RE: 2017 Calendar Year Budget Transmittal

Dear Commissioners:

In accordance with the Uniform Budget and Accounting Act, attached for your consideration and review is a proposed budget for calendar year 2017.

General Fund Overview

Revenues

The proposed General Fund budget totals \$15,613,247. The proposed budget requires a tax levy of 5.4165 mills for general fund operations, the maximum allowable by Headlee and is budgeted to generate \$10,900,000 in property tax revenue for calendar year 2017. With the assistance of the Equalization Department, we have utilized the best information available to forecast property tax revenue.

In 2010 the County engaged the Michigan State University Extension, State and Local Government Program to conduct a Financial Analysis and Forecast Report to provide a forecast of future revenues, with an emphasis centered on property taxes. The report, which was issued in January 2011, provided a declining forecast of property tax revenues through 2014, and not until 2015 were property tax levels expected to rise, but only at a very modest rate. The report also concluded that if no changes were made to county spending patterns, the county would deplete the fund balance sometime between 2012 and 2014. The report was updated in March 2014 to provide a forecast through 2018. The County adopted the report and has used it as a financial tool for preparing annual budgets every year since. As a result, the County has maintained spending levels at or below annual revenue amounts and has not had to resort to utilizing general fund balance to balance budgets.

The revenues projected for 2017 are the result of ongoing analysis of the current

revenues the county receives, the history of those revenues, the current state of the economy, policy changes at other levels of government and numerous other influences. Most departments provide an estimate of the revenues over which they have information or control. These projections may be increased or decreased to ensure accuracy after further review with the department head. The goal of the revenue projection methodology is to make the best effort to incorporate all known factors affecting the county's income, and to be as accurate as possible so that public services will not be reduced unnecessarily and to minimize the need for future budget amendments.

We have worked hard to budget revenues at realistic levels, not underestimating them but also not falling trap to over estimating them, to avoid having to make difficult choices about reducing services if required. Consistent with past budgeting practice, the 2017 revenue budget will be monitored closely throughout the year.

Property taxes continue to represent the single largest portion of annual revenues, providing \$10.9 million or 70% of total revenue for the year. Federal & State is the next largest source of revenue, providing \$1.9 million or 12% of the total annual revenues. The remaining five sources of revenue, charges for services, licenses & permits, rents & interests, fines & forfeits, and other revenue provide the remaining \$2.8 million or 18%.

Taxes

The most significant source in this category and the general fund budget is property tax and is projected to increase by 2.05% from \$10,647,167 to \$10,957,080. However, the caution with this revenue source is that the collection does not occur until the fourth quarter of the fiscal year.

Licenses & Permits

While a smaller portion of overall revenue, this category is projected to decrease by 8%. The primary factor for the decrease is revenue from the sale of dog licenses. A county-wide dog census was conducted in 2014 leading to revenue peaking at \$89,916. This revenue line will need to be monitored throughout the year and consideration may want to be given to conducting a dog census in 2017.

Federal & State

This category remains relatively stable, save for the Supplemental Fund Grant line item, which is federal grant revenue for the Emergency Management program that can fluctuate significantly from year to year.

Charges for Service

Revenue in this category is budgeted to increase by 2.8%, however revenue from Circuit Court costs and District Court civil fees is budgeted at a reduced level to reflect changes in law relating to the ability of the courts to assess certain fees as well as lower caseloads and higher prison commitment rates.

Rents & Interest

Revenue from this category is budgeted to increase due to investment earnings projected to be better than in the past. Rent on Health Department building is being eliminated as Cherry Health is working on a capital campaign to find a permanent location. This represents a decrease of \$49,000.

Transfers In

This budget includes the following transfers in from other funds: \$597,315 from the 100% Tax Payment fund to pay toward reducing the County's unfunded accrued pension liability and pay the debt payment for the Friend of the Court building debt; \$94,774 from the Diverted Felons fund to fund the cost of Court Security; and \$65,050 from the Vehicle Fund to fund the costs associated with vehicle repairs and maintenance within the General fund.

