City of Woodhaven, Michigan Management's Discussion & Analysis June 30, 2022

Economic Factors and Next Year's Budgets and Rates

Due to the impact of Proposal A and the Headlee amendment on the taxable value of properties located within the City, the City needs to continue to watch its budget very closely. The statewide Tax Reform Act limits growth in taxable value on any individual property to the lesser of inflation or 5%. The City is projecting an increase in property values for the year ending June 30, 2023 of roughly 2.5%. While the increase seems insignificant, the City plans to continue monitoring its expenditures and maintain an appropriate level of fund balance. With the COVID-19 pandemic continuing to impact the City at all levels, administrators will consistently monitor and work with state officials to minimize the effect on the City. New ideas, partnered with proper planning, allow the City to use existing funds set aside by the City Council and administration to continue investing in our wonderful City.

A brief summary of some on the City's past and future improvements is listed below:

- In an effort to promote the City, the Downtown Development Authority (the Authority) continues to enhance the area within its boundaries. Last
 year, work began on stalling new, energy-efficient streetlights along Allen Road. Development of the property next to White Castle and Meijer
 continues to be built. The property will contain several businesses, a walkable pond, a playground, and an area for outdoor events. The
 completion date is tentatively set for the summer of 2023.
- Outside of the Authority's district, the City works hard to maintain and improve at all levels. Roads and sidewalks continue to be replaced, along with trails and paths throughout the parks. Over the next couple of years, a portion of property behind Ford Lane is being developed into a walkable nature preserve. This area will feature a network of walking paths that wind through the woodlands and along several ponds where abundant wildlife can be observed and enjoyed.

The City met all of the requirements of the City, Village, and Township Revenue Sharing (CVTRS), which allowed the City of received all possible funding from the State of Michigan. The City intends to continue meeting all future CVTRS requirements.

Requests for Further Information

This financial report is intended to provide a general overview of the City's finances and demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional information, please contact the administrative offices at City Hall. This report, City budges, and other financial information are available on the City's website at www.woodhavenmi.org.
