INDEPENDENT AUDITORS' REPORT

June 17, 2013

Board of Commissioners
County of Barry, Michigan
Hastings, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **County of Barry, Michigan** (the "County"), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Barry County Road Commission, the Barry County Medical Care Facility (Thornapple Manor), or the Barry County Transit. The Barry County Road Commission represents 71% and 83% of the total assets and revenue, respectively, of the discretely presented component units. Thornapple Manor and the Barry County Transit are presented as a major enterprise funds, and are therefore separate opinion units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for Barry County Road Commission, Thornapple Manor, and the Barry County Transit, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Barry County Road Commission and the Barry County Medical Care Facility (Thornapple Manor) were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Barry, Michigan as of December 31, 2012, and the respective changes in financial position and cash flows, where applicable, therefore, and the respective budgetary comparisons for the general fund and each major special revenue fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules of funding progress and employer contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 17, 2013 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

COUNTY OF BARRY, MICHIGAN

Management's Discussion and Analysis

As management of Barry County, we offer readers of the *County of Barry, Michigan's* (the "County") financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2012. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the financial statements and notes to the financial statements.

Financial Highlights

Key metrics and financial highlights of the County for the year ended December 31, 2012 are as follows:

Total net position	\$44,887,872
Unrestricted net position	5,904,704
Change in net position	(3,473,968)
Fund balances, governmental funds	12,674,803
Change in fund balances, governmental funds	711,107
Fund balance, general fund	4,425,907
(as percentage of general fund expenditures and transfers out)	29%
Unassigned fund balance, general fund	2,286,422
(as percentage of general fund expenditures and transfers out)	15%

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the residual reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Barry County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government administration, public safety, public works, health and welfare, recreation and cultural, and community and economic development activities. The business-type activities of the County include delinquent tax administration, operation of a medical care facility, and operation of a transit system.

The government-wide financial statements include not only Barry County itself (known as the *primary government*), but also the legally separate Barry County Road Commission, Drainage Districts, Board of Public Works, Economic Development Board, and Airport Commission, for which the County is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Barry County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains numerous governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, central dispatch special revenue fund, commission on aging special revenue fund, and the Thornapple Manor addition building authority debt service and construction funds, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

Proprietary funds. Barry County maintains two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Barry County uses enterprise funds to account for its delinquent tax collection and administration, Thornapple Manor medical care facility, jail commissary, and Transit system. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions.

The County uses internal service funds to account for its fleet of vehicles, telephone systems, data processing, insurance, and fringe benefits. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the delinquent tax umbrella fund, 2011 delinquent tax fund, Thornapple Manor fund, and transit fund, all of which are considered to be major funds of Barry County.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. This is limited to this management's discussion and analysis and the schedules of funding progress and employer contributions for the County pension and other postemployment benefits plans.

The combining statements and schedules referred to earlier in connection with nonmajor funds are presented following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Summary information on the County assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position is as follows:

	Net Position					
	Governmental Activities		Business-type Activities		Total	
	2012	2011	2012	2011	2012	2011
Assets						
Current and other assets	\$24,294,728	\$20,580,678	\$16,717,565	\$17,001,210	\$41,012,293	\$37,581,888

Liabilities						
Long-term liabilities	23,613,358	17,836,116	294,475	227,386	23,907,833	18,063,502
Other liabilities	2,431,568	1,391,843	1,308,131	1,008,798	3,739,699	2,400,641
Total liabilities	26,044,926	19,227,959	1,602,606	1,236,184	27,647,532	20,464,143
Deferred inflows of resources	3,816,287	4,266,519	-	-	3,816,287	4,266,519
Net position						
Net investment						
in capital assets	13,232,508	12,432,779	21,460,487	22,193,635	34,692,995	34,626,414
Restricted	3,800,414	4,554,550	489,759	339,251	4,290,173	4,893,801
Unrestricted (deficit)	(8,720,496)	(6,584,150)	14,625,200	15,425,775	5,904,704	8,841,625
Total net position	\$ 8,312,426	\$10,403,179	\$36,575,446	\$37,958,661	\$44,887,872	\$48,361,840

A portion of the County's net position is unrestricted and available for future operations, while a significant portion of net position relates to its investment in capital assets (e.g., land, buildings, vehicles, equipment and infrastructure), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net position of the County decreased by \$3,473,968. The governmental activities decreased by \$2,090,753 which is primarily due to construction for Thornapple Manor that is funded by governmental activities, but capitalized by business-type activities. The business-type activities decrease of \$1,383,215 is due to an increase in employee health insurance claims at Thornapple Manor and transfers out of the delinquent tax collection funds.

	Change in Net Position

Net position, end of year	\$ 8,312,426	\$10,403,179	\$36,575,446	\$37,958,661	\$44,887,872	\$48,361,840

Governmental Activities

During the year, the County invested \$8,248,634 or 32 percent of governmental activities expenses to general government activities. Health and welfare expenses totaled \$8,592,740 or 34 percent of governmental activities. This amount increased substantially in the current year due to the issuance of bonds and related construction activity at Thornapple Manor. Because these bonds are repaid through a dedicated property tax millage, the expenditures are accounted for in governmental activities. However, the assets themselves are accounted for in the Thornapple Manor enterprise fund. Public safety expenditures totaled \$6,516,559 or 26 percent of governmental activities expenses. Public works, recreation and cultural, community and economic development, and interest on long-term debt made up the remaining 8 percent of governmental activities expenses.

Business-type activities. Business-type activities decreased the County's net position by \$1,383,215. Key elements of this increase are as follows:

- Thornapple Manor experienced an unexpected increase in health insurance claims in 2012.
- Transfers out of the delinquent tax collection funds.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$12,674,803, an increase of \$711,107 in comparison with the prior year. Approximately 18 percent of this total amount constitutes *unassigned fund balance*. The remainder of fund balance is *restricted*, *committed* or *assigned* to indicate that it cannot be used at the County's discretion, or it is *nonspendable* because it has already been committed, this case, for cemetery perpetual care.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the general fund was \$2,286,422. As a measure of the general fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unassigned fund balance represents 15 percent of total general fund expenditures and transfers out.

As in previous years, the surplus in the County's traditional general fund (fund 101) was transferred to other funds of the government, as approved by Board Resolution.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government wide financial statements, but in more detail.

Net position of the enterprise funds decreased \$1,383,215. Key elements of this changed have been addressed elsewhere in this analysis.

General Fund Budgetary Highlights

- Property tax revenue exceeded budget due to conservative forecasting of the rate of change in taxable value.
- State grant revenue exceeded budget to due to the actual state revenue sharing final payment being greater than the amount budgeted.

- Interest revenue on the County's deposits and investments was less than budgeted amounts due to actual interest rates being less than budgeted estimates.
- Expenditures for the Trial Court came in under budget. This was the result of prudent financial management by the Trial Court at all levels of the organization.
- Operating transfers out exceeded the original and amended budget due to a board resolution to transfer the entire year-end surplus to designated funds.

Capital Asset and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business-type activities as of December 31, 2012, amounted to \$34,439,409 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and systems, improvements, and machinery and equipment.

Major capital asset events during the current fiscal year included the purchase of a record imaging system for the Barry County Sheriff's department. The vehicle fund purchased three replacement patrol vehicles at the Barry County Sheriff's Department and the data processing fund purchased new camera recording equipment for the Barry County Jail.

	Capital Assets (Net of Depreciation)					
	Governmental Activities		Business-type Activities		Total	
	2012	2011	2012	2011	2012	2011
Land	\$ 2,734,208	\$ 2,734,208	\$ -	\$ -	\$ 2,734,208	\$ 2,734,208
Construction in progress	187,638	23,513	247,031	209,100	434,669	232,613
Land improvements	621,778	646,495	1,205,052	1,256,645	1,826,830	1,903,140

Additional information on Barry County's capital assets can be found in Note 7 of this report.

Long-term debt. At the end of the current fiscal year, the County had total debt outstanding of \$23,907,833. Of this amount, \$23,613,358 was debt of governmental activities and \$294,475 was debt of business-type activities.

	Long-term Debt					
	Governmental Activities		Business-type Activities		Total	
	2012	2011	2012	2011	2012	2011
General obligation bonds	\$23,124,267	\$17,315,000	\$ -	\$ -	\$23,124,267	\$17,315,000
Other installment debt	14,400	19,200	-	-	14,400	19,200
Compensated absences	474,691	501,916	294,475	227,386	769,166	729,302
Total	\$23,613,358	\$17,836,116	\$ 294,475	\$ 227,386	\$23,907,833	\$18,063,502

Additional information on the County's long-term debt can be found in Note 8 of this report.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the County's budget for 2013:

In order to maintain long term financial stability, the budgeting practice in Barry County is to adopt balanced budgets as required by law and to budget in a manner such that actual expenses do not exceed actual revenues on an annual basis. This practice has allowed Barry County to be structurally prepared for difficult economic times without resorting to crisis-management.

As a result of declining housing values and the economy, in 2010 the Barry County Board of Commissioners commissioned the Michigan State University State and Local Government Program to prepare a Financial Analysis and Forecast Report. The purpose of the report was to provide Barry County's decision makers with an overview of the county's general fund finances for the five year period prior and a prospective view, or forecast, of finances through 2015 to serve as a guideline for future planning.

Based on the results of the study, the county planned for a 3.31% decline in property tax revenue for 2012 and a 1.46% decline for 2013. The study projects that property taxes will further decline through 2014 and begin to grow in 2015. The county continues to adopt multiyear budgets using the MSU study as a primary source for forecasting revenue estimates through 2015. However, data from Barry County Equalization indicates that property taxes may bottom out as early as 2013 and begin growing in 2014. As a result of this information and that the MSU study expires in 2015, Barry County has commissioned MSU to update the Financial Analysis and Forecast Report for another five year period.

The County budget for 2013 continues to be challenged, including state and federal revenue sources that have seen little or no growth, continued decline in property tax revenues, and increasing costs associated with employee benefits. To counter these reductions and to comply with recently enacted State Law, Barry County has capped the employer contribution to health care and limited future increases to the medical rate of inflation (Public Act 152 of 2011) and has eliminated the defined benefit pension program for all employees hired on or after May 1, 2012 and replaced it with a hybrid pension plan, which caps Barry County's contribution at 10% of payroll.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Administrator, 220 W. State St., Hastings, MI, 49058.

Reconciliation

Fund Balances for Governmental Funds
to Net Position of Governmental Activities
December 31, 2012

Fund balances - total governmental funds \$ 12,674,803

Amounts reported for *governmental activities* in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources, and therefore not reported in the funds.

Capital assets not being depreciated	2,921,846
Capital assets being depreciated, net	10,057,076
Less amounts accounted for in governmental type internal service funds	(526,567)

Prepaid costs related to self-insurance programs and pension and other postemployment benefits plans do not represent current period costs and therefore are not reported in the fund financial statements.

Net other postemployment benefits (OPEB) asset	934,920
Net pension asset	500,000
Deposit with third party for future liability claims	158,412

Internal service funds are used by management to charge the costs of certain activities, such as insurance and other centralized costs, to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net position.

Net position of governmental activities accounted for in internal service funds	4,513,653
---	-----------

Certain liabilities, such as bonds payable, are not due and payable in the current period, and therefore are not reported in the funds.

Bonds payable	(21,774,400)
Premium/discount on bonds payable, net	(1,364,267)
Deferred loss on advance refunding	899,989
Compensated absences	(474,691)
Accrued interest on long-term liabilities	(151,724)
Liability for incurred-but-not-reported liability self-insurance claims	(56,624)

Net position of governmental activities \$ 8,312,426

Net Changes in Fund Balances of Governmental Funds
to Change in Net Position of Governmental Activities
For the Year Ended December 31, 2012

Net change in fund balances - total governmental funds \$ 711,107

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Acquisition/construction of capital assets	522,337
Less acquisition/construction of capital assets accounted for in governmental internal service funds	(119,201)
Gain (loss) on disposal of capital assets	(1,446)
Proceeds from sale of capital assets	(7,637)
Depreciation expense	(851,311)
Less depreciation expense accounted for in governmental internal service funds	177,868

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Change in net other postemployment benefits (OPEB) asset	1,178,020
Change in net pension asset	500,000

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long term-liabilities.

Principal payments on long-term liabilities	994,800
Issuance of long-term debt	(6,000,000)
Premium/discount on issuance of long-term debt	(1,377,015)
Issuance of refunding debt	(13,685,000)
Payment to refunded bond escrow agent	15,159,173

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in accrued interest on bonds payable	31,590
Amortization of deferred loss on advance refunding	(9,184)
Amortization of bond premiums and discounts	12,748
Change in the accrual of compensated absences	27,225
Net change in estimate for incurred but not reported self-insurance claims and deposits with third party provider to fund such claims	101,788

Internal service funds are used by management to charge the costs of certain activities, such as insurance and other centralized costs, to individual funds. The net revenue (expense) of internal service funds is reported with governmental activities:

Interest revenue from governmental internal service funds	8,209
Gain on sale of capital assets in governmental internal service funds	2,350
Net operating transfers in governmental internal service funds	1,382,852
Net operating loss from governmental activities accounted for in internal service funds	(850,026)

Change in net position of governmental activities \$ (2,090,753)

The accompanying notes are an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The *County of Barry, Michigan* (the “County” or “government”) was organized in 1839 and covers an area of approximately 576 square miles. The County operates under an eight member elected Board of Commissioners.