Expenditures

On the expenditure side, the 2017 budget is proposed at levels that fund current staffing, however, in most cases operating expenses have been held at 2016 levels. The proposed budget is dedicated largely to the continuation of current levels of services.

Requests for funds were \$1.8 million more than the proposed 2017 budget, with personnel, health insurance and pension costs continuing to be the largest cost categories.

New Positions

Six new full time equivalent positions and two part-time positions totaling \$461,066 have been requested for 2017. One part-time position was approved. Equalization's request for a part-time position was approved at 25 hrs per week. Information including the associated annualized cost for each of these requests is provided in the budget under the heading 2017 staffing requests.

The County has collective bargaining agreements with five unions: the Governmental Employees Labor Council (GELC), representing the Sheriff Corrections Officers; the Police Officers Labor Council (POLC), representing the Deputy Sheriff Unit; the Command Officers Association of Michigan (COAM), representing the Sheriff Department Command Officers; the Police Officers Labor Council (POLC), representing the Sheriff Corrections Supervisors; and the Barry County Courthouse Employees Association (BCCEA). All contracts remain in effect through the end of 2017.

Classification Study

In July of 2016 a final report was presented to the Board of Commissioners regarding the findings of a classification and compensation study which included a review of positions in the Barry County Courthouse Employees Association, General Fund department heads and non-represented employees group, and non-sworn

positions in the Corrections Division. Additionally, the Commission on Aging and Central Dispatch participated in the study. The 2017 proposed budget does not include implementation of any salary changes related to the study as implementation has not been bargained with the impacted bargaining units. The proposed budget, does however, reflect a bargained salary increase for 2017 as contained in the bargaining agreements.

Capital

Capital requests from departments total \$662,448. With the exception of parking lot replacements at the Courthouse and Jail, all requests are recommended for approval from various special revenue funds. The total cost for recommended capital items is \$407,448.

Contingency

This budget maintains a General Fund balance of \$2.3 million (15% of general fund budgeted expenditures) and has an uncommitted general fund contingency of \$88,451 (less than 1% of general fund budgeted expenditures.)

Fund balances have been reviewed and in instances where the general fund appropriates funds, the appropriations have been modified to maintain existing levels.

I recognize the complexity of the County Budget and realize that this transmittal letter will not cover all of the questions that arise, and in some instances may lead to additional questions. However, I hope that it is helpful and serves as a useful tool as you go through the 2017 Budget review and adoption process.

