The Truth or Consequences City Commission of the City of Truth or Consequences in the County of Sierra, and State of New Mexico met for a Workshop, in full conformity with the Law and Ordinances of said Commission in the Commission Chambers of said City, on Tuesday, July 22, 2014 at 4:30 P. M., in the Commission Chambers, 405 W. Third, Truth or Consequences, New Mexico.

Mayor Sandra Whitehead opened the Workshop by explaining that in this Workshop was for the purpose of Discussion and Public Input regarding the City of Truth or Consequences Downtown Master Plan. The Mayor introduced Bill Slettom, Assistant City Manager/Community Development Director.

Bill Slettom, ACM/CDD, explained a brief history of the Downtown Master Plan and noted it has been in the Public for several months now. He explained that the City initiated a yearlong planning process for the Downtown area in July of 2013. This planning process culminated in the adoption of the Downtown Master Plan by the City Commission. The Downtown Master Plan is a multi-faceted document that analyzes existing physical conditions and realities; considers public input; and provides a broad and robust range of strategic implementation actions designed to revitalize and bring greater prosperity to Downtown T or C.; Mr. Slettom then introduced Jackie Fishman, Lead Consultant from Consensus Planning, Inc.

Ms. Jackie Fishman introduced herself and explained she would be showing a PowerPoint presentation during this time and then she explained that the Funding for the MainStreet Truth or Consequences Downtown Master Plan was through the Economic Development Department’s MainStreet Capital Outlay Fund and the New Mexico State Legislature. She explained that the Project Team consisted of Consensus Planning, Incorporated, Smith Engineering Company and Quixote Productions. She explained that the Downtown Master Plan is designed to create a more welcoming, charming and attractive destination for visitors and residents alike, while at the same time, preserving and celebrating the one of a kind and never to be duplicated, character of Truth or Consequences. She noted that the City, Truth or Consequences MainStreet, business owners and the general public worked with the consultants to capture and express into words and images the community’s vision and desires for the future. Ms. Fishman explained that per State Statue the New Mexico MainStreet Program was formed to provide for the revitalization of central business districts in New Mexico communities, based on the preservation and rehabilitation of existing structures of unique historical and architectural character and the development of progressive marketing and management techniques as an economic development strategy for local governments. She then explained the four point approach taken as the foundation for initiatives to revitalize the District by leveraging local assets from cultural or architectural heritage to local enterprises and community pride. The four points are Organization, Promotion, Design and Economic Positioning. Ms. Fishman then explained a brief history of the City, explaining the health seekers traveling to Hot Springs for its healing waters, the name change from Hot Springs to Truth or Consequences, the part played by Ralph Edwards in the name change, Artists and creative entrepreneurs. Ms. Fishman explained the Community participation process, the steering Committee, stakeholder interviews, the modified Charrette process, a walking tour of Downtown. And the Community visioning. She noted the Second Saturday Art Hop event and their visions for the Downtown area, she also explained the Steering Committee Workshops which have taken place, to include Community open house events. Ms. Fishman went on to explain the strengths, weaknesses the opportunities and constraints. Noting the most obvious strength is the hot mineral springs and its historic reputation as a health resort community. The wide variety of lodging choices Downtown, the Hot Springs Bathhouse and Commercial Historic District, the healing arts brining tourists and newcomers to the City, she also noted the arts community is active in Downtown as seen by the number of art galleries available. With the subject of Weaknesses she noted traffic speeds, blind spots, noting incorporating traffic calming devices, such as roundabouts at the two gateways. The number of commercial buildings on Main and Broadway Streets that are not being used for commercial activities; she also noted that the sidewalks are missing or damaged, street surfaces are cracked and ADA
ramps are missing, limited restaurant hours. She spoke of the limit to hold outdoor community events, as there is no central gathering area or plaza, and the limit of access for alternative transportation Downtown. Ms. Fishman noted the Opportunities are the two primary gateways into Downtown, explained they are excellent opportunities for new signage and amenities. She explained that drawing on the strengths of existing Arts Community and the Sierra County Arts Council there is a strong opportunity to augment and support the addition of public art in Downtown. She noted the opportunity to provide a stronger link between Downtown and the Rio Grande, and the variety of vacant buildings and vacant properties that could be used for redevelopment activities.

Noting Constraints, Ms. Fishman spoke about existing right-of-way for Main and Broadway are too narrow at 60 feet width, making it difficult to provide wide sidewalks, street trees and angled parking. She explained existing zoning is an institutional constraint, as the entire Downtown is zoned C=1, which allows a wide range of commercial and residential uses, meaning this allows some heavy commercial uses that are not appropriate for Downtown, such as gas stations. Residential and office uses are allowed on the second floor of buildings, which detracts from the vitality and pedestrian experience of the commercial district. She also noted utility rates are high for Downtown properties, which could be acting as a constraint to development. Regarding the number of vacant buildings and properties, Ms. Fishman noted the City currently does not have any type of disincentive for property owners keeping these properties vacant. Ms. Fishman touched on the subject of Business Development Resources, Transportation, Loan programs, and Housing development. Ms. Fishman and Bill Slettom stood for questions.

Mayor Pro-Tem Steve Green asked about MRA and a way to not be in violation of the anti-donation clause, and also asked about examples from other towns.

Bill Slettom noted the MRA is part of State Statue, reading a portion from page 103, designation as a MRA provides a tremendous benefit to the community as it provides the City the ability to proactively address blighting conditions and engage in public/private partnerships that would otherwise not be feasible. He also noted two separate Resolutions.