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the County’s accounting policies are described below.

Reporting Entity

As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the County is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government’s operations and so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the government.

Blended Component Units:

The Barry County Department of Human Services is governed by a three-member board, two of which are appointed by the County Board of Commissioners. The Board is responsible for establishing policies and the operational oversight of the local administration of the State of Michigan Social Welfare program and the long-term care Medical Care Facility. Although the employees of the Barry County Department of Human Services are employed by the State of Michigan and substantially all programs are financed by the State, State law requires the local activities to be “blended” with the local primary government.

The Building Authority is governed by a three-member board appointed by the County Board of Commissioners. Its sole purpose is to finance and construct the County’s public buildings. It is reported as an enterprise fund and has a December 31 year-end. A separate report is not prepared for the Building Authority.

The financial statements of the Barry County Transit (the “Transit”) are presented for the year ended September 30, 2012 and the financial statements of the Thornapple Manor Medical Care Facility (Thornapple Manor Fund), component units of Barry County, are included in these financial statements as blended component units for the year ended December 31, 2012. These component units are also audited individually. Complete financial statements are issued under separate cover and may be obtained from their respective administrative offices. The Barry County Transit received federal and state financial assistance in the form of operating and capital grant funding for operating support, marketing expansion, and offering specialized services. The Transit provides demand response services within Barry County as well as special services on a contractual basis to several nonprofit and governmental agencies within the County.

The Thornapple Manor Medical Care Facility is a 138-bed, long-term medical care unit owned and operated by Barry County. It is governed by the Barry County Department of Human Services Board. This Board consists of three members, two of which are appointed by the Barry County Board of Commissioners.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Discretely Presented Component Units

Barry County Road Commission (the "Road Commission") - The Road Commission is responsible for the maintenance and construction of the County road system. The Road Commission's operations are financed primarily from the State distribution of gas and weight taxes, federal financial assistance, and contributions from other local governments within the County. The three-member Board is appointed by the Barry County Board of Commissioners. The component unit is audited individually and complete financial statements may be obtained from the Road Commission's administrative office.

Barry County Economic Development Board (the "Board") - The Board is appointed by the County Board of Commissioners. The Board may not issue debt or levy a tax without the approval of the County Board of Commissioners. If a millage rate is approved, the taxes would be levied under the taxing authority of the County.

Barry County Board of Public Works (the "BPW") - The BPW is governed by a five-member Board comprised of the Drain Commissioner and four members appointed by the County Board of Commissioners. The BPW establishes policy and reviews operations of the BPW for the County Board of Commissioners. The BPW has the responsibility of administering the various public works construction projects and the associated debt service funds under the provision of Act 185 of the Public Acts of 1957. The BPW is financially accountable to the County because all general obligation bond issuances require County authorization and are backed by the full faith and credit of the County.

Barry County Drain Commission (the "Drain Commission") - All drainage districts established pursuant to the Michigan Drain Code of 1956 are separate legal entities with the power to contract, to sue and be sued, and to hold, manage and dispose of real and personal property. The statutory governing board of Chapter 5 and 6 drainage districts consists of the Michigan Director of Agriculture and the drain commission of each county involved in the project. The County Drain Commission has sole responsibility to administer Chapter 3 and 4 drainage districts. A drainage board or drain commissioner, on behalf of the drainage district, may issue debt and levy special assessments without the prior approval of the County. The full faith and credit of the County may be given for the debt of the drainage district. The Drain Commissioner is required by law to make an annual report to the Board of Commissioners in October. The Drain Commission is financially accountable to the County, as defined by GASB Statement No. 14, and accordingly is disclosed as a component unit.

The Airport Commission (the "Airport") - The Airport is classified as a joint venture with another governmental unit. The details relating to this joint venture agreement are disclosed below.

Joint Ventures

The County participates in the following activities which are considered to be joint ventures in relation to the County due to the formation of an organization by contractual agreement between two or more participants that maintain joint control, financial interest, and fiscal responsibility.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Airport Commission - The County is a member of the Airport Commission, which is a joint venture that was formed by an agreement in 1977 between the Hastings City Council and the Barry County Board of Commissioners. The Commission consists of five members, two appointed by the Barry County Board of Commissioners, two appointed by the Hastings City Council, and one member at-large appointed by the Commission itself. The Commission is responsible for constructing, operating, and maintaining the airport facilities. Ownership of the property is vested in the joint venture. It may not issue debt without approval from the City and County. The agreement requires that each governmental unit provide 50% of the net budget appropriation requirements and that financial recordkeeping be maintained by the County.

Barry/Eaton District Health Department - The County is a member of the Barry/Eaton Health Department (the "Department"), which is a joint venture between Barry and Eaton Counties. Both Counties provide annual appropriations and pass-through the statutory amount of cigarette tax funding to subsidize operations. The current funding formula approved by the District Health Board requires Eaton County and Barry County to provide 65% and 35%, respectively. In addition, the treasury function for the Department rests with the Eaton County Treasurer. The operations of the Department are presented as a discretely presented component unit of Eaton County.

Jointly Governed Organizations

The County participates in the following activity which is considered to be a jointly governed organization in relation to the County, due to there being no ongoing financial interest or responsibility.

Region III Area Agency on Aging - Barry County, in conjunction with Calhoun County, has entered into an agreement, which created the Region III B Area Agency on Aging (the "Agency") that provides comprehensive services to older individuals residing in those counties. Operating revenues are derived from federal, state, and local governments as well as fees for services. The Agency is governed by a seven-member Board appointed by the Board of Commissioners of the two counties it services. A copy of the Agency's audit can be obtained at its administrative office.

Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds, a type of fiduciary fund, are unlike all other types of funds, reporting only assets and liabilities. Therefore, agency funds cannot be said to have a measurement focus. They do, however, use the accrual basis of accounting to recognize receivables and payables.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, with the exception of special assessments in the drain commission component unit which are based on a 180-day period of availability, and expenditure-driven grants which are based on a one-year period of availability. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental revenues, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The County reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

The *central dispatch fund* accounts for the County's E-911 services, which are funded through a dedicated property tax millage and surcharge revenue under Public Act 32.

The *Commission on Aging fund* accounts for services provided to the elderly. Revenue is primarily generated through state and federal grants and a dedicated property tax millage.

The *Building Authority Thornapple Manor debt service fund* was established to account for principal and interest payments on general obligation bonds issued to fund construction projects at Thornapple Manor. Debt service payments are funded by a dedicated property tax millage.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

The *Building Authority Thornapple Manor construction fund* is used to account for the proceeds of general obligation bonds and the related construction of the "cottages" project at Thornapple Manor. The assets constructed will be accounted for in the Thornapple Manor enterprise fund.

The County reports the following major proprietary funds:

The *delinquent tax umbrella fund* accounts for money advanced by the County to other local taxing units and various County funds to pay for their delinquent real property taxes. Revenues are generated by the collection of the delinquent real property taxes, penalties and interest.

The *2011 delinquent tax revolving fund* accounts for the collection and administration of delinquent property taxes levied in year 2011.

The *Thornapple Manor fund* accounts for the activities of the Thornapple Manor Medical Care Facility, a 138-bed long-term medical care unit owned and operated by Barry County. Revenues are generated by charges for services and a County appropriation.

Additionally, the County reports the following fund types:

Special revenue funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt service funds account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Capital projects funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

The *permanent fund* accounts for assets that are permanently restricted for cemetery perpetual care.

Enterprise funds account for those operations that are financed and operated in a manner similar to private business or where the County has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

Internal service funds account for operations that provide services (such as equipment rentals and self-insurance) to other departments or agencies of the government, on a cost-reimbursement basis.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the government holds for others in an agency capacity (such as taxes collected for other governments).

Private purpose trust funds are used to present activity of arrangements under which the principal and income benefit individuals, private organizations, or other governments.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Restricted net position represents amounts that are subject to restrictions beyond the government's control. The restrictions may be externally imposed or imposed by law. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, liabilities and equity

Deposits and investments

The government's cash and cash equivalents include amounts in demand deposit accounts, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition. Investments are stated at fair value.

State statutes authorize the government to deposit in the accounts of federally insured banks, credit unions and savings and loan associations and to invest in obligations of the United States, certain commercial papers, repurchase agreements, banker acceptances and mutual funds composed of otherwise legal investments.

The County pools cash resources of various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the County's investments.

Restricted cash and cash equivalents consist of amounts set-aside for repayment of general obligation bonds and related interest thereon, in accordance with terms of the restricted debt agreements. In addition, proceeds from the sale of foreclosed property, net of unpaid taxes and fees and auction costs, are restricted for various delinquent tax administration purposes, as defined in the General Property Tax Act 206 of 1893. Such amounts are reported in the foreclosure enterprise fund.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Receivables and payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Property taxes receivable in governmental funds represent amounts due from taxpayers on the July 1 and December 1 tax levies in the general fund and other governmental funds, respectively. Any amounts outstanding on the July 1 levy after 60 days into the subsequent fiscal year are made whole by the County delinquent tax fund through an effective early tax settlement. This allows the County's general fund to recognize the full amount of the July 1 tax levy in the current year, regardless of the timing of actual collections. Any unpaid balances as of 60 days into the subsequent fiscal year are transferred to the delinquent tax revolving fund where collection is pursued. A similar process takes place between the delinquent tax fund, the other County funds accounting for property tax levies, and other local taxing authorities within the County's geographical region in March or April.

Property taxes receivable in the delinquent tax revolving funds represent unpaid balances from the previous years' levies for the County itself as well as other local taxing authorities in the County's geographical region. The County is responsible for pursuing and administering collection of these balances and coordinating the forfeiture and foreclosure activities for the related parcels. This process takes place over a 3-year period. Interest at 1 percent per month (increased to 1.5 percent after 12 months, retroactive to the date of delinquency) and administrative fees at 4 percent are accrued in accordance with State statute. No amounts have been included in an allowance for uncollectible balances, as the structure of the delinquent tax revolving fund has been designed to make the fund whole either through the eventual auction of the foreclosed parcels or through chargebacks to the local taxing authorities initially levying the taxes.

All trade and property tax receivables are shown net of an allowance for uncollectibles, as applicable. At December 31, 2012, management has recorded an allowance of \$75,000 for uncollectible balance in the Thornapple Manor enterprise fund.

Leases receivable consist of amounts collectible from local municipalities for which the County has irrevocably pledged its full faith and credit as collateral for certain construction and improvement bonds. In accordance with contractual agreements, these entities will provide all future amounts due for bond principal and accrued interest payable.

Deferred inflows of resources

Property taxes (excluding those for the general fund, which are subject to a different timeline) are levied and attach as an enforceable lien of property on December 1. Property taxes are payable through February 14. Although the County's 2012 ad valorem tax (excluding the portion for general operations) is levied and collectible on December 1, 2012, it is the County's policy to recognize revenues from the December 1 tax levy in the subsequent year when the proceeds of this levy are budgeted and made available for the financing of the County's operations. Therefore, the entire amount of the December 1, 2012 levies is reported as deferred inflows of resources at year-end.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

The County reports certain receivables in governmental funds that are not due and collectible soon enough to meet the criteria for revenue recognition under the current financial resources method of accounting. These amounts have also been reported as "deferred inflows of resources" in the fund financial statements, but are recognized when earned, regardless of the timing of collection, in the government-wide statements.

Inventories and prepaids

Inventories in the Airport Commission consist of fuel and are valued at cost, primarily determined by the first-in, first-out (FIFO) method. Inventories of the Road Commission are priced at cost as determined on the average cost method. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

The County has elected to use an alternative measurement method in its governmental funds and records expenditures for services extending beyond one account period in the period when incurred.

Capital assets

Primary Government and Component Units (excluding Thornapple Manor, Transit, and Road Commission)

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items acquired or constructed since 1980), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, if any, is included as part of the capitalized value of the assets constructed. No such interest expense was incurred during the current fiscal year.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

Asset Category	Years
Buildings	7-50
Land improvements	5-25
Machinery, equipment, & vehicles	2-25
Drain infrastructure	50

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Road Commission - Discretely Presented Component Unit

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Barry County Road Commission on an individual basis. The dollar threshold depends on the category of the asset, but the asset must have an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost of purchase or construction. Donated capital assets are recorded at estimated fair market value at the date of donation. The amount reported for infrastructure includes assets acquired or constructed since 1980.

