SEC. 4-610 Application & Fee Requirements

1. Any party seeking an appeal shall submit a completed application to the Town Clerk on forms provided by the town.
2. Any party seeking an appeal shall be responsible for all consultant and legal fees incurred by the Board which are directly related to the review and evaluation of the application. Upon written request from the appellant, the Town Council may grant a waiver of all consultant and legal fees or a portion thereof. Consideration of a waiver of fees shall be based on the showing of an undue financial hardship or other extenuating circumstances experienced by the appellant.
 - 2.1 Except when fees have been waived by the Town Council, before any consultant or legal services may be provided to the Board, the appellant must submit a deposit to the town in an amount based on estimated costs for the services. Subsequent deposits may be required if necessary, and the Board may table the application review until such deposits have been submitted. Payment of any final amount due must be made upon demand by the town. Any deposited funds remaining upon payment of all consultant and legal fees shall be refunded to the appellant.
3. Any party appealing for a variance must provide evidence of right, title or interest to the property subject to the variance, unless such evidence has been

documented in the public record forwarded to the Board. A tenant or lessee seeking a variance must provide written authorization from the property owner to submit an appeal application.

4. The Board of Appeals may not hear and rule on any appeal unless the required application is submitted within the timeframe stated in the ordinance relevant to the appeal or, when no timeframe is stated, within sixty (60) days of the date of the determination, decision, action, or non-action which is the subject of the appeal. The submission of a variance appeal application is not subject to these time limits unless the Planning Board or Code Enforcement Officer has determined during an application review that a variance is required before a decision on an application can be made.

SEC. 4-611 Administrative Appeals

1. The Board shall conduct an appellate review of any administrative appeal application. In conducting the review, the Board shall examine the public record relevant to the appeal and shall also accept any oral testimony or written documentation from the appellant and other parties to the appeal that is relevant to the Board's examination of the record.
2. The public record subject to examination by the Board shall consist of any recordings, transcripts, minutes, letters, applications, application review documents and any other documents in possession of the town which are relevant to the subject of the appeal and which are not considered confidential by statute. The Board may also consider evidence related to the appeal that is not part of the public record if it is determined that such evidence is required for a full and true disclosure of facts. The chairman shall rule on the exclusion of irrelevant, immaterial or unduly repetitious evidence.
3. The decision of the Board on an administrative appeal shall be based on their findings of the adequacy of the public record preserved by the town to support the decision, determination, action, or non-action being appealed. If the Board finds the record to be adequate, the appeal shall be denied. If the Board finds the record to be inadequate, the appeal shall be granted and the matter shall be remanded to the appropriate authority for actions consistent with the Board's decision.

SEC. 4-612 Variance Appeals

1. The Board shall conduct a de novo review of any variance appeal application. In conducting their review, the Board shall examine the public record relevant to the appeal and shall also accept any other relevant oral testimony or written documentation from the appellant and other parties to the appeal.
2. The Board may conduct a site visit or other fact-finding investigation that may be necessary to assist them in establishing the record of their review of an application.
3. The decision of the Board on a variance appeal shall be based on the record established by the Board. The Board shall limit granted variances as strictly as possible in order to ensure conformance with the purposes and provisions of

the relevant ordinance to the greatest extent possible and, in doing so, may impose conditions on the variance as it deems necessary.

4. The appellant shall have the burden of proof.
5. The following types of variances may be granted by the Board of Appeals:

5.1 Undue Hardship Variance. Except as provided in subsections 5.2, 5.3 and 5.4, the Board may grant a variance only when strict application of the ordinance to the appellant and the appellant's property would cause undue hardship. The term "undue hardship" as used in this subsection means:

- a. The land in question can not yield a reasonable return unless a variance is granted;
- b. The need for a variance is due to the unique circumstances of the property and not to the general conditions in the neighborhood;
- c. The granting of a variance will not alter the essential character of the locality; and
- d. The hardship is not the result of action taken by the appellant or a prior owner.

The Board may not grant an undue hardship variance allowing the establishment of any use that is prohibited in the zoning district governing the property subject to the appeal. In addition, the Board may not grant an undue hardship variance for a proposed land use or structure unless the Board finds that all applicable land use standards will be met, except any standard from which relief is sought.

