Resolution No. 16-51 – A Resolution establishing requirements for ballot arguments filed with the City Clerk to be included with voter information for an election on November 8, 2016.

DATE: July 25, 2016
RECOMMENDATION TO CITY COUNCIL

1) Reopen the public hearing; take testimonial and documentary evidence; after considering the evidence, adopt Resolution Nos. 16-47 through 16-51; and

2) Direct the City Manager to continue negotiating a purchase and sale agreement with the California-American Water Company with the intent to ultimately sell the Bellflower Municipal Water System to the California-American Water Company; or

3) Alternatively, discuss and take other action related to this item.

FISCAL IMPACT

The total estimated cost to consolidate with the County’s November 8, 2016, Statewide General Election should not exceed $60,000. $51,000 included in the FY 2016-2017 Budget (Account No. 001-43602-1210) plus carryover of unused election budget allocation from FY 2015-2016 will be sufficient to fund the cost of the election. If approved by the voters, the sale of the Bellflower Municipal Water System to California-American Water Company for $17 million will generate an estimated $8.8 million of net proceeds as follows:

PUBLIC NOTICE

On June 9, 2016 and June 16, 2016, a Public Hearing Notice was published in the Herald American newspaper; and on June 10, 2016 and June 16, 2016, a Public Hearing Notice was posted at City Hall, Brakensiek Library, Bellflower Substation, Caruthers Park, Simms Park, and Thompson Park. A public hearing notice was mailed on July 18, 2016, to all MWS customers notifying them of the continuance of the public hearing to a Special City Council Meeting on July 25, 2016, at 3:00 p.m.

BACKGROUND

The next election that the measure can be voted upon is the consolidated November 8, 2016, Special Municipal Election (consolidated with the Statewide General Election). In order to ensure it is placed on the ballot, Council must approve a resolution and submit a request to Los Angeles County not later than August 12, 2016 (though the County Elections office prefers having everything submitted in June).

---

1 The above amounts are estimates except for the sale price and COP related amounts
2 The above assumes the City will forgo repayment of $2,726,000 borrowed from the General Fund for the MWS
3 Any additional funds available at the MWS time of sale will be added to the estimated net proceeds
At its May 9, 2016 meeting, the City Council approved a Request for Proposals (“RFP”) to purchase the MWS and directed its distribution to interested parties. Copies of the RFP were subsequently distributed to 14 potentially interested parties.

In response to the RFP the City received four proposals before the June 7, 2016 (extended from May 31, 2016) submission deadline.

At the June 13, 2016, Regular Meeting, the City Council set a date (June 27, 2016) for a public hearing to consider the proposals received. At the June 27, 2016, Regular City Council Meeting, the City Council opened the public hearing and took testimonial evidence from 1) Municipal Water Commissioner Ken Glenn who spoke in favor of the ballot measure; and 2) Peter Hirezi who asked questions relative to the sales price of the MWS. After considering the evidence, the City Council continued the public hearing to the July 11, 2016, Regular City Council Meeting. At the July 11, 2016, Regular Meeting the City Council reopened the public hearing and took testimonial evidence from John Paul Drayer who inquired as to the notice provided to MWS customers regarding the public hearing. After considering the evidence, the City Council continued the public hearing to a Special Meeting to be held on July 25, 2016, at 3:00 p.m.

DISCUSSION

1. **Why Sell the Water System?** The City purchased the water system from Bill Zastrow and Peerless Water Company in 2007. The purchase was made at the behest of several residents who believed the City could maintain low rates and effect the necessary repairs and capital improvements needed to make the water system a more modern and functioning part of the City. Part of the philosophy in 2007 was that the City would be more successful in obtaining necessary grant money for repairs than a mutual or private water company.

   While the City has had some success in obtaining one-time Federal grants (a total of $1.6 million since 2008), the cessation of Congressional “earmarks” and the “Great Recession” have greatly limited the availability of these funds. The prospects for substantial additional grants in the foreseeable future are not good.

   The Bellflower Municipal Water System (MWS) has been subsidized by the City's general fund in the amount of $2.7 million since it was purchased. However, it should be noted that since the High Capacity Well entered service in 2012, the system is no longer subsidized by the general fund.

   The last water rate increase was in 2009, and it was followed by rate decreases in 2012 and 2013.

