CONTINGENT BUDGET

Under state law, school boards can submit a budget to voters a maximum of two times. If the proposed budget is defeated twice, the board must adopt a contingent budget. A school board also has the option of going directly to a contingent budget after the first budget defeat. Under a contingent budget, the district must adopt a budget with the same tax levy as the prior year. For Williamsville schools, this would require a \$3,375,000 million reduction to the proposed budget.
