5. Resolution 23-19: A Resolution to Amend Article II, Section 2.120 (A&B), Flag Lot and Flag-Shaped Lots, along with their respective definitions found in Article VII, Section 7.020, of the Zoning Resolution of Bedford County - *Placed on the agenda by the Rules & Legislative Committee (4-0)*.

Resolution 23-19

A Resolution to amend Article II, of the Zoning Resolution of Bedford County:

PURPOSE: To increase the minimum separation distance between houses on flag-shaped lots to match the same minimum distance separation between houses on traditionally shaped building lots - fifty (50') feet.

WHEREAS; Title 13, Sections 13-7-101 through 13-7-401, of the Tennessee Code, empower a Tennessee Regional Planning Commission to recommend the enactment of a Zoning Resolution to a county legislative body and to provide for its administration, enforcement, and amendment. The Bedford County Regional Planning Commission thus certified and recommended the Zoning Resolution of Bedford County Tennessee to the Bedford County Commission on January 18, 1997, and

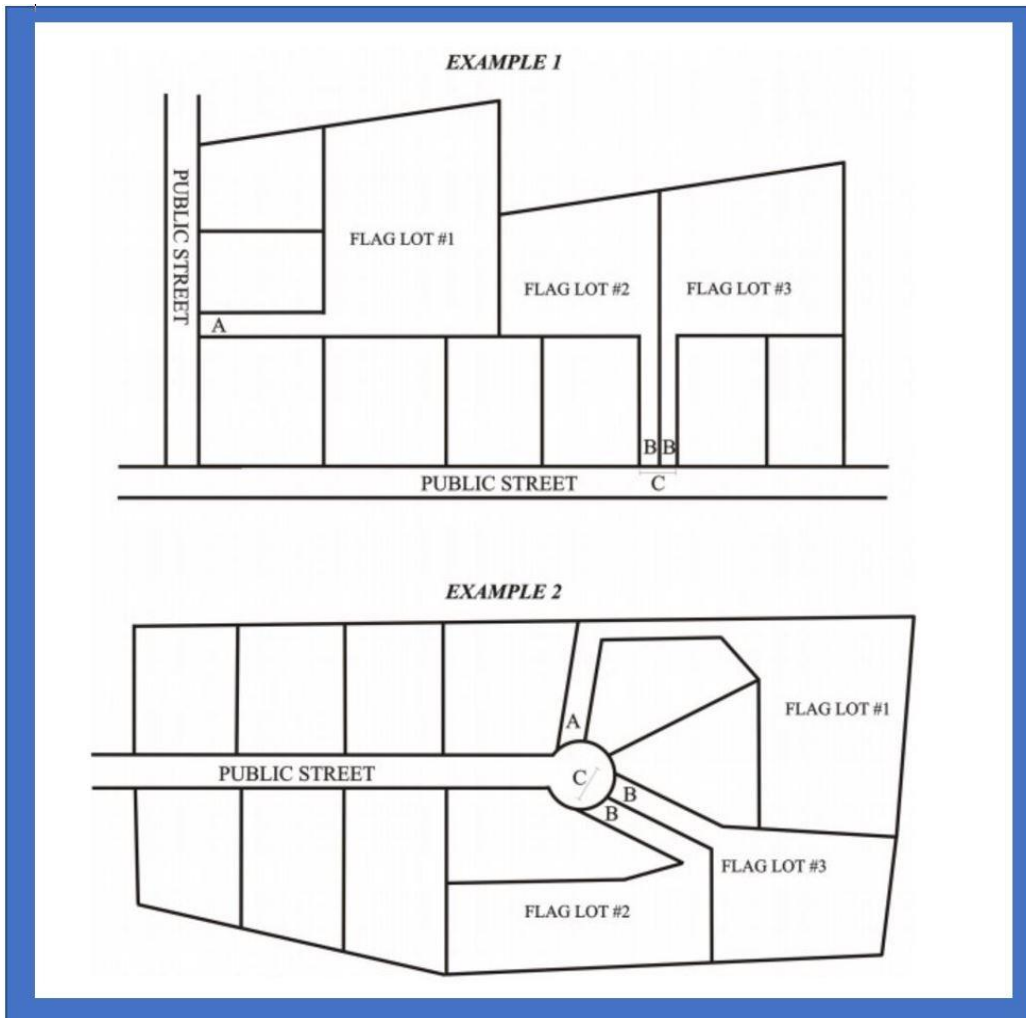

WHEREAS, the Bedford County Commission, as recommended by the Bedford County Regional Planning Commission, deemed it necessary in the promotion of public health, safety, morals, convenience, order, prosperity, and the general welfare of the County to enact the certified Zoning Resolution of Bedford County on January 13, 1998, and

WHEREAS, the Regional Planning Commission has, in its administrative capacity, recommended an amendment to the said Zoning Resolution of Bedford County and the Bedford County Commission has, after hearing evidence in support of said amendment, deemed it necessary to make such an amendment as required, for the said promotion of public health, safety, convenience, order, prosperity, and general welfare of the County.

NOW, THEREFORE BE IT RESOLVED by the Bedford County Commission meeting at Shelbyville, Tennessee on this the ____ day of _____, 2023, that: The Bedford County Commission hereby amends the specifically described Article, Sections and Subsections of the Zoning Resolution of Bedford County, Tennessee by adding the underlined (underlined) words below, deleting the words struck through (~~struck through~~), and by following italicized instructions (*do this or that*) in parenthesis as follows:

- A. **Article II, Section 2.120. Lot Types (A.) Flag Lot** – A single lot with access provided to a public street, right of way, or private easement by means of a narrow (less than one hundred (100') feet in width) strip of land, hereinafter referred to as the “staff” portion of a flag lot, that opens to a larger “flag” shaped building envelope (see Figure 1, Examples 1 and 2). Characterized as being shaped like a flag and a flag staff. ~~that has access to a public street, right-of-way or private easement by means of a narrow (less than one hundred (100') feet in width) strip of land. Minimum setbacks are measured at the front, rear, and sides of the actual building envelope. The development of flag lots are prohibited. Regardless of lot shape, adjacent lots shall have side setbacks that prevent any building overlap of neighboring residential structures by any line struck perpendicular to the road; the lot face (see Lots B, C, & D below).~~

Figure 1. Example of Illegal Flag Lots

B. Article II, Section 2.120. Lot Types (B.) Reverse Flag Lot. (Delete entire section and replace with the following.)

1. **Flag-Shaped Lots (Permitted) - A lot, whose shape would normally meet the definition of a flag lot, but which deviates from the published definition of said lots by having an amount/distance of road frontage along the staff portion of said lot equal to or exceeding one hundred (100') feet. Said minimum frontage width being fully maintained from the public road, right of way, or easement appurtenant - the entire distance to the flag portion of said lot.**

Minimum setbacks are measured at the front, rear, and sides of the actual building envelope or "flag". Regardless of exact lot shape, adjacent lots shall have minimum side building setbacks according to its zoning classification (see Art. IV - Zoning Classifications), but in addition thereto, require a minimum of fifty (50') feet of separation between the outside walls of the principle structures on both the flag lot and the adjacent lot, creating the standard required separation of neighboring residential structures, no matter its orientation, by any line struct perpendicular to the road; the lot front (see Figure 2, Lot 2 below).