Asset Category	Years
Buildings	30-50
Road equipment	5-8
Shop equipment	7-10
Engineering equipment	4-10
Office equipment	4-10
Infrastructure - roads	8-30
Infrastructure - bridges	12-50

Thornapple Manor - Blended Component Unit

All property and equipment are valued at historical cost. Donated assets are recorded at the fair market value at the time of the donation. Capital assets are depreciated using the straight line method over the following estimated useful lives:

Asset Category	Years
Land improvements	5-25
Building and improvements	10-40
Equipment	5-25

Transit - Blended Component Unit

Capital assets are capitalized at total acquisition cost, provided such cost exceeds \$5,000 and the expected useful life of the asset is more than one year. Depreciation is recorded on all depreciable capital assets on a straight-line basis over the estimated useful lives of the assets.

Asset Category	Years
Building and improvements	20
Vehicles	5-10
Furniture and equipment	2-10

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives as defined in the Revenue and Expense Manual published by the Michigan Department of Transportation and/or as approved by the Bureau of Passenger Transportation (BPT).

Deferred outflows of resources

The County refunded certain bonds payable in order to secure lower interest rates and reduce future debt service expenditures. The difference between the carrying amount of the refunded debt and the amount placed in escrow for purposes of paying the remaining balance of refunded debt is reported as a loss on advance refunding. This amount is being amortized using the straight-line method over the life of the related bonds. Amortization expense for the year ending December 31, 2012 was \$9,184.

Compensated absences

Eligible employees are permitted to accumulate earned but unused vacation and sick pay benefits in varying amounts based on length of service and certain other established criteria. Sick and vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as a component of interest expense when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as an "other financing source". Premiums received on debt issuances are reported as an "other financing source" while discounts on debt issuances are reported as an "other financing use". Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund equity

Governmental funds report nonspendable fund balance for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Restricted fund balance is reported when externally imposed constraints are placed on the use of resources by grantors, contributors, or laws or regulations of other governments. Committed fund balance is reported for amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Commissioners. A formal resolution of the Board of Commissioners is required to establish, modify, or rescind a fund balance commitment. The County reports assigned fund balance for amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Unassigned fund balance is the residual classification for the general fund.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

When the government incurs an expenditure for purposes for which various fund balance classifications can be used, it is the government's policy to use restricted fund balance first, then committed fund balance, assigned fund balance, and finally unassigned fund balance.

Interfund transactions

During the course of normal operations, the County has numerous transactions between funds and component units, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements. Internal service funds are used to record charges for services to all County departments and funds as transfers or operating revenue. All County funds record these payments to the internal service funds as transfers or operating expenditures/expenses.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general and special revenue funds. All annual appropriations lapse at year end. The legal level of budgetary control is at the activity level in the general fund and at the functional level for the special revenue funds.

All departments and budgetary centers of the county are required to submit budget requests to the County Administrator prior to August 1. The Administrator then develops and presents a proposed budget to the Board for review. The Board holds public hearings and a final budget is approved prior to December 31, the close of the county's fiscal year. The Administrator is authorized to transfer budget amounts between accounts without Board approval. Budgetary transfers between funds and amendments to total fund budgets are not permitted without Board approval.

Deficit fund equity

The negative balance in unrestricted net position of governmental activities is the direct result of the County Building Authority issuing bonds to finance the construction of an addition at Thornapple Manor. The capital assets are reported under business-type activities, while the related debt is reported as governmental activities, inasmuch as the bonds are being serviced over time through ad valorem taxes levied on all taxable property in the County.

The building authority Thornapple Manor debt service fund reported an ending fund balance deficit of \$46,124. This fund accounts for payment of principal and interest on long-term debt funded entirely through a dedicated property tax millage. The shortfall from the current year will be eliminated in the future tax levy through adjustment of the millage rate.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Excess of expenditures over budget

Expenditures in the combining and individual fund financial statements have been presented at a level of detail greater than the level of legal budgetary control.

During the year ended December 31, 2012 the County incurred expenditures in certain budgetary funds which were in excess of the amounts budgeted, as follows:

	Final Budget	Expenditures	Budget Variance
General fund			
Other:			
Other	\$ 203,383	\$ 217,383	\$ 14,000
Transfers out	1,777,337	3,101,616	1,324,279
Commission on aging			
Current:			
Health and welfare	1,322,843	1,511,629	188,786
Capital outlay	3,000	5,910	2,910
Nonmajor governmental funds			
Animal shelter - capital outlay	-	199	199
Community resource network - health and welfare	3,000	3,889	889
Drug law enforcement - public safety	-	989	989
CDBG housing - health and welfare	125,000	132,688	7,688
Middleville police services - public safety	262,821	264,651	1,830
Community corrections - public safety	97,238	98,726	1,488
Social welfare - health and welfare	11,343	12,135	792
Diverted felons - general government	7,500	43,877	36,377

The budgetary variance in transfers out of the general fund was a result of a Board of Commissioner's resolution to spread the year-end general fund surplus to certain funds, as designed by the Board.

3. DEPOSITS AND INVESTMENTS

The County utilizes various pooled cash accounts and investments consisting of a common checking account and mutual funds. The County's pooled cash accounts and investments are utilized by the general fund, special revenue funds, debt service funds, capital projects funds, internal service funds, trust and agency funds, and the component units. All other funds of the County utilize separate savings and interest-bearing checking accounts. In addition, certificates of deposit, mutual funds, commercial paper, and U.S. government securities are held separately by several of the County's funds.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Following is a reconciliation of deposit and investment balances as of December 31, 2012:

	Primary Government	Component Units	Total
Statement of net position			
Cash and cash equivalents	\$ 10,870,691	\$ 2,962,182	\$ 13,832,873
Restricted cash and cash equivalents	1,031,074	-	1,031,074
Investments	18,355,317	398,345	18,753,662
	<u>30,257,082</u>	<u>3,360,527</u>	<u>33,617,609</u>
Statement of fiduciary net position			
Cash and cash equivalents - agency funds	445,307	-	445,307
Investments - agency funds	50,092	-	50,092
Cash and cash equivalents - private purpose trusts	40,263	-	40,263
	<u>535,662</u>	<u>-</u>	<u>535,662</u>
Total	<u>\$ 30,792,744</u>	<u>\$ 3,360,527</u>	<u>\$ 34,153,271</u>
Cash on hand	\$ 5,533	\$ -	\$ 5,533
Checking and savings accounts	15,028,267	3,103,052	18,131,319
Certificates of deposit - all due within one year	852,494	214,464	1,066,958
Investments	14,906,450	43,011	14,949,461
Total	<u>\$ 30,792,744</u>	<u>\$ 3,360,527</u>	<u>\$ 34,153,271</u>

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. State law does not require and the County does not have a policy for deposit custodial credit risk. As of year-end, \$18,755,506 of the County's bank balance of \$21,387,611 was exposed to custodial credit risk because it was uninsured and uncollateralized.

The County's investment policy does not specifically address this risk, although the County believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all bank deposits. As a result, the County evaluates each financial institution with which it deposits County funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Custodial Credit Risk - Investments. Following is a summary of the County's investments as of December 31, 2012:

U.S. government agencies	\$ 6,487,717
Money market funds	<u>8,461,744</u>
Total	<u>\$ 14,949,461</u>

Investments are exposed to custodial credit risk if the securities are uninsured, unregistered or held by a counterparty or its agency but not in the government's name. In accordance with the County's investment policy, all investment are held in the name of the County and are evidenced by a safekeeping receipt confirmation, and thus not exposed to custodial credit risk.

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in the list of authorized investments in the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on investment credit risk. Credit risk ratings, where applicable, are summarized as follows:

Unrated	\$ 8,308,983
S&P AA+	6,001,149
S&P AAAM	<u>639,329</u>
Total	<u>\$ 14,949,461</u>

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments as identified in the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturity dates for investments held at year-end are summarized as follows:

No maturity	\$ 8,552,407
Less than one year	8,215
1 - 5 years	377,971
6 - 10 years	1,997,274
11 - 15 years	3,158,539
16 - 20 years	325,322
21 - 24 years	401,961
25-30 years	<u>127,772</u>
Total	<u>\$ 14,949,461</u>

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified in the list of authorized investments in the summary of significant accounting policies.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

4. RECEIVABLES AND PAYABLES

Receivables are comprised of the following at year-end:

	Governmental Activities	Business-type Activities	Component Units
Taxes (current)	\$ 3,595,800	\$ -	\$ -
Taxes (delinquent)	-	2,960,190	-
Accounts	7,232	1,711,530	(255,722)
Allowance for uncollectible accounts			
accounts	-	(75,000)	-
Due from other governments	743,864	162,832	1,631,586
Special assessments	-	-	1,282,953
Leases	-	-	6,345,379
Total	\$ 4,346,896	\$ 4,759,552	\$ 9,004,196

Of the amounts detailed above, \$1,108,777 of special assessments receivable in the component units are not expected to be collected within one year. Similarly, \$5,713,299 of leases receivable in the component units are not expected to be collected within one year.

Accounts payable and accrued liabilities

Payables are comprised of the following at year-end:

	Governmental Activities	Business-type Activities	Component Units
Accounts	\$ 1,781,875	\$ 472,429	\$ (164,218)
Accrued liabilities	441,345	782,220	216,014
Due to other governments	-	53,482	94,613
Self-insurance claims payable	56,624	-	-
Accrued interest on			
long-term debt	151,724	-	86,161
Total	\$ 2,431,568	\$ 1,308,131	\$ 232,570

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

5. OTHER ASSETS

The composition of other assets of December 31, 2012, was as follows:

	Governmental Activities	Business-type Activities	Component Units
Inventories	\$ -	\$ -	\$ 1,649,039
Prepaid items	-	55,431	145,000
Self-insurance retention fund balance	158,412	-	-
Total	\$ 158,412	\$ 55,431	\$ 1,794,039

6. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of December 31, 2012, was as follows:

	Due to and from primary government funds	
	Due from fund	Due to fund
General fund	\$ 546,620	\$ -
Delinquent tax umbrella fund	1,649,518	-
Delinquent tax revolving 2011 fund	-	1,649,518
Nonmajor enterprise funds	-	546,620
Total	\$ 2,196,138	\$ 2,196,138

	Due to and from/drainage district funds	
	Due from fund	Due to fund
Algonquin Lake dam project	\$ 99,286	\$ -
Regular drain	-	99,286
Total	\$ 99,286	\$ 99,286

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

For the year ended December 31, 2012, interfund transfers consisted of the following:

Transfers in	Transfers out				Totals
	General Fund	Nonmajor Governmental Funds	Delinquent Tax Umbrella	Nonmajor Enterprise Funds	
General fund	\$ -	\$ 693,963	\$ 1,541,302	\$ -	\$ 2,235,265
Nonmajor governmental funds	1,015,080	-	-	-	1,015,080
Delinquent tax umbrella	-	-	-	816,919	816,919
2011 delinquent tax	-	-	-	7,264	7,264
Nonmajor enterprise fund	-	-	-	21,833	21,833
Internal service funds	1,382,852	-	-	-	1,382,852
Totals	\$ 2,397,932	\$ 693,963	\$ 1,541,302	\$ 846,016	\$ 5,479,213

Transfers are used to: (1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; (2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

7. CAPITAL ASSETS

Capital asset activity for the primary government for the year ended December 31, 2012, was as follows:

	Beginning Balance	Additions	Disposals	Transfers	Ending Balance
Governmental activities					
Capital assets not being depreciated:					
Land	\$ 2,734,208	\$ -	\$ -	\$ -	\$ 2,734,208
Construction in progress	23,513	187,638	-	(23,513)	187,638
	<u>2,757,721</u>	<u>187,638</u>	<u>-</u>	<u>(23,513)</u>	<u>2,921,846</u>

Total capital assets being depreciated, net	<u>10,559,258</u>	<u>(516,612)</u>	<u>(9,083)</u>	<u>23,513</u>	<u>10,057,076</u>
Governmental activities capital assets, net	\$ 13,316,979	\$ (328,974)	\$ (9,083)	\$ -	\$ 12,978,922

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

At December 31, 2012, the County had outstanding commitments for governmental activities totaling approximately \$344,000.

In April 2012, the County issued general obligation bonds to finance construction of a new facility at Thornapple Manor. The bonds are reported in governmental activities but will be repaid with future revenues of the facility itself. The expenditures of bond proceeds are accounting for in Building Authority Thornapple Manor capital projects fund. These amounts have not been reported as construction in progress of governmental activities, as the asset will be capitalized in the Thornapple Manor enterprise fund upon completion. At year-end, outstanding commitments for this project totaled approximately \$735,000.

