council held a special meeting regarding public comment rules on April 11, 2018. During that meeting, Council reached a consensus on the major components of the proposed rules and requested the City Attorney to prepare a resolution consistent with that consensus and applicable constitutional law.

The proposed resolution incorporates each of the items identified during that meeting, including:

- Providing for two Public Comment periods of 2-minutes each, at which both agenda items and non-agenda items may be discussed.

- Providing procedures for a Mayoral waiver of the time limit, and a Council waiver to allow comment at a time other than a Public Comment period. The procedures include detailed guidelines for the exercise of the Mayor’s or Council’s discretion.

- Stating the Council’s preference that presentations anticipated to be longer than two minutes come to the Council via the City Clerk as a request to be placed on the agenda.

- Establishing rules of decorum for public participation, including clear procedures for how speakers are to be recognized and deliver their comments.

- Providing an enforcement procedure that allows for warnings and directives to be issued by the Mayor, and ultimately allows for prosecution of any person disturbing the public meeting as provided by the Section 58-53 of the Code of Ordinances. Revisions to Section 58-53 are being separately proposed in connection with this Resolution.

- Calling for the rules to be made available at Council meetings, and for a summary of the rules to be printed on Council agendas.

In the course of organizing the Council’s proposals into a formal set of rules and procedures, several unanswered questions and possible loopholes that were not immediately evident during the Council’s discussion emerged. These particularly related to a likely scenario where a person may seek to aggregate their two two-minute time limits into a single four-minute time limit, or where a
person’s request for a waiver later in a meeting is opposed on the basis that the person has already spoken earlier in the meeting. Because the overall tenor of the Council’s discussion appeared to be to treat each public comment period and waiver request as independent of all others, language has been added that addresses these potential scenarios and instructs that each public comment period stand on its own.

The proposed Resolution also incorporates findings and an opening statement of intent designed to establish the constitutional foundation for the rules. Throughout the document, language is added to qualify rules and procedures as necessary to ensure that they are not susceptible to being challenged as facially deficient under the First Amendment as content-based restrictions, or under the Fourteenth Amendment for not providing adequate procedural due process. With respect to the Fourteenth Amendment concerns, the proposed rules incorporate procedures allowing the Council to review any enforcement decisions of the Mayor, provide clear guidelines for the exercise of a discretionary act, and providing for the Mayor to put a person on notice before ordering the person to discontinue public comment, removing a person from a meeting, or charging a person with disturbing the meeting.

RESOLUTION NO. _____ - 18

CITY OF SOUTH LYON
OAKLAND COUNTY, MICHIGAN

WHEREAS, the City Council of the City of South Lyon ("Council") finds that City Council meetings are an important forum for the expression of public comment regarding City business; and

WHEREAS, the Council further finds that when public participation at Council meetings is not structured according to reasonable rules, there exists an enhanced risk that discussions will center on topics not germane to the City's business, that some viewpoints will be disproportionately represented, that some potential speakers will be deterred from participating, that the meeting will take on a tone of incivility detrimental to effectively addressing City business, and that the meeting will not proceed in an efficient manner; and

WHEREAS, pursuant to Section 4.6 of the Charter of the City of South Lyon and the Michigan Home Rule City Act, being Act 279 of 1909, as amended, the Council may establish rules of procedure to control its deliberations;

NOW, THEREFORE, BE IT RESOLVED that the City Council adopts the following Rules of Conduct for Public Comment at City Council Meetings:

City of South Lyon
Rules of Conduct for Public Comment at City Council Meetings

A. Statement of Intent

It is the intent of the South Lyon City Council ("Council") that Council meetings be regulated as a limited public forum that is open to public comment relating to agenda items, City administration, and matters that are otherwise of public concern to the community. The Council asserts that it has interests in promoting orderly and efficient administration of Council meetings and the City’s business, maintaining the public peace at Council meetings, and ensuring that comment offered at Council meetings advances the Council’s information-gathering and decision-making functions. In furtherance of these interests, the Council adopts these Rules of Conduct for Public Comment at City Council Meetings ("Rules"). To the extent that these Rules regulate First Amendment activity, the Council recognizes that speech on matters of public concern offered in connection with a public body's information-gathering and decision-making processes is afforded the highest degree of First Amendment protection. These Rules are not intended to silence speech or prohibit expressive conduct based upon its content.