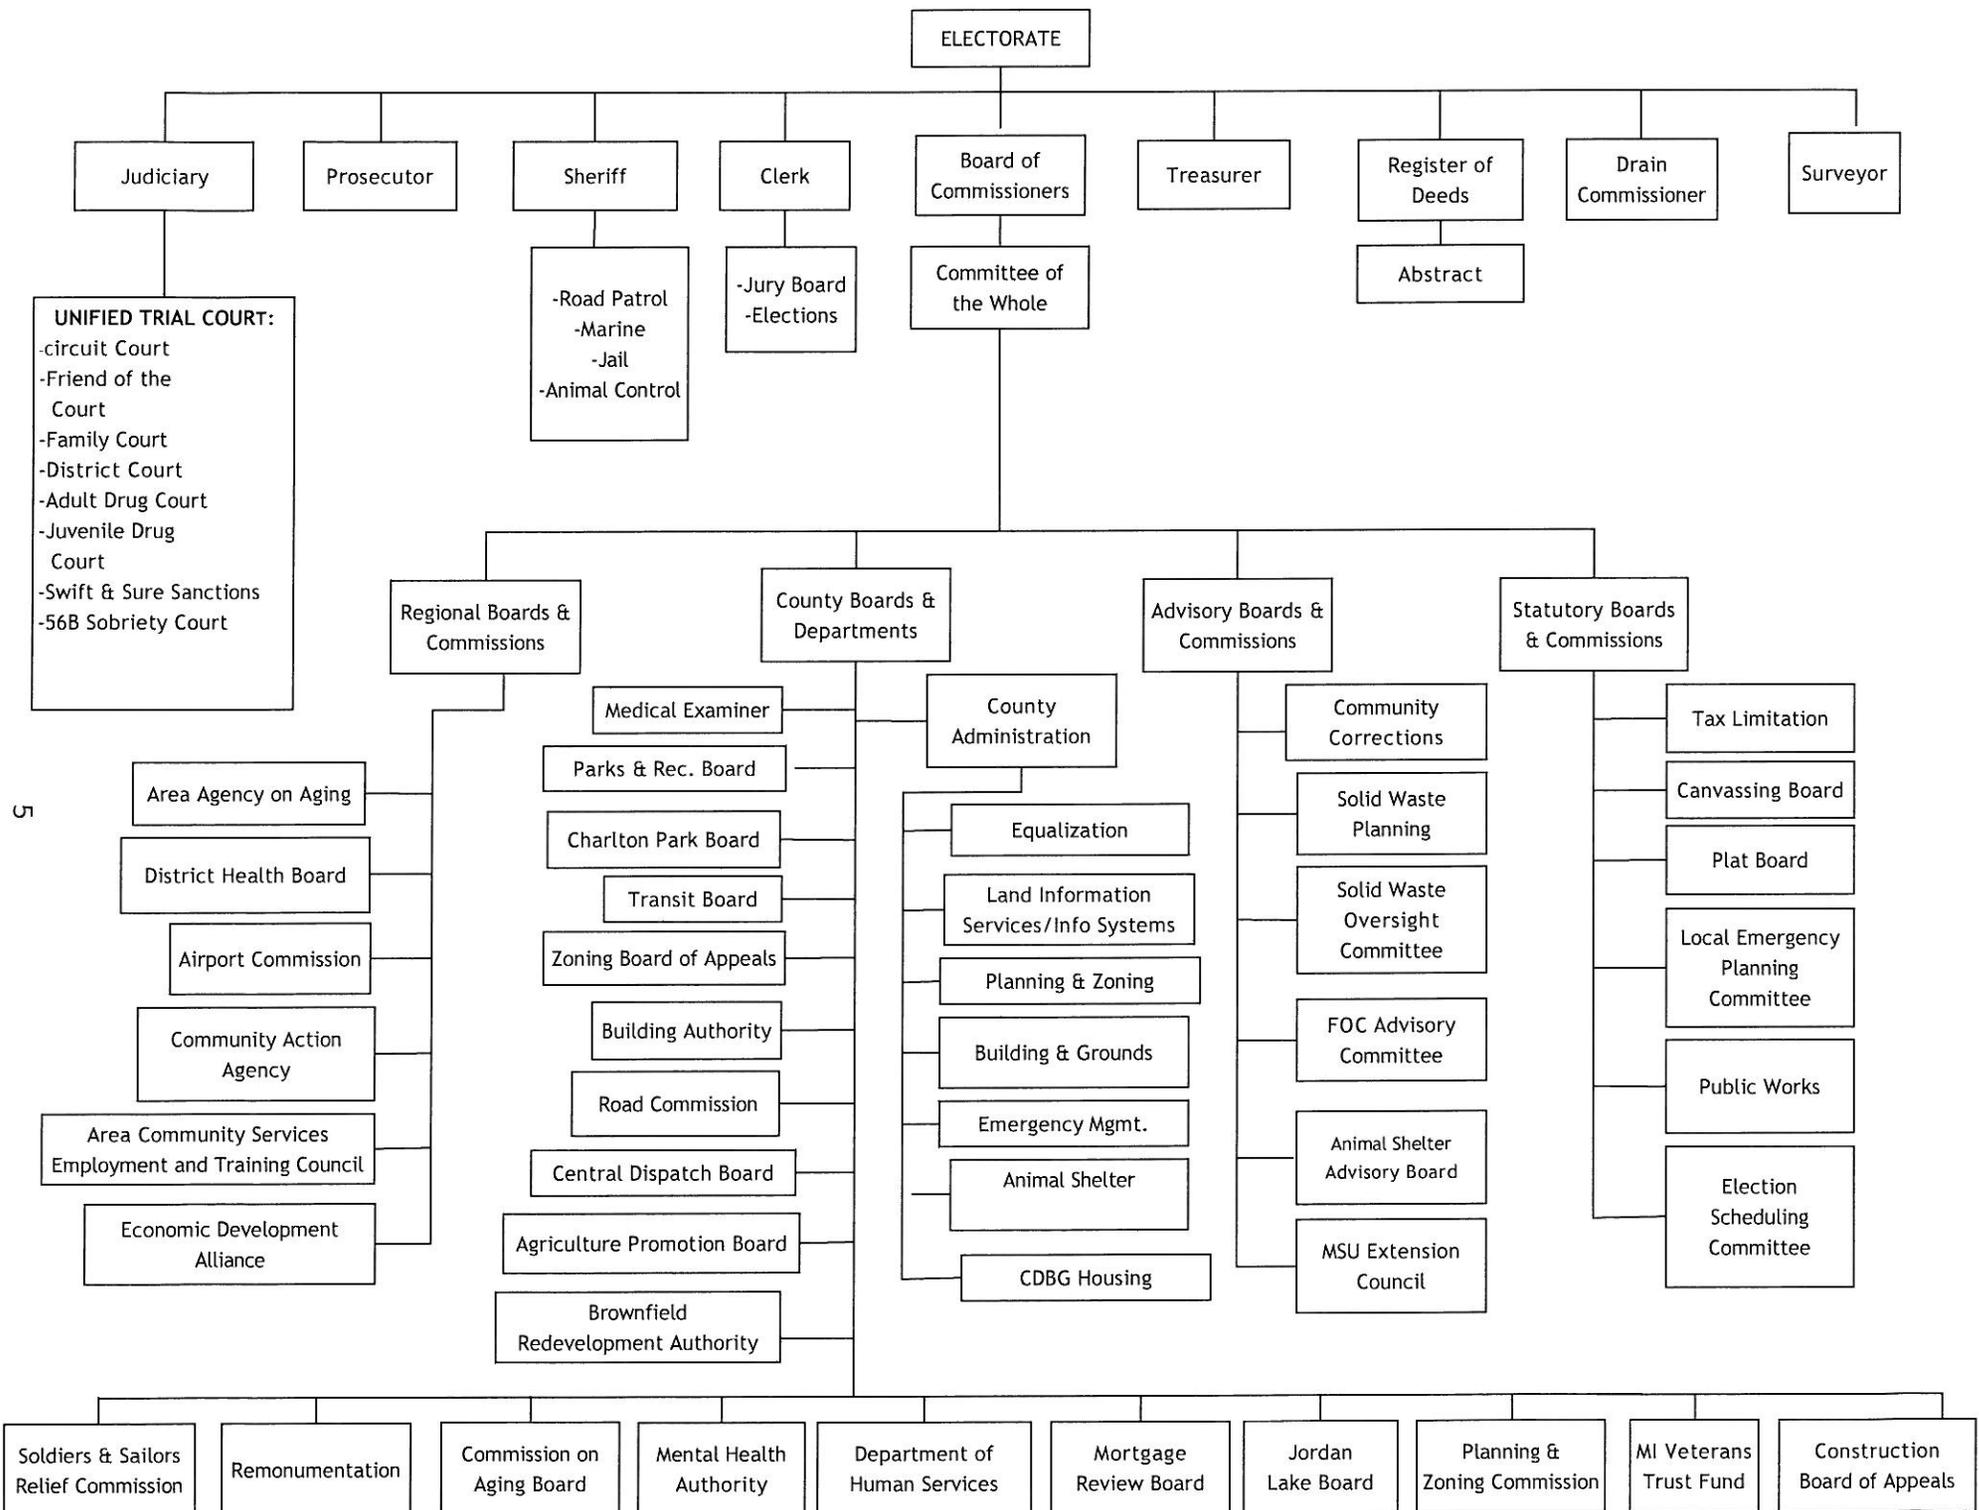

If you have questions please do not hesitate to contact me.

Sincerely,

Michael C. Brown
County Administrator

INTRODUCTION

ORGANIZATIONAL STRUCTURE

Board of Commissioners: The organizational chart illustrates the fact that Barry County government has evolved into a very complex service delivery system. The 2016 Board of Commissioners consists of seven members, each elected on a partisan basis for two year terms. Each commissioner represents single member districts approximately equal in population. The Board annually elects a chairperson and vice-chairperson from within its ranks.

