Protect Yourself and Others from COVID-19

Staying physically active is one of the best ways to keep your mind and body healthy. In many areas, people can visit parks, trails, and open spaces as a way to relieve stress, get some fresh air and vitamin D, stay active, and safely connect with others.

Know before you go: While these facilities and areas can offer health benefits, it is important that you follow the steps below to protect yourself and others from COVID-19.

DO
- Visit parks that are close to your home
- Prepare before you visit
- Stay at least 6 feet away from others (“social distancing”) and take other steps to prevent COVID-19

DON’T
- Visit parks if you are sick or were recently exposed to COVID-19
- Visit crowded parks
- Use playgrounds
Dog Park Open

Bocce Ball Courts Open

Skate Park Open

Inline Rink Open

Pickleball Courts Open - Please visit www.usapa.org on COVID
Batting Cages Open

Ball Fields Open
No Games or Spectators

Sand Volleyball Courts Open

Civic Center Park Bathrooms Open

Playgrounds Closed - Opening Soon

*Using playgrounds might lead to the spread of COVID-19 because:*

- They are often crowded and could easily exceed recommended guidance for gatherings.
  - It can be challenging to keep surfaces clean and disinfected.
- The virus can spread when young children touch contaminated equipment and then touch their hands to their eyes, nose, or mouth.
IMPORTANT REMINDERS

- Do NOT come to the park if you:
  - Have COVID-19 symptoms, which include a cough, shortness of breath or difficulty breathing, fever, chills, muscle pain, sore throat, new loss of taste or smell
  - Have been in contact with anyone that has had COVID-19 within the past 2 weeks
  - Are a high-risk individual and your local health and government officials are directing you to stay home (High-risk individuals include those 65+ and people with serious underlying health conditions including diabetes, high blood pressure, obesity, and illnesses that compromise breathing or the immune system.)

- If not participating in an active sport, face coverings are highly recommended
- Abide by the maximum social gathering sizes WHILE ensuring you are practicing social distancing (it is not an either or)
- Wash your hands and use sanitizer, both frequently. Individuals should bring their own hand sanitizer.
- Use the restroom before leaving home
- Bring your own water or alternate hydration bottle
- Sneeze or cough only into a tissue or your elbow
- Limit your time at the facility so that you arrive just before the event or activity you are taking part in.
- Avoid touching frequently used surfaces such as water fountains, gates, fences, nets, benches, handles, bathrooms/fixtures, etc.
- Avoid touching your face at all times
- Shower and wash and change your clothes immediately upon returning home