Flag-Shaped Lots, in addition to the above standards, are permitted under the following special conditions:

- i. **Only one flag-shaped lot shall be eligible to gain legal road frontage access to a public roadway via an easement on an adjacent property.**
- ii. **The staff portion of said lots shall be deemed to end, and the flag portion of said lots shall be deemed to commence at the extension of the front lot line.**
- iii. **The front side of the flag portion of said lots shall be deemed to be the side nearest to the dedicated public street, unless otherwise determined by staff on a case-by-case basis.**

- iv. In the determination of minimum lot size, the square footage located in the flag portion of said lots, which shall be exclusive of the square footage located in the staff portion of said lots, shall be the same or greater than the minimum square footage as required in the underlying zone classification, but in no instance shall be less than 30,000 square feet.
- v. The approved building envelope of said lots shall be illustrated upon the final plat.

Figure 2. Example of a Permitted Flag-Shaped Lot

B. Article VII, Section 7.020. Definitions, Lot, Flag

Lot, Flag (~~not permitted~~)- A single lot with access provided to the ~~bulk (building envelope/flag)~~ of that lot a public street, right or way, or private easement by means of a narrow corridor (less than one hundred (100') feet in width), strip of land, hereinafter referred to as the “staff” portion of a flag lot, that opens to a larger “flag” shaped building envelope and frontage on a public street or access to a public street by permanent right-of-way (see Figure 1., Examples 1 and 2). Characterized as being shaped similar to like a flag and a flagpole staff. The development of flag lots are prohibited as they create an undue burden on roadways and traffic systems by permitting more ingresses/egresses to the public

roadway than would be permissible with traditionally designed lots., ~~the minimum width being the standard from which many elements of this ordinance were thus designed.~~ Every care shall be taken to promote high density traffic ingresses and egresses to a single controlled or signalized entrance/exit. Flag lots are, thus, considered a public safety hazard and are not permitted.

~~A. With respect to lots shaped like flags but have road frontage of at least one hundred (100') feet in width: Regardless of lot shape, adjacent lots shall have side setbacks that prevent any building overlap of neighboring residential structures by any line struck perpendicular to the road; the lot face (see Figure 2).~~

D. *(Create New Definition Following: Lot, Flag, as follows:)* **Lot, FlagShaped - A lot, whose shape would normally meet the definition of a flag lot, but which deviates from the published definition of said lots, having an amount/distance of road frontage along the staff portion of said lot equal to or exceeding one hundred (100') feet. Said minimum frontage width being fully maintained from the public road, right of way, or easement appurtenant the entire distance to the flag portion of said lot (example: see Art. II, Section 2.120)(B.)(see Figure 2.).**

BE IT RESOLVED, this Resolution shall take effect immediately, the public welfare requiring it.

**CONTRACT
BETWEEN THE STATE OF TENNESSEE,
DEPARTMENT OF SAFETY AND HOMELAND SECURITY
AND
BEDFORD COUNTY, TENNESSEE**

This Contract, by and between the State of Tennessee, Department of Safety and Homeland Security, hereinafter referred to as the "State" and Bedford County, Tennessee, hereinafter referred to as the "Procuring Party," is for the provision of participation in the Tennessee Advanced Communications Network, as further defined in the "SCOPE OF SERVICES."

A. SCOPE OF SERVICES:

- A.1. The TACN is a P25 Standards Based system constructed by Motorola. It consists of radio communications sites utilizing the VHF High Band, 700MHz and 800MHz frequencies. Master Sites are located diversely throughout the State. Microwave links between the Master Sites and the radio sites utilize redundant methods for a Public Safety grade of service. The TACN extends throughout the State of Tennessee.
- A.2. Radio communications on the TACN will comply with regulations of the Federal Communications Commission ("FCC"), specifically applicable provisions within Part 90 (47 Code of Federal Regulations, Chapter 1 of the 10-1-98 Edition).
- A.3. The TACN will be overseen by the State's Director of Wireless Communications.
- A.4. The Procuring Party shall be authorized to participate in the TACN. The TACN has features that will enable the Procuring Party to establish restricted "talk groups" (TGs) for local events without interrupting on-going regional communications, thereby facilitating improved response by Emergency Service Entities ("ESEs") and enhancing public safety.
- A.5. The Procuring Party shall purchase all equipment necessary to provide TACN communications within the Procuring Party's service area in conjunction with the equipment already in place by the State. All such equipment shall be compatible with the TACN.
- A.6. The equipment listed under this section shall fall under manufacturer's warranty for one (1) year after acceptance by the Procuring Party. The Procuring Party shall notify the State of the date of its acceptance of the equipment, in writing, no later than one (1) business day after acceptance of the equipment. After the one (1) year manufacturer's warranty has ended, upon approval of an amendment to Edison Contract #40169, the equipment will be covered under Edison Contract #40169, which provides maintenance and upgrade coverage to the following hardware:
 - a. RF and Router equipment;
 - b. Simulcast controllers and voters;
 - c. Microwave radio and associated equipment;
 - d. MOSCAD Fault Management; and
 - e. Upgrades to the MCC7500 Consoles.
- A.7. The Procuring Party shall be responsible for the following:
 - a. Any real estate, towers, and buildings owned by the Procuring Party;
 - b. Maintenance to the MCC7500 Consoles and control stations, along with all subscriber radios;
 - c. Fire Station and Alerting System;
 - d. All RF and Microwave antennas and feed lines; and
 - e. All Civil equipment such as UPS, Generators, and Tower lights.

A.8. Public Safety Priority.