B. Public Comment Procedure and Rules of Decorum

1) Public Comment Limited to Designated Public Comment Periods. Except for agenda items for which a public hearing is required by law or has otherwise been scheduled by the City
Council, public comment shall only occur at times designated for “Public Comment” on the Council agenda. Two Public Comment periods shall be provided on each Council agenda. The first shall be scheduled as the first agenda item after “Approval of Agenda.” The second shall be the last agenda item before “Council Comment.”

a. Public Comment Period Waiver. Public comment outside of a designated Public Comment period, including during the Council’s discussion of agenda items, shall only be permitted upon a majority vote of the Council to approve a Public Comment Period Waiver allowing a person to speak at an alternate time.

i. Waiver Request. A waiver request may be initiated by a prospective speaker before or during a Council meeting, or by a member of Council wishing to have a prospective speaker recognized.

ii. Consideration of Waiver. The Council’s grant of a waiver shall be supported by a finding that obtaining testimony from the prospective speaker would facilitate the Council’s information-gathering and/or decision-making process, based on the prospective speaker’s expertise, employment, connection with the subject matter being deliberated, or other factors identified by the Council. In general, the Council’s consideration of a Public Comment Period Waiver shall be on a speaker-by-speaker basis, but nothing in these Rules shall be construed to prohibit the Council from holding a single vote to open any matter to all public comment.

iii. Waiver not Content-Based. The Council’s decision to grant or deny a waiver shall not be based on the content of the prospective speaker’s message. Where a subsequent prospective speaker requests a Public Comment Period Waiver to offer an alternative viewpoint on the same agenda item, the Council shall not unreasonably deny a waiver to that speaker if the Council finds the speaker to possess comparable expertise, employment, connection to the subject matter, or other characteristics the Council used to justify a waiver for a previous speaker. The Council may request a person to provide evidence of his or her credentials as a condition of considering a Public Comment Period Waiver request.

iv. Rules for Comment Pursuant to Public Comment Period Waiver. The Council may establish specific parameters for comment offered pursuant to each Public Comment Period Waiver to facilitate the purpose for granting the waiver. In the absence of waiver-specific rules, these Rules shall apply.

2) Scope of Public Comment. Both Public Comment periods shall be open for discussion of agenda items and non-agenda items.

3) Decorum. Speakers shall deliver their comments in a manner that is respectful to the forum. No speaker shall engage in conduct that interferes with the Council’s orderly and
efficient administration of Council meetings and the City’s business, that is violent or can reasonably be perceived as violent, or that otherwise disturbs the public peace in violation of applicable City ordinances and other applicable laws. Speakers shall not be deemed to be in violation of these Rules solely based on the content of their speech where the speech is protected by the First Amendment and/or the where the law recognizes that the remedy for contested speech is a tort or criminal action after expression of the speech rather than a prior restraint (e.g. defamation, slander, falsehoods). Provided, that these Rules shall not be construed as limiting the ability of the Mayor, Council, and/or police to enforce these Rules against speakers whose comments are delivered in a manner that violates these Rules or other applicable ordinances and laws, or whose speech falls within the legal definition of obscenity, true threats, dangerous or inciting speech, or other any other category of speech that is not afforded full First Amendment protections.

4) **Recognition of Speakers.** Persons wishing to address the Council, including to seek a waiver, may only do from the podium and after being recognized by the Mayor. No person may call out from the audience. Only one speaker may occupy the podium at a time.

5) **Identification of Speaker.** At the start of a speaker’s comment, the speaker shall provide his or her name and address for the record.

6) **Public Comment to be Directed to the Mayor and Council.** Speakers shall direct their comments and questions only to the Mayor and Council. Speakers shall not engage in direct dialogue with other persons attending the meeting. If a speaker raises a question for which the input of a person other than the Mayor or Council is required and the Mayor or Council find that addressing the speaker’s question would facilitate the Council’s information-gathering and/or decision-making process, the Mayor may invite the intended recipient of the question to the podium to address the question after the speaker has finished his or her comment. Upon recognition of a person to address the question, the speaker shall relinquish the podium to that person, and any follow-up by the speaker may occur only pursuant to these Rules and upon recognition by the Mayor.