   The City has been faced with the dilemma of raising rates to effect necessary repairs while managing rate payer concerns that the current rates are too high. The end result is a water system that requires an estimated nearly $30 million in improvements over the next 20 to 25 years and rate payers who simply do not believe they should have to pay higher fees for the repairs. When presented with the facts, the City's Water Commission voted to recommend the City Council sell the system to a qualified water purveyor.
2. **Potential Beneficial Impact on City's Credit Rating.** Staff recommends the City Council place this item on the November 8, 2016 ballot to seek voter approval to sell MWS and direct the City Manager to continue work on completing a Purchase and Sale Agreement with California-American Water Company. Upon voter approval, the City would complete the sale of the MWS and defease the Certificates of Participation (COP) originally issued in 2008 to purchase and improve the system. To complete the latter, it would be necessary to place the payoff amount of approximately $7.7 million in an escrow account until October 2018, which is the earliest time when the COP can be defeased under the COP indenture. This action would have no negative effect on the City's credit rating; but, in fact, could have a beneficial impact due the resulting reduction in the City's current debt service.

3. **Public Utility Code Finding for Sale of Utility.** In addition to the testimonial and documentary evidence presented during the public hearings held on June 27, July 11, and July 25, 2016, staff recommends the City Council consider the written proposal submitted by California-American Water Company on June 7, 2016, and its responsiveness to the City's Request for Proposals for the Purchase of the City of Bellflower Municipal Water System of May 10, 2016.

Pursuant to state law, if the City Council desires to sell the MWS, it must first determine that California-American Water Company is best qualified to continue to provide equal or better water service to MWS customers on just and reasonable terms that do not discriminate against MWS customers (PUC § 10061). This finding is based upon the entirety of the administrative record including, without limitation, the following:

- a. California-American Water Company will purchase the MWS for $17,000,000.00, subject to approval by the California Public Utilities Commission;

- b. California-American Water Company agrees that it will not raise water rates for existing MWS customers for a period from transaction close through December 31, 2020;

- c. California-American Water Company will provide equal or better customer service than the City and its contractor currently provides through the MWS;

- d. Upon voter approval and close of transaction, California-American Water Company will provide annual Capital Improvement Plan ("CIP") to City for purposes of coordination and general community knowledge of water operations; and

- e. California-American Water Company will work with Bellflower Somerset Mutual Water Company before, during, and after the transaction to ensure the highest quality water delivery services to customers of the MWS.

Staff has prepared a proposed proposition making the finding (Attachment 1, Exhibit A). If the City Council calls for the election, California-American Water Company would be required to disclose certain information about the proposed acquisition to MWS customers at least 30 days before the election (PUC § 10061(c)(4)).
4. **Advisory Measure on Use of Revenues from Sale of MWS.** Selling the MWS is also in the public interest as it will provide revenue to fund important public projects without the need for additional taxes or financing. Specifically, California-American Water Company will purchase the MWS for $17,000,000.00. The City Council anticipates that, after paying for all debt associated with the MWS and foregoing reimbursement of the General Fund, it will be able to utilize approximately $8,800,000.00 to fund various public projects. Projects to be submitted for voter consideration include:

   a. Provides funds for the construction of an artificial turf competition soccer field at Simms Park;
   b. Provides funds for a new grass practice soccer field at Caruthers Park or Thompson Park;
   c. Provides funds for rehabilitation of playground equipment at Caruthers, Constitution, and Thompson Parks;
   d. Provides funds for construction of a 300+ vehicle parking structure in the Town Center;
   e. Provides $1,600,000 in funding for the Bellflower Event Center and Fire Museum; and
   f. Provides partial funding for land acquisition needed to redevelop the east side of Bellflower Boulevard, between Artesia Boulevard and Ramona Street.

Sales revenue should not be used by the City Council for general municipal purposes including, without limitation, ongoing public employee salaries. The City may, however, spend a reasonable amount of the sales revenue for administrative costs directly related to implementing the public projects listed above. *(Attachment 2)*

5. **Consolidation of Ballot Measures with Statewide General Election.** The City Council called a special municipal election on October 12, 2015, for the purpose of considering a ballot measure relative to changing elections for City Council members to “by-district”. Consent was obtained from the Board of Supervisors of the County of Los Angeles to consolidate such election with the Statewide General Election on November 8, 2016. This Resolution would request that the two additional measure contests be added to the previously consolidated November 8, 2016, Special Municipal Election ballot. *(Attachment 3)*