- a. If, for purposes of public safety, at any time, in the discretion of the State's Director of Wireless Communications in consultation with the Procuring Party's Point of Contact (POC) identified in Section C.1.d., it is determined that it is necessary to adjust, restrict, or interrupt, participation in the TACN sites outside of the Procuring Party's service area by Procuring Party, the State's Director of Wireless Communications may take such actions deemed appropriate and necessary.
- b. The State's Director of Wireless Communications shall endeavor to provide reasonable advance notice to the Procuring Party prior to making any change, depending on the circumstances, and shall restore the Procuring Party's participation in the TACN sites outside of the Procuring Party's service area at the earliest opportunity.
- c. The priority of participation in the TACN shall be highest for public safety, as represented by the interests of the State, with the next highest priority for participants that are ESEs, and the following priority is for participants that are public entities such as, but not limited to, Departments of Education, Road Departments, and then Non-Governmental Agencies ("NGOs").
- d. The public safety standard for airtime availability ("the Standard") shall be adhered to, as may be defined from time to time by the State's Director of Wireless Communications to promote balanced utilization of the TACN.
- e. No user may adversely affect the total daily capacity or availability of the TACN except in emergency situations and with notification to the State's Director of Wireless Communications.

A.9. Airtime Availability and Limitations.

- a. Mutual cooperation between the Procuring Party and the State will be required so that sufficient airtime availability will be assured for all participants.
- b. The State cannot guarantee airtime due to reasons that include, but are not limited to, equipment failure or maintenance requirements.
- c. The State's Director of Wireless Communications shall make reasonable efforts to minimize any interruption and to maximize airtime availability consistent with the limitations of the TACN.
- d. The State's Director of Wireless Communications shall schedule maintenance, when feasible, during non-peak hours, and make reasonable efforts to notify the Procuring Party prior to any shutdown that may affect the standard.

A.10. Equipment Approval.

- a. Any subscriber infrastructure equipment, as defined by the State's Director of Wireless Communications from time to time, must be approved as to TACN compatibility by the State's Director of Wireless Communications prior to being authorized for purchase.
- b. Failure to comply with Section A.2. of this Contract may result in the removal of the Procuring Party's radio(s) from having transmitting capability in the TACN.
- c. The State's Director of Wireless Communications agrees to act as an advisor to the Procuring Party for the purpose of preparing specifications for procuring infrastructure equipment to be used by the Procuring Party, and to assist in evaluating proposals received in response to solicitations.
- d. If this Contract provides for the reimbursement by the State to the Procuring Party of the cost of goods, materials, supplies, equipment, or contracted services, such

procurements shall be made on a competitive basis, where practical. The State and the Procuring Party shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Contract. In each instance where it is determined that the use of a competitive procurement was not practical, documentation shall include a written justification, approved by the State's Director of Wireless Communications, for such decision and non-competitive procurement.

A.11. No Warranty or Promise of Performance of the TACN.

The State does not offer any warranty of the TACN, TACN quality, reliability, or level of performance, express or implied, or make to the Procuring Party any promise that the TACN will perform as intended, desired, or specified. The Procuring Party understands and agrees to accept service and participation in the TACN subject to awareness of this limitation and assumes all related risks.

A.12. Notice of Changes to the TACN.

The State's Director of Wireless Communications shall provide advance notice and information to the Procuring Party prior to making any major changes to the TACN that may adversely affect its operation.

A.13. TACN Maintenance.

- a. The State's Director of Wireless Communications shall have exclusive authority to provide TACN maintenance on State of Tennessee sites.
- b. The State's Director of Wireless Communications may provide TACN maintenance through direct support and/or through support agreements overseen by the State's Director of Wireless Communications, which agreements may be with partners in the TACN, State agencies, and/or private entities.

A.14. Upon completion of this Contract, the responsibility for providing maintenance, repairs and upgrades on all equipment listed under Sections A.6. and A.7., shall revert back to its respective owners.

A.15. Unless otherwise agreed, the State shall not take ownership of the Procuring Party-owned equipment.

B. TERM OF CONTRACT:

This Contract shall be effective on March 27, 2023 ("Effective Date"), and extend for a period of Sixty-Nine (69) months and Five (05) Days after the Effective Date ("Term"). The State shall have no obligation for goods or services provided by the Contractor prior to the Effective Date.

C. PAYMENT TERMS AND CONDITIONS:

C.1 In consideration of products and services provided hereunder by the State, the State may charge and collect from the Procuring Party, the appropriate fees as specified below:

Service Description	Amount (per compensable increment)
User Fee per Radio (See section A.5.)	\$200.00 per radio per year

- a. Fees will be waived subject to the appropriation and availability of State or federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State may charge the fees noted above. In the event fees are to be charged, no fees will be charged if radios are programmed for, and so long as radios stayed programmed for, Mutual Aid Talk Groups as those are defined and determined by the State's Director of Wireless Communications.

- b. This provision does not apply if fees are waived. If fees are to be charged, the State shall notify the Procuring Party and the Procuring Party will have up to twelve (12) months to make the necessary arrangements regarding budgeting. The State must be in receipt of these fees annually, no later than July 1st of each year. Failure to pay the fees may result in cancellation of this Contract. A pro-rated portion may be acceptable depending on the date of the Procuring Party's acceptance of the equipment as noted in Section A.6. Any pro-rated portion shall be calculated based upon the number of months remaining in the state fiscal year. For example, if the Procuring Party accepts equipment in April of a year and has one (1) radio, there are three (3) months remaining in the fiscal year, so the pro-rated portion would be $\$50.01 (\$200.00 (1 \text{ radio}) \div 12 = \$16.67 \times 3)$. The Procuring Party may pay in full, for all years or remaining years of the Contract, if agreed to by the State. If full payment is made, the other requirements of this Section regarding reports and payment audits shall still be followed. All fees will be received by the State's Fiscal Director at:

Tennessee Department of Safety and Homeland Security
Cashier's Office
1150 Foster Avenue
Nashville, TN 37243

- c. This provision does not apply if fees are waived. If fees are to be charged, the State will provide a detailed report of all radio user fees incurred by the Procuring Party during the fiscal year such that the Procuring Party can effectively audit and reconcile all payments made under this Contract with fees processed to ensure that the State's reports match the Procuring Party's reports. This report must include the transaction number, requesting agency, services rendered, fees collected or disbursed, dates of processing, and any other information requested by the Procuring Party.

The below-named person shall act as the Point of Contact (POC) for issues related to the Procuring Party's participation in the TACN (i.e., radios, channels, talk groups, operations, etc.). The Procuring Party's contact named in Section E.2. is typically a city or county official, as applicable. In the event fees are to be charged, all reports and invoices shall be submitted to the below-named person at the address below:

Josh Taylor, Operations Officer & K-9 Handler
Bedford County Emergency Management & Homeland Security
1304 Railroad Avenue
Shelbyville, TN 37160
Email Address: Josh.Taylor@bedfordcountyttn.gov
Telephone #: 931-735-6927 or 931-639-5764

- d. This provision does not apply if fees are waived. If fees are to be charged, the Procuring Party agrees to make good faith efforts to resolve any payment audit findings on the basis of audits conducted in accordance with the terms of this Contract. Should any such findings be substantiated, the State agrees to adjust the following month's invoice to correct the discrepancy.