	Beginning Balance	Additions	Disposals	Transfers	Ending Balance
Business-type activities					
Capital assets not being depreciated:					
Construction in progress	\$ 209,100	\$ 37,931	\$ -	\$ -	\$ 247,031
Capital assets being depreciated:

	<u>\$ 22,193,635</u>	<u>\$ (733,148)</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,460,487</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Depreciation of governmental activities by function

General government	\$ 261,331
Culture and recreation	66,408
Public safety	279,086
Health and welfare	66,618
Capital assets held by the internal service funds are charged to the various functions based on their usage of the assets	<u>177,868</u>
Total governmental activities	<u>\$ 851,311</u>

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Depreciation of business-type activities by function

Thornapple Manor	\$ 813,868
Transit	166,020
Total business-type activities	\$ 979,888

Discretely presented component units

Capital assets activity for the component units for the year ended December 31, 2012, was as follows:

	Beginning Balance	Additions	Disposals	Transfers	Ending Balance
Road Commission					
Capital assets not being depreciated:					
Land	\$ 85,433	\$ -	\$ -	\$ -	\$ 85,433

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

8. LONG-TERM DEBT

General Obligation Bonds. The government issues general obligation bonds to provide funds to construct major capital facilities and refund previously issued bonds. Such bonds are generally repaid from voter-approved property tax levies, interfund transfers and contributions from local municipalities. The County has pledged its full faith and credit for payment on the general obligation bonds. Also, under the terms of certain bond agreements, local units have pledged their full faith and credit to pay the County each year such amounts.

General obligation bonds of the Board of Public Works component unit are offset by capital leases receivable from the local units of government for which the bonds were issued in the County's name. The terms of these capital leases, which relate to infrastructure constructed by the County on behalf of the local units, match the debt maturity requirements of the related bonds.

Long-term debt activity for the year ended December 31, 2012, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Significant details regarding outstanding long-term debt are presented below:

Primary Government

The Barry County Board of Commissioners is party to long-term lease agreements for rental of the Medical Care Facility Buildings and the, Courts and Law Building, from the Barry County Building Authority. The lease agreements stipulate that annual rentals will be paid by the County or other local government to the Building Authority in amounts sufficient to meet the annual principal and interest on bonds, which shall be pledged exclusively for that purpose. When all debt has been retired on these buildings, the rentals will cease, title to the buildings will be transferred to the County, or local government where applicable.

Bonds and loans payable at December 31, 2012 for governmental activities are as follows:

\$950,000 Building Authority Bonds, Series 2002, dated July 25, 2002, due in annual installments ranging from \$25,000 to \$75,000 through July 1, 2021, with interest ranging from 4.90 to 5.85%, payable semi-annually.	\$ 575,000
---	------------

\$18,850,000 Building Authority - Medical Care Facility Bonds, dated August 1, 2006, partially refunded in 2012. Due in annual installments ranging from \$700,000 to \$800,000 through April 1, 2014, with interest ranging from 4.25 to 4.50%, payable semi-annually.	1,500,000
---	-----------

\$13,685,000 Building Authority - Medical Care Facility Refunding Bonds, dated November 15, 2012, due in annual installments ranging from \$25,000 to \$1,635,000 through April 1, 2025, with interest ranging from 2.00 to 4.00%, payable semi-annually.	13,685,000
---	------------

\$6,000,000 Building Authority - Medical Care Facility Bonds, dated April 17, 2012, due in annual installments ranging from \$175,000 to \$750,000 through April 1, 2032, with interest ranging from 2.00 to 3.55%, payable semi-annually.	6,000,000
--	-----------

Total general obligation debt - governmental activities	\$ 21,760,000
--	----------------------

Capital leases for governmental activities are as follows:

\$23,625 Installment purchase agreement to finance the acquisition of a recording system for central dispatch, due in annual installments of \$4,800, with 0% interest, payable annually.	\$ 14,400
---	-----------

For the governmental activities, compensated absences are generally liquidated by the general fund.

During 2012, the County advance refunded \$14,250,000 of 2006 Medical Care Facility bonds to provide resources to purchase U.S. government securities that were placed in an escrow fund for the purpose of generating resources for all future debt service payments on \$14,250,000 of refunded debt. As a result, the bonds are considered defeased and the liability has been removed from the statement of net position. At December 31, 2012, \$14,250,000 of defeased bonds were outstanding and scheduled to be paid by the escrow agent on April 1, 2014. The refunding resulted in a cash savings of \$1,421,140 and a net economic gain of \$1,192,706.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Component Units

Drainage Districts

The County has irrevocably pledged its full faith and credit as collateral for the following drain notes and amounts owed to other governmental units. These projects are administered by the Barry County Drain Commission for various local drainage districts. The drain obligations were issued to finance the various construction funds for the purpose of paying costs in connection with various drainage district projects and are payable out of assessments to be made against the benefited properties.

Notes payable and amounts owed to other governmental units at December 31, 2012 per respective drain projects serviced from the debt service funds of the Drainage Districts are as follows:

Drain Notes

\$232,000 Delton Village special assessment district note dated June 17, 2008, due in annual installments of \$23,200 through June 1, 2018, with interest at 4.25%, payable annually. \$ 139,200

\$380,000 Chase drain special assessment district note dated September 23, 2011, due in annual installments of \$38,000 through June 1, 2021, with interest at 2.92%, payable semi-annually. 342,000

\$448,000 Sandy Beach drain special assessment district note dated October 25, 2011, due in annual installments of \$44,800 through June 1, 2021, with interest at 3.89%, payable semi-annually. 403,200

\$410,000 Algonquin Lake drain special assessment district note dated June 13, 2012, due in annual installments of \$35,000 to \$45,000 through June 1, 2022, with interest ranging from .65 to 3.30%, payable annually. 410,000

Total notes payable - Drainage Districts \$ 1,294,400

Board of Public Works

The County through the Board of Public Works has constructed water and sewer facilities for various local municipalities. The County is leasing them to the local municipalities, who are operating, maintaining, and managing the systems. General obligation bonds were sold with the full faith and credit of the local municipalities, and the County pledge to the payment pursuant to Act 185, Public Acts of Michigan 1957, as amended. The principal and interest on bonds outstanding are to be paid out of money received from the local municipalities by the Board of Public Works of the County pursuant to the lease agreements. Upon final payment of the respective bond issues, ownership of the assets will revert to the local municipalities.

Bonds payable at December 31, 2012, per respective constructive projects serviced from the debt service funds of the Board of Public Works are as follows:

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

\$1,870,000 Middleville Sanitary Sewer System Refunding Bonds dated October 15, 2003, due in annual installments ranging from \$170,000 to \$220,000 through November 1, 2014, with interest ranging from 2.25 to 3.80%, payable semi-annually.	\$ 415,000
\$1,125,000 Middleville Sanitary Sewer System Bonds dated February 1, 1999, due in annual installments ranging from \$50,000 to \$75,000 through October 1, 2018, with interest ranging from 4.15 to 4.80%, payable semi-annually.	450,000
\$650,000 Water Supply System Bonds dated June 26, 2003, due in annual installments ranging from \$25,000 to \$40,000 through October 1, 2024, with interest at 2.5%, payable semi-annually.	423,281
\$1,040,000 Water Supply System Bonds Series A dated August 23, 2006, due in annual installments ranging from \$40,000 to \$65,000 through April 1, 2027, with interest at 2.125%, payable semi-annually.	820,000
\$205,000 Water Supply System Bonds Series B dated August 23, 2006, due in annual installments ranging from \$10,000 to \$15,000 through October 1, 2026, with interest at 2.125%, payable semi-annually.	145,000
\$465,000 Fawn Lake Extension note, dated July 25, 2006, due in annual installments ranging from \$20,000 to \$25,000 through April 1, 2026, with interest ranging from 4.125 to 4.0%, payable semi-annually.	350,000
\$450,000 Yankee Springs arsenic removal bonds, dated March 29, 2007, payable in annual installments ranging from \$20,000 to \$25,000 through October 1, 2026, with interest at 2.125%, payable semi-annually.	350,000
\$995,000 Michigan Transportation Fund Bonds Series 2010, dated February 1, 2010, payable in annual installments ranging from \$25,000 to \$75,000, with interest at 7.9%, payable semi-annually.	925,000
\$2,763,000 Leach and Middle Lake Sanitary Sewer System Bonds, dated January 22, 2010, payable in annual installment ranging from \$148,000 to \$155,000, with interest at 2.5%, payable semi-annually.	<u>2,417,065</u>
Total bonds payable - Board of Public Works	<u>\$ 6,295,346</u>

9. FUND BALANCES - GOVERNMENTAL FUNDS

The County reports fund balance in governmental funds based on the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. GASB 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Detailed information on fund balances of governmental funds is as follows:

	General Fund	Central Dispatch	Commission on Aging	Building Authority Thornapple Manor Debt	Building Authority Thornapple Manor Construction	Nonmajor Funds	Totals
Nonspendable

Net investment in capital assets	<u>\$ 13,232,508</u>	<u>\$ 21,460,487</u>	<u>\$ 32,531,405</u>

11. RISK MANAGEMENT

Primary Government

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County is self-insured for liability, workers' compensation, and disability. Each participating fund of the County makes payments to the respective self-insurance internal service fund equal to an established percentage of gross salaries for that fund. These payments are accounted for as fringe benefit charges in the paying fund and charges for services in the receiving fund.

The County is completely self-insured for disability benefits. The plan covers all employees except employees at the Medical Care facility. The Disability Benefits Plan provides benefits of 67% of current wages, for a period not to exceed 52 weeks. Benefits commence on the eighth day after a disabling injury or illness. The program is administered by PBS, which furnishes claims review and processing.

The County is self-insured for workers' compensation up to \$500,000 for each loss up to an aggregate amount of \$1,000,000. The County is insured for the amount of claims in excess of such limitation to a maximum of \$5,000,000 for each occurrence. The County is then self-insured for annual aggregated claims in excess of insurance coverage. The program is administered by a service agency that furnishes claims review and processing.

The County is a voluntary member of the Michigan Municipal Risk Management Authority (MMRMA) (the "Authority"). The County makes annual contributions to MMRMA based on actuarial studies using historical data and insurance industry statistics. Such contributions as received by MMRMA are allocated between its general and member retention funds. Economic resources in the MMRMA's general fund are expended for reinsurance coverage, claim payments and certain general and administrative costs, whereas resources in the member retention fund are used for loss payments and defense costs up to the members' self-insured retention limits along with certain other member-specific costs.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

The Authority has reserved fund balance to pay losses incurred by members that exceed individual retention levels and are not covered under existing reinsurance agreements. Losses incurred within the established limits are general obligations of the Authority. In the event that Barry County incurs loss in excess of the resources available, the Authority as a whole (i.e. all constituent municipalities) is liable for the excess. In the event that the Pool's claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific Pool's policy year may be subject to special assessments to make up the deficiency. The County has not been informed of any special assessments being required. During the year ended December 31, 2012, the County received a distribution of excess net position from MMRMA in the amount of \$252,657. This amount has been recognized along with "other revenues" in the general fund.

In addition, the Authority has accumulated resources to create and fund an internal stop loss fund. The stop loss fund was initiated to eliminate the need to purchase aggregate reinsurance for aggregate losses paid in excess of \$178,000, net of reinsurance recoveries for any one member in any one year. Aggregate paid losses in excess of \$178,000 net of reinsurance recoveries are paid entirely from the internal stop loss fund. If at any time the stop loss fund is insufficient to fund Barry County's losses, the remaining liability shall become the responsibility of the Authority as a whole.

Settled claims have not exceeded insurance coverage for any of the self-insured programs in the previous three years. The County has not recorded an estimate for claims incurred but not reported related to the workers' compensation and disability plans as these amounts are expected to be immaterial. The changes in the claims liability for the previous two years are as follows:

	Workers' Compensation	Disability	MMRMA Liability	Totals
Liability, January 1, 2011	\$ -	\$ -	\$ 9,000	\$ 9,000
Claims and changes in estimates	27,961	68,434	21,156	117,551
Claim payments	(27,961)	(68,434)	(13,815)	(110,210)
Liability, December 31, 2011	-	-	16,341	16,341
Claims and changes in estimates	154,087	69,582	200,018	423,687
Claim payments	(154,087)	(69,582)	(159,735)	(383,404)
Liability, December 31, 2012	\$ -	\$ -	\$ 56,624	\$ 56,624

Thornapple Manor Blended Component Unit

Thornapple Manor is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries' (workers' compensation), as well as medical benefits provided to employees.

Thornapple Manor, as part of the County, participates in the Michigan Municipal Risk Management Authority (risk pool) for claims relating to general and automobile liability (including medical malpractice), automobile physical damage and property loss claims. The MMRMA program operates as a claims servicing pool for amounts up to member retention limits and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to the Authority that the Authority uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the County.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Thornapple Manor is insured for workers' compensation claims via a policy with a commercial carrier.

Thornapple Manor is insured against potential professional liability claims under an occurrence-basis policy, whereby all claims resulting from incidents that occur during the policy period are covered up to insured limits, regardless of when the claims are reported to the insurance carrier. There are no known outstanding or pending claims as of December 31, 2012.

Thornapple Manor, as part of the County, is self-insured for employee medical benefit claims. Thornapple Manor estimates the liability (included in accounts payable) for employee medical benefit claims incurred through the end of the year, including both those claims that have been reported, as well as those that have not yet been reported.

Road Commission Component Unit

The Barry County Road Commission is exposed to various risks of loss to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters.

The Road Commission is a member of the Michigan County Road Commission Self-Insurance Pool established pursuant to the laws of the State of Michigan, which authorizes contracts between municipal corporations (inter-local agreements) to form group self-insurance pools, and to prescribe conditions to the performance of these contracts.

