

# BARRY COUNTY MICHIGAN ARPA ASSISTANCE APPLICATION

## ORGANIZATION INFORMATION

Organization: **Little Thornapple River IC**  
Location: **Barry County**  
Primary Contact: **Jim Dull, Barry County Drain Commissioner**  
**220 W. State Street**  
**Hastings, MI 49058**  
**(269) 945-1385 Phone**  
**(269) 948-4884 Fax**  
Signatory Contact: **Jim Dull, Barry County Drain Commissioner**  
If any contact information has changed, email us at [Info@BARRYCF.ORG](mailto:Info@BARRYCF.ORG)

## NARRATIVE

Project Title: **Little Thornapple River Intercounty**

Amount Requested: **\$2,000,000.00**

Project Start Date: June 2022

Project End Date: December 2024

### 1. Executive Summary

Provide a high-level overview of the jurisdiction's proposed use of funding including, but not limited to: the jurisdiction's plan for use of funds to promote a response to the pandemic and economic recovery, with key outcome goals.

**The Drain Commissioner Office is requesting ARPA funds for road crossings on the Little Thornapple River Intercounty Drain. The 2004 Spicer Hydro study found 9 of the 13 crossings were undersized to conduct the flows since then with precipitation increases.**

**The Project involves the construction of stormwater infrastructure that will remove floodwater from areas to allow for greater control of flooding during periods of increased precipitation.**

**Use of these funds for this Project is appropriate under Section 603(c)(1)(D) of ARPA as eligible uses include investment in water, stormwater, sewer and broadband infrastructure.**

**To assist with the consideration of this request, this Project and this Request, at a minimum, falls within the following categories of "Appendix 1: Expenditure Categories" attached hereto. Specifically, this Project fits within the following categories:**

- **2.2 Household Assistance: Rent, Mortgage, and Utility Aid**
- **2.11 Aid to Tourism, Travel, or Hospitality**
- **5.6 Clean Water: Stormwater**

**This Project also provides other public health and economic benefits to the**

**community as a whole and to disproportionately impacted communities.**

## 2. Purpose of Grant

Describe in further detail your jurisdiction's intended uses of the funds, such as how your jurisdiction's approach would help support a strong and equitable recovery from the COVID-19 pandemic and economic downturn. Describe any strategies employed to maximize programmatic impact and effective, efficient, and equitable outcomes. Given the broad eligible uses of funds and the specific needs of the jurisdiction, please also explain how the funds would support the communities, populations, or individuals in your jurisdiction. Your description should address how you are promoting each of the following, to the extent they apply:

- a. Public Health (EC 1): As relevant, describe how funds are being used to respond to COVID-19 and the broader health impacts of COVID-19 and the COVID-19 public health emergency.
- b. Negative Economic Impacts (EC 2): As relevant, describe how funds are being used to respond to negative economic impacts of the COVID-19 public health emergency, including to households and small businesses.
- c. Services to Disproportionately Impacted Communities (EC 3): As relevant, describe how funds are being used to provide services to communities disproportionately impacted by the COVID-19 public health emergency.
- d. Premium Pay (EC 4): As relevant, describe the approach, goals, and sectors or occupations served in any premium pay program. Describe how your approach prioritizes low-income workers.
- e. Water, sewer, and broadband infrastructure (EC 5): Describe the approach, goals, and types of projects being pursued, if pursuing.
- f. Revenue Replacement (EC 6): Describe the loss in revenue due to the COVID-19 public health emergency and how funds have been used to provide government services.

**The intended use of the ARPA funds falls into categories of Public Health (EC 1), Negative Economic Impacts (EC 2), Services to Disproportionately Impacted Communities (EC 3), and Water, sewer, and broadband infrastructure (EC 5).**

**The flooding in and of itself constitutes a public health issue. Mold and mildew in homes is a direct public health threat. At times during the flooding, emergency vehicles could not get to certain points in Barry County due to road flooding. All of these exacerbates issues related to COVID-19. Already overwhelmed systems are further stressed by the combination of the local and international health crisis.**

**If granted, the ARPA funds will be used to directly offset the costs of the Project for the landowners, some of whom are on fixed incomes or otherwise of limited means. This will also assist those who have suffered negative economic impacts from the COVID-19 crisis. Further, the investment in the stormwater infrastructure will significantly reduce any future costs to the community in responding to flooding events.**

Where appropriate, also include information on your jurisdiction's planned use of other federal recovery funds including other programs under the American Rescue Plan such as the Emergency Rental Assistance, Housing Assistance, and so forth, to provide broader context on the overall approach for pandemic recovery.