The final decision, as to what these units of service are, shall be determined by the State. In the event of disagreement, the Procuring Party may file a claim with the Tennessee Claims Commission in order to seek redress.

The State and the Procuring Party hereby agree, warrant, and assure that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the State or the Procuring Party on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by Federal, Tennessee State constitutional, or statutory law.
- D.8. Records. The Procuring Party shall maintain documentation for its transactions with the State under this Contract. The books, records, and documents of the Procuring Party, insofar as they relate to work performed or money paid under this Contract, shall be maintained for a period of three (3) full years from the final date of this Contract and shall be subject to audit, at any reasonable time and upon reasonable notice, by the state agency, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.
- D.9. Strict Performance. Failure by any party to this Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any such term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties hereto.
- D.10. Independent Contractor. The parties hereto, in the performance of this Contract, shall not act as employees, partners, joint venturers, or associates of one another. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the parties relating hereto, whether written or oral.
- D.16. Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions hereof shall not be affected thereby and shall remain in full force and effect. - a. The Grantee warrants to the State that it is familiar with the requirements of the Privacy Rules and will comply with all applicable HIPAA requirements in the course of this Grant Contract.
 - b. The Grantee warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of this Grant Contract so that both parties will be in compliance with the Privacy Rules.
 - c. The State and the Grantee will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and the Grantee in compliance with the Privacy Rules. This provision shall not apply if information received by the State under this Grant Contract is NOT "protected health information" as defined by the Privacy Rules, or if the Privacy Rules permit the State to receive such information without entering into a business associate agreement or signing another such document.
- D.12. Public Accountability. If the Grantee is subject to Tenn. Code Ann. § 8-4-401 *et seq.*, or if this Grant Contract involves the provision of services to citizens by the Grantee on behalf of the State, the Grantee agrees to establish a system through which recipients of services may present grievances about the operation of the service program. The Grantee shall also display in a prominent place, located near the passageway through which the public enters in order to receive Grant supported services, a sign at least eleven inches (11") in height and seventeen inches (17") in width stating:

NOTICE: THIS AGENCY IS A RECIPIENT OF TAXPAYER FUNDING. IF YOU OBSERVE AN AGENCY DIRECTOR OR EMPLOYEE ENGAGING IN ANY ACTIVITY WHICH YOU CONSIDER TO BE ILLEGAL, IMPROPER, OR WASTEFUL, PLEASE CALL THE STATE COMPTROLLER'S TOLL-FREE HOTLINE: 1-800-232-5454.

The sign shall be on the form prescribed by the Comptroller of the Treasury. The Grantor State Agency shall obtain copies of the sign from the Comptroller of the Treasury, and upon request from the Grantee, provide Grantee with any necessary signs.

D.13. Public Notice. All notices, informational pamphlets, press releases, research reports, signs, and similar public notices prepared and released by the Grantee in relation to this Grant Contract shall include the statement, "This project is funded under a grant contract with the State of Tennessee." All notices by the Grantee in relation to this Grant Contract shall be approved by the State.

D.14. Licensure. The Grantee, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

The books, records, and documents of the Grantee and any approved subcontractor, insofar as they relate to work performed or money received under this Grant Contract, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Grantee's records shall be subject to audit at any reasonable time and upon reasonable notice by the Grantor State Agency, the Comptroller of the Treasury, or their duly appointed representatives.

The records shall be maintained in accordance with Governmental Accounting Standards Board (GASB) Accounting Standards or the Financial Accounting Standards Board (FASB) Accounting Standards Codification, as applicable, and any related AICPA Industry Audit and Accounting guides.

In addition, documentation of grant applications, budgets, reports, awards, and expenditures will be maintained in accordance with U.S. Office of Management and Budget's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Grant expenditures shall be made in accordance with local government purchasing policies and procedures and purchasing procedures for local governments authorized under state law.

The Grantee shall also comply with any recordkeeping and reporting requirements prescribed by the Tennessee Comptroller of the Treasury.

The Grantee shall establish a system of internal controls that utilize the COSO Internal Control - Integrated Framework model as the basic foundation for the internal control system. The Grantee shall incorporate any additional Comptroller of the Treasury directives into its internal control system.

Any other required records or reports which are not contemplated in the above standards shall follow the format designated by the head of the Grantor State Agency, the Central Procurement Office, or the Commissioner of Finance and Administration of the State of Tennessee.

D.16. Monitoring. The Grantee's activities conducted and records maintained pursuant to this Grant Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.

D.17. Progress Reports. The Grantee shall submit brief, periodic, progress reports to the State as requested.

D.18. Annual and Final Reports. The Grantee shall submit, within three (3) months of the conclusion of each year of the Term, an annual report. For grant contracts with a term of less than one (1) year,

the Grantee shall submit a final report within three (3) months of the conclusion of the Term. For grant contracts with multiyear terms, the final report will take the place of the annual report for the final year of the Term. The Grantee shall submit annual and final reports to the Grantor State Agency. At minimum, annual and final reports shall include: (a) the Grantee's name; (b) the Grant Contract's Edison identification number, Term, and total amount; (c) a narrative section that describes the program's goals, outcomes, successes and setbacks, whether the Grantee used benchmarks or indicators to determine progress, and whether any proposed activities were not completed; and (d) other relevant details requested by the Grantor State Agency. Annual and final report documents to be completed by the Grantee shall appear on the Grantor State Agency's website or as an attachment to the Grant Contract.

- D.19. Audit Report. The Grantee shall be audited in accordance with applicable Tennessee law.

If the Grantee is subject to an audit under this provision, then the Grantee shall complete Attachment B.

When a federal single audit is required, the audit shall be performed in accordance with U.S. Office of Management and Budget's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

A copy of the audit report shall be provided to the Comptroller by the licensed, independent public accountant. Audit reports shall be made available to the public.

- D.20. Procurement. If other terms of this Grant Contract allow reimbursement for the cost of goods, materials, supplies, equipment, or contracted services, such procurement shall be made on a competitive basis, including the use of competitive bidding procedures, where practical. The Grantee shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Grant Contract. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement. If the Grantee is a subrecipient, the Grantee shall comply with 2 C.F.R. §§ 200.317—300.326 when procuring property and services under a federal award.