The Pool was established for the purpose of making a self-insurance pooling program available which includes, but is not limited to, general liability coverage, auto liability coverage, property insurance coverage, stop loss insurance protections, claims administration and risk management and loss control services pursuant to Michigan Public Act 138 of 1982. The Road Commission pays an annual premium to the Pool for property (buildings and contents) coverage, automobile and equipment liability, errors or omissions liability and bodily injury, property damage and personal injury liability. The agreement for the formation of the Pool provides that the Pool will be self-sustaining through member premiums and will purchase both specific and aggregate stop-loss insurance to the limits determined necessary by the Pool Board.

The Road Commission also has self-insurance for workers' compensation as a member of the County Road Association Self-Insurance Fund. The Road Commission's employee medical benefits insurance is purchased through a commercial carrier. At December 31, 2012, there were no claims that exceeded insurance coverage. The Road Commission did not have any significant reduction in insurance coverage from previous years.

12. PROPERTY TAXES

Property taxes are levied on the assessed taxable value of the property as established by local units, accepted by the County and equalized under State statute at approximately 50% of the current estimated market value.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

13. CONTINGENT LIABILITIES

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County and its attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

14. EMPLOYEE RETIREMENT SYSTEMS AND PLANS

Primary Government

Defined benefit pension plan

Plan description. The primary government's full-time employees are eligible to participate in the Municipal Employees Retirement System of Michigan (MERS), an agent multiple-employer, defined benefit pension plan. The System is administered by the MERS retirement board. MERS provides retirement and disability benefits, as well as death benefits to plan members and beneficiaries. The plan is closed to all new employees who are offered participation in a hybrid plan instead.

Act No. 427 of the Public Acts of 1984, as amended, establishes and amends the benefit provisions of the participants in MERS. A publicly available financial report that includes financial statements and required supplementary information for MERS may be obtained by writing to the Municipal Employees Retirement System of Michigan, 1134 Municipal Way, Lansing, Michigan 48917, or by calling (800) 767-6377.

The County is required to contribute at an actuarially determined rate; the current rate for open divisions is 3.93% to 36.53% of annual covered payroll, depending on the employee group. Contributions for closed divisions are based on a flat monthly dollar amount. Participating employees are required to contribute 0% to 9.03% of their annual salary depending on their assigned department. The contribution requirements of the County are established and may be amended by the Retirement Board of MERS. The contribution requirements of plan members are established and may be amended by the County Board of Commissioners, depending on the MERS contribution program adopted by the County.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

For the year ended December 31, 2012, the annual pension cost of \$1,327,876 was equal to the required contributions of the County plus an additional contribution of \$500,000. Member contributions for the same period totaled \$314,355. The required contributions were determined as part of the December 31, 2010 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 8.0%, (b) projected salary increase of 4.5% per year compounded annually, attributable to inflation, (c) additional projected salary increases of 0.0% to 13.0% per year, depending on age, attributable to seniority/merit, and (d) the assumption that benefits will increase 2.5% per year after retirement for certain retirees depending on the benefit option selected. The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return, and includes an adjustment to reflect fair value. The County's unfunded actuarial accrued liability is being amortized 27 years as a level percentage of projected payroll on an open basis. The latest actuarial valuation was performed as of December 31, 2011.

Three-Year Trend Information			
Year Ended December 31,	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
2010	\$ 1,406,166	100%	\$ -
2011	1,992,201	100%	-
2012	1,327,876	138%	500,000

Funded Status and Funding Progress. As of December 31, 2011, the most recent actuarial valuation date, the plan was 74 percent funded. The actuarial accrued liability for benefits was \$53,060,208, and the actuarial value of assets was \$39,122,587, resulting in an unfunded actuarial accrued liability (UAAL) of \$13,937,621. The covered payroll (annual payroll of active employees covered by the plan) was \$14,811,968, and the ratio of the UAAL to the covered payroll was 94 percent. The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

The County's Annual Pension Cost and Net Pension Asset for the current year are as follows:

Annual required contribution	\$ 1,327,876
Interest on net pension asset	-
Adjustment to annual required contribution	-
	<hr/>
Annual pension cost	1,327,876
Contributions made	1,827,876
	<hr/>
Increase (decrease) in net pension asset	500,000
Net pension asset, beginning of year	-
	<hr/>
Net pension asset, end of year	<u><u>\$ 500,000</u></u>

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Deferred compensation plan

The County offers a supplemental retirement program in accordance with Section 457 of the Internal Revenue Code (IRC) that will provide for payments on retirement, as well as death benefits in the event of death prior to retirement. The Plan assets are held in trust for the exclusive benefit of participants and their beneficiaries. As such, these amounts have not been included in the financial statements.

Road Commission Discretely Presented Component Unit

The Barry County Board of Road Commissioners has a 401(k) single employer defined contribution plan, available to all employees of the Road Commission. A defined contribution plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive.

Under a defined contribution pension plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account, the returns earned on the investments of those contributions, and the forfeitures of other participant's account. All employees who are at least 21 years old and have completed six months of service are eligible to participate.

The plan allows for employees to determine their own contribution, up to 60% of their salary, according to current provisions of the Internal Service Code. The Road Commission contributes 10% of the employees' salary. These contributions are not dependent on the participation of the employees. The plan uses the accrual basis of accounting with investment stated at fair market value.

Employees are allowed to borrow from their account and at December 31, 2012, the outstanding loan balances were \$139,767. Employee and employer contributions are paid to the plan on each payroll date (bi-weekly) and for the year ended December 31, 2012, employee and employer contributions totaled \$134,223 and \$155,418, respectively.

15. OTHER POSTEMPLOYMENT BENEFITS

Primary Government

Plan Description. The Barry County Retiree Health Care Plan (the "Plan") is a single-employer defined benefit healthcare plan administered by Barry County. The Plan provides certain health care benefit and life insurance, in accordance with union agreements and/or personnel policies to employees who have retired.

Funding Policy. The contribution requirements of Plan members and the County are established and may be amended by the County Board of Commissioners. The required contribution is based on projected pay-as-you go financing requirements, with an additional amount to prefund benefits as determined annually by the County Board of Commissioners. For the year ended December 31, 2012, the County contributed \$1,297,815 to the Plan, \$127,471 to fund current retiree benefits and an additional \$1,170,344 to advance fund benefits by contributing to a legally established trust with MERS. Retirees receiving benefits contributed \$50,718, or approximately 28 percent of the total premiums, through their required contribution of \$18 - \$275 per month for retiree-only coverage and \$80 - full cost of coverage for retiree and spouse coverage.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Annual OPEB Cost and Net OPEB Obligation. The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the net OPEB obligation/asset:

Annual required contribution	\$ 132,596
Interest on net OPEB obligation	18,233
Adjustment to annual required contribution	<u>(31,034)</u>
Net OPEB cost (expense)	119,795
Contributions made	<u>(1,297,815)</u>
Change in net OPEB asset/obligation	1,178,020
Net OPEB asset (obligation), beginning of year	<u>(243,100)</u>
Net OPEB asset (obligation), end of year	<u>\$ 934,920</u>

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for 2012 and the two previous years was as follows:

Year Ended December 31,	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB (Obligation) Asset
2010	\$ 160,464	25%	\$ (166,255)
2011	163,697	53%	(243,100)
2012	119,795	1083%	934,920

Funded Status and Funding Progress. As of December 31, 2010, the most recent actuarial valuation date, the Plan was 0% funded. The actuarial accrued liability for benefits was \$1,018,853, and the County had no assets in trust for future OPEB obligations, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,018,853. Subsequent to the date of this valuation, the County made a discretionary contribution to a legally established trust with MERS which is expected to reduce the UAAL in the next valuation.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the Plan as understood by the employer and Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and Plan members to the point. The actuarial methods and assumptions used to include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2010 actuarial valuation, the individual entry age actuarial cost method was used. The actuarial assumptions includes: (a) a rate of return on investments of 7.5%; (b) projected salary increases of 4.5% attributable to inflation; (c) additional projected salary increases ranging from 0.3% to 8.4%, depending on age, attributable to seniority/merit; and (d) projected healthcare benefit increases of 4.5% to 9.0%. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the fair value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll over 13 years on an open basis.

Road Commission Discretely Presented Component Unit

Plan Description. The Road Commission provides healthcare benefits to certain employees upon retirement, in accordance with the Road Commission policy. Currently, 21 retirees participate and receive benefits. As of January 1, 2003, the Barry County Road Commission changed its policy for providing hospitalization medical coverage for their retirees. Per the policy in place as of December 31, 2002, the Road Commission provided hospitalization medical coverage and life insurance on a complimentary basis for any employee who retired at age 55 with at least eight years of service. The Road Commission continues to provide life insurance using the same parameters. Two current employees and three retirees were grandfathered in under the previous policy.

As of January 1, 2005, the Road Commission added a policy for providing \$10 per month for every year of service for their association employees retiring from January 1, 2003 to November 1, 2006. These employees must be at least 55 years of age and have at least 20 years of service. This would become effective upon retirement of January 1, 2005, whichever comes latest. The amount shall be paid until the employee is deceased. If a slot is open for health insurance through the Road Commission and the retiree chooses to be carried through the Road Commission, the current health insurance cancellation policy will apply. This is a contingency upon the employee's association acceptance. All other current employees receive no health benefits upon retirement.

Funding Policy. Benefits are provided based on requirements of employee contracts and are financed on a pay-as-you-go basis. For the year ended December 31, 2012, the Road Commission expended \$125,257 for 21 participants currently eligible to receive benefits.

Funding Progress. For the year beginning January 1, 2012, the Road Commission has estimated the cost of providing retiree healthcare benefits through an actuarial valuation as of December 31, 2010. The valuation computes an annual required contribution, which represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

The following table shows the components of the Road Commission's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the Road Commission's net OPEB obligation:

Annual required contribution	\$ 125,257
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
	<hr/>
Net OPEB cost (expense)	125,257
Contributions made	(125,257)
	<hr/>
Increase in net OPEB obligation	-
Net OPEB obligation, beginning of year	-
	<hr/>
Net OPEB obligation, end of year	<u><u>\$ -</u></u>

The actuarial accrued liability at December 31, 2010, the date of the most recent actuarial valuation was \$1,894,640, all of which was unfunded. The ratio of the unfunded actuarial accrued liability to covered payroll was 108.2 percent.

Actuarial methods and assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future.

Projects of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to the point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2010 actuarial valuation, the unit credit actuarial cost method was used. The actuarial assumption includes a 6.49 percent investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investment, calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 12 percent initially, reduced by decrements to an ultimate rate of 5 percent after ten years. Both rates included a 4.5 percent inflation assumption. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2012, was 21 years.

COUNTY OF BARRY, MICHIGAN

Notes to Financial Statements

16. RESTATEMENT

During the current year, it was determined that the Gun Lake Weed fund, which accounts for a particular special assessment district, is related to the Drain Commission component unit and not the Board of Public Works component unit where it has reports in previous years. These component units are legally separate entities, but are administered jointly by the same personnel. Accordingly, beginning fund balance/net position of the Board of Public Works component unit has been decreased by \$340,204. A corresponding increase has been made in beginning fund balance/net position of the Drain Commission component unit.

17. SPECIAL ITEM

The Road Commission component unit transferred ownership to the Village of Middleville the newly constructed road and bridges on Finkbeiner Road from M-37 East to Whitneyville Road, which lies between the Village limits. The result of this transfer was a reduction in the net position of the Road Commission in the amount of \$4,764,972.

COUNTY OF BARRY, MICHIGAN

Reconciliation

Net Changes in Fund Balances of Governmental Funds
to Change in Net Position of Governmental Activities
Drainage District Component Unit
For the Year Ended December 31, 2012

Net change in fund balances - total governmental funds	\$ (20,937)
--	-------------

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Acquisition/construction of capital assets	598,681
Depreciation expense	(57,723)

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long term-liabilities.

Principal payments on long-term liabilities	108,370
Issuance of long-term debt	(410,000)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, but rather are deferred to the following fiscal year.

Change in deferred special assessments receivable	57,874
---	--------

Some expenses recorded in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Change in accrued interest payable	(8,614)
------------------------------------	---------

Change in net position	<u>\$ 267,651</u>

**INDEPENDENT AUDITORS' REPORT ON THE
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY OMB CIRCULAR A-133**

June 17, 2013

Honorable members of the Board of Commissioners
of the County of Barry
Hastings, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **County of Barry, Michigan** (the "County"), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's financial statements. We have issued our report thereon dated June 17, 2013, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

See notes to schedule of expenditures of federal awards.

COUNTY OF BARRY, MICHIGAN

Notes to Schedule of Expenditures of Federal Awards

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the County of Barry, Michigan (the "County") under programs of the federal government for the year ended December 31, 2012. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position or cash flows of the County.

