'Stay Home, Stay Safe' Executive Order 2020-21

March 25, 2020

Posting Date: March 26, 2020

On Monday, March 23, 2020, Governor Gretchen Whitmer signed the "Stay Home, Stay Safe" Executive Order (EO 2020-21). For at least the next three weeks, all Michigan businesses and operations must temporarily suspend in-person operations that are not necessary to sustain or protect life, and all Michiganders must stay in their homes unless they're a part of that critical infrastructure workforce, engaged in an outdoor activity (while practicing proper social distancing), or performing tasks necessary to the health and safety of themselves or their families, like going to the hospital or grocery store.

Following these guidelines is essential on Beaver Island if we hope to decrease the possible negative impact of this looming health emergency. Michigan is 5th in the number of coronavirus cases in the United States as of March 25, 2020. Each person and each family must consider for themselves the best routines to restrict their exposure to others. **IMPORTANT: If you leave the Island and return or if you are New Arrivals to Beaver Island - you should self quarantine for 14 days.**

The Island's public and private service providers have done an excellent job of setting up protocols and providing essential services while protecting the population. Both airlines are taking strict safety precautions and are following all directives for the FAA and other regulatory agencies. Here is a summary of services currently being provided on the Beaver Island. **For updated information click on the "Coronavirus 19" Link on either township's homepage peainetwp.org or stjamestown.org.**