The Grantee shall obtain prior approval from the State before purchasing any equipment under this Grant Contract.

For purposes of this Grant Contract, the term "equipment" shall include any article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds five thousand dollars (\$5,000.00).

- D.21. Strict Performance. Failure by any party to this Grant Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Grant Contract is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Grant Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.
- D.22. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Grant Contract. The parties acknowledge that they are independent contracting entities and that nothing in this Grant Contract shall be construed to create a principal/agent relationship or to allow either to exercise control or direction

over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

- D.23. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Grant Contract. In no event will the State be liable to the Grantee or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Grant Contract or otherwise. The State's total liability under this Grant Contract (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally established in Section C.1 of this Grant Contract. This limitation of liability is cumulative and not per incident.
- D.24. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Grant Contract. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Grant Contract arising from a Force Majeure Event is not a default under this Grant Contract or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Grantee's representatives, suppliers, subcontractors, customers or business apart from this Grant Contract is not a Force Majeure Event under this Grant Contract. Grantee will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Grantee's performance longer than forty-eight (48) hours, the State may, upon notice to Grantee: (a) cease payment of the fees until Grantee resumes performance of the affected obligations; or (b) immediately terminate this Grant Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Grantee will not increase its charges under this Grant Contract or charge the State any fees other than those provided for in this Grant Contract as the result of a Force Majeure Event.
- D.25. Tennessee Department of Revenue Registration. The Grantee shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Grant Contract.
- D.26. Charges to Service Recipients Prohibited. The Grantee shall not collect any amount in the form of fees or reimbursements from the recipients of any service provided pursuant to this Grant Contract.

- D.27. State Interest in Equipment or Motor Vehicles. The Grantee shall take legal title to all equipment or motor vehicles purchased totally or in part with funds provided under this Grant Contract, subject to the State's equitable interest therein, to the extent of its *pro rata* share, based upon the State's contribution to the purchase price. The term "equipment" shall include any article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds five hundred dollars (\$500.00). The term "motor vehicle" shall include any article of tangible personal property that is required to be registered under the "Tennessee Motor Vehicle Title and Registration Law", Tenn. Code Ann. Title 55, Chapters 1-6.

As authorized by the Tennessee Uniform Commercial Code, Tenn. Code Ann. Title 47, Chapter 9 and the "Tennessee Motor Vehicle Title and Registration Law," Tenn. Code Ann. Title 55, Chapters 1-6, the parties intend this Grant Contract to create a security interest in favor of the State in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this Grant Contract. A further intent of this Grant Contract is to acknowledge and continue the security interest in favor of the State in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this program's prior year Grant Contracts between the State and the Grantee.

The Grantee grants the State a security interest in all equipment or motor vehicles acquired in whole or in part by the Grantee under this Grant Contract. This Grant Contract is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment or motor vehicles herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Grantee hereby grants the State a security interest in said equipment or motor vehicles. The Grantee agrees that the State may file this Grant Contract or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment or motor vehicles herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Grantee agrees to execute and deliver to the State, upon the State's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Grant Contract in such form as the State may require to perfect a security interest with respect to said equipment or motor vehicles. The Grantee shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements the State may reasonably require. Without the prior written consent of the State, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment or motor vehicles, including replacements and additions thereto. Upon the Grantee's breach of any covenant or agreement contained in this Grant Contract, including the covenants to pay when due all sums secured by this Grant Contract, the State shall have the remedies of a secured party under the Uniform Commercial Code and, at the State's option, may also invoke the remedies herein provided.

The Grantee agrees to be responsible for the accountability, maintenance, management, and inventory of all property purchased totally or in part with funds provided under this Grant Contract. The Grantee shall maintain a perpetual inventory system for all equipment or motor vehicles purchased with funds provided under this Grant Contract and shall submit an inventory control report which must include, at a minimum, the following:

- b. Vehicle identification number;
- c. Manufacturer's serial number or other identification number, when applicable;
- d. Acquisition date, cost, and check number;
- e. Fund source, State Grant number, or other applicable fund source identification;

- h. Condition of the property or disposition date if Grantee no longer has possession;
- i. Depreciation method, if applicable; and
- j. Monthly depreciation amount, if applicable.

The Grantee shall tag equipment or motor vehicles with an identification number which is cross referenced to the equipment or motor vehicle item on the inventory control report. The Grantee shall inventory equipment or motor vehicles annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment or motor vehicles purchased with funding through this Grant Contract within thirty (30) days of its end date and in form and substance acceptable to the State. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. The Grantee shall notify the State, in writing, of any equipment or motor vehicle loss describing the reasons for the loss. Should the equipment or motor vehicles be destroyed, lost, or stolen, the Grantee shall be responsible to the State for the *pro rata* amount of the residual value at the time of loss based upon the State's original contribution to the purchase price.

Upon termination of the Grant Contract, where a further contractual relationship is not entered into, or at another time during the term of the Grant Contract, the Grantee shall request written approval from the State for any proposed disposition of equipment or motor vehicles purchased with Grant funds. All equipment or motor vehicles shall be disposed of in such a manner as the parties may agree from among alternatives approved by the Tennessee Department of General Services as appropriate and in accordance with any applicable federal laws or regulations.

Code Ann. §§ 9-8-101 through 9-8-408.
- D.30. Completeness. This Grant Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Grant Contract supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.
- D.31. Severability. If any terms and conditions of this Grant Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Grant Contract are declared severable.

- D.32. Headings. Section headings are for reference purposes only and shall not be construed as part of this Grant Contract.

Scope of Services

Evidence-Based Programming Project

FY 2023

APPLICANT AGENCY NAME: Bedford County Correctional Facility

A. PROBLEM & NEEDS

- A.1. Does your agency currently provide evidence-based programming (EBP) to TDOC inmates in your jail? Please provide detailed information about which programming is currently provided, including name of each program and how it is currently being administered?

Currently we offer: Moral Reconation Therapy (MRT), Untangling Relationships (MRT-Co Dependency) GED and Work Release Programming

Work Release programming is a program that we implemented back in July as another “step” that inmates can take working toward reentry into society (Currently the work release program is only open to inmates that have been sentenced and meet the minimum current criteria). This program has enabled our inmates to continue to grow, heal and be a productive member of society. Inmates are required to pass step 6 of MRT, and essentially earn the opportunity to work. It allows them to then pay down their fines, restitution and obtain the documents they need to continue to grow and move forward upon reentry.

Costs associated with this program currently are as follows:

- Gas for the transport vehicle used
- Paying the transport driver

MRT is done twice weekly for male and female inmates

GED is also twice weekly for both male and female inmates

Untangling Relationships MRT (Co-Dependency) is once weekly but currently only for females.