- A. Goals: Are there particular historically underserved, marginalized, or adversely affected groups that you intend to serve within your jurisdiction?
- B. Awareness: How equal and practical is the ability for residents or businesses to become aware of the services funded?
- C. Access and Distribution: Are there differences in levels of access to benefits and services across groups? Are there administrative requirements that result in disparities in ability to complete applications or meet eligibility criteria?
- D. Outcomes: Are intended outcomes focused on closing gaps, reaching universal levels of service, or disaggregating progress by race, ethnicity, and other equity dimensions where relevant for the policy objective?

### 3. Community Engagement

Please describe how your jurisdiction's proposed use of funds incorporates written, oral, and other forms of input that capture diverse feedback from constituents, community-based organizations, and the communities themselves. Where relevant, this description must include how funds will build the capacity of community organizations to serve people with significant barriers to services, including people of color, people with low incomes, limited English proficient populations, and other traditionally underserved groups.

**We believe, as stated above, this Project will encouraging commerce and economic growth. Not addressing the flooding may lead to property owners to sustain additional losses to those already sustained by the COVID-19 shut downs. This would lead to further loss of jobs – some of which do fall within the low-income category.**

### 4. Labor Practices

Describe workforce practices on any infrastructure projects being pursued (EC 5). How are projects using strong labor standards to promote effective and efficient delivery of high-quality infrastructure projects while also supporting the economic recovery through strong employment opportunities for workers? For example, report whether any of the following practices are being utilized: project labor agreements, community benefits agreements, prevailing wage requirements, and local hiring.

**While Michigan law requires open bidding for this infrastructure Project, certain emergency work was conducted by local contractors and the Drain Commissioner. In addition, we expect that as maintenance is necessary, the work will be conducted through local hiring.**

### 5. Use of Evidence

Briefly describe the goals of the project, and the evidence base for the interventions to be funded. Recipients must specifically identify the dollar amount of the total project spending that is allocated towards evidence-based interventions for each project in the

Public Health (EC 1), Negative Economic Impacts (EC 2), and Services to Disproportionately Impacted Communities (EC 3) Expenditure Categories. <sup>21</sup>

<sup>21</sup> Of note, recipients are only required to report the amount of the total funds that are allocated to evidence-based interventions in the areas of Public Health, Negative Economic Impacts, and Services to Disproportionately Impacted Communities that are marked by an asterisk in Appendix 1: Expenditure Categories.

The total Project cost is \$4,000,000. All of this is paid for through special assessments and at this time is set. The goals of the Project, as provided above, are flooding abatement, to relieve public health crisis (i.e. roads impassible for emergency vehicles, overwhelmed septic fields, uninhabitable homes and structures). The evidence-based interventions are the Project itself and similar projects that have relieved flooding throughout the State of Michigan.

The first request is \$500,000.00 for a crossing on Brown road that is not sufficient to convey the water of the Jordan Lake Dam, which if water backs up, homes on the Jordan Lake can be flooded out, some of these property owners are retired and on fixed incomes and could be displaced from flooding. This crossing replacement cost (short of a petition) will fall total on the Road Commission. This crossing would consume over 10% of the total budget for the year of the Road Commission. This also saves the county future moneys because the county by Drain Code, pays at least 50% of the Road Commission 14A. Because this crossing is part of an inter-county drain, this money is ARPA qualified under storm sewer maintenance replacement section.

The second request is \$500,000.00 for road crossing at Jordan Road. This crossing is undersized and in a very dilapidated state. This crossing will also cost the Road Commission more than 10% of their yearly gas tax budget. Also, this is an investment to reduce the future drain assessment for the county 14A payment. This also assists in agriculture drainage which assists in land values.