7) **Presentations Requiring an Agenda Item.** Public Comment periods are not intended for presentations lasting longer than two minutes, which require materials to be added to the Council’s agenda packet, or which will require audio/visual equipment. Speakers and/or groups who know or reasonably should know that their presentation will exceed two minutes, require additions to the agenda packet, or require audio-visual equipment, are expected to notify the City Clerk that they wish to be placed on the Council agenda according to the normal deadline for the City Clerk to finalize the agenda. In general, the option to appear on the agenda shall be limited to representatives of City departments, representatives of non-profit or other community organizations, and elected or appointed government officials seeking to address the Council in the performance of an official function. Provided, that the decision as to whether not to allow a speaker on the agenda shall not be based on an evaluation of the content of the proposed presentation. Any speaker whose request to appear on an agenda is denied by the City Clerk or is untimely may appeal the decision by appearing during the Public Comment period of the meeting.
at which he or she wishes to speak and request a waiver from the Council to speak at a
time other than Public Comment, or from the Mayor to exceed the time limit.

8) **Time Limit.** The time limit for each speaker during Public Comment is two (2) minutes per
Public Comment period, subject to the following:

   a. **Timekeeper.** Time shall be kept by the Mayor or his or her designee, or by a timer.

   b. **Time Expired; Completion of Comment.** If the speaker’s time has expired, and no
   waiver has been requested or granted, but it appears that the speaker is about to
   finish his or her comment, the Mayor may allow the speaker to finish the comment
   without the necessity of a waiver, provided that the speaker then leaves the
   podium after completing the comment and being reminded by the Mayor that his
   or her time has expired.

   c. **Time Limit Waiver.** Upon the request of a speaker, the Mayor, in his or her
   discretion, may grant a Time Limit Waiver according to the following procedure:

      i. **Timing of Request.** In general, if the speaker reasonably should know that
      he or she will require a waiver, he or she shall request a waiver at the start
      of his or her public comment. However, if it only appears during the
      speaker’s comment that he or she will require additional time, he or she
      may request a waiver during or at the end of his or her comment period.

      ii. **Guidelines for Mayor’s Discretion.** The Mayor’s discretion in granting or
      denying a Time Limit Waiver may be guided by considerations including
      but not limited to:

      1. Whether the speaker reasonably should have known that his or
         her comments would exceed the time limit such that the speaker
         should have requested to be placed on the agenda;

      2. The length of the meeting agenda;

      3. The number of other people who wish to speak;

      4. The speaker’s compliance with these Rules and all other
         applicable ordinances, resolutions, and laws;

      5. The extent to which the speaker’s comment has generated
         questions or comments from the Council within the speaker’s
         two-minute speaking period such that the speaker has not been
         able to raise all points that could have been raised within the
         two-minute period;
6. Whether one or more Council members request that the speaker be given an opportunity to respond to Council questions or comments raised after the speaker's time has expired;

7. Whether the speaker's comments during the first two minutes have been repetitive;

8. The extent to which continued comment would facilitate the Council's information-gathering and decision-making functions.

iii. **Waiver not Content-Based.** A person seeking a Time Limit Waiver shall not be required to disclose the content of his or her comments as a condition of requesting the waiver. A decision to grant or deny a waiver shall not be based on an evaluation of the content of the speaker's comments or disagreement with the speaker's viewpoint where the speaker's comments are afforded First Amendment protection and do not put the Council at risk of violating other laws by allowing the comment (e.g. campaign finance law, employment law, privileged communications).

iv. **Review of Waiver Denial.** A decision of the Mayor to deny a Time Limit Waiver may be reviewed by the City Council at the request of a Council member as provided by Roberts' Rules of Order or other applicable rules.

d. **Duration of Waiver:** When granting a waiver, the Mayor may provide any amount of time for extended comment to the speaker that is reasonable under the circumstances. The guidelines for the Mayor's original consideration of the waiver may be considered when establishing the extended time limit.