- A.2. Please describe what financial, environmental, and/or logistical obstacles exist that make providing adequate or enhanced programming difficult for your agency. Please use current data wherever possible.

In the past there was little support from the county government for offering programs to people incarcerated in Bedford County. We believe the reason for this is because of a lack of understanding within the community about how offering programs can change the lives of people battling addiction. We have worked to change that belief but there is still a reluctance to provide funding and support to sustain these programs. We are confident that once we prove the value of evidence-based programs, we can change those opinions within the county government. Currently our MRT programs were funded by left over COVID 19 funding that the jail had available to us, that money has since run out. We are hopeful that if we are awarded this grant that we will not have any barriers to enhancing while funded, and we will have enough time to gather enough data to present to our county commissioners, and sheriff so that we may gain the counties blessing/support.

- A.3. Please name the **specific evidence-based inmate program(s)** you intend to implement/enhance with this funding.

NOTE: Agencies are required to use recognized programs that are rated as “Highest Rated” or “Second Highest Rated” according to the PEW Clearing House (Click the link and select Correctional Facility as the Setting on the left).

Agencies intending to implement a vocational program can reference TDOC’s list of vocational programming currently offered in Tennessee prisons. TBR also has information available on vocational programs offered through Tennessee College of Applied Technology that may be available in your area

For more information about Evidence-Based Programming in Tennessee, see [TDOC's informational page](#).

The first thing we plan to implement is Strong-R. We have just sent 2 of our staff to attend the training to implement this Risk Needs Assessment (RNA), to better serve and assist/support our inmates. Our hopes are that this will decrease placing inmates in classes that will not be beneficial to them and learn what will be best suited for them.

We plan to enhance our current Moral Reconciliation Therapy (MRT) and Untangling Relationships MRT (Co-dependency) as well as our GED classes, by upgrading our learning/training room to make it a more structured and engaging environment. We plan to create a more engaged inmate learning environment by implementing individual workspaces, upgraded tables/chairs, better functionality as far as interactive learning for all classes.

We also plan to implement the following MRT programs:

- MRT (ccimrt.com)
 - Parenting and Family Values
 - Coping with Anger
 - Staying Quit

We plan to also implement Seeking Safety, which is a cognitive based behavioral intervention for incarcerated women with co-occurring post-traumatic stress disorder (PTSD) and substance use disorders. This program works well with trauma as well.

- A.4. For **each EBP** you plan to fund (in whole or in part) with this grant, please provide the length of each program from start to completion (ex: 6 weeks).

Name of Program	Length of Program
MRT	4 to 6 months
GED	2 to 3 months
Parenting and Family Values	3 to 4 months
Coping with Anger	3 to 4 months
Seeking Safety	4 to 6 months
Untangling Relationships MRT (Co-Dependency)	3 to 4 months
Staying Quit	3 to 4 months

- A.5. Please provide the number of inmates each program will serve annually, based on typical qualifications for inmate enrollment.

We are approximating that we will be able to serve around 150 inmates per year, please see the following breakdown per program below:

MRT: 10 inmates per class, per gender for 3 cycles

GED: 6 inmates per gender per class for 4 cycles a year

Seeking Safety: 10 inmates per class, per gender for 3 cycles a year

Name of Program	Inmates Served Per Year
MRT	60
GED	48

Parenting and Family Values	60
Coping with Anger	60
Seeking Safety	60
Untangling Relationships MRT (Co-Dependency)	60
Staying Quit	60

B. INPUTS & COLLABORATION

- B.1. What resources, funded and unfunded, (ex: personnel, other grant or local funds, facilities, equipment, etc.) does your agency plan to commit to this project?

Bedford County Jail is committed to utilizing our current MRT classroom, as well as 2 other structured rooms within our facility. We do plan to upgrade these rooms with the grant, however we will use the rooms vs “adding on”, or new construction. We currently have around 5 employees that are interested in furthering their knowledge for peer support, trauma informed care and engaging with programs. We are committed to using the funding we have set forth in the budget to do just that.

- B.2. Describe any formal partnerships with local community partners (mental health, substance abuse, housing, jobs training, etc.) that your agency plans to employ for the purposes of this project, please attach copies of any current formal agreements (MOUs).

Mental Health Services will be provided via a subcontract. The subcontract will be sent to OCJP for prior approval once a mental health agency is chosen.

Other partnerships not funded by the grant:

- We currently have partnerships with The Full Moon Healing Project (advocates for trauma survivors) to offer peer trauma support and survivors advocacy for both male and female inmates.
- Tyson Foods for work release which we are currently doing for female inmates only but plan to expand in the future.
- Gateway church to offer inner healing and drug/alcohol counseling for both male and female inmates.
- Celebrate Recovery Partnerships to further assist those struggling with substance abuse troubles.
- We currently also have a partnership with Health Connect America. They do not currently offer counseling to the inmates, but they do work to assist them with needs they may have in those areas.

C. ACTIVITIES & IMPLEMENTATION TIMELINE:

- C.1. List each piece of equipment you intend to purchase to create or enhance your evidence-based program (ex: laptops, projectors, curriculum, furniture, etc.) **NOTE: If you intend to purchase tablets for inmate programming, please coordinate with the TN Department of Labor and Workforce Development to access important information about that purchase prior to submitting your grant application.**

Currently we have a program room which is furnished with the bare essentials (I.E. tables and chairs) that is not conducive to learning. Our goal, if approved for this grant, would be to upgrade the program room to create an environment that is welcoming to the demographic we are serving, in order for them to feel safe, seen and heard. Below is a breakdown of the items we are planning to purchase to produce a constructive and safe learning environment.

- Magazines and Newspaper subscriptions
- Magazine Racks for the library

Classroom/Library Needs

- Chairs to upgrade/replace the current chairs we have that are very old and some broken. These chairs will be placed in the library, and both training rooms.
- Projector system for both the main training room and the sub training room Laptops for the main training room and sub training room as well as one for the library to use the library inventory system. Laptops will be used for group/class research/presentations. It will also be used for work/school research for the inmates that are enrolled in our programs.
- Individual desks with partition dividers for the main training room
- Commercial sized whiteboards for main and sub training rooms
- Smart boards for interactive classes and groups for main and sub training rooms
- Commercial sized circle tables for groups, classes and activities

Programming Needs

- Programming books for all classes/groups offered (MRT, Parenting & Family Values, Coping with Anger, Staying, Untangling Relationships) We are budgeting beyond the number of students we intend to serve since many times individuals are released, leave the program, or are removed.
- MRT graduation coins and certificates.
- Student supplies: pencils, paper, and folders
- Supplies for groups/classes: notebook paper, folders, pencils, whiteboard markers

- C.2. Describe any renovations/remodeling/structural enhancements you plan to complete with grant funds to enable your evidence-based programming (pods, walls, flooring, etc.)