Primary responsibilities of the Board include but are not limited to the determination, type, and level of county services. This is normally handled through the budgetary process. In addition, the Board adopts its annual budget, equalizes property values, and provides legislative and policy oversight of all county services either directly or through the appointment of various boards, commissions and county officials.

Judicial: The Barry County Trial Court is made up of the Circuit, Family, and District Divisions. The Trial Court is also responsible for oversight of the activities of the Friend of the Court and Child Care fund. The Circuit Judge, Family Judge, and District Judge are all elected at large for six year terms. The Court system operates under the auspices of the Michigan Supreme Court.

Constitutional Officials: Administration of Michigan Counties, including Barry County is divided by the Michigan Constitution among various constitutional and statutory county officials, including the County Treasurer, County Clerk, Register of Deeds, Prosecuting Attorney, Drain Commissioner, Sheriff and County Surveyor and are elected at large for four year terms.

The Treasurer is the custodian of county funds, collector of county taxes, and disbursing agent for certain tax funds to local communities and school districts. The duties of the County Clerk include keeping and maintaining records of births, deaths, marriages, discharges of military personnel, elections oversight, and serving as Clerk of the Board of Commissioners. The duties of the Register of Deeds include the recording of deeds, mortgages, surveys, recording of plats, notices of liens, and bills of sales. The Prosecuting Attorney prosecutes violations of state criminal law within the county and may represent the county in litigation. The County Drain Commissioner administers the location, construction, and maintenance of drains in the county. The Sheriff's duties involve the charge and custody of the County Jail, and law enforcement in unincorporated areas of the county. The County Surveyor is responsible for performing the duties prescribed in the State Survey and Remonumentation Act, a law establishing standards and processes for re-establishing the monuments that mark the survey corners for Barry County.

Administrative Officials: In addition, the Board of Commissioners appoints several county officials, including the County Administrator, Medical Examiner, Equalization

Director, Planning and Zoning Director, Emergency Management Coordinator, Animal Shelter Director and Information Systems Manager/GIS Coordinator with responsibilities as defined by statute, county ordinance, resolution or current policy.

Boards, Commissions and Authorities: The Board of Commissioners also appoints various boards, commissions and authorities to oversee specific county services and to advise the Commissioners on certain matters. Appointments to boards, commissions or authorities overseeing specific county functions include the Board of County Road Commissioners, the Charlton Park Village and Museum Board, the Parks and Recreation Board, the Transit Commission, the Commission on Aging, the Building Authority, the Solid Waste Committee, the Planning & Zoning Board, the Mental Health Authority, the Department of Health and Human Services Board, and the Board of Public Works. The Board of Commissioners also appoint numerous representatives to regional and or joint bodies overseeing programs in the areas of Airport, Area Agency on Aging, and Board of Health.

SCOPE OF THE BUDGET

The budget is a financial plan for the provision of prioritized services. Barry County government provides a variety of community services to its 59,173 residents (2010 U.S. Census), both statutory and discretionary. This document presents the annual spending plans for services provided by Barry County government where the Barry County Board of Commissioners has some budgetary or tax levying authority. This includes virtually all county services.

The requirements for budget development and approval, as set forth in Michigan Public Act 621 of 1978, are met or exceeded in this document.

Final audit information on all county operations can be found in the Barry County Comprehensive Financial Report (www.barrycounty.org.) That report provides the financial condition of the county and all of its funds at the end of each fiscal year which coincides with the calendar year. This budget contains previous year audited revenue, expenditure, and fund balance data for all operating funds contained herein.

Expenditures in accordance with this budget are authorized by the Barry County Board of Commissioners in adoption of its 2016 Barry County Budget and General Appropriations Act Resolution (Res. 15-11) and represents the culmination of a lengthy and deliberative process on the types and levels of county governmental services to be provided.

