

PUBLIC NOTICE

As per Borough Chapter 199-1.1, this announcement is a notification that the Borough of Haddonfield in 2023 will repave the following streets. Property owners should complete home modifications requiring a street opening permit before March 30, 2023. This would include any changes to heating systems that would require a gas line installed or changes to water and sewer services.

Once the street has been paved, there will be a five-year moratorium on street opening permits. "During said five (5) year period, no street opening permit shall be issued to open, cut or excavate in the said street unless, in the judgment of the Borough, an emergency, as described in Section D of Chapter 199 1.1, exists which makes it essential that the street opening permit be issued." (Chapter 199 1.1 (B))
