

## *An Offer from Anchorage Resident Jane Brown*

### **THE SPIRIT OF ANCHORAGE 2020**

Submissions for the Anchorage Stories Project are in, and I have content for a great new Anchorage book, "The Spirit of Anchorage 2020."

The book will be a full color, 300-400 page (it's a BIG book) hardback coffee table edition with over 100 personal Anchorage stories (plus related photographs) ranging from historic events, and community organizations, to history of buildings/houses, and their residents both past and present. And, of course life during Covid 19.

The book will be offered to past and current Anchorage residents, and also to "Friends of Anchorage" who have a connection to the community. To ensure that I order enough copies, I will be taking **preorders only**. **THERE WILL ONLY BE ONE PRINTING OF THE BOOK**, so be sure to order enough for family members, Christmas gifts, etc.

The cost of the book will be determined by the number of books preordered. The more books ordered, the cheaper the final book cost will be. The guestimate right now is that the book will cost no more than \$45.00 and will be made available at cost. No profit will be made. This is based on a 500-book printing run. If the number of books ordered is higher, the cost comes down considerably. Please return the order form below to reserve your copies by August 31<sup>st</sup>. No payment is due at this time.

To help me get the word out about the book and contact as many previous Anchorage residents and "friends of Anchorage" as possible, please pass the word along. If you need additional order forms or information, please contact Jane Brown – [janebrown4078@gmail.com](mailto:janebrown4078@gmail.com) or 502-802-6219.