Commissioner Ruben Olivas mentioned the Department of Transportation, noting the streets mentioned were theirs.

Mayor Sandra Whitehead asked about a timeline.

Ms. Jackie Fishman answered 10 plus years.

Bill Slettom, ACM/CDD noted they would bring this back in August or September as a Resolution for adoption.

Mayor Sandra Whitehead asked for Public Comment.

Josh Frankel, Sierra Grande, spoke as spokesman for the Turner Foundation, noted the commitment Mr. Ted Turner and his foundation had made to the City of Truth or Consequences, he noted that the Sierra Grande was a premier location and spoke of the need for quiet for their guests, asking those making the decisions to please consider other locations such as the Park for gatherings.

Audon Trujillo approached making comments about the City needing more parks.

Mayor Sandra Whitehead noted with no further questions, and closed the Workshop, noting the Regular Meeting would start at 6:00 P.M.

PRESENTATION: Mayor Sandra Whitehead announced next was a Presentation from Barbara Pearlman.

Ms. Barbara Pearlman introduced herself and explained GRIT, Graduation with Rigor, Integrity and Technology, noting it is being started here in our school to provide a place for non-traditional students, students who have somehow been left behind, students who do not fit into a normal high school setting, as well as those students who want to excel and graduate early. She explained the goals, curriculum, proposed outcomes and the mission of GRIT, as well as future plans for a career apprenticeship program. She explained the new school will be in the portable next to the middle school campus. Students may still ride the bus and be dropped off and picked up at the same location. They will accept students who are in need of an alternative setting for a variety of reasons including: at-risk students, students who do not identify with the regular high school student body, students who are lacking in credits for graduation, students who have previously been homeschooled and students who want to follow an accelerated path for graduation. The academy will use an on-line virtual school called Edgenuity. Computers are used to do 90% of more of the work. She explained they will have only 30 slots available, with an interviewing team to determine the most in need. Ms. Pearlman explained she hoped to return in the future with an update report.

UNFINISHED BUSINESS: Mayor Sandra Whitehead noted next was Discussion/Action: Appointment/Re-Appointment Library Advisory Board (Two positions).

Judy Harris, City Clerk, explained that this item had come before the Commission in a previous meeting and it was the wish of the Commission that the Clerk solicits names for Board Appointments. With no new volunteers stepping forward, the Library Advisory Board had recommended Re-Appointment of Bonnye Warwick and Cary “Jagger” Gustin. Clerk Harris explained that she attached the City Code for the Advisory Board and the Letter from Library Director Pat O’Hanlon.

“Mayor Pro-Tem Steve Green moved to Re-Appoint Bonnye Warwick and Cary “Jagger” Gustin to the Library Advisory Board.”

“Seconded by Commissioner Ruben Olivas.”

Motion Carried Unanimously.

Mayor Sandra Whitehead noted next was Discussion/Action: Appointment or Re-Appointment of one Representative from the City of Truth or Consequences from two applicants to the Sierra Vista Hospital Governing Board.

Judy Harris, City Clerk, explained that this item, just like the previous item, had come before the Commission in a previous meeting and it was the wish of the Commission that the Clerk solicit names for Board Names for Appointment. The Clerk has advertised the opening for over 3 weeks and received two applicants willing to serve. She explained a copy of the Board Qualifications/Expectations, and the two applications are included for review.
“Commissioner Ruben Olivas moved to appoint Zenith Baker to the Sierra Vista Hospital Governing Board.”

Seconded by Commissioner Jeff Richter.

Mayor Pro-Tem Steve Green addressed the Hospital was in the construction phase and thought Mike Kertesz would be a better choice with his experience in construction. He noted Zenith Baker was a worthy member, but with everything happening at the Hospital, the new CEO was to split his work as CEO and head up the construction phase at the same time, noting Mike Kertesz would be able to alleviate the pressure on the new CEO.

“Mayor Pro-Tem Steve Green moved to appoint Mike Kertesz to the Sierra Vista Hospital Governing Board.”

No second was made.

Mayor Sandra Whitehead noted she had a motion and a second to appoint Zenith Baker to the Sierra Vista Hospital governing Board, calling for a vote.

Motion carried with a three to one vote, with Mayor Pro-Tem Steve Green voting no.

Mayor Sandra Whitehead noted next was Discussion/Action: To choose a representative to serve as Film Liaison to the New Mexico Film Office for the City of Truth or Consequences.

Judy Harris, City Clerk, explained that this item, just like the previous items, had come before the Commission in a previous meeting and it was the wish of the Commission that the Clerk solicit names for Board Names for Appointment. The Clerk has advertised the opening for over 3 weeks; Mr. Gustin was the only applicant. She noted Mr. Gustin has served at the Sierra County and the City of Truth or Consequence Film Liaison for over 16 years. He has promoted City locations which have been used in films, and has extensive Community knowledge thru leadership roles on Boards of Directors; he is very familiar with the City of T or C Officials, the surrounding area Officials and is in constant contact with the New Mexico Film Office. She noted that Sierra County Officials have already nominated Mr. Gustin for this fiscal year to serve as the Sierra county Representative. Clerk Harris noted staff recommendation was to reappoint Mr. Cary “Jagger” Gustin as the City’s Representative as Film Liaison.

“Mayor Pro-Tem Steve Green moved to approve Cary “Jagger” Gustin as the City’s Representative as Film Liaison.”

Seconded by Commissioner Ruben Olivas.