At this time, we do not feel any remodeling, renovations or structural enhancements would be necessary.

- C.3. List any staff you plan to hire and/or subcontracts your agency intends to utilize to implement or enhance your evidence-based programming.

If awarded this grant our plans are to hire the following subcontracted positions/services:

- Program Facilitator (FY24 and FY25)
- Data Entry Professional
- Translation Services
- Mental Health Services

We believe bringing in the additional subcontracted staff will benefit the program by giving us the ability to have “staff” specifically assigned to programs, allowing us to leave the floor staff on the floor. This will prevent the floor from being short staffed, prevents employees from feeling overwhelmed and it also gives us the ability to make last minute arrangement/changes without affecting the day-to-day operations of the jail. Below are the subcontracted staff we would like to bring in:

- Mental Health Services will include but not be limited to therapy, counseling, and crisis intervention for program inmates. This will be subcontracted through an agency that will provide us with all services we may need in relation to mental health
- 1 Full time subcontracted Program Facilitator of classes/groups (FY24 and FY25)

- 1 Data Entry professional will be responsible for taking care of all data collecting, distributing, and creating all surveys. He/she will track all attendance, as well as create said forms. The data entry professional will ensure all appropriate documentation is kept for contract and database purposes.
- Translation Services, we believe that hiring someone to provide Per Diem translation services will be beneficial to our inmates whose first language is not English. Rather than having a device that could potentially be used in a negative manner, we believe that having someone available to provide such services will provide a constructive and educational environment. Per Diem translator will be available on an "on call" basis to provide translation services when it comes to classes/groups. We will do our best to construct such classes on a structured and consistent level in order to make it more beneficial to the sub-contractor and inmate. We will be ordering Spanish curriculum as well to aid in non-English speaking individual's progress.

C.4. Describe how your agency will implement the funded EBP – provide detail as to how the equipment, staff, training, professional fees, and other items **listed on your budget** will contribute to/enable/enhance/direct the program(s) your agency will provide.

Our current MRT program was made possible by left over funding from COVID 19 relief. Without said funding, the MRT program would not be possible. Funding is essential to continue to move forward with our programming beyond MRT.

As stated above, if approved for this grant we would hire at least 6 more subcontracted staff (full time, as well as per diem) Those positions would include a Therapist, Translation Service Specialist, Counselor, Transport specialist, Facilitator as well as a Data Entry Professional). All of these positions will aid us in implementing additional evidence-based programs/functions.

Program offering would include but not be limited to groups assisting with trauma healing, anger management and addiction.

We believe it is imperative to upgrade our current program room to ensure we are creating and hosting a learning conducive environment to our inmates to ensure they have the best tools possible, thus cutting down on recidivism. We also believe providing the necessary tools to promote and invite a positive environment will increase and promote positive attitude among inmates and individual growth.

Our GED program is currently state funded however, upgrading our training rooms will again give our inmates working toward a better future a better chance at growth.

We strongly believe all of this will further make the space a more healing and structured setting, which is necessary.

It is our thought that the best way to continue to provide our inmates with the best possible programming opportunities is for our program committee members and staff to stay as up to date as possible. There are various trainings, conferences and summits that are solely for programming purposes, they go into detail covering what programs other facilities use and find effective, how to carry out the programs, the best practices to use when it comes to these programs, and more.

Trainings and Conferences:

Training/Conference	Fiscal Yr(s)	# of Staff	Cost
American Jail Association Conference (AJA)	23, 24, 25	3/yr	\$20,000 plus slight increase per year

TCI Annual Conference	24, 25	3/yr	\$5,000 plus slight increase per year	Item 11.
Reentry Summit	24, 25	2/yr	\$6,000	
MRT Training	23, 24, 25	1/yr	\$700	

Please edit the timeline below to include the **activities listed above**, according to **your specific project**:

D. OUTPUTS

D.1. The following performance measures will be reported on a quarterly or annual basis.

Please provide CURRENT responses in the spaces below:

- Number of evidence-based programs (EBP) currently provided: 3
- Average (annually) number of inmates currently receiving evidence-based programming: 110
- Average (annually) number of inmates who *complete* evidence-based program: 75
- Average (annually) number of inmates unable to complete the evidence-based program (and reason): Approximately 25 inmates are unable to complete the program due to lack of commitment to personal growth. Also, a portion of those 25 are released before being able to complete programming. We are currently in the process of implementing MRT and supporting programs in the community to give those that have been released a space to complete said programming.
- Number of formal community partner agreements in place: 3

E. DATA COLLECTION

- E.1. Please describe how your agency plans to collect and use data on the programming created/enhanced with this grant. Please include what method(s) of data collection your agency will utilize and how the information gathered will be used to improve programming over time, including the name of the records management system/software that your agency plans to use to track data for this project.

We will utilize both qualitative and quantitative measures to assess the effectiveness of our programs. For the quantitative portion, we will gather data from three (3) time points: Time point 1 (T1) will include data a month prior to implementing the intervention; T2 will include information gathered immediately after the intervention; and T3 will include information gathered 1 month after the intervention. We will assess the progress of participants enrolled in the program, as well as a control group of individuals who are not enrolled in the program of the same population (I.E. those who are on a waiting list, with TDOC inmates taking priority, or those otherwise not enrolled in the program). Furthermore, we will utilize an open-ended survey to qualitatively evaluate participants' attitudes about the program before they begin and after they finish the program. Our data entry professional will analyze the qualitative data using open thematic analysis. Data will be stored in a password/protected google drive and collected by the subcontracted Data Entry Professional.

- E.2. Individual evidence-based programs will also be expected to track attendance and completion rates, as well as other appropriate evaluation data. Agencies subcontracting with community providers will be expected to include this evaluation requirement in their subcontract agreement.

We agree to this requirement and will carry out such tracking with the use of google docs, created and tracked by our data entry professional.

We will have paper attendance tracking forms in the even that google docs/forms is unavailable at the given moment, making it easy to transfer over to said docs when the opportunity arises to do so.