The City Council had the authority to place a measure on the ballot up until eighty-eight (88) days before the election (August 12, 2016) *(EC § 9222)*. Pursuant to Elections Code § 9280, the City Council has the discretion to direct the City Clerk to transmit the measures to the City Attorney, and per that same section the City Attorney may be directed to prepare impartial analyses of the measures for inclusion in the Sample Ballot and Voters Information Pamphlet. *(Attachment 4)*
The City Council also has the discretion of authorizing its membership, by majority vote, to file written argument(s) regarding the measure and to adopt provisions to provide for the filing of rebuttal arguments. (Attachment 5)

The following persons may write an argument, not exceeding 300 words, for or against the measure:

1. The City Council;
2. Councilmembers authorized by the City Council;
3. Voters eligible to vote on the measure (i.e., a registered voter in the city);
4. A bona fide citizens' association; or
5. Any combination of voters and associations.

An argument cannot be accepted unless it is accompanied by the name(s) of the person(s) submitting it. If an organization submits an argument, it must include the organization's name and the name of at least one principal officer. Only the first five signatures appearing with an argument will be printed on the sample ballot.

The City Clerk must select a reasonable deadline for submitting arguments, taking into account that voters must be allowed to examine the elections material for at least 10 calendar days before printing.

When submitted, one argument for the measure and one argument against the measure must be printed on the sample ballot. If there is more than one argument submitted, the city clerk must select from among them. The City Clerk must give preference and priority to arguments in the following order:

1. The City Council, or Councilmembers authorized by the City Council.
3. Individual voters eligible to vote on the measure.

If the City Council adopts the provisions in Elections Code § 9285(a) by majority vote before the election, rebuttal arguments may be included on the sample ballot. If the Council adopts provisions of that section, the following rules apply:

- The City Clerk must send copies of the argument supporting the measure to opponents of the measure, and must send copies of the argument against the measure to measure proponents. Each side is then entitled to submit a rebuttal argument, not exceeding 250 words.

A PROPOSITION TO SELL THE BELLFLOWER MUNICIPAL WATER SYSTEM TO CALIFORNIA-AMERICAN WATER COMPANY IN ACCORDANCE WITH PUBLIC UTILITIES CODE § 10061

Pursuant to Public Utilities Code § 10061, the Bellflower City Council proposes to sell the Bellflower Municipal Water System (“MWS”) to:

California-American Water Company (“Company”)

This proposition is based upon the written proposal submitted by Company on June 7, 2016, that the City Council considered at a public hearing held on July 25, 2016.

Following the public hearing on July 25, 2016, the City Council finds that Company is best qualified to continue to provide equal or better water service to MWS customers on just and reasonable terms that do not discriminate against MWS customers. This finding is based upon the entirety of the administrative record including, without limitation, the following:

1. Company agrees that it will not raise water rates for existing MWS customers for a period from transaction close through December 31, 2020;

2. Company will provide equal or better customer service than the City and its contractor currently provides through the MWS;

3. Upon voter approval and close of transaction, Company will provide annual Capital Improvement Plan (“CIP”) to City for purposes of coordination and general community knowledge of water operations; and

4. Company will work with Bellflower Somerset Mutual Water Company before, during, and after the transaction to ensure the highest quality water delivery services to customers of the MWS.

Selling the MWS is also in the public interest as it will provide revenue to fund important public projects without the need for additional taxes or financing. Specifically, Company will purchase the MWS for $17,000,000.00, subject to approval by the California Public Utilities Commission. The City Council anticipates that, after paying for all debt associated with the MWS, it will be able to utilize approximately $8,800,000.00 to fund various public projects.

Accordingly, the City Council orders that the issue regarding sale of the MWS be submitted to the City of Bellflower’s qualified voters at the previously called November 8, 2016, Special Municipal Election.

ADVISORY VOTE ONLY

A PROPOSITION ADVISING THE CITY OF BELLFLOWER REGARDING THE EXPENDITURE OF REVENUE RECEIVED BY THE CITY FROM THE SALE OF THE BELLFLOWER MUNICIPAL WATER SYSTEM

This proposition is an advisory measure that states the City of Bellflower’s voters’ intent that any revenue received by the city of Bellflower as a result of selling the Bellflower Municipal Water System be spent on the public projects identified below. Expending monies for these public projects will help fill funding shortfalls identified in the 2016 Los Angeles County Comprehensive Parks and Recreation Needs Assessment and economic development priorities.