e. **Independence of Public Comment Periods.** Each Public Comment period or other instance of public comment within a meeting shall be mutually exclusive and independent of all others for purposes of applying these Rules.

i. A speaker may speak during both Public Comment periods for two (2) minutes each.

ii. The availability of two two-minute Public Comment opportunities per speaker within a meeting shall not be cited to justify a Time Limit Waiver during any single Public Comment period. For example, a Time Limit Waiver may not be requested or granted based on a promise by the speaker to not participate in the second Public Comment period, nor may a Time Limit Waiver be requested or granted based on a speaker having not participated in the first Public Comment period.

iii. The grant of a Time Limit Waiver to a speaker during the first Public Comment period shall not affect the speaker's ability to speak for two
minutes during the second Public Comment period, but may weigh against
the grant of second Time Limit Waiver within the same Council meeting.

iv. The grant of a Public Comment Period Waiver shall not affect the person’s
ability to speak during either Public Comment period.

C. Enforcement Procedures

1) Authority to Enforce. The Mayor shall have the power to enforce these Rules. The Council
shall be authorized to review the Mayor’s enforcement decisions as provided by Robert’s
Rules of Order and/or any other applicable Council rules.

2) First Warning. Upon identifying a person to be in violation of these Rules or any other
applicable ordinances, resolutions, or laws, the Mayor shall issue a warning to the person
that he or she is in violation of one or more rules and direct the person to redirect their
conduct so as not to be in violation of the Rules. Where the violation relates to the timing
or duration of a person’s comment, the Mayor shall order that person to discontinue their
comment until the Mayor or Council, as appropriate, has considered the speaker’s request
to be recognized, or for a waiver. If the speaker has not obtained the required recognition
or waiver, the Mayor shall order the person to return to his or her seat.

3) Second Warning. If a person who has received an initial warning fails to abide by the
Mayor’s directive and continues to engage in conduct in violation of these Rules or other
applicable ordinances, resolutions, or laws, the Mayor may issue a second warning and/or
order the person to return to his or her seat. Provided, that the Mayor may choose to
forego issuing a second warning and proceed directly to ordering other permissible
remedies if the Mayor finds that the person’s conduct poses an imminent threat to public
safety, or has escalated so as to cause an immediate disturbance of the public peace at
the meeting or to interfere with the orderly administration of the meeting.

4) Interference with a Public Meeting; Remedies. Any person who disturbs the public peace
at a Council meeting by loud, boisterous, violent, or vulgar conduct, interferes with the
Council’s meeting, or who fails to comply with an order or directive of the Mayor requesting
compliance with these Rules shall be deemed to be in violation of the Code of Ordinances
of the City of South Lyon, including but not limited to Section 58-53 – Interference with
conduct of business; interference with meetings of a public body – and shall be ordered
removed from the meeting and/or ticketed in accordance with the Code of Ordinances.

5) Imminent Threat. Nothing in these Rules shall be construed to require the Mayor to
provide one or more warnings prior to ordering the removal of any person who the Mayor,
Council, and/or law enforcement officers reasonably perceive as creating an imminent
threat to the safety of the Mayor, Council, or public.

6) Mayor Absent. In the absence of the Mayor, these Rules shall be construed to vest the
powers and responsibilities of the Mayor in the Mayor Pro-Tem or the Council Member
who is otherwise serving as chair of the meeting.
BE IT FURTHER RESOLVED, that provisions of any prior resolutions that regulate public comment at Council meetings shall be construed so as not to conflict with these Rules;

BE IT FURTHER RESOLVED, that provisions of any prior resolutions that regulate public comment at Council meetings and cannot be construed so as to avoid conflict with these Rules are hereby superseded and repealed by these Rules;

BE IT FURTHER RESOLVED, that if any division, section, subsection, clause, or phrase of this Resolution be declared by the courts to be invalid, the validity of the Resolution as a whole, or in part, shall not be affected other than the part invalidated;

BE IT FURTHER RESOLVED, that a copy of this Resolution or the text of the Rules promulgated by this Resolution shall be made available at each City Council meeting and may be made available to the public through any other means including but not limited to the City’s website and any compilation of Council rules that may exist now or in the future;

The requested vehicles are replacements for two (2) 2013 Ford Police Interceptor AWD vehicles, both having mechanical problems with significant repair expenditures over the past two years. One of the vehicles was removed from usage after sustaining significant damage (totaled) in an accident on March 11, 2018. Funds have been allocated in the Police Department budget for fiscal year 2018-2019 to cover the cost of the proposed purchase.