5.2 Disability Variance. The Board may grant a variance to an owner of a dwelling for the purpose of making that dwelling accessible to a person with a disability who resides in or regularly uses the dwelling. The Board shall restrict any variance granted under this subsection solely to the installation of equipment or the construction of structures necessary for access to or egress from the dwelling by the person with the disability. The Board may impose conditions on the variance, including limiting the variance to the duration of the disability or to the time that the person with the disability lives in the dwelling. For the purposes of this subsection, a disability has the same meaning as a physical or mental handicap under Title 5, M.R.S.A. § 4553 and the term "structures necessary for access to or egress from the dwelling" is defined to include railing, wall or roof systems necessary for the safety or effectiveness of the structure.

5.3. Single-family Dwelling Setback Variance. The Board may grant a set-back variance for a single-family dwelling. A variance from a set-back requirement may only be granted when strict application of the zoning ordinance to the appellant and the appellant's property would cause undue hardship. The term "undue hardship" as used in this subsection means:

- a. The need for a variance is due to the unique circumstances of the property and not to the general conditions in the neighborhood;

- b. The granting of a variance will not alter the essential character of the locality;
- c. The hardship is not the result of action taken by the appellant or a prior owner;
- d. The granting of the variance will not substantially reduce or impair the use of abutting property; and
- e. That the granting of a variance is based upon demonstrated need, not convenience, and no other feasible alternative is available.

A single-family dwelling set-back variance may only be granted for a single-family dwelling that is the primary year-round residence of the appellant. A variance under this subsection may not exceed twenty percent (20%) of a set-back requirement and may not be granted if the variance would cause the area of the dwelling to exceed the maximum permissible lot coverage. A variance exceeding twenty percent (20%) of a set-back requirement may be granted if the appellant has obtained the written consent of affected abutting landowners, except a variance exceeding twenty percent (20%) of minimum setbacks from a wetland or water body required within any shoreland district may not be granted.

5.4. Dimensional Standards Variance. The Board may grant a variance from the dimensional standards of a zoning ordinance when strict application of the ordinance to the appellant and the appellant's property would cause a practical difficulty and when the following conditions exist:

- a. The need for a variance is due to the unique circumstances of the property and not to the general condition of the neighborhood;
- b. The granting of a variance will not produce an undesirable change in the character of the neighborhood and will not unreasonably detrimentally affect the use or market value of abutting properties;
- c. The practical difficulty is not the result of action taken by the appellant or a prior owner;
- d. No other feasible alternative to a variance is available to the appellant;
- e. The granting of a variance will not unreasonably adversely affect the natural environment; and
- f. The property is not located in whole or in part within a shoreland district.

As used in this subsection, "dimensional standards" means and is limited to ordinance provisions relating to lot area, lot coverage, frontage and setback requirements, and "practical difficulty" means that the strict application of the ordinance to the property precludes the ability of the appellant to pursue a use permitted in the zoning district in which the property is located and results in significant economic injury to the appellant.

6. Variance recorded. If the Board of Appeals grants a variance, a certificate shall be prepared in recordable form. The certificate shall identify the name of the current property owner, the property by reference to the last recorded deed in its chain of title, the variance that has been granted including conditions, if

any, and the date of the granting. This certificate must be recorded in the local registry of deeds within 90 days of the date of the final written approval of the variance or the variance is void. The variance is not valid until recorded as provided in this subsection. For the purpose of this subsection, the date of the final written approval shall be the date stated on the written approval.

SEC. 4-613 Reconsideration

1. The Board may reconsider any decision within thirty (30) days of the date of the decision. A request to reconsider may be made by any Board member or any party with standing in the original proceedings. The request must be submitted in writing to the Town Clerk within fifteen (15) days of the date of the decision.
2. Notice of a meeting at which a request to reconsider will be introduced must be given to all parties with standing in the original proceedings.
3. Reconsideration may only occur if the Board finds, by majority vote, that there is reasonable cause to examine the Board's prior decision.
4. A vote to reconsider and the action taken on that reconsideration must occur and be completed within thirty (30) days of the vote on the original decision.
5. The Board may not consider another appeal application on an appeal that was denied, unless the appellant can show a substantial change in the circumstances which provided the basis for the first appeal.

SEC. 4-614 Appeal

1. Any party may take an appeal to Superior Court within forty-five (45) days of the date of the original decision of the Board, in accordance with the Maine Rules of Civil Procedure, Rule 80B.
2. Any party may take an appeal to Superior Court within fifteen (15) days of the date of a reconsidered decision of the Board, in accordance with the Maine Rules of Civil Procedure, Rule 80B.