The County's reporting entity is defined in Note 1 of the County's Annual Financial Report. The County's financial statements include the operations of the Barry County Road Commission and the Barry County Transit discretely-presented component units, which received federal awards that are not included in the Schedule for the year ended December 31, 2012, as these entities were separately audited.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting, which is described in Note 1 to the County's financial statements. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

3. OTHER FEDERAL REVENUE

The County is an indirect beneficiary of federal funds that are expended directly by the Michigan Department of Transportation. These expenditures (which totaled \$13,634 for the year ended December 31, 2012 through MDOT Contract No. FM 08-01-C27) are included in the single audit for the State of Michigan.

4. PASS-THROUGH AGENCIES

The County receives certain federal grant as subawards from non-federal entities. Pass-through entities, where applicable, have been identified in the Schedule with an abbreviation, defined as follows:

Pass-through Agency Abbreviation	Pass-through Agency Name
COVB	County of Van Buren, Michigan
MDHS	Michigan Department of Human Services
MSHDA	Michigan State Housing Development Authority
MDNR	Michigan Department of Natural Resources
MSCAO	Michigan State Court Administrative Office
MSP	Michigan State Police
RIII-B	Region 3B Area Agency on Aging

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

June 17, 2013

Honorable members of the
Board of Commissioners
of the County of Barry
Hastings, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **County of Barry, Michigan** (the "County"), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 17, 2013. Our report includes a reference to other auditors who audited the financial statements of the Barry County Road Commission, the Barry County Medical Care Facility (Thornapple Manor), and the Barry County Transit, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The audits of the Barry County Road Commission and the Barry County Medical Care Facility (Thornapple Manor) were not performed in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2012-FS-01 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2012-FS-02 and -03 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County of Barry, Michigan's Response to Findings

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Lehmann Lohman LLC". The signature is written in a cursive, flowing style.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

June 17, 2013

Honorable members of the
Board of Commissioners
of the County of Barry
Hastings, Michigan

Report on Compliance for Each Major Federal Program

We have audited the compliance of the **County of Barry, Michigan** (the "County") with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2012. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the Barry County Transit, which received \$321,427 in federal awards which are not included in the schedule for the year ended December 31, 2012. Our audit, described below, did not include the operations of the Barry County Transit because it arranged for a separate financial statement audit and did not meet the criteria for a single audit in accordance with A-133, as expenditures of directly administered federal awards did not exceed \$500,000.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2012.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2012-SA-01. Our opinion on each major federal program is not modified with respect to this matter.

The County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2012-SA-01 that we consider to be a significant deficiency.

The County's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENT FINDINGS

2012-FS-01 - Material Audit Adjustments

Finding Type. Material Weakness in Internal Control over Financial Reporting.

Criteria. Management is responsible for maintaining its accounting records in accordance with generally accepted accounting principles (GAAP).

Condition. During our audit, we identified and proposed a material adjustment (which was approved and posted by management) to adjust the County's general fund investments and interest income, which were each initially overstated by approximately \$90,000. In addition, the audit identified the need to reallocate property tax revenue between the various voter-approved purposes, resulting in a quantitatively material adjustment to the Thornapple Manor debt service fund.

Cause. The cash adjustment appears to be the result of a formula error in the spreadsheet used to calculate the quarterly fair market value adjustment. The error occurred in the March 31, 2012 quarter-end adjustments and remained undetected until the audit. The property tax reallocation by fund appears to be the result of allocating tax receipts from local units based solely on millage rates, which excluded certain complicating factors, such as renaissance zones.

Effect. As a result of this condition, the County's general fund and Thornapple Manor debt service funds with initially misstated by amounts that are deemed quantitatively material to the respective opinion units.

Recommendation. Management has already taken appropriate corrective action by reviewing and approving the proposed audit adjustments. In future years, we recommend that all bank reconciliations and related journal entries be independently reviewed and traced to source documents, when available, in order to prevent misstatements due to error or fraud.

View of Responsible Officials. Management agrees with the adjustments proposed by its auditors, and they have been posted in the County's records. Bank reconciliations will be reviewed in detail and traced to source documents. The property tax revenue allocation process will be reviewed and updated to ensure proper allocation.

COUNTY OF BARRY, MICHIGAN

Schedule of Findings and Questioned Costs For the Year Ended December 31, 2012

SECTION II - FINANCIAL STATEMENT FINDINGS

2012-FS-02 - Independent Review of General Journal Entries

Finding Type. Significant Deficiency in Internal Control over Financial Reporting.

Criteria. Management is responsible for establishing effective internal controls to safeguard the County's assets, and to prevent or detect misstatements to the financial statements. Incompatible accounting duties should be assigned to different employees to the extent practical, or be subjected to documented review and approval by an independent administrator. Journal entries, while an essential part of any accounting system, represent an opportunity to enter information into the County's records in a way that bypasses normal internal controls. Accordingly, the County should have a system in place to ensure that all journal entries and similar adjustments made to the County's accounting records are reviewed and approved by an appropriate member of management or the County's contracted accountants (independent of the preparer).

Condition. The County has contracted with a local accounting firm to assist in various accounting functions. Included in these functions is periodic review of bank reconciliations, general journal entries, state and federal grant activity, and accumulation of data for external financial reporting. Other accounting functions remain the responsibility of a single individual without formal independent oversight by another County employee or the contracted accountants. For journal entries, independent review by the contracted accountants is limited to a random selection of entries made in certain, selected months and did not include selections from throughout the entire year. In addition, the entries reviewed were selected from the County's monthly journal entry folders instead of a system generated report, which also limited the population. General journal entries reviewed through this process comprised approximately 5 percent of the total quantity of general journal entries posted. The remaining entries were not subject to a documented review by either the contracted accountant or another County employee.

Cause. This condition appears to be caused by an oversight in determining the appropriate population for sampling purposes, and the limited availability of knowledgeable individuals to review the large quantity of general journal entries.

Effect. The County has reviewed the segregation of incompatible accounting functions and availability of resources and determined that the periodic oversight being provided by its contracted accountants is sufficient to mitigate risk of misappropriation or fraud.

Recommendation. While there are, of course, no easy answers to the challenge of balancing the costs and benefits of internal controls, we would nevertheless encourage management to actively seek ways to further strengthen its internal control structure by requiring current staff to perform independent review on journal entries. Ideally, a supervisor or another employee of the same department should be performing a cursory review and approval of all general journal entries, including tracing to supporting documents for accuracy. This review should be documented by signing/initialing and dating a printed copy of the entry, which should be attached to supporting documents and retained. The periodic spot checks by the contracted accountants could continue to be performed as an additional layer of oversight. To the extent that the contracted accountants continue to perform a periodic review of journal entries, we recommend that the method of selection used for the review process consider the entire population of journal entries posted (i.e. by obtaining a system generated reports and sampling from entries posted over the course of the entire year)) and that the selection process incorporate an element of sampling coverage.

COUNTY OF BARRY, MICHIGAN

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2012

SECTION II - FINANCIAL STATEMENT FINDINGS

2012-FS-02 - Independent Review of General Journal Entries (Concluded)

View of Responsible Officials. Management will update its existing procedures to include an independent review and sign off of all journal entries.

COUNTY OF BARRY, MICHIGAN

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2012

SECTION II - FINANCIAL STATEMENT FINDINGS

2012-FS-03 - Internal Controls over Preparation of the Schedule of Expenditures of Federal Awards

Finding Type. Significant Deficiency in Internal Control over Financial Reporting.

Criteria. OMB Circular A-133, §___.300, requires that a recipient of federal awards subject to a single audit “identify, in its accounts, all Federal awards received and expended and the federal programs under which they were received. Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the federal agency, and name of the pass-through entity.” In addition, the County is required to “prepare appropriate financial statements, including the Schedule of Expenditures of Federal Awards in accordance with §___.310.”

Condition. Management was able to provide us with an initial Schedule of Expenditures of Federal Awards in a timely manner. However, we noted several errors in the Schedule, which collectively were significant, but not material, to the Schedule as a whole. These errors included omission of a certain federal award, inadvertent inclusion of State funding, and an oversight in listing a discontinued grant with the prior year expenditures.

Cause. This condition was primarily caused by the decentralized nature of County operations and certain grants being administered by individuals not aware of the importance of communicating award information to the County’s contracted accountants.

Effect. As a result of this condition, the County’s Schedule of Expenditures of Federal Awards was initially misstated by an amount that was significant, but not material to the Schedule of Expenditures of Federal Awards.

Recommendation. We recommend that the County develop a centralized process for tracking federal grants awarded, identifying applicable compliance requirements, and ensuring that the applicable grant manager(s) are provided the necessary training and resources in order to administer the award in accordance with the provisions of the OMB Circular A-133 Compliance Supplement and the grant agreement.

View of Responsible Officials. Management will update and reevaluate its existing procedures to ensure the accuracy of federal grants reported on the Schedule of Expenditures of Federal Awards.

COUNTY OF BARRY, MICHIGAN

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2012

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2012-SA-01 - Errors in Financial Reports

Finding Type. Immaterial Noncompliance / Significant Deficiency in Internal Control over Compliance (Cash Management / Reporting).

Program. Child Support Enforcement Program; U.S. Department of Health and Human Services; CFDA Number 93.563; Passed through the Michigan Department of Human Services; Award Numbers CS/FOC-10-08001, CS/FOC-13-08001, CS/PA-10-08002, and CS/PA-13-08002.

Criteria. Recipients of federal awards are required to report various financial information to the grantor or pass-through agency, as specified in the grant agreement and/or the OMB Circular A-133 Compliance Supplement. Additionally, in accordance with 2 CFR section 215.22 funds should be disbursed before requesting reimbursement from the grantor. For this particular award, monthly financial status reports are submitted to the pass-through grantor agency. These reports serve as the mechanism for cash reimbursement. Accordingly, the County should have internal controls over the accumulation of financial data in these reports.

Condition. The County's monthly reports under the Child Support Enforcement Program were completed and submitted, as required. However, we noted certain instances in which the reported amounts disagreed with the County's underlying accounting records. The actual amounts involved were insignificant both individually and in the aggregate.

Cause. This condition appears to be the result of two separate causes: (1) Errors were made in manually accumulating financial information from the County's general ledger (deemed to be the official accounting records) in a spreadsheet that is sent to a third-party contract that assists with report preparation. (2) A formula error existed in the spreadsheet used by the third-party to summarize this financial data in the format required by the pass-through grantor agency. Although the County receives the reports from the third-party prior to submission (which is initiated and certified by County personnel), the reports are not independently reviewed or reconciled to the general ledger.

Effect. As a result of this condition, the County submitted financial reports with errors and the County was reimbursed for costs in advance of actual expenditures. While the known errors were insignificant in amount, the lack of an established review processes exposed the County to the risk that significant errors in financial reports could be submitted to the pass-through grantor and not be detected internally.

Questioned Costs. No costs have been questioned as a result of this finding inasmuch as the amounts involved were below the threshold to trigger reporting.

Recommendation. We recommend that all grant reports be subjected to independent review and approval by the County prior to submission in order to ensure that reported amounts agree to the underlying accounting records. Even though the actual data is submitted to the pass-through grantor through a secure website, we encourage the individual performing this review to sign and date a printed copy of the report as evidence of the review, and file it internally along with any supporting documentation used to substantiate the amounts.

View of Responsible Officials. Management will update its existing procedures to include a review and approval process of the grant report prior to submission.

COUNTY OF BARRY, MICHIGAN

Summary Schedule of Prior Audit Findings

For the Year Ended December 31, 2012

Finding 2011-FS-1 - Material Audit Adjustments

The audit identified the need for certain material adjustments (which were approved and posted by management) to adjust the County's general ledger to the appropriate balances. The specific adjustments necessary in 2011 were not repeated in the current year. However, as indicated at 2012-FS-01, unrelated audit adjustments were necessary in the current year.

Finding 2011-SA-1 - Timeliness of Financial Reporting. CFDA Number 93.563 - Child Support Enforcement

The County failed to meet required reporting deadlines for federal programs. The OMB has changed its guidance and has since indicated testing of compliance with reporting timeliness is no longer required. As a result, no further response on this matter is required.

■ ■ ■ ■ ■

INDEPENDENT AUDITORS' COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

June 17, 2013

Board of Commissioners
County of Barry
Hastings, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **County of Barry, Michigan** (the "County") as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 17, 2013. Our report includes a reference to other auditors who audited the financial statements of the Barry County Road Commission, the Barry County Medical Care Facility (Thornapple Manor), and the Barry County Transit, as described in our report on the County's financial statements. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America and OMB Circular A-133

As stated in our engagement letter dated February 7, 2013, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with OMB Circular A-133, we examined, on a test basis, evidence about the County's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* applicable to each of its major federal programs for the purpose of expressing an opinion on the County's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the County's compliance with those requirements.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for the supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole. We made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter and our meeting about planning matters on February 13, 2013.