The third request is for \$1,000,000.00 for the North Broadway crossing. This crossing has been repaired twice by the Road Commission. A replacement would cost above \$1,000,000.00 for a bridge crossing. I do not believe the Road Commission can fund this on their own. If it is done through petition for the drain, the cost will be the responsibility of the Road Commission and the county. This road is highly traveled and the replacement does fit in the ARPA funding for stormwater.

6. Table of Expenses by Expenditure Category

Please include a table listing the amount of funds to be used in each Expenditure Category (See Appendix 1).

Attached hereto are the following documents for the Project:

- assessment roll

# Appendix 1: Expenditure Categories

The Expenditure Categories (EC) listed below must be used to categorize each project as noted in Part 2 above. The term "Expenditure Category" refers to the detailed level (e.g., 1.1COVID-10 Vaccination). When referred to at the summary level (e.g., EC 1) it includes all Expenditure Categories within that summary level.

<b>1: Public Health</b>	
	Vaccination <sup>A</sup>
1.2	COVID-19 Testing <sup>A</sup>
1.3	COVID-19 Contact Tracing
1.4	Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, etc.)*
1.5	Personal Protective Equipment
1.6	Medical Expenses (including Alternative Care Facilities)
1.7	Capital Investments or Physical Plant Changes to Public Facilities that respond to the COVID-19 public health emergency
1.8	Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)
1.9	Payroll Costs for Public Health, Safety, and Other Public Sector Staff Responding to COVID-19
1.10	Mental Health Services*
1.11	Substance Use Services*
1.12	Other Public Health Services
<b>2: Negative Economic Impacts</b>	
	Programs* <sup>A</sup>
2.2	Household Assistance: Rent, Mortgage, and Utility Aid* <sup>A</sup>
2.3	Household Assistance: Cash Transfers* <sup>A</sup>
2.4	Household Assistance: Internet Access Programs* <sup>A</sup>
2.5	Household Assistance: Eviction Prevention* <sup>A</sup>
2.6	Unemployment Benefits or Cash Assistance to Unemployed Workers*
2.7	Job Training Assistance (e.g., Sectoral job-training, Subsidized Employment, Employment Supports or Incentives)* <sup>A</sup>
2.8	Contributions to UI Trust Funds
2.9	Small Business Economic Assistance (General)* <sup>A</sup>
2.10	Aid to Nonprofit Organizations*
2.11	Aid to Tourism, Travel, or Hospitality
2.12	Aid to Other Impacted Industries
2.13	Other Economic Support* <sup>A</sup>
2.14	Rehiring Public Sector Staff
<b>3: Services to Disproportionately Impacted Communities</b>	
3.2	Education Assistance: Aid to High-Poverty Districts <sup>A</sup>
3.3	Education Assistance: Academic Services* <sup>A</sup>
3.4	Education Assistance: Social, Emotional, and Mental Health Services* <sup>A</sup>
3.5	Education Assistance: Other* <sup>A</sup>
3.6	Healthy Childhood Environments: Child Care* <sup>A</sup>
3.7	Healthy Childhood Environments: Home Visiting* <sup>A</sup>
3.8	Healthy Childhood Environments: Services to Foster Youth or Families Involved in Child Welfare System*