F. SUSTAINABILITY

- F.1. Describe how the agency is leveraging other funds for additional support for the project. **(Note: Inmates shall not be charged for programming funded under this grant beyond programming that is already covered by TCA)**

We are in hopes that once the grant runs out that there will be continued support via more grant funding. Also, The Sheriff has committed to funding MRT through the sheriff's departments annual budget. In the event there are no grant funding available after the 3yrs, we will be able to prove (with numbers, and data) that our programming is working, and we are able to secure funding and support from our local government. However, in order to offer additional evidence-based programs that enhance MRT and increase the likelihood that inmates will not re-offend, we would need additional funding.

- F.2. Describe the agency's plans to sustain the costs of the program with local and other resources after current grant funds end.

During this process, we plan to provide documentation to the county government that these programs have in fact been successful in reducing recidivism within our county. We believe members of the county government will see the value in continuing to fund these evidence-based programs to help reduce the number of people in the community who battle addiction and trauma. It is also our belief that we will prove the value of breaking the cycle of incarceration for future generations of citizens in Bedford County.

Bedford County Commission FY2023 QTR3 Report

The mission of the Shelbyville-Bedford Partnership is to work collaboratively with the public and private sectors to expand municipal revenues through business recruitment and retention, workforce development, tourism, and projects addressing quality of life.

Partnership Special Initiatives

- The transportation initiative supporting the Bedford County Transportation Plan Grant has been completed.
- The agribusiness initiative seeks to link agriculture to newly created economic development success in Bedford County. The Partnership completed a letter of support for a major collaboration between local industry and agri-business.
- The small business initiative is an effort to support small businesses in Bedford County. This effort continues to grow as we welcome downtown merchants to a reception on April 17th.

Economic Development News

The Certification Workshop in January assisted local builders in registering for contracts with the state of TN. The Duksan reception provided an opportunity for elected officials and others to learn more about the project.

Project UT Orange, a fast food restaurant majoring in chicken sandwiches, moves forward with great anticipation! The project is not a done deal and requires further collaboration and support.

We attended TNECD Fund Tennessee to better understand funding mechanisms for small businesses. Small business represents an integral part of the Bedford economy. We are supporting the City of Shelbyville in its Downtown Redevelopment Grant. In-person contact was made with downtown merchants to encourage grant participation.

Through the 231 North Business Park board, we continue to market Parcel 26, the remaining property in the industrial park.

Conversations and training continue with the TN Department of Tourism in our role as the Direct Marketing Organization for tourism. Tourism dollars provide revenue to Bedford County.

The Regional Economic Development Meeting held in March provided networking and a review of best practices. The TN Department of Economic Development organized the meeting. The entire staff attended the Rural Development Conference held by USDA Rural Development.

The Partnership brought our major employers together at the 2nd annual C-Suite Shelbyville to celebrate their impact on the lives of our citizens. Existing business retention and expansion represent an important role for the Partnership.

We celebrate the profound accomplishments of the Nearest Green Distillery as Humble Baron, the World's Longest Bar, seeks to become a top tourism destination in the state of TN.

Humble Baron, The World's Longest Bar, Grand Opening

Workforce Development

The Partnership has worked closely with National Pen since its January announcement of a reduction in workforce. Sixty-seven (67) employees are in the process of involuntary termination as a result. The Partnership has provided the following services to support those dislocated workers and will continue to provide support through the May 31st final separation date:

- Maintained weekly engagement with National Pen's HR Director.
- Provided National Pen with a list of local job openings matching dislocated workers' skill sets.
- Direct human resources connections for further conversation about open positions with fifteen (15) local companies.
- Coordination of state Rapid Response team services.
- Weekly onsite sessions with the American Job Center Mobile Coach. The Coach is equipped with computers, resources, and staff to assist transitioning employees with unemployment filings, resume building, and job searches.
- One of two onsite job fairs, coordinated by the Partnership, took place in March. The second will take place in May.
- Access to state of TN grant funding support for local employers who hire National Pen dislocated workers.

The Partnership has assumed the role of ThreeStar Administrator for Bedford County. The ThreeStar program serves to promote economic and community prosperity through local and state collaboration to positively impact every Bedford County resident and visitor. Participation in ThreeStar is required for Bedford County to participate in several state programs. Since 2017, Bedford County has participated in 15 different programs, with 27 awards totaling more than \$20.7M, as a result of its ThreeStar Certification. This includes:

- TN Emergency Broadband Fund: \$16.8M
- Community Development Block Grant: \$2.8M
- Site Development Grant: \$1.13M
- Commercial Façade Grant: \$250K
- Tourism Enhancement Grants: \$53K
- AG Enterprise: \$37K

The Asset-Based Community Planning session required for ThreeStar certification will take place in April.

Also, in FY23QTR3, the Partnership hosted the monthly Shelbyville HR Association meeting in February. Dr. Kendrick Curtis, Middle Tennessee Industrial Development Association, shared information with the group on the benefits of participating in the Middle Tennessee Wage & Benefits Survey. In addition, representatives from the UT Southern Rural Leadership program joined the Partnership for a presentation on workforce development and a roundtable discussion on bridging the gap between education and industry.

UT Southern Rural Leadership Visit

Community Development

The Shelbyville-Bedford Community Foundation's (SBCF) 2nd Annual Meeting was held on March 7, 2023, at King's Old Central High School. The SBCF has moved from an advisory board to a 19-member board of directors. The Community Foundation is a not-for-profit

organization whose purpose is to be a catalyst to connect people with causes and to raise, manage and distribute funds for initiatives that enhance learning and improve the quality of life and place for the community of Shelbyville-Bedford County.

The River Life Specialty license plate initiative will be granted an extension for obtaining the 1000 reservations, which will allow for the production of the plate. The new deadline will be identified the week of April 10th during the legislative session.

The six-member steering committee of the Shelbyville Young Professionals (SYP) group is working to establish the foundation for the SYP. They have created a monthly opportunity for young professionals, ages 21-45, to connect, engage, and develop a network of motivated, career-oriented individuals that want to be a part of the thoughtful growth of Shelbyville-Bedford County. They meet at 5:30 p.m. the second Monday of each month at a to-be-determined business in Shelbyville.

The Shelbyville-Bedford Partnership (SBP) and The Shelbyville-Bedford Community Foundation (SBCF) talked with all BCS K-12 principals and administrators, discussing the impact of education on successful economic development and how the SBCF will provide support to Bedford County Schools in 2023-2024. This support includes teacher grants, incentives: for academic and attendance, teacher support and education, and district initiatives that require outside funding and workforce development. This initiative is coordinated in conjunction with Bedford County School leadership.

The SBCF meets monthly with Bedford County Schools' leadership to create the process and implementation timeline for the Teacher Grant program. Funds through the SBCF will be available for teacher grant requests in the Fall of 2023 and Spring of 2024.
