The contract is vitally important to the continued efficient operation of the E-911 Center and the funding for the contract was included in the FY 2013 Budget.

County Manager Comments: Yield time to the County Attorney and the County Clerk.

The County Clerk reminded the Board of several event dates for July as well as the scheduled and advertised Called Board Meeting to be held on July 23, 2012 at 12 Noon to set the final millage rate for Tift County.

The County Attorney advised the Board that the LOST Negotiation Discussions will be starting tomorrow. The process requires a “Kick-off” Meeting and all governmental entity representatives will be present. We will be discussing the framework, the process and how we will be going through this required process of the LOST Negotiations. It is the County’s requirement to call the negotiations and this will be the beginning of what we will be doing for the next 150 days. The goal for tomorrow’s meeting is to state this is the beginning and we are going to work to make reasonable decision through the process and establish a Resolution. At the end of the meeting tomorrow basically the framework will be set for the process of the next 150 days.

The County Attorney discussed with the Board the need to remove a building owned by the County located on Whiddon Mill Road to make room for the new proposed Public Works Facility. Currently the Tifton AA Group has held their meetings in this building for many years and it is unfortunate that we have to demolish the building. Under the lease that is on file with this organization they have the right to 60 days written notice to vacate the building and we are putting that in motion. We want to give them ample time to find another place to hold their meetings. They would like for the County to provide them with another place however at this time we do not have a vacate building that would serve their purpose. The County Attorney and the County Manager just wanted the Board to be aware of this situation so if they get any phone calls they will be knowledgeable of the situation.
