David Heiss said that there will be a notice in this week’s Record Gazette newspaper. Historians Report - October 2020

October was a very successful month for the history room. The staff and myself, embarked on a new project where the history room will now offer a new paid historical preservation service to the public. The history room will not offer to the public a negative film scanning service offered at 1 dollar per negative.

The project began as an inquiry from the Historical Society of Moreno Valley. They reached out to us with regarding some of our high detail scanners that we own. They asked if we were able to digitally scan a historic film negative collection that they had recently come into possession of. We analyzed their film, and carefully over the month of October, scanned and converted their film negative images into digital files. The work was quite time consuming, but for the nominal fee we are charging, we can now make extra income for the library; while also helping other organizations to digitize their film collections. Over the month we successfully scanned over 100 images and raised 105 dollars for the library. I want to thank staffers, Khiabet Vigil and Toni Moore who helped me in this project. I could not have completed this project without their assistance.

Regarding our ongoing cataloguing projects, with the BOUD collection of books now complete, I am able to devote my attention to alphabetizing and finishing the cataloging of the local history books.

There will need to be a moving of furniture in the room again, to accommodate a larger bookshelf that will hold our entire local history book assortment. However once this is complete, we should not need to do any more physical movement of bookshelves or furniture in the history room thereafter. This work began in October and will likely continue into early next year for completion.

Submitted with respect and gratitude,

Historian, Francisco Ramos
RECOMMENDATION:
That the Board approve and adopt Policy No. 5036 Code of Safe Practices

BACKGROUND/INFORMATION:
At the last regular board meeting, Trustee Lara pointed out that the wording “Anyone known” in Section 5036.3 was confusing. Trustee Lara recommended changing that to “Anyone suspected.” After reviewing the draft, staff agrees with Trustee Lara’s proposed language.
POLICY TITLE: Code of Safe Practices
POLICY NUMBER: 5036

5036.1 All employees will follow these safe practices rules, render every possible aid to safe operations, and report all unsafe conditions or practices to the Library Manager, Librarian in Charge, and the District Director.

5036.2 Library Manager, Librarian in Charge, or the District Director will insist on employees observing and obeying every rule, regulation, and order as is necessary to the safe conduct of the work and will take such action as necessary to obtain observance.

5036.3 Anyone suspected to be under the influence of drugs or intoxicating substances will not be allowed on the job while in that condition and will be subject to the discipline specified in section 5200.

5036.4 Horseplay, scuffling, and other acts which tend to have an adverse influence on the safety or well-being of the employees will be prohibited.

5036.5 Work will be well planned and supervised to prevent injuries in the handling of materials and in working together with equipment.

5036.6 No one will knowingly be permitted or required to work while the employee's ability or alertness is so impaired by fatigue, illness, or other causes that it might unnecessarily expose the employee or others to injury.

5036.7 Employees will be instructed to ensure that all protective devices are in proper places and adjusted, and will report deficiencies promptly to the Library Manager, the Librarian in Charge, or the District Director.

5036.8 Workers will not handle or tamper with any electrical equipment, machinery, or air or water lines in a manner not within the scope of their duties.

5036.9 All injuries will be reported promptly to the Library Manager, Librarian in Charge, or the District Director so arrangements can be made for medical or first aid treatment.

5036.10 When lifting heavy objects, the large muscles of the leg instead of the smaller muscles of the back should be used.

5036.11 Employees will wash their hands thoroughly after using the restroom, smoking, eating, and other times, as necessary.
5036.12 Work will be so arranged so employees are able to face a ladder and use both hands while climbing.

5036.13 All tools and equipment will be maintained in good condition.

5036.14 Damaged tools or equipment will be removed from service and tagged "DEFECTIVE."

5036.15 Only appropriate tools will be used for the job.

5036.16 Only authorized persons will operate machinery or equipment.

5036.17 Loose or frayed clothing, or long hair, dangling ties, finger rings, etc., will not be worn around moving machinery or other sources of entanglement.