Significant Results of the Audit*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the County are described in Note 1 to the financial statements. The County adopted Statement of Governmental Accounting Standards (GASB Statement) No. 63, Financial Reporting of *Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and No. 65, *Items Previously Reported as Assets and Liabilities*, in the current year. While reclassifications of certain amounts were made in the balance sheets and terminology changed, there was no net effect of this change in accounting principle on beginning equity. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Management's estimate of the useful lives of depreciable capital assets is based on the length of time it is believed that those assets will provide some economic benefit in the future.
- Management's estimate of the accrued compensated absences is based on current hourly rates and policies regarding payment of sick and vacation banks.
- Management's estimate of the insurance claims incurred but not reported is based on information provided by the entity's third party administrators and subsequent claims activity.
- The assumptions used in the actuarial valuations of the pension and other postemployment benefits plans are based on historical trends and industry standards.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statements may be affected by unusual transactions, including nonrecurring transactions. The following significant unusual accounting transactions occurred during the year:

- During 2012, significant amounts of the County's 2006 Medical Care Facility bonds were in-substance defeased through the issuance of advance refunding bonds. In accordance with GASB Statement No. 23, *Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities*, the difference between the amount placed in escrow to repay the refunded bonds and the carrying amount of the refunded bonds is being deferred and amortized as a component of interest expense over the remaining life of the refunded bonds.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Attachment B to this letter summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to each opinion unit's financial statements taken as a whole. The material misstatement detected as a result of audit procedures and corrected by management is described in our report on Single Audit Act compliance.

Upcoming Changes in Accounting Standards

Generally accepted accounting principles (GAAP) are continually changing in order to promote the usability and enhance the applicability of information included in external financial reporting. While it would not be practical to include an in-depth discussion of every upcoming change in professional standards, Attachment C to this letter contains a brief overview of recent pronouncements of the Governmental Accounting Standards Board (GASB) and their related effective dates. Management is responsible for reviewing these standards, determining their applicability, and implementing them in future accounting periods.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the attached management representation letter dated June 17, 2013.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the entity’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the governing body and management of the County of Barry, Michigan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink that reads "Lehmann Johnson LLC". The signature is written in a cursive, flowing style.

COUNTY OF BARRY, MICHIGAN

Attachment A - Consideration of Internal Control Over Financial Reporting For the December 31, 2012 Audit

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **County of Barry, Michigan** (the "County") as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 17, 2013. Our report includes a reference to other auditors who audited the financial statements of the Barry County Road Commission, the Barry County Medical Care Facility (Thornapple Manor), and the Barry County Transit, as described in our report on the County's financial statements.

In planning and performing our audit in accordance with auditing standards generally accepted in the United States of America, we considered the County's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be material weaknesses and another deficiency that we consider to be a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. The deficiency we noted that we consider to be a material weaknesses is described in the Summary of Findings and Questioned Costs issued as part of our report on Single Audit Act compliance.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. The deficiency we noted that we consider to be a significant deficiency is described in the Summary of Findings and Questioned Costs issued as part of our report on Single Audit Act compliance. The deficiency we noted that we consider to be a significant deficiency is described in the Summary of Findings and Questioned Costs issued as part of our report on Single Audit Act compliance.

COUNTY OF BARRY, MICHIGAN

Attachment A - Consideration of Internal Control Over Financial Reporting For the December 31, 2012 Audit

Other Matters

Internal Controls over Petty Cash

We performed petty cash counts at several decentralized departments of the County. We found no instances of inappropriate activity; however, we noted that controls over petty cash could be improved in the following ways:

- Petty cash should be reconciled to the amount shown in the general ledger each time petty cash is reimbursed.
- Excess cash on hand for seasonal activities or special events should be returned the Treasurer's office in the off-season for deposit into the County's bank account.
- In general, petty cash should not be used to reimburse employees for expenses they have incurred on personal credit or debit cards. Such expenses should be reimbursed through an approved employee expense report.
- Management should consider periodic, unannounced spot checks of petty cash balances to ensure that the balance is accounted for in full.

Trust and Agency Fund Liabilities (Repeat Comment)

The County holds various funds in a fiduciary capacity in its agency funds. Such amounts should generally be supported by subsidiary ledgers which indicate the individuals or cases for which the funds are held. The County has made significant progress in reconciling these balances, many of which required reviewing records from many years ago. Certain amounts have been identified as unsupported and have remained unchanged for several years. Management has indicated that it intends to escheat these funds to the State of Michigan during 2013. We encourage the County to continue with this process and continue to monitor agency fund liabilities to ensure they are being reconciled regularly.

Budgetary Compliance

During our audit, we noted that certain line items of the budget, as recorded in the County's accounting software, did not agree to the document approved by the Board of Commissioners. The differences were not significant on a net basis and were corrected in the audited financial statements. Since the County uses the accounting system to generate budget vs. actual reports, and uses this information to monitor budgetary compliance, it is important that this data be accurate in order for the control to be most effective. We recommend that the County reconcile the original and amended budgets in the accounting system to the actual Board approved budgets to ensure data integrity.

Information Technology Control Activities (Repeat Comment)

We noted that certain employees have access to accounting modules that are not specific to their job responsibilities. In addition, access to the financial accounting software is not password protected. We recommend that management review access rights and job responsibilities periodically to ensure there are proper limitations in place to provide appropriate segregation of incompatible duties.

In addition, we noted that while the County's electronic accounting records are regularly backed-up, there is no process in place to periodically verify the integrity and completeness of the data. We recommend that management implement a process to test the back-up data periodically to ensure that it is usable in the event of an emergency.

COUNTY OF BARRY, MICHIGAN

■ Attachment A - Consideration of Internal Control Over Financial Reporting For the December 31, 2012 Audit

Allocation of Property Taxes by Purpose

During our audit, it was noted that property tax collections were reasonable in total, but did not appear to be allocated correctly between each voter-approved purpose. Management investigated this matter, noting that the allocation by purpose was sometimes calculated based only on the approved millage rates, which did not take into consideration other complicating factors such as renaissance zones. The tax receipts were reallocated by fund/purpose based on the expected revenue for each levy (i.e., taxable value multiplied by millage rate). We deem this to be a reasonable approach and encourage the County to perform a similar analysis and adjustment prior to each annual audit, in order to ensure that these restricted funds are being accounted for appropriately.

Group Audit Standards

The AICPA, the professional standard-setting body for audits performed in the U.S., issued clarified auditing standards which became effective for the County's December 31, 2012 audit. One of the more significant changes in this guidance was relative to audits of "group financial statements". This occurs when certain financial activity in the audited financial statement is performed by another CPA firm. The County's Medical Care Facility (Thornapple Manor), Road Commission, and Transit Authority are administratively separate from the rest of the County and these entities have each arranged for its own audit. This is a common occurrence, especially in larger entities, and continues to be allowable under the clarity standards. However, the standards have emphasized the importance of independence for external auditors, as it relates to both the group and component financial statements. The County outsources certain financial accounting responsibilities and oversight to a local CPA firm that performs management-level functions both during the year and at year-end. This firm also conducts the audit for the Road Commission, a component of the Barry County group financial statements, and is considered to be independent of the Road Commission. Current professional standards do not specifically address this type of scenario, which we have deemed to remain allowable. We are providing this background as an informational item only, and will continue to monitor emerging guidance on the matter. We ask that management and the Road Commission's auditors do the same in order to identify and react to changes in circumstances for future audits.

COUNTY OF BARRY, MICHIGAN

Attachment B - Schedule of Adjustments Passed (SOAP) For the December 31, 2012 Audit

In accordance with auditing standards generally accepted in the United States of America, we have prepared the following schedule of proposed audit adjustments, which we believe are immaterial both individually and in the aggregate. We are providing this schedule to both management and those charged with governance to receive their assurance that they agree that the amounts listed below are not material to the financial statements, either individually or in the aggregate, and do not need to be recorded.

	Effect of Passed Adjustment - Over(Under)Statement				
	Assets	Liabilities	Beginning Equity	Revenue	Expenses/ Expenditures
General fund					
Effect of recording fringe benefits payable for elected officials who receive compensation on a different schedule than general employees (corrected in 2012)	\$ -	\$ -	\$ (7,989)	\$ -	\$ (7,989)
Error in prior year marine safety grant receivable (corrected in 2012)	-	-	19,474	(19,474)	-
Effect of not recognizing revenue for December 2011 court fees until transmitted from the trust and agency fund in January (corrected in 2012)	-	-	(34,860)	34,860	-
Total general fund	<u>\$ -</u>	<u>\$ -</u>	<u>\$ (23,375)</u>	<u>\$ 15,386</u>	<u>\$ (7,989)</u>
Misstatement as a percentage of total expenditures	0.00%	0.00%	-0.18%	0.12%	-0.06%
Commission on Aging					
Effect of not recognizing grant revenue in the appropriate period (corrected in 2012)	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,400</u>	<u>\$ (3,400)</u>	<u>\$ -</u>
Misstatement as a percentage of total expenditures	0.00%	0.00%	0.22%	-0.22%	0.00%
Nonmajor governmental funds					
Prior year grant revenue recognized in current year (corrected in 2012)	<u>\$ -</u>	<u>\$ -</u>	<u>\$ (13,606)</u>	<u>\$ 13,606</u>	<u>\$ -</u>
Misstatement as a percentage of total expenditures	0.00%	0.00%	-0.33%	0.33%	0.00%

continued...

COUNTY OF BARRY, MICHIGAN

Attachment B - Schedule of Adjustments Passed (SOAP) For the December 31, 2012 Audit

	Effect of Passed Adjustment - Over(Under)Statement				
	Assets	Liabilities	Beginning Equity	Revenue	Expenses/ Expenditures
Governmental activities					
Cumulative effect of items noted above	\$ -	\$ -	\$ (33,581)	\$ 25,592	\$ (7,989)
Net effect of not recording the deposit with MMRMA and the known reported reserves as of 12/31/2011 in the prior year financial statements (corrected in 2012)	-	-	(236,315)	-	(236,315)
Total governmental activities	<u>\$ -</u>	<u>\$ -</u>	<u>\$ (269,896)</u>	<u>\$ 25,592</u>	<u>\$ (244,304)</u>
Misstatement as a percentage of total assets	0.00%	0.00%	-0.72%	0.07%	-0.66%
2011 delinquent tax revolving					
Effect of removing the receivable foreclosed properties prior to receiving payment in 2013	<u>\$ (961)</u>	<u>\$ 961</u>	<u>\$ -</u>	<u>\$ (1,922)</u>	<u>\$ -</u>
Misstatement as a percentage of total assets	-0.06%	0.06%	0.00%	-0.13%	0.00%
Nonmajor enterprise funds					
Effect of removing the receivable foreclosed properties prior to receiving payment in 2013	<u>\$ (7,590)</u>	<u>\$ 7,590</u>	<u>\$ -</u>	<u>\$ (15,180)</u>	<u>\$ -</u>
Misstatement as a percentage of total assets	-0.50%	0.50%	0.00%	-1.00%	0.00%
Business-type activities					
Cumulative effect of items noted above	<u>\$ (8,551)</u>	<u>\$ 8,551</u>	<u>\$ -</u>	<u>\$ (17,102)</u>	<u>\$ -</u>
Misstatement as a percentage of total assets	-0.56%	0.56%	0.00%	-1.13%	0.00%
concluded					

COUNTY OF BARRY, MICHIGAN

Attachment C - Upcoming Changes in Accounting Standards

For the December 31, 2012 Audit

The following pronouncements of the Governmental Accounting Standards Board (GASB) have been released recently and may be applicable to the County in the near future. We encourage management to review the following information and determine which standard(s) may be applicable to the County. For the complete text of these and other GASB standards, visit www.gasb.org and click on the “pronouncements” tab. If you have questions regarding the applicability, timing, or implementation approach for any of these standards, please contact your audit team.

GASB 66 ■ 2012 Technical Corrections (an Amendment to GASB 10 and GASB 62)

Effective 12/15/2013 (your FY 2013)

This standard was issued to eliminate conflicting guidance that resulted from the issuance of GASB 54 and GASB 62, which are both already effective. GASB 10 was amended to allow for risk financing activities to be accounted for in whichever fund type is most applicable (no longer limited to the general fund or an internal service fund). GASB 62 was amended to modify specific guidance related to (1) operating leases with scheduled rent increases, (2) purchase of loans at an amount other than the principal amount, and (3) service fees related to mortgages that are sold when the service rate varies significantly from the current (normal) service fees.

We do not expect GASB 66 to have any significant impact on the County at this time.

GASB 67 ■ Financial Reporting for Pension Plans

Effective 06/15/2014 (your FY 2014)

This standard establishes the requirements for pension plans administered by trusts to report on their operations, including setting new uniform requirements for actuarial valuations of the total pension liability, and reporting various 10-year trend data as required supplementary information. The financial statements of pension plans will not change substantially as a result of GASB 67, though the additional note disclosures and required supplementary information will be significant. Additionally, actuarial valuations conducted in accordance with GASB 67 will have to match the government’s fiscal year, or be rolled forward to that date by the actuary.

Because the County does not maintain its own pension trust fund, we do not expect GASB 67 to have any significant impact on the County at this time.