3.9	Healthy Childhood Environments: Other* <sup>A</sup>
3.10	Housing Support: Affordable Housing* <sup>A</sup>
3.11	Housing Support: Services for Unhoused Persons* <sup>A</sup>
3.12	Housing Support: Other Housing Assistance* <sup>A</sup>
3.13	Social Determinants of Health: Other* <sup>A</sup>
3.14	Social Determinants of Health: Community Health Workers or Benefits Navigators* <sup>A</sup>
3.15	Social Determinants of Health: Lead Remediation <sup>A</sup>
3.16	Social Determinants of Health: Community Violence Interventions* <sup>A</sup>
<b>4: Premium Pay</b>	
Employees	
4.2	Private Sector: Grants to Other Employers
<b>5: Infrastructure<sup>27</sup></b>	
Centralized Wastewater Treatment	
5.2	Clean Water: Centralized Wastewater Collection and Conveyance
5.3	Clean Water: Decentralized Wastewater
5.4	Clean Water: Combined Sewer Overflows
5.5	Clean Water: Other Sewer Infrastructure
5.6	Clean Water: Stormwater
5.7	Clean Water: Energy Conservation
5.8	Clean Water: Water Conservation
5.9	Clean Water: Nonpoint Source
5.10	Drinking water: Treatment
5.11	Drinking water: Transmission & Distribution
5.12	Drinking water: Transmission & Distribution: Lead Remediation
5.13	Drinking water: Source
5.14	Drinking water: Storage
5.15	Drinking water: Other water infrastructure
5.16	Broadband: "Last Mile" projects
5.17	Broadband: Other projects
<b>6: Revenue Replacement</b>	
Services	
<b>7: Administrative</b>	
Expenses	
7.2	Evaluation and Data Analysis
7.3	Transfers to Other Units of Government
7.4	Transfers to Non-entitlement Units (States and territories only)

\*Denotes areas where recipients must identify the amount of the total funds that are allocated to evidence-based interventions (see Use of Evidence section above for details)

<sup>A</sup> Denotes areas where recipients must report on whether projects are primarily serving disadvantaged communities (see Project Demographic Distribution section above for details)

<sup>27</sup> Definitions for water and sewer Expenditure Categories can be found in the EPA's handbooks. For "clean water" expenditure category definitions, please see: <https://www.epa.gov/sites/production/files/2018-03/documents/cwdefinitions.pdf>. For "drinking water" expenditure category definitions, please see: <https://www.epa.gov/dwsrf/drinking-water-state-revolving-fund-national-information-management-system-reports>

## Appendix 2: Evidenced-Based Intervention Additional Information

What is evidence-based?

For the purposes of the SLFRF, evidence-based refers to interventions with strong or moderate evidence as defined below:

Strong evidence means the evidence base that can support causal conclusions for the specific program proposed by the applicant with the highest level of confidence. This consists of one or more well-designed and well-implemented experimental studies conducted on the proposed program with positive findings on one or more intended outcomes.

Moderate evidence means that there is a reasonably developed evidence base that can support causal conclusions. The evidence base consists of one or more quasi-experimental studies with positive findings on one or more intended outcomes OR two or more non-experimental studies with positive findings on one or more intended outcomes. Examples of research that meet the standards include: well-designed and well-implemented quasi-experimental studies that compare outcomes between the group receiving the intervention and a matched comparison group (i.e., a similar population that does not receive the intervention).

Preliminary evidence means that the evidence base can support conclusions about the program's contribution to observed outcomes. The evidence base consists of at least one non-experimental study. A study that demonstrates improvement in program beneficiaries over time on one or more intended outcomes OR an implementation (process evaluation) study used to learn and improve program operations would constitute preliminary evidence. Examples of research that meet the standards include: (1) outcome studies that track program beneficiaries through a service pipeline and measure beneficiaries' responses at the end of the program; and (2) pre- and post-test research that determines whether beneficiaries have improved on an intended outcome.

## BARRY COUNTY Original Assessment Roll

\*\*\* DRAIN SPECIAL ASSESSMENT ROLL CERTIFICATION \*\*\*

Drain: 238            LITTLE THORNAPPLE IC  
 County: BARRY COUNTY

I HEREBY CERTIFY, That the above and foregoing is the "Drain Special Assessment Roll" for the Drain referenced above in the applicable Township, City, Village or applicable entity, in the State of Michigan. I have entered herein a correct description of all the tracts, parcels and subdivisions of land benefited by said Drain, as provided by law. Furthermore, I have placed opposite each description the amount of the percent, heretofore determined upon by me, also the amount of the percent apportioned to the indicated Township, City, Village or entity at large, if applicable.

Given under my hand, on this date: 09/17/2021

JIM DULL  
 County Drain Commissioner of BARRY COUNTY