THE OPERATING BUDGET PROCESS

The annual budget preparation cycle begins with the development of a detailed budget manual and calendar in or around June. This contains all the pertinent information departments need to prepare their requests for the upcoming year, and is usually adopted by the Board of Commissioners in May.

The County Administration Office prepares and distributes all wage and fringe benefit costs which must be included in the departmental budgets. After receipt of this information, departments project the remaining operating costs and prepare their requests for additional staffing, operating costs and equipment and other capital expenditures.

Submission of Departmental Budget Requests, Anticipated Concerns, and Statistical Information:

All departments have a month to prepare the budget information and submit it to County Administration. Departments must submit with their requests a written statement of anticipated changes for the upcoming year. In addition, the departments submit projected output and workload measures along with the budget request.

Revenue Projections and the Budgetary Forecasts for 2016:

During July Administration prepares its preliminary estimates of revenues and expenditures for the upcoming fiscal year. The projections are based upon a variety of factors, including: the outcomes of the calendar year just ended; projections of the status of state and federal grants; department head/elected officials' recommendations, cash reserves and interest rate projections; general economic indicators; wage and fringe benefit cost projections; etc. The 2016 General Fund revenue projections assume an overall decrease of 1 percent over the current 2015 budget.

Preparation of the Administrator's Recommended Budget Document:

After review of the departmental budget requests, the Administrator reviews budgets with departments as necessary for the purpose of better understanding of all the issues related to the departmental budget. Based on this information, the Administrator's Office works to balance the budget in accordance with the over arching guidance and directives from the Board of Commissioners.

The amounts to set aside for capital expenditures and debt payments are determined following review of the departmental requests and discussions with the appropriate staff.

Committee of the Whole Budget Hearings: The Administrator's recommended budget is formally reviewed by the Board of Commissioners. The Board, as a committee of the whole, conducts budget workshops and budget hearings as necessary on each departmental or agency budget. Any changes or modifications are incorporated into the budget by Administration and forwarded on to the Board of Commissioners for consideration.

Budget Adoption by the Board of Commissioners: The complete operating and capital expenditure plan is recommended by the Committee of the Whole of the Board of Commissioners, along with a proposed General Appropriations Resolution. All are then forwarded to the Board of Commissioners for consideration at a public hearing and formal adoption at the last regular meeting in October.

TYPES OF BUDGETED FUNDS

As described below, there are many types of funds used throughout the development, implementation and monitoring of the budgetary process.

The General Fund is the primary focus of the budget process each fiscal year because its money has the least statutory restrictions on it. It also serves as the general purpose repository for county property taxes, which make up the base revenue for most county services.

Budgets in Special Revenue Funds reflect county activities where a significant portion of revenues come from sources other than the General Fund. Use of these funds is restricted to specific activities. Special revenue funds of significant size include Central Dispatch, Charlton Park, Friend of the Court, Child Care, Airport, Road Commission and Commission on Aging.

Capital Project Funds account for the purchase of equipment, construction, or development of capital facilities. Some of these budgets were established by separate resolution. However, as with most capital projects, the majority were established by the enabling appropriations resolution. There is no separate capital budget.

Enterprise funds are financed primarily through user fees and charges and are intended to be run much like a business enterprise. Enterprise funds for Barry County include the Medical Care Facility and the Transit Department.

Internal Service Funds primarily reflect activities which provide services to other departments or governmental units. There are 11 funds within this category, Data Processing, Telephone, Vehicle Replacement and Employee Benefits and Insurance are examples.

Public Act 621 of 1978, also known as the Uniform Budget and Accounting Act, requires budgets for all General, Special Revenue, and Debt Service Funds, in the county's chart of accounts. It further stipulates that an informational summary must be provided for all capital projects, enterprise, and internal service funds. Barry County establishes budgets for all of these funds which can be found within this document.

We understand that it is a very complex process and that this document, while in accordance with the requirements of the Uniform Budget and Accounting Act, may not provide all of the information that the reader desires. Further information may be obtained by reading the Barry County Annual Financial Report, including Management's Discussion and Analysis (www.barrycounty.org), contacting County Administration (269-945-1284) or contacting any of the Elected Offices or Departments covered within this budget directly.