GASB 68 ■ Accounting and Financial Reporting for Pensions

Effective 06/15/2015 (your FY 2015)

This standard establishes new requirements for governments to report a “net pension liability” for the unfunded portion of its pension plan. Governments that maintain their own pension plans (either single employer or agent multiple-employer) will report a liability for the difference between the total pension liability calculated in accordance with GASB 67 and the amount held in the pension trust fund. Governments that participate in a cost sharing plan will report a liability for their “proportionate share” of the net pension liability of the entire system.

Historically, governments have only been required to report a net pension obligation to the extent that they have not met the annual required contribution (ARC) in any given year. Upon implementation of this standard, governments will be required to report a net pension liability based on the current funded status of their pension plans. This liability would be limited to the government-wide financial statements and proprietary funds. Changes in this liability from year to year will largely be reflected on the income statement, though certain amounts will be deferred and amortized over varying periods.

COUNTY OF BARRY, MICHIGAN

■ Attachment C - Upcoming Changes in Accounting Standards For the December 31, 2012 Audit

GASB 68 also requires more extensive note disclosures and required supplementary information, including 10 years of historical information. The methods used to determine the discount rate (the assumed rate of return on plan assets held in trust) are mandated and must be disclosed, along with what the impact would be on the net pension liability if that rate changed by 1% in either direction. Other new disclosure requirements include details of the changes in the components of the net pension liability, comparisons of actual employer contributions to actuarially determined contributions, and ratios to put the net pension liability in context. For single-employer and agent multiple-employer plans, the information for these statements will come from the annual actuarial valuation. For cost sharing plans, this information will be derived from the financial reports of the plan itself, multiplied by the government's proportionate share of plan.

GASB 67 and 68 are only applicable to pension plans. However, the GASB has announced its intent to issue similar standards for other postemployment benefits (e.g., retiree healthcare) on a two year delay from these standards.

GASB 69 ■ Government Combinations and Disposals of Government Operations *Effective 12/15/2014 (your FY 2014)*

This standard provides detailed requirements for the accounting and disclosure of various types of government combinations, such as mergers, acquisitions, and transfers of operations. The guidance available previously was limited to nongovernmental entities, and therefore did not provide practical examples for situations common in government-specific combinations and disposals. The accounting and disclosure requirements for these events vary based on whether a significant payment is made, the continuation or termination of services, and the legal structure of the new or continuing entity.

Given the infrequent nature of these types of events, we do not expect this standard to have any impact on the County at this time.

GASB 70 ■ Nonexchange Financial Guarantees *Effective 06/15/2014 (your FY 2014)*

This standard addresses the accounting and disclosure of situations in which one government offers a financial guarantee on behalf of another government, not-for-profit organization, private entity, or individual without directly receiving equal or approximately equal value in exchange (a nonexchange transaction). A government that extends a nonexchange financial guarantee will be required to recognize a liability when qualitative factors and/or historical data indicate that it is "more likely than not" that the government will be required to make a payment on the guarantee. It further requires governments to disclose any outstanding financial guarantees in the notes to the financial statements.

We do not expect GASB 70 to have any significant impact on the County at this time.

Grand Rapids, MI 49546

We are providing this letter in connection with your audit of the financial statements of *County of Barry, Michigan* as of December 31, 2012, and for the year then ended for the purpose of expressing opinions as to whether the financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of County of Barry, Michigan and the respective changes in financial position and, where applicable, cash flows thereof in conformity with accounting principles generally accepted in the United States of America. We confirm that we are responsible for the fair presentation of the previously mentioned financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control over financial reporting, and preventing and detecting fraud.

We confirm, as of June 17, 2013, the following representations made to you during your audit.

1. The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America and include all properly classified funds and other financial information of the primary government and all component units required by generally accepted accounting principles to be included in the financial reporting entity.
2. We have made available to you all—
 - a. Financial records and related data and all audit or relevant monitoring reports, if any, received from funding sources.
 - b. Minutes of the meetings of Board of Commissioners or summaries of actions of recent meetings for which minutes have not yet been prepared.
3. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
4. There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements or the schedule of expenditures of federal awards.
5. We believe the effects of the uncorrected financial statement misstatements summarized in the attached schedule are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. In addition, you have proposed adjusting journal entries that have been posted. We are in agreement with those adjustments.
6. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.

7. We have provided you with our letter to the State of Michigan Department of Treasury, Local Audit and Finance Division dated June 11, 2012, concerning a known instance of fraud that occurred during the fiscal year. Other than that instance, we have no knowledge of any fraud or suspected fraud affecting the entity involving:
 - a. Management,
 - b. Employees who have significant roles in internal control, or
 - c. Others where the fraud could have a material effect on the financial statements.
8. We have no knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, analysts, regulators, or others.
9. We have taken timely and appropriate steps to remedy fraud, illegal acts, violations of provisions of contracts or grant agreements, or abuse that you have reported to us.
10. We have a process to track the status of audit findings and recommendations.
11. We have identified to you any previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
12. We have provided our views on reported findings, conclusions, and recommendations, as well as our planned corrective actions, for the report.
13. The County has no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or equity.
14. The following, if any, have been properly recorded or disclosed in the financial statements:
 - a. Related party transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties.

For the purposes of this letter, related parties mean members of the governing body; board members; administrative officials; immediate families of administrative officials, board members, and members of the governing body; and any companies affiliated with or owned by such individuals.
 - b. Guarantees, whether written or oral, under which the County is contingently liable.
 - c. All accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates and measurements. We believe the estimates and measurements are reasonable in the circumstances.
15. We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us, including tax or debt limits and debt contracts; and we have identified and disclosed to you all laws, regulations and provisions of contracts and grant agreements that we believe have a direct and material effect on the determination of financial statement amounts, or other financial data significant to the audit objectives, including legal and contractual provisions for reporting specific activities in separate funds.

16. There are no—
 - a. Violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving, and amending budgets), provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements, or as a basis for recording a loss contingency, or for reporting on noncompliance, other than those disclosed in the notes to the financial statements.
 - b. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with generally accepted accounting principles or which would affect federal award programs, and we have not consulted a lawyer concerning litigation, claims, or assessments.
 - c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by generally accepted accounting principles.
17. As part of your audit, you assisted with preparation of the financial statements and related notes and schedule of expenditures of federal awards. We have designated an individual with suitable skill, knowledge, or experience to oversee your services and have made all management decisions and performed all management functions. We have reviewed, approved, and accepted responsibility for those financial statements and related notes and schedule of expenditures of federal awards.
18. The County has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
19. The County has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
20. We have followed all applicable laws and regulations in adopting, approving, and amending budgets.
21. The financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations.
22. The financial statements properly classify all funds and activities.
23. All funds that meet the quantitative criteria in GASB Statement Nos. 34 and 37 for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.
24. Components of net position (net investment in capital assets; restricted; and unrestricted) and fund balances (nonspendable, restricted, committed, assigned, and unassigned) are properly classified and, if applicable, approved.
25. Investments, derivative transactions, and land and other real estate held by endowments are properly valued.
26. Provisions for uncollectible receivables have been properly identified and recorded.
27. Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.

28. Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
29. Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported.
30. Special and extraordinary items, if any, are appropriately classified and reported.
31. Deposits and investments are properly classified as to risk and are properly disclosed.
32. Capital assets, including infrastructure and intangible assets, are properly capitalized, reported, and, if applicable, depreciated.
33. We have appropriately disclosed the County's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available and have determined that net assets were properly recognized under the policy.
34. We believe that the actuarial assumptions and methods used to measure pension and OPEB liabilities and costs for financial accounting purposes are appropriate in the circumstances.
35. We acknowledge our responsibility for the required supplementary information (RSI). The required supplementary information is measured and presented within prescribed guidelines and the methods of measurement and presentation have not changed from those used in the prior period. We have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the RSI.
36. With respect to the combining and individual fund financial statements and schedules:
 - a. We acknowledge our responsibility for presenting the combining and individual fund financial statements and schedules in accordance with accounting principles generally accepted in the United States of America, and we believe the combining and individual fund financial statements and schedules, including their form and content, are fairly presented in accordance with accounting principles generally accepted in the United States of America. The methods of measurement and presentation of the combining and individual fund financial statements and schedules have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
 - b. If the combining and individual fund financial statements and schedules not presented with the audited financial statements, we will make the audited financial statements readily available to the intended users of the supplementary information no later than the date we issue the supplementary information and the auditor's report therein.
37. We have evaluated the County's ability to continue as a going concern and have included appropriate disclosures, as necessary, in the financial statements.

38. With respect to federal award programs:

- a. We are responsible for understanding and complying with and have complied with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, including requirements relating to preparation of the schedule of expenditures of federal awards.
- b. We have prepared the schedule of expenditures of federal awards in accordance with OMB Circular A-133, and have identified and disclosed in the schedule expenditures made during the audit period for all awards provided by federal agencies in the form of grants, federal cost-reimbursement contracts, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance.
- c. We acknowledge our responsibility for presenting the schedule of expenditures of federal awards (SEFA) in accordance with the requirements of OMB Circular A-133 §310.b and we believe the SEFA, including its form and content, is fairly presented in accordance with the Circular. The methods of measurement and presentation of the SEFA have not changed from those used in the prior period and we have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the SEFA.
- d. If the SEFA is not presented with the audited financial statements, we will make the audited financial statements readily available to the intended users of the supplementary information no later than the date we issue the supplementary information and the auditor's report thereon.
- e. We have identified and disclosed to you all of our government programs and related activities subject to OMB Circular A-133.
- f. We are responsible for understanding and complying with, and have complied with, the requirements of laws, regulations, and the provisions of contracts and grant agreements related to each of our federal programs and have identified and disclosed to you the requirements of laws, regulations, and the provisions of contracts and grant agreements that are considered to have a direct and material effect on each major program.
- g. We are responsible for establishing and maintaining, and have established and maintained, effective internal control over compliance requirements applicable to federal programs that provides reasonable assurance that we are managing our federal awards in compliance with laws, regulations, and the provisions of contracts and grant agreements that could have a material effect on our federal programs. We believe the internal control system is adequate and is functioning as intended.
- h. We have made available to you all contracts and grant agreements (including amendments, if any) and any other correspondence with federal agencies or pass-through entities relevant to federal programs and related activities.
- i. We have received no requests from a federal agency to audit one or more specific programs as a major program.
- j. We have complied with the direct and material compliance requirements (except for noncompliance disclosed to you), including when applicable, those set forth in the *OMB Circular A-133 Compliance Supplement*, relating to federal awards and have identified and disclosed to you all amounts questioned and any known noncompliance with the requirements of federal awards.

- k. We have disclosed any communications from grantors and pass-through entities concerning possible noncompliance with the direct and material compliance requirements, including communications received from the end of the period covered by the compliance audit to the date of the auditor's report.
- l. We have disclosed to you the findings received and related corrective actions taken for previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit, including findings received and corrective actions taken from the end of the period covered by the compliance audit to the date of the auditor's report.
- m. Amounts claimed or used for matching were determined in accordance with relevant guidelines in OMB Circular A-87, *Cost Principles for State, Local, and Tribal Governments*, and OMB's *Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments*.
- n. We have disclosed to you our interpretation of compliance requirements that may have varying interpretations.
- o. We have made available to you all documentation related to compliance with the direct and material requirements, including information related to federal program financial reports and claims for advances and reimbursements.
- p. We have disclosed to you the nature of any subsequent events that provide additional evidence about conditions that existed at the end of the reporting period affecting noncompliance during the reporting period.
- q. There are no known instances of noncompliance with direct and material compliance requirements that occurred subsequent to the period covered by the auditor's report.
- r. No changes have been made in internal control over compliance or other factors that might significantly affect internal control, including any corrective action we have taken regarding significant deficiencies in internal control over compliance (including material weaknesses in internal control over compliance), have occurred subsequent to the date as of which compliance was audited.
- s. Federal program financial reports and claims for advances and reimbursements are supported by the books and records from which the financial statements have been prepared.
- t. The copies of federal program financial reports provided you are true copies of the reports submitted, or electronically transmitted, to the respective federal agency or pass-through entity, as applicable.
- u. We have charged costs to federal awards in accordance with applicable cost principles.
- v. We are responsible for and have accurately prepared the summary schedule of prior audit findings to include all findings required to be included by OMB Circular A-133 and we have provided you with all information on the status of the follow-up on prior audit findings by federal awarding agencies and pass-through entities, including all management decisions.
- w. We are responsible for and have accurately prepared the auditee section of the Data Collection Form as required by OMB Circular A-133.

- x. We are responsible for preparing and implementing a corrective action plan for each audit finding.
 - y. We have disclosed to you all contracts or other agreements with service organizations, and we have disclosed to you all communications from the service organizations relating to noncompliance at the service organizations.
39. In regards to the financial statement preparation services performed by you, we have:
- a. Made all management decisions and performed all management functions.
 - b. Designated an individual with suitable skill, knowledge, or experience to oversee the services.
 - c. Evaluated the adequacy and results of the services performed.
 - d. Accepted responsibility for the results of the services.
40. We have evaluated and classified any subsequent events as recognized or nonrecognized through the date of this letter. No events, including instances of noncompliance, have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements.
