FR: Antrim County Administration Office

RE: Antrim County Master Plan

As you know, the Antrim County Planning Commission has begun the process to update the County's Master Plan. Back in April, you all received a copy of the current chapter that is dedicated to economic development. The meeting on June 21st will be treated as a work session members can use to discuss how they would like to address this chapter in the master plan. Representatives from the Northern Lakes Economic Alliance (NLEA) have offered their assistance to help update information included in the chapter.

Attached is the current chapter that is dedicated to economic development that includes some changes recommended by the Administration office (*in red*), as well as some notes provided by the NLEA. Please look over the information contained in the current verbiage and come prepared to discuss the information. Suggested changes and updates will be incorporated into a draft that will be sent to the Planning Commission for their July 15 meeting.
