

TARBORO DEPARTMENT OF PUBLIC WORKS CHANGE OF TRASH COLLECTION
SERVICE NOTICE

To: Attention All Residents

From: Jason Nichols, Public Works Director

Due to Covid-19, for the protection of our Sanitation Collectors and residents, please put all bagged trash in your brown collection bins and loose recycling in your red or blue bin. Do not place bagged trash on the side of the road. Please remember that, in contrast, recycling should *not* be bagged and instead, rinsed and crushed/flattened as much as possible to fit loosely in the proper bin. If you have additional trash, you may use green yard waste bins until further notice.

If you wish for an additional bin, you may purchase one for \$64 dollars through Town Hall. Large blue recycling bins are still available at a reduced rate of \$35.
