

Shoreline Permit Exemption Application

(For projects located within 200 feet of a body of water and/or associated floodway and wetlands under the jurisdiction of the Shoreline Master Program [SMP] ACC Chapter 18.08, which meet the permit exemption criteria pursuant to ACC 18.08.925)

Certain activities are exempt from the shoreline permit process. An exemption from the shoreline permit process is not an exemption from compliance with the SMP, or from any other regulatory requirements. To be authorized, all uses and development must be consistent with the policies, requirements and procedures of the Adams County SMP and the Shoreline Management Act.

Submittal Requirements

- | |
|--|
| <input type="checkbox"/> A scaled site plan showing property boundaries and location of all structures, driveways, well, septic, fences, critical areas and shoreline OHWM and proposed uses and distances from property lines and OHWM* |
| <input type="checkbox"/> Written Project Description |
| <input type="checkbox"/> JARPA, if required for your project by a State or Federal agency |
| <input type="checkbox"/> Answers to Sections A, B, and C of this packet |

*The ordinary high water mark of all water bodies located adjacent to or within the boundary of the project must be shown. This may be an approximate location, provided that for any development where a determination of consistency with the applicable regulations requires a precise location of the OHWM the mark shall be located precisely by a qualified professional and the biological and hydrological basis for the location as indicated on the plans shall be included in the application documents. Where the ordinary high water mark is neither adjacent to or within the boundary of the project, the plan shall indicate the distance and direction to the nearest ordinary high water mark of a shoreline. The requirement for a precise (surveyed) OHWM shall be determined by the Adams County Planning Department.