REPLACEMENT VEHICLES:

One of the two vehicles that will be taken out of service in 2018 is a 2013 Ford Interceptor sedan (vehicle 221) currently with 105,188 miles. The second vehicle, a 2013 Ford Interceptor sedan (vehicle 222) was removed from service after being totaled in an accident on March 11, 2018. Maintenance costs for 221 & 222 over the past two years totaled $15,620.

AGENDA NOTE
New Business: Item 12

MEETING DATE: May 29, 2018

PERSON PLACING ITEM ON AGENDA: City Attorney

AGENDA TOPIC: First Reading of Ordinance to repeal Section 58-53 “Disturbance in business or public place or of lawful meeting” and adopt a new Section 58-53, “Interference with conduct of business; interference with meetings of a public body,” to bring regulations into conformity with current state law and provide a penalty for violations of rules of conduct for public meetings.

EXPLANATION OF TOPIC: At its special meeting held April 11, 2018, Council instructed the City Attorney’s office to review Code of Ordinances Section 58-53 – Disturbance in business or public place or of lawful meeting, and propose any revisions necessary to ensure that the Ordinance is compatible with other applicable laws and regulations and can serve as an effective means of enforcing the Council’s pending resolution establishing rules for public comment at Council meetings.

A review of applicable law revealed that the existing Section 58-53 mirrors the text of MCL 750.170, a portion of which has been ruled by the Michigan Court of Appeals to be unconstitutionally vague insofar as it makes it a misdemeanor to “make or excite any disturbance or contention” in certain places, including public meetings.

A survey of neighboring and comparable communities’ ordinances was conducted to identify whether any consensus exists regarding alternative language for the ordinance. That survey revealed that many communities’ ordinances also mirror the state statute’s language and have not been amended to cure the constitutional problem. However, the City of Novi has updated its ordinance in a manner that not only provides clear definitions of what conduct is prohibited, but also makes it unlawful to violate orders of a meeting chair similar to the rules being considered by South Lyon. A review of applicable law reveals that Novi’s ordinance is consistent with well-established legal definitions and case law addressing remedies for disturbing public meeting. Consequently, it has been used as a model for South Lyon’s revised ordinance.

The proposed ordinance repeals the existing Section 58-53 and replaces it with a new three-part Section 58-53. Subsection “a” restates language in the existing Section 58-53 for which the parallel state statutory language has not been found unconstitutional, so as to preserve the prohibition on interfering with or disturbing a place of business, street, alley, highway, public building, grounds or park, or any election. It cures the vagueness of the original “make or excite any disturbance or contention” language by requiring that any interference or disturbance be “malicious.” A malicious act – that is, an act that is substantially certain to cause injury, or one without just cause or excuse.

is a well-established legal concept that is present elsewhere in the City’s Code and is not susceptible to the charge of vagueness inherent in the former language.

Subsection “b” separates the original Section 58-53 language regarding disturbing a public meeting into its own subsection to more specifically identify the conduct that is prohibited, essentially by applying the Code’s existing definition of breach of public peace to the context of public meetings.

Subsection “c” introduces new language making it unlawful for a person to violate an order or directive of a person chairing a public body when the chair is requesting compliance with rules pertaining to addressing a meeting of the public body. By directly connecting with the resolution currently under consideration by the Council, this subsection provides the legal authority for carrying out the Resolution’s available remedy of charging a person for disobeying directives of the meeting chair or otherwise interfering with the meeting.

As with the prior ordinance, a violation of any subsection of the new Section 58-53 would be punishable as a misdemeanor consistent with the default penalty provisions of the Code.
