Bridgeview Park

(2.58 acres, 220 W. Bank St.)

Located between 214 and 300 West Bank Street and bordering North River, the special feature of this park is the quarter mile

fitness walking trail. At various points along the way are 18 exercise stations. In addition, this park provides a children's fitness center, riverfront bench swings, and benches.

Seven Bridges

(2.23 acres, 201 S. Grove St.)

This park at the south end of town on Main Street has a gazebo as well as bench swings overlooking the river. Commemorative signs share the story of some of Bridgewater's history during the Civil War.

Edgebriar Park

(0.24 acres, 101 East Riverside Dr.)

Edgebriar Park is a pocket park located next to North River on East Riverside Drive. In 2007 this park received a major make-over, including the addition of a handicap accessible fishing pier overlooking the river, and backgammon or chess inlaid game tables sitting near the river's edge. Strategically placed benches face either the river or the double water garden that features a waterfall and is filled with a variety of fish and plants. The combination of these amenities creates an atmosphere suitable for reflection and relaxation.

Wildwood Park

(10 acres, 606 West Bank St.)

Located on the western edge of town, along the North River, this park is a wonderful combination of open, sunny spaces as well as cool, shady areas. The picnic shelter has 10 tables, a stone fireplace, a BBQ grill and available water. The latest addition to the park is Downrush Vista, which is a platform overlooking the North River. Other amenities include a playground, swing set, restroom facilities and numerous picnic tables and BBQ grills throughout the

park. Enjoy the 0.3 mile path that meanders through the backside of Wildwood and visit the various markers that give interesting environmental facts about the local plants and wildlife. Fishing is allowed and is subject to the regulations of the Virginia Game and Inland Fisheries. Parking at Wildwood is LIMITED with 29 spaces

available. There is a hitching post for horses. Please note that there is NO off-street parking. Reservations for all park shelters are made by registering on Community Pass or by calling B-Connected at 908-4212.

Wynant Park

One of Bridgewater's smaller recreational areas, this pocket park is nestled between a group of homes where Wynant Place meets East College Street. It has a swing set, a small playground, a hammock, and a picnic table.

Bird Sanctuary

(0.75 acres, 211 West Riverside Dr.)

Bird watchers will enjoy this quiet, secluded spot tucked behind a few houses on West Riverside Drive. Trees and shrubs provide shelter for a variety of our feathered friends, and there's a bench on North River's bank.

Oakdale Park

The biggest and busiest of our town parks, Oakdale is home to our Summer's End

Celebration as well as the North River Library and the Bridgewater

Little League Program. The park has three picnic areas (Shelter Nos. 1 and 2 each have 10 tables, and Shelter No. 3 has 16 tables with restroom facilities attached). Park

amenities include a basketball court, two playgrounds (one for preschool children, the other for school-aged children), BBQ grills and water spigots at the shelters, four horseshoe pits, plenty of off-street parking, and open areas to run and play. The park consists of a statue of a horse and buggy and three pedestal-style signs, each containing historical information on this important roadway.

Cooks Creek Arboretum