The City Council may exercise its discretion in both prioritizing and funding these public projects based upon good cause:

- Provides funds for the construction of an artificial turf competition soccer field at Simms Park;
- Provides funds for a new grass practice soccer field at Caruthers Park or Thompson Park;
- Provides funds for rehabilitation of playground equipment at Caruthers, Constitution, and Thompson Parks;
- Provides funds for construction of a 300+ vehicle parking structure in the Town Center;
- Provides $1,600,000 to complete funding for the Bellflower Events Center and Fire Museum; and
- Provides partial funding for land acquisition needed to redevelop the east side of Bellflower Boulevard, between Artesia Boulevard and Ramona Street.

Sales revenue should not be used by the City Council for general municipal purposes including, without limitation, ongoing public employee salaries. The City may, however, spend a reasonable amount of the sales revenue for administrative costs directly related to implementing the public projects listed above.

A PROPOSITION TO SELL THE BELLFLOWER MUNICIPAL WATER SYSTEM TO CALIFORNIA-AMERICAN WATER COMPANY IN ACCORDANCE WITH PUBLIC UTILITIES CODE § 10061

Pursuant to Public Utilities Code § 10061, the Bellflower City Council proposes to sell the Bellflower Municipal Water System (“MWS”) to:

California-American Water Company ("Company")

This proposition is based upon the written proposal submitted by Company on June 7, 2016, that the City Council considered at a public hearing held on July 25, 2016.

Following the public hearing on July 25, 2016, the City Council finds that Company is best qualified to continue to provide equal or better water service to MWS customers on just and reasonable terms that do not discriminate against MWS customers. This finding is based upon the entirety of the administrative record including, without limitation, the following:

1. Company agrees that it will not raise water rates for existing MWS customers for a period from transaction close through December 31, 2020;

2. Company will provide equal or better customer service than the City and its contractor currently provides through the MWS;

3. Upon voter approval and close of transaction, Company will provide annual Capital Improvement Plan ("CIP") to City for purposes of coordination and general community knowledge of water operations; and

4. Company will work with Bellflower Somerset Mutual Water Company before, during, and after the transaction to ensure the highest quality water delivery services to customers of the MWS.

Selling the MWS is also in the public interest as it will provide revenue to fund important public projects without the need for additional taxes or financing. Specifically, Company will purchase the MWS for $17,000,000.00, subject to approval by the California Public Utilities Commission. The City Council anticipates that, after paying for all debt associated with the MWS, it will be able to utilize approximately $8,800,000.00 to fund various public projects.

Accordingly, the City Council orders that the issue regarding sale of the MWS be submitted to the City of Bellflower’s qualified voters at the previously called November 8, 2016, Special Municipal Election.

ADVISORY VOTE ONLY

A PROPOSITION ADVISING THE CITY OF BELLFLOWER REGARDING THE EXPENDITURE OF REVENUE RECEIVED BY THE CITY FROM THE SALE OF THE BELLFLOWER MUNICIPAL WATER SYSTEM

This proposition is an advisory measure that states the City of Bellflower’s voters’ intent that any revenue received by the city of Bellflower as a result of selling the Bellflower Municipal Water System be spent on the public projects identified below. Expending monies for these public projects will help fill funding shortfalls identified in the 2016 Los Angeles County Comprehensive Parks and Recreation Needs Assessment and economic development priorities.

The City Council may exercise its discretion in both prioritizing and funding these public projects based upon good cause:

- Provides funds for the construction of an artificial turf competition soccer field at Simms Park;

- Provides funds for a new grass practice soccer field at Caruthers Park or Thompson Park;

- Provides funds for rehabilitation of playground equipment at Caruthers, Constitution, and Thompson Parks;

- Provides funds for construction of a 300+ vehicle parking structure in the Town Center;

- Provides $1,600,000 to complete funding for the Bellflower Events Center and Fire Museum; and

- Provides partial funding for land acquisition needed to redevelop the east side of Bellflower Boulevard, between Artesia Boulevard and Ramona Street.

Sales revenue should not be used by the City Council for general municipal purposes including, without limitation, ongoing public employee salaries. The City may, however, spend a reasonable amount of the sales revenue for administrative costs directly related to implementing the public projects listed above.
