

TOTAL SOLAR ECLIPSE

APRIL 8, 2024

First Aid Tips

Total Solar Eclipse Basics

- On Monday April 8th, 2024 around 3pm people within Butler County will experience a total solar eclipse for 2.5-3 minutes
- The last total solar eclipse visible in Ohio was in 1806
- Large crowds are expected to show up for this once-in-a-lifetime event which may impact traffic, cell phone service, and even wi-fi

Items to include in your travel first aid kit:

- Bandages of various sizes
- Adhesive tape
- Alcohol swabs/pads
- Antibacterial ointment
- Scissors
- Disposable gloves
- Tweezers
- Tylenol or Ibuprofen
- Benadryl for allergic reactions
- Hand sanitizer
- Sterile gauze
- Flashlight
- Battery pack
- List of emergency contacts and any pertinent medical information
- Bottles of water

*All of these supplies can be purchased at a local convenience store

Sun protection:

- Sunscreen with high SPF
- Sunglasses for times outside of eclipse and approved solar eclipse glasses for during
- Hats
- Umbrellas for shade
